Our Most Important Two Weeks in Twenty Years Starts Today With Taking of Census. How to Help.

The fortnight beginning today will be the most important two weeks in twenty years for Los Angeles.

During these two weeks will be taken the Federal census of 1930. The last census before this was in 1920 and there will not be another until 1940.

The most recent Federal estimate gives Los Angeles fourth place among great American cities—ahead of Detroit and Cleveland and below only New York, Chicago and Philadelphia. But this is only an estimate, though based on the most reliable evidence available. Whether we stay in fourth place or fall to fifth or even sixth will depend on the count to be made in the next two weeks.

However, much more than pride and prestige depends on the completeness and accuracy of the count. Our representation at Washington and at Sacramento will be determined by it, and upon the numerical strength of our legislative representation at the State and national capitals depend our dollars-and-cents interests in everything affected by legislation—which is nearly everything. The very vote we cast for President of the United States will depend on our official population.

To no small degree the standing of Los Angeles in the eyes of the rest of the world will turn upon the total of our population. Nothing succeeds like success and nothing attracts new residents, new industries and new money to a city, stimulating business and enhancing real estate values, as does an officially proven reputation for rapid and stable growth. If the most conservative of our recent population estimates is realized by the official count, our increase in number of residents since 1920 will far surpass that of any other city of similar size for a like period in the whole history of the country.

It is therefore to the immediate, personal and very practical interest of every resident of Los Angeles to see that our population count is accurate and complete. No greater mistake could be made than to assume that this gigantic job is one solely up to the official enumerators. Only by the earnest and hearty co-operation of everybody can their task approximate complete success.

How to co-operate: Be sure that, if at all possible, some one is at home at all times for the next two weeks. If it is impossible to have at home anyone competent to answer the necessary questions, then the latter should leave word with some one on the premises how to reach him or her or where a blank may be left for filling out. Addresses where these blanks may be had and where to send them will be found elsewhere in today's Times. If no one can be at home at all, arrange to get a blank and send it in, properly filled out.

When the enumerator calls, be ready to answer all the official questions promptly and accurately. There need be no hesitation in answering any question, for all personal census information is held sacredly confidential.

Hotel and apartment-house owners are especially requested to aid enumerators reach and list all tenants. Residents will be listed at their places of usual abode, which may not necessarily be their legal residence.

Don't worry if the enumerator does not reach you today or tomorrow or even this week. But if you have not seen or heard from him within ten days from today, then get in touch with your district census headquarters and report the fact. List of district headquarters and telephone numbers, questions, etc., will be found on Page 1, Part II, of this issue.

Vol. XLIX. WEDNESDAY MORNING, APRIL 2, 1930. C DAILY, FIVE CENTS

DRAFT BILL APPROVED

House Votes for War Measure

Commission Urged to Study Proposed Conscription of Capital

Application of Scheme to Labor Forbidden by Amendment

WASHINGTON, April 1. (AP)—A resolution to provide for a commission to study the problem of universal draft of the nation's resources in war times was adopted today by the House. It now goes to the Senate.

The commission will be composed of five Rrepresentatives, four Senators, the Secretaries of War, Navy, Commerce, Agriculture and Labor and the Attorney-General. It will consider "methods of equalizing the burdens and removing the profits of war."

PLAN DENOUNCED

If found feasible, the commission would recommend in its report to Congress a constitutional amendment to permit the conscription of capital.

The measure was bitterly denounced by Representative Huddleston, Democrat, Alabama, as the opening wedge for conscription of property and labor for war. He said it is the "most flagrant attack ever made on the floor of the House on private property rights."

AMENDMENT WINS

Asserting that labor is against the resolution, he charged the real purpose is to enable the drafting of labor for service in private industry and for private profit. The chairman succeeded in getting through an amendment to forbid the commission from considering conscription of labor in its studies.

Representative Wainwright, New York, and Royal C. Johnson, South Dakota, Republicans, and McSwain, Democrat, South Carolina, all of whom have sponsored similar legislation in the past, urged its adoption.

REMEMBER THIS

We are in most danger when we have nothing to do.

Will Rogers Remarks:

BEVERLY HILLS, April 1.

[To the Editor of The Times:] It looks like my friend Jim Davis is going to beat "Uncle Joe Grundy" for his seat in the Senate. "Uncle Joe" don't care, staying in there after the tariff is over would be like a burglar remaining in a bank after he had already sent all the loot out.

Each State is allowed two statutes in the Capitol Hall of Fame. The old Keystone State put William Penn in there for what he took away from the Indians for Pennsylvania. Now Grundy gets the other statue for what he has taken away from the white people for Pennsylvania.

Yours,
WILL ROGERS.

PHOTOS OF POLE LAND IN FLORIDA

Shoenhair Makes Fast Trip from Honduras With Byrd's Pictures

MIAMI (Fla.) April 1. (AP)—Lee Shoenhair landed his speedy Miss Silvertown plane at Pan-American Airport here this afternoon after carrying pictures of the Byrd Antarctic expedition more than 1100 miles over land and water from Tela, Honduras, today.

The pictures, the first to reach the United States after the expedition ended its explorations, are consigned to the Associated Press, the New York Times and Paramount News.

He was accompanied here by George E. Tranberry of Hartford, Ct., service man, who made the flight to and from Balboa, Canal Zone, where the Byrd pictures were received.

CENSUS AID PLEA MADE

Hoover Requests Co-operation

Value of Decennial Tallying of Residents Stressed by President

Enumerators Total 120,000; Reapportionment Hinges on Result of Count

WASHINGTON, April 1. (AP)—President Hoover today appealed to the nation to co-operate wholeheartedly in order that the census to be started tomorrow will be effective.

"The census starts tomorrow," the President said. "It is the decennial enumeration of the 120,000,000-odd people, and I am very much in hope that the whole country will co-operate in making it expeditious and effective.

"The values which flow from the census," the President continued, "are of paramount importance, both from the point of view of economic advancement and social determinations, and every person in this country has an interest in making it absolutely effective."

NO ONE TO BE MISSED

From the White House in Washington to President Hoover's former abode in Palo Alto, Cal., from the Canadian boundary line to the Mexican border, every household tomorrow will await the arrival of the census-taker.

Anxious to obtain the complete co-operation of all he could possibly reach in the great census-taking project, Census Director William M. Steuart spoke over the radio at 8 o'clock tonight, from the National Broadcasting Company's studio here.

Under his direction, also, census schools for the final instructions to enumerators were being held tonight in most of the 575 districts into which the United States has been divided for census-taking purposes.

In the census schools, the 130,000 enumerators learned how to handle their ninety-page handbook of instructions indexed to cover hundreds of subjects likely to pop up when the census taker starts asking questions.

The census-taking job starting tomorrow, the largest in history, will have highly important results. Upon it depends the reapportionment of the House of Representatives, a task which has not been faced since 1910.

ADVICE BROADCAST

Director Steuart broadcast the following advice concerning the census:

(1.) Do not hesitate to answer the inquiries. The purpose of the census is to collect data concerning the social and industrial conditions in the country as a whole, and for the different States, cities and counties. Answers to the questions will be used for this purpose only. Enumerators and employees of the Census Bureau are liable to severe punishment if they divulge any of the information collected about any individual.

(2.) Meet the census taker courteously. You will save time for yourself and render the government a great assistance by co-operating with the enumerator when he arrives at your home.

(3.) If you do not have exact information about such questions as the value of your home or the ages of the members of your family, give the best estimates you can.

WOMEN GET PLEA

(4.) The woman in the home should study the census questions in advance to find out the answers to those she may not know, for she is the member of the family who most probably will be called on to answer the inquiries.

(5.) Persons living alone should fill out promptly any individual blanks left by the enumerator who may have called in their absence and families away from home on visits should be careful to see that they are counted in the district where they maintain their "usual place of abode."

(6.) Do not hesitate to ask the census taker to show his credentials if you suspect he is not a bona-fide enumerator. Imposters have sometimes masqueraded as census takers in order to collect information for private purposes or for other reasons.

NEW PROSECUTOR NAMED

DOWNIEVILLE, April 1. (AP)—J. M. McMahon, Nevada City attorney, was appointed District Attorney of Sierra county by the Board of Supervisors today. McMahon succeeds Henry B. Neville, who was appointed Superior Judge when Judge Engs was transferred to Alameda county recently.

He'll Need Help to Measure Her!

PILOT DOWN ON BERMUDA TEST FLIGHT

Yancey Sixty Miles Short of Goal on Nonstop Hop from New York

HAMILTON (Bermuda) April 1. (AP)—Lewis A. Yancey, veteran of a trans-Atlantic flight last summer, who, with two companions, left North Beach, N. Y., this morning for a nonstop flight to Bermuda, was reported to have landed in a calm sea sixty miles off Bermuda tonight. He will resume the flight tomorrow at daybreak.

Capt. Yancey had believed his plane could make the 750-mile over-water flight in eight hours.

The plane, a Stinson cabin monoplane, is equipped with pontoons designed to keep it afloat on water for at least a week, if necessary. Provisions carried by the three men are sufficient to last them five days.

With Capt. Yancey are W. H. Alexander, World War veteran of the Royal Flying Corps, as pilot, and Zeh Bough, engineer and radio operator.

The flight was announced as an attempt to prove the feasibility of regular mail and passenger transportation service between New York and Bermuda.

Senate Passes Work Week Bill

WASHINGTON, April 1. (AP)—A bill providing a forty-four-hour week for all government workers except those in the postal service and government printing office was passed today by the Senate. It goes to the House.

Paris Scientist Questions Size of New Planet

PARIS, April 1. (AP)—The importance of planet "X," discovered by the Lowell Observatory at Flagstaff, Ariz., was questioned today by Fernand Balbet, associate astronomer at the government observatory at Meudon.

M. Balbet, in a note presented to the Academy of Sciences, reported that he had observed the "planet" March 27, but estimated its diameter as only a little over 4000 miles instead of the 20,000 which he said the American observation reckoned. He believes that the astronomical body is only one-fivehundredth the size of the earth and suggested that there should be further observation before accepting it as a real planet.

Prohibition Act Repeal Fails in Massachusetts

BOSTON, April 1. (AP)—The State House of Representatives after prolonged debate today refused by a margin of thirteen votes to pass the initiative petition providing for repeal of the State Prohibition Enforcement Act. The roll call was 110 for repeal and 123 against.

The measure, however, will go on the ballot for popular vote of the people, providing its sponsors obtain 5000 additional signatures.

GOEBEL PLANS FLIGHT

WICHITA (Kan.) April 1. (AP)—Col. Arthur Goebel, Dole flight winner, said late today he would make an assault on the West-to-East nonstop transcontinental flight record in a new Lockheed low-wing monoplane, probably in May or June.

HOOVER WILL ANSWER CENSUS QUERIES TODAY

WASHINGTON, April 1. (AP)—As "head" of the first family of the land, President Hoover expects to answer the questions of the census taker tomorrow.

Asked at his press conference today whether he or Mrs. Hoover will provide the information, the Chief Executive replied:

"As head of the family I expect to give that information."

J. Sterling Moran, census supervisor of the District of Columbia, will appear at the White House at 1 p.m. to enumerate the family.

Moran will carry under his arm the same type of large brown portfolio that will be used by all the house-to-house enumerators. He will ask the President the same questions that will be asked of every other family but he admitted today that one of them puzzled him.

It is the third question:

"Is your house owned or rented?"

Moran has not decided how he will record that since the White House is neither owned nor rented by the Hoovers.

DAY DELAY OVERCOME BY HAWKS

Pilot of Towed Glider Negotiates Bad Lap to Sweetwater (Tex.) Port

SWEETWATER (Tex.) April 1. (AP)—Making up a day's delay by a flight from Tucson, Ariz., to this city, Capt. Frank Hawks, aviator, en route from San Diego to New York in a glider towed by an airplane, today negotiated one of the worst laps of his entire journey. He landed here at 6:20 p.m.

Difficulty was encountered twice during the long flight, which included a trip over 180 miles of mountainous terrain between El Paso and Pecos, Tex. On both occasions, Hawks brought his motorless craft through safely.

The first trouble occurred near Lordsburg, N. M., where the aerial train ran into a squall shortly after the take-off from Tucson, where the captain was delayed yesterday when a towing line parted.

Damage to the glider was averted by its skillful handler at the Midland (Tex.) airport, where he was forced to land on a flat tire during a refueling stop. Besides the Midland halt, a stop was made at El Paso for fuel and lunch.

Capt. Hawks rested in Sweetwater tonight after traveling 710 miles in six hours and thirty-five minutes, completing the sixth stage of his proposed glider flight from San Diego to New York.

He left Tucson at 6:35 a.m., arriving at Sweetwater at 6:25 p.m., his towing time for the day being six hours, thirty-five minutes, and gliding time two hours, fifty minutes.

More than 5000 persons from a dozen West Texas towns were here to greet him and tonight he was honor guest at a citizens' banquet.

Cars Bombed in New Orleans

NEW ORLEANS, April 1. (AP)—Three street cars were bombed in the upper section of the city tonight in a resumption of hostilities growing out of a strike of employees last summer.

One car was bombed twice. None of the twenty-five passengers on board was injured.

NAVAL TREATY PRESAGED BY SECURITY AGREEMENT

Franco-British Formula Removes Obstacles to Disarmament Pact; Japan Accepts Holiday Plan

LONDON, April 2. (Wednesday) (AP)—The Daily Herald, Labor party organ, says this morning that as a result of conversations yesterday between Foreign Secretary Henderson of Great Britain and Foreign Minister Briand of France a formula has been found that may give France the security she has been demanding and enable her to enter a five-power naval disarmament treaty.

A draft of this formula, according to the Herald, was sent to Paris last night for thorough consideration by Premier Tardieu and the French Cabinet.

The newspaper understands that in view of these new circumstances Italy has at last agreed to eliminate the contentious word "parity" with reference to her naval claims, which has been a rigid barrier in Franco-Italian negotiations.

The Daily Mail, Conservative, also reports that a draft formula was sent to Paris, adding that Foreign Minister Briand expressed approval of it in general terms.

The Mail thinks that the French government's approval is, therefore, probable.

This news followed announcement that Japan had joined the American-British consortium for naval disarmament, thereby assuring the basic success of the London conference with at least a three-treaty.

The Japanese government's favorable reply to participation in a five-year limitation program proposed by the United States and Great Britain was received by the Japanese delegation yesterday afternoon. It was decided and studied, and a formal answer to Secretary Stimson and Prime Minister MacDonald is expected today.

SOME RESERVATIONS

Important reservations are attached to the Japanese acceptance but they affect the principles of national naval ratios rather than the limitation of five-year construction programs which, by the settlement that now can be arrived at here should carry cheer for British, Japanese and American taxpayers.

Stimson and MacDonald are highly pleased because the long weeks of delicate negotiations with Tokio finally are ready to be crowned with success, and in their elation they redoubled their efforts to extend the three-power understanding to an all-embracing five-power agreement.

Mr. Stimson and the American delegation are busy preparing the American pronouncement for Friday's plenary session, which will be the most important session held, with the whole past and future of the conference reflected in formal statements to be made by the five delegations.

Mr. MacDonald in the House of Commons again indicated the nature of the problem which still must be solved to bring about a five-power agreement. He replied to a question that the British government has no intention of entering into any commitment which goes beyond the obligations resulting from the League covenant and the Locarno pact. He added, too, that the French government has never asked the British to add to the burdens devolving on it as a result of those instruments.

M. Briand of France expressed appreciation of Mr. MacDonald's statement, considering that it clears French skirts of any accusation of

(Continued on Page 2, Column 3)

REICHSTAG FEELS LASH

Threat Made of Dictatorship

Chancellor Given Power to Dissolve Parliament by President

More Action and Less Talk Demanded by Bruening in Fiery Speech

BERLIN, April 1. (AP)—Dr. Heinrich Bruening, the German Chancellor, today stood with a decree of dissolution in his pocket and told the Reichstag Germany needs work, not words, and action, not argument.

The Chancellor so served notice that his Cabinet is determined to operate on these principles, and a threat of dissolution was implied if the Reichstag does not fall in line.

DICTATORSHIP THREATENED

Dr. Bruening has been authorized by President Von Hindenburg to dissolve Parliament and conduct the government under Article XLVIII of the constitution, should the Reichstag give a vote of nonconfidence. This would mean a virtual dictatorship.

His was a short and punchy ministerial declaration, bristling with confidence. The bespectacled, scholarly Chancellor, with a steely voice and a square jaw, was plentifully interrupted and jeered by Communists as he stressed the need of immediate passage of financial reform measures, but the remainder of the house listened attentively. Occasional applause came from the Center and the Right.

COMMUNISTS REBEL

The Communists also introduced a motion of nonconfidence which had been expected, but observers do not believe it will carry when the Reichstag meets again tomorrow noon.

Definite assurances that Germany's foreign policy will continue along the lines laid out by the late Dr. Gustav Stresemann were contained in the Cabinet declaration. This included the Polish-German commercial treaty whose adoption will be urged by the government.

The government also is planning measures to reduce unemployment and to raise the purchasing power of the masses, especially the farmers.

FAMILY LIFE THREATENED

Soviet Considering Plan to "Collectivize" Child Rearing and Use Women in Industry

MOSCOW, April 1. (AP)—A plan submitted to the soviet government recommends the freeing of wives and mothers from domestic duties and child care that they may have equal opportunity with men in carrying out the government's industrialization plan.

The proposal worked out by a special "commission for improving the conditions of labor and life" also aims at "collectivization of city life" by encouraging collective forms of labor, rest and recreation among the city proletariat.

KITCHENS BANNED

Under this project it would be forbidden to build kitchens in newly erected dwelling houses, while existing kitchens would be converted into nurseries, kindergartens, shower baths, reading rooms, and other places for public use. Houses accommodating 100 or more dwellers would have only one large communal kitchen and a common mess room.

Large apartment buildings or groups of smaller houses would have their own nursery and kindergarten, with all children of the house to be taught and taken care of by trained nurses and teachers. Furthermore, for every community of 500 or more persons, separate laundries, meeting halls, baths and so on, are planned.

COOKING FOR MASSES

Each family belonging to one of these communes would receive all meals at moderate prices from the collective kitchen or from one of the "kitchen factories," which would prepare from 10,000 to 35,000 meals a day for the population of their district. All washing is planned to be done by the communal laundry at cost, with washing at home forbidden.

Inasmuch as food products would be purchased collectively for each commune, the many small grocery stores now existing would be replaced by a few large stores, more of a storehouse type than of a retail store.

enticing John Bull into further European commitments.

OFFICIAL ORDERS DISPATCHED FROM TOKIO

TOKIO, April 1. (AP)—Japan today instructed its delegates to the London naval conference to accept a tentative agreement of Japanese and American delegates that will permit Japan a total naval tonnage of 368,-000, which is 69.8 per cent of the reported tentative British and American total of 527,000 tons.

Japan attached four reservations to its acceptance, but these are considered in authoritative circles as presenting no obstacles to early conclusion of a treaty at least between Japan, Great Britain and the United States, even though France and Italy should decide to withdraw from the conference.

The Japanese government signified its acceptance despite strong and bitter opposition by the naval personnel supported by political parties opposed to the government of Premier Hamaguchi. The opposition was aimed chiefly against the terms of the agreement assigning Japan a ratio of 60.2 per cent in cruisers carrying eight-inch guns as compared with those of the United States and Great Britain. The delegates' agreement provided for America to have 180,000 tons of these cruisers and Japan, 108,400.

To meet this opposition, the Japanese government attached a reservation to its acceptance stating that Japan's right is not prejudiced to reopen the questions of tonnage ratio in eight-inch gun cruisers when the pending agreement is terminated.

Japan also reserves the right to replace submarines before they reach their age limit while keeping within the limit of 52,700 tons. This is stated as due to a desire to insure continuous employment of skilled dockyard workmen.

Japan further desires it understood that the agreement shall terminate at the end of 1936 and that the agreement shall provide for an extension of the capital ship building holiday.

RATTLESNAKES SAY ITS SPRING

Tulare County Looks Toward Reptile Rather Than Robin Redbreast

PORTERVILLE, April 1.—Accredited as one of the most faithful harbingers of spring, the rattlesnake has made its appearance in the Tulare county foothills. They are coming out of their holes exceptionally early this year and visitors to the hills are being warned to be alert and to carry snake vaccine.

EX-BOHEMIA QUEEN DROPS NAME FIGHT

Dodie Valencia Gives Up Effort to Prove Baird Father of Her Son

SAN FRANCISCO, April 1. (AP)—Dodie Valencia, once the toast of San Francisco's Bohemia, today gave up a twenty-three-year court fight to obtain legal recognition for her son when she dismissed suits to have him declared the son of David Jennings Baird and a grandson of the late Mrs. Veronica Baird, mother of Mrs. William Sproul, wife of the former president of the Southern Pacific. In doing so she renounced her claim to the Baird fortune.

On three occasions juries declared David Jennings, Jr., the legal offspring of David Jennings Baird as the result of their asserted common-law union, but each time on appeal the higher courts reversed the verdict.

Death of her boy last June in an airplane accident, Mrs. Valencia said, prompted dropping of the court battle.

Fritz Williams Takes Curtain

NEW YORK, April 1. (AP)—Fritz Williams, shepherd of the Lambs' Club and well-known on the Broadway stage, died today of a heart attack in the grill of the club. Mr. Williams frequently performed under the auspices of the late Charles Frohman, producer.

Williams, who was 64 years of age, was appearing in "Berkeley Square," playing at the Lyceum Theater. An understudy took his part tonight.

Novelist Locke Fights for Life

PARIS, April 1. (AP)—William J. Locke, British novelist, who has charmed a generation of readers with his romantic tales, underwent a serious abdominal operation today and tonight is making a stubborn fight for life.

His doctors said his condition is "extremely critical" and the chances are against his recovery.

PADLOCK ORDERED ON FLOOR OF ELKS HOTEL

BOSTON, April 1. (AP)—Judge Brewster in Federal Court today ordered padlocked for one year a mezzanine floor in the Elks' Hotel where Federal prohibition agents recently raided a bar-room and cafe. He also ordered the Elks Hotel Company and Boston Lodge, No. 10, Benevolent and Protective Order of Elks, to post $1000 bond against liquor violations on another floor with the understanding that a single violation will result in a similar padlock there.

SACRAMENTO PHONE DISTRICT ENLARGED

SAN FRANCISCO, April 1. (AP)—The State Railroad Commission, acting on the complaint of the California Farm Bureau Federation and the Sacramento County Farm Bureau, today directed the Pacific Telephone and Telegraph Company to include within the suburban area of its Sacramento exchange before October 1, next, all of the present Carmichael colony not now included in the area. Rates, rules and regulations in effect in the Sacramento exchange will apply to consumers in the Carmichael colony.

BOY MAY DIE FROM TORCH EXPLOSION

Burned by the explosion of a gasoline torch last night, Ignacio Elias, 14 years of age, 2454 East Fifty-fourth street, was rushed to General Hospital in a critical condition. Police report that the boy was playing with a torch while near a garage at the rear of 2439 East Fifty-fifth street, when the torch exploded. The boy was covered with blazing gasoline. W. S. King, of that address, beat out the flames and called the Hollenbeck Heights police ambulance.

EDWIN DURYEA, JR., DIES

PALO ALTO, April 1. (AP)—Edwin Duryea, Jr., widely known engineer, died at his home here last night after a long illness. He was 68 years of age and a native of Craigville, N. Y.

JAPAN EXPECTS BAN ALTERATION

Exclusion Law Plays Role in London Parley

Recognition of Leadership in East Involved

Agreement Influenced by American Friendship

TOKIO, April 2. (Wednesday) (AP) The newspaper Nichi-Nichi today gave prominence to an article asserting that the fundamental reason for the Cabinet acceptance of the Reed-Matsudiara formula of American-Japanese naval armaments was found in recent evidence of American recognition of Japan's position of predominance in this part of the world.

Authoritative American assurances, the paper said, of a more favorable attitude toward Japan's desires for an alteration of the American law excluding Japanese immigrants also played an important part in the acceptance.

Nichi-Nichi referred to the address of American Ambassador William R. Castle, Jr., on February 2 last, as the outstanding statement of this friendly American sentiment toward Japan. The Ambassador's references to Japan's leadership in the Orient and the need of American-Japanese co-operation in respect to the growth of China, it was said, had been repeated by Secretary Stimson to the Japanese chief delegate, Admiral Wakatsuki, at London.

Nichi-Nichi said that never before had American spokesmen accorded such definite recognition of Japan's position. The paper added that "such assurances of the American government's sentiments and policy by that government's highest representatives on questions which hitherto have constituted a cancerous growth in Japanese-American diplomatic relations, could not fail to strongly appeal to Japanese authorities and the acceptance of the London formula is the result."

The vernacular newspapers' editorial comment generally approved the government's decision, although with undertones of criticism and uneasiness over asserted sacrifices of minimum needs for national defense.

Merger Powers of I.C.C. Draw Senator's Fire

WASHINGTON, April 1. (AP)—A resolution calling upon Congress to withdraw from the Interstate Commerce Commission authority to approve railroad consolidations was introduced today by Chairman Cousens of the Senate Interstate Commerce Committee.

Cousens's resolution complained particularly of the proposed merger of the Great Northern and the Northern Pacific Railroad systems and suggested that Congress withhold authority for any consolidations until there is enacted "adequate legislation properly designed to protect and promote the public interest."

Council Acts to Finish Out Street Work

BAKERSFIELD, April 1.—Plans and specifications for construction of sidewalks and curbs along portions of seven streets in the northwest section of this city were approved today by the City Council and Clerk Vance Van Riper was instructed to advertise for contract bids.

Sidewalks and curbs already are built in portions of the district, and the present plan is to complete the installation. Streets along which the work will be done are Twenty-first, Twenty-second, D, E, F, G and H.

LODGE INITIATION DAMAGE SUIT FILED

SAN FRANCISCO, April 1. (AP)—Asserting he is permanently crippled as a result of an initiation into Oakland Lodge No. 103, Knights of Pythias, last October, George M. Dever, Oakland barber, today filed suit for $101,800 damages in Superior Court, here. He asks $800 for time lost, $1000 for medical attention, and $100,000 for his injuries.

DOG LEADS TO FINDING OF TWO DROWNED BOYS

IONE (Wash.) April 1. (AP)—The refusal of a German shepherd dog to leave the spot where he led searchers today ended in the discovery in a mill pond of the bodies of two of the three brothers who went fishing Sunday. The two are Gale, 14 years of age, and Earl, 11, sons of Mr. and Mrs. Bert Ellis of Mealtine Falls.

ITALIAN BARON HELD ON SERIOUS CHARGES

CATANIA (Sicily) April 1. (AP)—Baron Francesco Militello, 40 years of age, rich landlord president of the Congregation of Charity of Enna, was brought here today charged with being head of "an association for delinquency," the words being the same as used for accusations connected with the Mafia. The asserted leader and his band are supposed to have operated about the town of Enna prior to 1926. Other arrests were made there yesterday.

BERT LYTELL WEDS THIRD TIME

Actress Grace Menken His Bride

[P. & A. photo]

Mr. and Mrs. Bert Lytell

NEW YORK, April 1. (AP)—The marriage of Bert Lytell, stage and screen actor, and Miss Grace Menken, actress, became known today. They were married in Elkins Park, Philadelphia, on March 16 at the home of Kenneth Menken, a brother of the bride.

Mr. Lytell was married twice previously. His first wife was Evelyn Vaughn and his second, Claire Windsor, film actress. Both marriages ended in divorces.

Miss Menken, who is a sister of Helen Menken, well-known actress, had been appearing as a member of the supporting company in a play starring Lytell, which concluded a tour at Newark Saturday.

WAR EAGLES SOAR IN NORTH

Eighty Army Planes Take Air to Start Game; "Hedge Hoppers" Search Terrain for "Enemy"

MATHER FIELD, SACRAMENTO, April 1. (AP)—The Army Air Corps opened its three weeks of tactical maneuvers today by sending out eighty pursuit, bombardment and attack planes on morning and afternoon reconnaissance missions over Northern California points.

Tomorrow these and observation planes are to cover much of the same ground, operating at low altitudes, taking advantage of natural cover and proceeding as though flying under war conditions, concealed from a theoretical enemy.

OBSERVING "ENEMY"

The first mission today started out from Mather Field at 8:30 a.m. Groups of three planes each flew south along a route terminating at Stockton, north as far as Marysville, east to Grass Valley and west to Antioch. Afternoon missions covered much the same routes.

Hige bombardment planes from Langley Field, Va., and Rockwell Field, San Diego; fast pursuit planes from Rockwell Field and Seattle, and attack ships from San Diego and Fort Crockett, Galveston, Tex., took the air to afford pilots and observers an idea of the ground over which they are to work during the next three weeks.

The bombardment planes droned with their twin 520 or 600-horsepower motors high over towns within fifty miles of Sacramento. Attack planes "heige hopped" their way over the country, roaring between twenty-fie and seventy-five feet above fields, gullies and streams at an average speed of 110 miles an hour.

Field headquarters explained that the territory over which the planes flew was unknown to most of them and that the reconnaissance operations were for the purpose of gradually building up uniformity of control so that before the second week of the maneuvers is closed the elements of three planes each can function as group units.

SOUTHLAND TAKEN

During the third week of the maneuvers all groups are to operate together in a major war problem against the "red" or enemy army, theoretically in possession of Southern California, holding a line across the State from Monterey Bay through Stockton.

RAIL MAN TELLS NEED OF FEEDER

Western Pacific Head at I.C.C. Hearing Speaks for Bay City Entry

SAN FRANCISCO, April 1. (Exclusive)—Testifying before Examiner Davis of the Interstate Commerce Commission on behalf of the Western Pacific California Railroad Company for a new line on the San Francisco peninsula, H. M. Adams, president of the Western Pacific, today declared the twenty-one-group railroad plan of the Interstate Commerce Commission definitely points the way to the need for Western Pacific's all-rail entry to this city. The Western Pacific was aligned with the Missouri-Pacific and Denver and Rio Grande Western in the Interstate Commerce Commission plan.

In order to meet the competition of a strongly intrenched system, he said, referring to the Southern Pacific, "this line must have adequate feeders and strengthen its facilities for serving the public. An all-rail entrance to San Francisco is one of the necessities for meeting these conditions."

Adams said completion of the Dotsero cut-off to Denver via the Moffatt Tunnel by the D. & R. G. W. and consummation of the proposed Great Northern-Western Pacific connection at Bieber will make it "most desirable that the Western Pacific have an all-rail entry."

Mayor Shoots Enemy and Self

YAZOO CITY (Miss.) April 1. (AP) Mayor J. O. Stricklin of Yazoo City shot and probably fatally wounded F. R. Birdsall, editor of the Yazoo City Sentinel, and then killed himself today.

Editor Birdsall, who also is State Tax Commissioner, is in a critical condition at a hospital here.

Enmity between the Mayor and the editor dated from May, 1929, when the editor published an item in his tri-weekly newspaper of the Mayor's indictment by the Yazoo county grand jury on a charge of stealing calves.

DIVORCE ASKED BY UNWITTING WIDOW

SAN FRANCISCO, April 1. (AP)—Mrs. Lota Kiel today filed suit for divorce against H. L. Kiel, San Francisco radio salesman. A few hours later she withdrew it. Her husband, she had found meanwhile, lay dead beneath his automobile in a deep canyon off the Pacheco Pass road, thirty-five miles south of San Jose. Beside him was the body of Orval Dilwood, San Jose hotel employee, hired by Kiel as chauffeur.

TRAINHAND FOUND DEAD

STOCKTON, April 1. (AP)—Fully dressed and lying on his bed in a rooming house at Sonora, Robert Scanlon, 45 years of age, trainhand employed by the Pickering Lumber Company at Standard, Tuolumne county, was found dead yesterday.

HOOVER VETOES HANDSHAKING

White House Ordeal Will Go Into Discard

President Believes Custom Useless Strength Tax

Sees More Virtue in Keeping Physically Fit for Job

BY ROBERT B. ARMSTRONG
"Times" Staff Correspondent

WASHINGTON, April 1. (Exclusive)—President Hoover has decided to abolish all handshaking at the White House. When he returns to the new White House offices rebuilt since the fire last Christmas, he will no longer maintain two days of receptions each week for the general public.

President Hoover desires to conserve his strength for national and international problems. He knows from an intimate personal knowledge of eight years' experience in the Cabinets of two former Presidents that the responsibility of the President is constantly growing. It is not a desire to deprive the citizens of the privilege of meeting their President, but a desire to keep fit physically and devote his time to important problems that prompts the curtailment of handshaking periods.

Heretofore all Presidents have wished that the ordeal of meeting hundreds and hundreds of visitors in Washington and shaking their hands could be avoided but this practice has been so long established that no President had courage to abrogate it.

MINE BLAST PRECAUTION ANNOUNCED

Barometer Readings Will Be Furnished to Operators as Danger Warnings

MORGANTOWN (W. Va.) April 1. (AP)—The West Virginia University school of mines, through Prof. Charles Lawall, today announced a service of barometer readings to mines in West Virginia. The readings will be furnished twice daily and, it is hoped, will aid in lessening mine disasters.

Prof. Lawall, in making his announcement said: "Reduced to simple terms a distinct drop on the mercurial barometer would mean the pressure of air on the earth has been reduced. Consequently gases gathered in old workings of mines filter into the working sections, making a mine a highly hazardous one to work in.

"If the operator of a mine in which gas is present gets the report of a distinct drop he will have warning to take the necessary steps to protect the lives of his men."

Mining experts have pointed out that it has been noted a barometer has shown a distinct drop some time before an explosion.

Liquor Import Charge Faced

EL PASO, April 1. (AP)—Boyd Wallace, 30 years of age, was held for Federal action here today following his arraignment on charges of importing liquor from Cordova Island. He is said to be the first native-born American citizen arrested under such circumstances in the past ten years.

In the past decade many persons have been arrested at the El Paso-Juarez bridgehead for smuggling liquor in motor cars, but Wallace is the first to be taken while walking across the international boundary.

WRECK VICTIM RESCUED

STOCKTON, April 1. (AP)—Found pinned beneath his wrecked automobile yesterday after a 200-foot plunge over a cliff, Dan Leech, highway constructor, is in Bret Harte Sanatorium, Calaveras county, in a dangerous condition. He was injured about the neck and head. He has not regained consciousness to tell what happened.

Save your Energy FOR BUSINESS

• • • Ride to town the easy, low cost way...

MANY thousands of busy persons are saving a great deal of energy by riding the Big Red Cars... energy that can be better used in their day's activities.

Big Red Car patrons are entirely free from the worries of traffic and parking problems. They leave their automobiles at home for the pleasure of the family... not standing idle in a parking station at a cost of from fifteen to fifty cents a day.

The Big Red Car passenger enjoys extra leisure every day on the way to and from town, in which to relax, read, or enjoy the sights along the way.

He rides in comfort and safety, while a carefully trained man drives him swiftly and dependably to his destination.

And too, the Big Red Cars are most economical. To the users of the Monthly Pass and Commutation fares, transportation, figured on a cost-per-mile basis, is but a fraction over one cent per mile, a considerable saving over other means of travel.

Learn for yourself what these advantages will mean to you. Give the Big Red Cars a TEN DAY TRIAL. Start tomorrow! Just telephone TUcker 7272 and information concerning the convenient schedules from your neighborhood will be given you gladly.

MRS. WAGNER PASSES AWAY

Widow of Immortal Music Composer Expires

Dies Comes Peacefully in Ninety-third Year

Husband Dead Since 1883; Five Children Left

BAYREUTH (Germany) April 1. (AP)—The widow of the immortal Richard Wagner died peacefully this morning at 92 years of age. To the last she insisted that she was happy and well.

Frau Cosima, as she was generally known, long had been infirm. She contracted bronchial catarrh several days ago, but her death was unexpected.

Frau Cosima's first husband was Hans Von Buelow, director of the Meiningar orchestra, whom she married when she was 19. She became attracted to Wagner and in 1863 left Von Buelow for Wagner, marrying the latter in 1870. She was the mother of three daughters by Von Buelow, while Siegfried and Eva were born of the marriage with Wagner.

Much of the success of Wagner, who was author of the Ring operas, "Lohengrin," and other famous works, was attributed to his wife's aid. She was the daughter of Franz Liszt.

After Wagner's death in 1883 the widow gave much effort to a monument to his memory in the form of the great Bayreuth festivals.

ALBEE'S WIDOW GIVEN MILLION

She Also Gets Many Effects of Theater Magnate

Will Distributes More Than $2,000,000 of Estate

Son and Daughter to Receive Undetermined Sums

WHITE PLAINS (N. Y.) April 1. (AP)—Bequeathing well in excess of $2,000,000 to relatives, friends and institutions, the will of Edward F. Albee, theater magnate who died in Palm Beach, Fla., on March 11, was filed for probate today. The amount of the estate was not estimated.

The will, dated August 13, 1929, left $1,000,000 outright to the widow, Mrs. Laura F. Albee of Larchmont, N. Y. In addition it left her Mr. Albee's yacht, automobiles, the Larchmont estate, "Beaumere," household effects and the residuary estate.

Reed Albee, a son, and Mrs. Ethel A. Lauder, a daughter, both of Larchmont, receive securities of unestimated value, personal property and the principals of various trust funds upon the deaths of the beneficiaries.

DUCHESS FOUND VICTIM OF GAS

Mystery Surrounds Latest Chapter of Her Life

Musical Comedy Star Wed Duke of Leinster

She Rented Small Apartment With "Mr. Williams"

LONDON, April 1. (Exclusive)—Mystery marked the latest chapter in a strange romance of fortune and adversity, when the Duchess of Leinster was found unconscious this morning in the gas-filled kitchen of a modest two-room apartment here, where she had resided for the last month with an unidentified man under the name of "Mrs. Williams."

Police hurried the Duchess to a hospital where her condition tonight is serious. She is 38 years of age.

ONCE STAGE STAR

The case has aroused the interest of all England in the life of the young woman who was once a famous musical comedy star and later startled London society by her elopement with the dashing young Irish peer, and who has apparently been living in poverty and obscurity in recent years.

Before her marriage she was May Etheridge. At the age of 13 years she became a chorus girl rising to stardom and scoring a huge success in "Princess Caprice" in 1913. At this time Lord Edward Fitzgerald, who later became the Duke of Leinster, was a familiar figure at the stage door.

The pair attempted to wed secretly but were discovered at the registry office and forced to flee.

CANADA HONEYMOON

They sailed to Canada where they spent their honeymoon in a lakeside shack in the Province of Quebec, avoiding notice in Montreal and Toronto by registering as Mr. and Mrs. Fitzgerald. The following year a son was born—the present Marquis of Kildare.

Shortly after her husband entered the war, the titled actress returned to the stage. After the war he succeeded to the Dukedom but met with financial troubles and the couple were forced to live with his wife's mother.

The Duke, notorious for his adventures, once sailed around the British Isles in a twelve-foot canoe. Another time he won a $15,000 bet by driving an automobile 518 miles from London to Aberdeen in fourteen and one-half hours.

IDENTITY DISCLOSED

Little is known of the recent life of the Duchess, except that she separated from her husband. A month ago she appeared at the apartment-house where she was found this morning, accompanied by a man. They gave their names as Mr. and Mrs. Williams and carried two small valises. Later she confided to the landlady her real identity, and received frequent letters addressed to the Duchess of Leinster.

She seldom left her room and received only two or three visitors, including her mother.

HER ROMANTIC LIFE HAS GRIM CHAPTER

Duchess of Leinster

PORTLAND OFFICIAL IN FRAUD NET

Assistant to Commissioner of Finance Arrested and Accused in Loan Deals

PORTLAND (Or.) April 1. (AP)—C. A. Alphonse, assistant to the City Commissioner of Finance, was arrested here today by Federal authorities on a secret indictment returned by the Federal grand jury charging complicity in the Guaranty and Loan Company asserted fraud involving $350,000 and numerous Pacific Northwest banks.

Alphonse's arrest followed receipt of information from San Francisco that M. J. Haradon, former president of the Guaranty and Loan Company, a former Portland concern, and three others, including one woman, have been arrested there on secret indictments returned here by the Federal grand jury.

Haradon, David Kuratli, P. H. Burnett and Lillian McCoy, salesmen, are said to have victimized numerous small banks through the Pacific Northwest by borrowing funds on a statement of assets declared false by Federal authorities.

Mrs. McCoy, arrested in San Francisco, was secretary of the loan company and is a sister of Haradon.

Many Miles of New Highways Shown by Governor

(The following dispatch was received direct from the Automobile Club pathfinding expedition's portable radio station [illegible] by Charles Lundblad, owner and operator of amateur radio station W6PE.)

BY HARRY CARR
"Times" Staff Representative

CULIACAN (Mex.) April 1. (Exclusive)—This old Spanish frontier town in Sinaloa will be one of the most interesting stopping places on the route of the International Pacific Highway from Alaska to the Argentine, now being mapped by the Automobile Club of Southern California. Until lately not much has been known of the history of the west coast. The University of Mexico and the University of California have dug up much fascinating drama during the last two years.

Guzman, rival and critic of Cortez, established in 1531 a frontier post at Culiacan as a base of operations for his explorations. Cabeza De Vaca, finishing his long and terrible journey across from Louisiana, the first transcontinental trip, met Cortez just outside the present city on the banks of the river, to the astonishment of both. The Mayo Indians still believe that the seven golden cities of Cibola are up in the mountains; sometimes strange objects drift down the river.

The present city is quaint and charming—blue cathedral spires against the sky, endless lines of peasants coming in from the country, chickens perched on burros in wicker coops, loads of wood, the milkboy jangling along on a donkey with his legs astraddle the cans, demure girls riding side-saddles dating in design back to the palfreys of the Middle Ages, peasants dancing outdoors among the trees to a shirt-sleeved band, old-fashioned two-horse hacks, ox-carts with huge wooden wheels crawling through the streets, old churches shattered by revolutions, bullet-spattered walls where executions have taken place and in the river where Mayo Indians ferry wagons across in boats dug from tree trunks.

Pretty Mexican girls swim in the river at the ferry crossing. They emerge to put on Hollywood underclothes and swanky long dresses gayly indifferent to the audience.

Gov. Gaxiola of Sinaloa, one of the most progressive of Mexicans, showed us miles of new roads this morning and new hospitals and schools.

Sinaloa has seven big rivers, each of which will be made in time to produce power and irrigation water.

DON POSTPONES AUTO TEST INDEFINITELY

DAYTONA BEACH (Fla.) April 1. (AP)—Kaye Don, British racing champion, late today announced he has postponed indefinitely his proposed assault upon the world automobile speed record because of unfavorable beach conditions.

SEA CHASE NETS HUGE RUM CARGO

Liquor Worth $225,000 and $50,000 Boat Taken by Coast Guardsmen

NEW YORK, April 1. (AP)—Captured with a $225,000 liquor cargo after a ten-mile chase along the New Jersey coast, the British schooner Ada M., of Le Have, N. S., was towed to port today by Coast Guard Patrol Boat No. 148.

The schooner was taken three miles off Asbury Park, N. J., after Coast Guardsmen said she attempted to escape to open sea.

Her captain and crew of eight men were arrested.

The boat is valued at $50,000.

Heroes of War Killed in Action Awarded Medals

WASHINGTON, April 1. (AP)—Posthumous awards of the Distinguished Service Cross to two American soldiers who died together November 10, 1918, when they swam the Meuse River in a midnight attack, were announced today by the War Department.

The slain men were Sergt. Victor C. Lee, whose mother is Mrs. Anna McGregor of Denver, Colo., and Private Ole Alendal, whose father is Knut Alendal of Viborg, S. D.

Both awards are for "extraordinary heroism in action." The men had volunteered as members of a patrol which tried to swim the Meuse under artillery fire, machine guns, and hand grenades. Alendal was killed as he swam, but Lee reached the German bank before he died.

Soldier Medals for Talents in Arts Advocated

WASHINGTON, April 1. (AP)—The literary or artistic bent of the American doughboy as distinguished from his talent at bearing arms and dealing death would be rewarded under a bill introduced by Representative McSwain of South Carolina.

The measure would create a soldier's medal of merit, awardable to any officer or enlisted man of the Army "who shall render any conspicuous and outstanding service to the cause of science or literature or art to the cause of world peace, or toward promoting the efficiency and economy of the national defense."

Another decoration, the soldier's hero medal, would be awarded to those saving government property or the lives of others at the risk of their own.

MISSING STUDENT FOUND

VICKSBURG (Miss.) April 1. (AP) Robert Emmett Boyle, former Fordham University student who disappeared in December, 1928, was identified as a cab driver here today by a policeman who had seen his photograph published in a newspaper. Boyle admitted his identity.

ALUMINUM COMPANY TRIAL NEAR CLOSE

WASHINGTON, April 1. (AP)—Contentions that the Aluminum Company of America had attempted to control world production and manufacture of aluminum were countered today with the assertion that the prosecution of a "monopoly" complaint before the Federal Trade Commission seemed to be an "obsession" with commission counsel.

These statements were made in closing arguments before the commission on a complaint filed in July, 1925, charging violation of antitrust laws. Robert Whiteley, commission counsel, said he had not attempted to show price discrimination as charged in the complaint against the aluminum company. He said, however, the company had attempted to monopolize the market for secondary or scrap metal so that it would cost nearly as much as virgin aluminum.

ILLNESS HALTS MARCHAND CASE

Indian Girl Stricken and Removed to Hospital

Her Serious Condition May Result in Mistrial

Jury Locked Up and Kept in Dark Over Development

BUFFALO (N. Y.) April 1. (AP)—The trial of Lila Jimerson for complicity in the murder of Clothilde Marchand was at a halt tonight, its principal, the tubercular Indian, Lila, was in a condition which caused hospital authorities to bar all but the closest relatives from her bedside.

The jurors trying the case were locked in a suite of rooms in a downtown hotel at the order of Judge Thorn, with the news of the defendant's condition carefully kept from them.

REMOVED ON STRETCHER

Court was called for tomorrow morning, but physicians attending the woman after a violent hemorrhage had brought about her removal from the Courthouse on a stretcher today, declared she will not be in condition to appear in court at that time.

Judge Thorn was expected to hold the jury for two or three days and if the 35-year-old defendant then was unable to reappear for completion of her case, dismiss the twelve men and declare a mistrial. It was even possible this decision could be made by tomorrow morning when hospital authorities expected to be able to report on a detailed examination of the prisoner.

ON "DANGER LIST"

Although several of Lila's friends accompanied her to the hospital, where she was placed under police guard, only Anson Jimerson, her father, and Ann Snow, aged aunt, were allowed to see her. She was placed on the institution's "danger list" after a preliminary examination.

Nancy Bowen, ancient Seneca, who the State said was induced by Lila to kill the wife of Henri Marchand, prominent artist, remained locked in her cell in the Erie County Jail awaiting decision on the question of placing her on trial for murder, first degree, or allowing her to plead guilty to a lesser charge.

RICARD'S AIDE MAPS WEATHER

Southland Cold and Cloudy Today and Tomorrow

SANTA CLARA, April 1. (Exclusive)—Varied weather, with more than a probability of frost, as well as April showers, is predicted in the monthly forecast issued by an assistant to Father Ricard, whose illness has prevented him from making up his usual sunspot forecast.

The predictions follow: April 1, 2, 3—Stormy over the northwest, cold but cloudy down this way and to the southwest.

April 4, 5, 6—Intermittent clearing and warm days, but with cold nights—careful of frosts.

April 7, 8, 9, 10—Minor oceanic depressions over the Northwestern States with south winds and possibly rain, extending southward to a diminished extent.

SERIOUS DEPRESSION

April 11, 12—Clearing up north, fair down this way and farther south.

April 13, 14, 15—A rather serious depression passing over western sections of Northwestern States with a fair chance of trailing down this way and farther into Southern California and Arizona, which would mean more rain and smart south winds.

April 16, 17—Cloudy, but trying to clear.

April 18—Fair.

April 19, 20—A new disturbance over the northwest with a poor chance of its moving southward, which means fair in Central and Southern California.

TYPICAL SHOWERS

April 21, 22, 23—Beginning to clear, and fair.

April 24, 25—A rather severe depression to affect most of the coast with showers so typical of this month.

April 26—Clearing with showers.

April 27, 28—Rain and clearing simultaneously over the north with much the same down this way but more scattered.

April 29, 30—Dangerous frosts happen at sunrise, when the air has been purified by rain. Be careful on these dates.

INDIANS' "BLUE SUNDAY" URGED IN CANADIAN BILL

OTTAWA, April 1. (AP)—Restriction of Sunday sports among Indians in the six nations who are pagans and therefore Sunday has no special significance to them, is provided in a government bill passed by committee and now before the House of Commons for third reading.

The amendment which provides for "controlling or prohibiting participation, in, or attendance at, public games, sports, races, athletic contests or other such amusements on the Sabbath," met with objections from some members of the House.

One member pointed out that many white men play golf on Sunday and make bets. Another suggested there is a number of Indians in the six nations who are pagans and therefore Sunday has no special significance to them.

Charles Stewart, Minister of the Interior, explained the purpose is not to deprive the Indians of healthy sport. He said many of the Sunday games were organized on Indian reserves by whites and that liquor found its way in the celebrations causing disturbances resulting in complaints from Christians.

RASKOB CALLED FOR LOBBY QUIZ

Relations With Antidrys to be Investigated

WASHINGTON, April 1. (AP)—John J. Raskob, chairman of the Democratic National Committee, was directed today to appear before the Senate lobby committee next Friday for questioning in regard to his relations with the Association Against the Prohibition Amendment.

He was asked to testify after Senator Robinson, Republican, Indiana, had reiterated his desire to question him, and Chairman Caraway of the lobby committee had received a telegram from him saying he is "perfectly willing to appear at any time."

The telegram was called to the attention of the committee today while it was examining Chester H. Gray, Washington representative of the American Farm Bureau Federation, concerning his Muscle Shoals activities.

The Old Arm Chair Is Vacant Now

"Where's that big fat man who always sitting around in that old arm chair," asked the gas meter man, "is he dead?"

"You'd be surprised," answered the ice man, "but he's down in the hospital playing shortstop for the Express Swatters—and he's a whiz—they tell me."

"Don't try to kid me," yelped the meter man, "the last guy that talked that is still in the hospital."

"You asked me didn't you," shot back the ice man, "he got hold of some of new salts down at the corner drug store—Kruschen Salts they call them. Put so much pep and get up and go in him that he just couldn't sit still when he go to gallivantin' around, the fat just rolled off him—pounds and pounds of it. Go down and see him run the farm—ask for arm-chair Pete—you won't know him unless someone gives you the low down."

"Well I'll be gosh hanged," muttered the gas meter man—"Kruschen Salts—Kruschen Salts I'll remember that next—the wife could lose 50 pounds and not be no flapper." All Owl Drug Stores sell lots of it.—[Advertisement.

House Hunting Made Easy Through Times Ads

MORROW'S WET PLANK UNDECIDED

Ambassador Refuses to Confirm Report He Will Ask for Modification

LONDON, April 1. (Exclusive)—Dwight W. Morrow, Ambassador to Mexico, today refused to confirm a statement attributed indirectly to him that his platform for the Republican nomination for United States Senator from New Jersey will include a plank advocating modification of the Volstead Act to permit manufacture and sale of light wines and beer under State control.

Mr. Morrow called it "wholly unauthorized," and said that he will make no statements on any political question until his work with the American delegation to the naval conference is finished. He indicated that he will have to make a brief trip to Mexico to close his affairs at the Embassy there before he undertakes his New Jersey campaign.

Doctor Jailed in Death Quiz

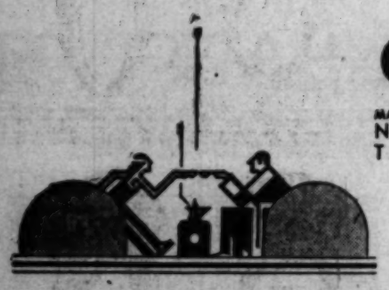
BENTONVILLE (Ark.) April 1. (AP)—Dr. A. J. Bass of Columbia, Mo., who identified the body of a man found slain near Gravette Saturday as William Folta, was arrested on a first-degree murder charge today. Officers said they had learned Bass is beneficiary in life-insurance policies of $200,000 carried by a man named Folta.

They said they had uncovered a conspiracy to defraud insurance companies and that more arrests are expected.

COMPULSORY PARDON BILL PASSES SENATE

WASHINGTON, April 1. (AP)—The bill of Senator Walsh, Democrat, Montana, to make it mandatory for persons to accept pardons when granted to them by the government was passed today by the Senate and sent to the House. Senator Walsh introduced the legislation during the prosecution of those involved in the naval oil reserve leases. He explained it was intended "to compel witnesses to testify who might otherwise refuse to do so on the grounds that it would tend to incriminate them." It would prevent such witnesses from claiming immunity after a pardon has been granted.

AH! COFFEE!
WE'RE FRIENDS ONCE MORE



MAKE THE NIGHT TEST

IF YOU'VE had to swear off coffee, swear back on again. For now you can have coffee without the one ingredient that ever harmed you—caffein. Drink Sanka Coffee—genuine delicious coffee with 97% of the caffein removed. It's a real coffee—a blend of the choicest Central and South American coffees. Coffee experts recognize that no other blend is finer in quality or flavor. Your grocer sells it—in pound cans, always fresh, ground or in the bean. He guarantees complete satisfaction—or your money back. Get a can of Sanka Coffee today!

Make the night-test! The first time you try Sanka Coffee, drink it at night. It won't keep you awake. Next morning you'll know, from actual experience, that you've discovered a delicious coffee you can enjoy morning, noon *and* night—without regret.

GRAPE CONTROL PLAN APPROVED

Directors of Fruit Exchange Vote Indorsement

SACRAMENTO, April 1. (AP)—Directors of the California Fruit Exchange, meeting here today, unanimously approved the plan of the California Grape Control Board, which would bring 85 per cent of the grape and raisin tonnage under control of the board, J. L. Nagle, general manager, announced.

Suggested revisions in the contract to protect interests of the exchange members will be minor and will not interfere with acceptance of the plan, Nagle said. The board reserved itself 100 per cent back of the plan as recently announced by C. C. Teague, Federal Farm Board member, Nagle asserted.

Contractors in Graft Case Balk at Fingerprints

OAKLAND, April 1. (Exclusive) Eight Oakland contractors indicted by the Alameda county grand jury yesterday in the drive against asserted graft protested so persistently against being fingerprinted when they surrendered and provided bond today that Superior Judge Wood had to quell them.

"I can see no difference between these men and other men who have been indicted," ruled the judge, so Sheriff Driver, who has been appointed since the graft investigation began, went through the fingerprinting process with them.

The men are Dwight Hutchinson, Hardy Hutchinson, Charles D. Bates, Archibald Borland, John Heafey, M. J. Moore, Philip Johns and J. E. Bowersmith.

SENATE GRANTS WIDOW PENSION

Measure for Mrs. Funston Goes to House

WASHINGTON, April 1. (AP)—The Capper bill to grant a pension of $5000 a year to Eda Blankart Funston of San Francisco, widow of Maj.-Gen. Frederick Funston, was passed today by the Senate and sent to the House.

As introduced by Senator Capper, Republican, Kansas, the measure called for a $3600 pension, but it was later raised to $5000 on motion of Senator Johnson, Republican, California.

PHOENIX ELECTS LANE

PHOENIX, April 1. (AP)—Franklin D. Lane was elected Mayor of Phoenix today. He will succeed Fred J. Paddock.

PRAYERS FOR CONDEMNED SAID WITH COMPTOMETER

DENVER, April 1. (AP)—A schism in the Liberal Church of America was threatened today by some of its cardinals because of the stand taken by Supreme Pontiff Frank H. Rice in his position as spiritual adviser for William Moya, a convicted slayer who has been condemned to die at the Colorado State penitentiary the week of June 20.

Rice has announced he will conduct a "sackcloth and ashes" service with a goat as part of the ceremony, shortly before and after Moya's execution. He will also employ what he terms an "adding-machine prayer ritual." Prayers for Moya's soul already have been offered by Rice on a small adding machine. Numbers, he explained, constitute the only true universal language.

The adding machine, Rice told his congregation, is to be transported by him on a wheelbarrow to the penitentiary grounds. For two days prior to the scheduled execution, Rice intends to fast. If Moya is hanged, Rice will take the goat from the prison and kill it.

Rice said that as a duly ordained officer of his church he is entitled under the Colorado statute to enter the prison and enjoy the freedom extended to members of the clergy.

Moya killed Joseph Zemp, an aged recluse, in an argument over a small amount of money.

TUCSON DEMOCRATS WIN

TUCSON (Ariz.) April 1. (AP)—A Democratic landslide in the municipal election today elected G. K. Smith, Mayor, and six Democratic Councilmen.

MUSCLE SHOALS ACTION DELAYED

Success of Pending Norris Resolution Seen

WASHINGTON, April 1. (AP)—Confident of quick action on the pending Norris resolution for government operation of Muscle Shoals, Senate leaders today permitted it to await consideration for the disposition of a stack of routine business.

Senator Watson, Republican leader, told the Senate he expects the resolution to be disposed of within three days. There is every indication that Senator Norris has the votes for adoption. It would set up a government corporation to operate the $150,000,000 nitrate-and-power plant.

Initial Branch of W.C.T.U. in Turkey Formed

ISTANBUL, April 1. (AP)—"God sent me to Turkey at a critical moment when the nation was turning from Islam to drink," Agnes Slack, secretary of the World's Women Christian Temperance Union, who is here to organize the first Turkish branch of the W.C.T.U., said today.

Two hundred Turkish women took the teetotalers' pledge in forming the union branch today, electing Mme. Hussein Bey as their president.

Mme. Slack also met and congratulated the 151-year-old teetotaler, Zaro Agha, who has said he is going to the United States to exhibit himself as testimony as to how abstinence from alcoholic liquors will aid to longevity.

AMERICAN FEAR IN CHINA GROWS

Episcopal Bishop in Cable Message Tells Peril

NEW YORK, April 1. (AP)—In a cable to the Episcopal Church here Rt. Rev. Daniel T. Huntington, Bishop of Anking, in China, today reported grave anxiety among American missionaries at Nanchang.

Bishop Huntington said:

"Banditry in this whole section is really worse than it has ever been before, and some of the other towns are more or less threatened. The government seems powerless to do anything about it."

DAUGHTER CHIP OF HANNA BLOCK

Ruth McCormick Seeks Toga of Senator

Strenuous Campaign Under Way in Illinois

Deneen Believed to Have "Edge" on Opponent

CHICAGO, April 1. (NANA)—A slender, vibrant woman, asking no quarter and giving none, is carrying the fight to United States Senator Charles S. Deneen in the campaign for the Republican nomination for Senator in Illinois.

Since January 1, ninety-eight of Illinois' 102 counties have seen Ruth Hanna McCormick, daughter of Mark Hanna, Senator and President maker, widow of former Senator Medill McCormick, fighting for a Senatorial toga of her own.

SOME CAMPAIGNER!

A vigorous campaigner, this Mrs. McCormick.

Washed-out roads, ditched automobiles, the worst blizzard Northern Illinois has ever seen—none of these was enough to daunt Mrs. McCormick even though they came toward the end of a campaign in which she has made more than 400 speeches.

Last Thursday was Mrs. McCormick's fiftieth birthday and here's how she celebrated it:

On Monday last week Mrs. McCormick had gone down State. Monday night and early Tuesday a blizzard swept into the State, a storm with a fifty-mile-an-hour wind; a storm that brought with it nineteen inches—Weather Bureau measurement—of biting snow.

Mrs. McCormick started over the roads from Beardstown to Springfield, a distance of sixty-odd miles, late Tuesday. Halfway there her automobile—an open car in which she has traveled 12,000 miles since January 1—skidded into a ditch.

FARMER HELPS OUT

Her aides tramped to a farmhouse, not so near, and with the aid of several farmers and their teams the automobile was dragged to the road and the journey to Springfield resumed. Mrs. McCormick arrived at the State capital of Illinois fifteen minutes late.

Where most women—yes, and men, too—would have sought a warm bed and a hot water bottle, Mrs. McCormick mounted a platform to carry on her fight for the nomination.

Wednesday saw her in Vermilion county speaking three times.

At midnight she slumped into a hotel room bed in Danville. Thursday was her birthday and celebrations were being planned by her followers in Chicago.

SHE MADE IT!

At 8:30 o'clock Thursday morning she was awakened. A half-hour later she was aboard a train fighting its way through the snow to Chicago. At 12 o'clock noon, she stepped into her headquarters in this city and celebrated her birthday by receiving her friends.

After the celebration, despite the blizzard, Mrs. McCormick started north for Wilmette, fifteen miles from Chicago's loop. At 3 o'clock she spoke at a tea there. An hour later she spoke at a tea in Winnetka, a few miles north, again. Another hour and she was speaking at a tea in Glencoe, a few more miles away.

At 6:30 o'clock she had come ten miles south to Evanston, where she was guest of Alpha Phi Sorority of Northwestern University.

Her followers, men and girls, among Northwestern's students, had another birthday cake for her. Again she spoke and then took her place in an open sleigh in a torchlight parade.

LIKE DAYS OF YORE

Men and girls were garbed as in the days of Mark Hanna. Hanna's "full dinner-pail" slogan again shone under the red light of torches. Through the streets of the populous suburb went the parade and in its van sat Mrs. McCormick, smiling an unwearied smile.

At 8:15 o'clock the parade halted at the Evanston Women's Club. For an hour and fifteen minutes Mrs. McCormick spoke, asking that she be nominated for Senator, not as a woman, but because she believes her capabilities, her platform entitle her to the post.

Before she left Evanston she spoke for another hour at a second mass meeting. At midnight she reached the Loop.

PRACTICE VS. PREACHING

Mrs. McCormick must have smiled at her advocacy of an eight-hour day for women as she sank into bed twenty-one hours after she had risen.

In mid-January while campaigning near Olney, word came that rains had washed out the roads. She had a meeting arranged for Milton that night.

While her managers were scurrying about Mrs. McCormick spied a freight train. It would take her fifty miles out of her way, she learned, but it would enable her to get to Milton to keep her speaking engagement.

TOOK CABOOSE

So into the caboose, to share its narrow confines with the train crew, went Mrs. McCormick and her party. And she spoke that night at Milton.

Mrs. McCormick has a slender, girlish figure. Her slenderness and the fact that campaigning finds her in a severely simple tailored suit give an impression of height. Her hair, when not hidden by a close-fitting hat, is brown in which the gray is beginning to appear. She has black eyes, a thin, mobile face. Her lips are thin, her chin strong.

When speaking, she stands erect, using almost no gestures. Now and then, forcing home a point, she leans forward, but for the most part she might be a professor discussing in academic fashion, clearly and concisely, the points at issue.

DENEEN HAS EDGE

The primary is a week away. Both she and Senator Deneen have issued the usual statements of assurance of nomination. Hard-headed political observers differ and the general impression is that it's anybody's fight with the Senator having an edge, a slight edge.

Mrs. McCormick focused political attention on herself when in November, 1928, she was elected Congressman-at-Large at the general election, amassing more votes than any other candidate on the Republican ticket. In Congress she is a member of the Committee on Naval Affairs.

She is the owner and director, says her campaign biography, of a 2400-acre farm near Byron, Ill. "The farm breeds, raises and merchandises cattle, hogs and chickens. The Holstein-Friesian herd is one of the finest in Illinois. The dairy produces large quantities of certified milk daily for the Chicago and Rockford markets."

Mrs. McCormick is owner and publisher, also, of the Rockford Daily Republic.

MARK HANNA'S GIRL

Mark Hanna's daughter, she was born in Cleveland, was educated at Hathaway Brown School there, Dobbs Ferry, N. Y., and at Miss Porter's School at Farmington, Cct.

While still in her teens she accompanied her father in his campaigns. And while still a girl, at her father's behest, she spent the months of one summer in the coal mining districts of Pennsylvania and of another in the Minnesota iron range.

June 10, 1903, she was married to Medill McCormick. During the first years of her married life she and her husband spent a winter in the University of Chicago settlement in the "Back of the Yards" district in Chicago. Throughout her husband's career as State Legislator, Congressman and United States Senator she was active in his behalf. Mr. McCormick died February 25, 1925, a few days before Deneen, who had defeated him for the office, was to take his place as Senator.

HER FAMILY

Mrs. McCormick has three children, Katrina, John Medill and Ruth Elizabeth.

Mrs. McCormick is a dry. So is Senator Deneen. The chief issue in the campaign to date has been the fight that Mrs. McCormick has waged on the Senator's favorable attitude toward the World Court and her policy up to now has been to lambaste Deneen with everything she can, keeping him so busy making answer to her charges that he has had little time to start a counter-attack.

Well, that might be expected from Mark Hanna's daughter.

FIVE LOSE LIVES IN INDIA RIOTING

Fifty Policemen and as Many Civilians Injured

New Curb on Carters Leads to Calcutta Clash

Buffaloes Not to be Taken Out in Midday

CALCUTTA (India) April 1. (AP)—A new rule which forbids carters to take their buffaloes out during the hottest part of the day led to rioting here today in which five persons were killed. Fifty policemen and fifty civilians were injured, while twenty persons were arrested.

Students also demonstrated in sympathy with the carters outside the student hotel in Cornwallis Road. They erected barriers formed from material taken from a road repair job and threw brickbats at the police. The police retaliated by dispersing them with barrel staves.

Double police patrols were in the streets tonight to prevent further disorder. Some of the districts where fights occurred today resembled battle scenes, with the streets jammed with abandoned carts, many overturned and minus wheels.

THOUSAND JOIN GANHI IN CAMPAIGN

SURAT (India) April 1. (AP)—Mahatma Gandhi, leading his volunteers of the march opening the civil disobedience campaign, arrived here today and addressed a meeting so persuasively that 170 village officers of the district resigned. It is understood that approximately 1000 volunteers have been enrolled in the Surat district to support the campaign.

Gandhi is marching to Jalalpur and on reaching the shores of the Gulf of Cambay will manufacture natural salt in violation of the government salt monopoly.

COUNTER CAMPAIGN TO GANDHI PROPOSED

POONA (Bombay, India) April 1. (AP)—A definite threat to start a passive resistance campaign against the movement led by Mahatma Gandhi, Nationalist leader, was contained in a manifesto issued today by the founders of a new party called the "Indian National Anti-revolutionary" party, headed by three widely known members of the so-called depressed classes of Poona.

The manifesto says that the anti-revolutionary party regards British rule as absolutely necessary until the complete removal of untouchability and the abolition of caste distinctions have been achieved.

CITY GOES MASCULINE IN MISSOURI

Women of Altamont Fail to Win Even One Post in Municipal Election

ALTAMONT (Mo.) April 1. (AP)—The women of Altamont, who challenged the men with a feminine ticket in the village election today, failed by a scant margin to place one of their number on the Board of Trustees.

All the women were defeated but Miss Jessie Hickman ran sixth in the contest for five trusteeships in a field of twenty-four—twelve women and twelve men.

ARKANSAS TOWN ELECTS ALL MEN

HUGHES (Ark.) April 1. (AP)—The present administration, composed of men, will continue in control of the municipal affairs of the town of Hughes.

In an election today for which women candidates were named for the office of Mayor and as members of the Board of Aldermen to oppose an "administration" ticket, the men won out for all offices.

Tremors Recur Near Greek Port

ATHENS (Greece) April 1. (AP)—Severe earth shocks felt yesterday in the Volo district of Thessaly recurred today, causing a panic among the people. Fifteen houses were destroyed at the village of Zagora. Five shocks were felt yesterday.

The damage is estimated at 2,000,000 drachmae (about $34,000.)

Volo is the principal seaport of Thessaly and is a rapidly growing city. In 1896 it had a population of 16,788.

Illinois Senate Seeker Kidnaped

CHICAGO, April 1. (AP)—W. J. Healy, 45 years of age, candidate for the Republican nomination for State Senator from the Fifth District, was kidnaped tonight by three men who forced him into an automobile and disappeared, Amos Brod, a witness, told police.

The kidnaping occurred at Fifty-fifth street and Harper avenue, on the South Side, two blocks from his home in the fashionable Hyde Park district and about half a mile from the University of Chicago campus.

YOUNG WIFE MURDERED IN HER APARTMENT

CHICAGO, April 1. (Exclusive)—In a thirty-foot flat apartment in Austin, while dozens of housewives were busy with household duties between 5 and 5:30 o'clock this evening, a young married woman was quietly murdered. The slayer slipped away in the dusk, leaving no clews but the black satin ribbon with which he had strangled his victim. The woman slain was Mrs. Mildred Helsing, 26 years of age, a former Joliet girl married eighteen months ago at Crown Point. Her husband, Ruben Helsing, 28, a graduate of the University of Nebraska, discovered the crime upon his return from work at the Western Electric plant in Cicero, and raised an alarm.

BODIES OF MISSING MOTORISTS FOUND

SAN JOSE, April 1. (AP)—Bodies of Orval Billwood, San Jose hotel employee, and H. L. Kiel of San Francisco, missing since Sunday night, were found this afternoon entangled in the wreckage of an automobile at the bottom of a steep canyon in the Pachecho Pass, thirty-five miles south of here.

STATE'S ROAD FUND MOUNTS

Dowell Measure Passed by Senate

Three Millions Added to California Aid

Cotton-Oddie Bill Promises $1,200,000 More

By "Times" Staff Correspondent

WASHINGTON, April 1. (Exclusive)—California's Federal aid highway fund will jump from approximately $5,000,000 to more than $8,000,000 a year, under increased Federal allocations embodied in the Dowell bill, passed by the Senate today and sent to the President for signature. The President is expected to sign it Thursday.

The measure provides for a yearly increase of $50,000,000 in Federal aid highway appropriations, of which California will receive more than $1,500,000. The State is now allocated $2,495,345 annually in Federal funds. The Dowell bill increase would bring the amount to $4,158,992, while the State's contribution, an equal amount, would raise the total from $4,990,690 to $8,317,984 annually for road construction work on the Federal aid highway systems in the State.

ANOTHER INCREASE DUE

California's share in the yearly increase is exceeded only by five States—Illinois, $2,000,000; New York, close to $2,500,000; Ohio, $1,800,000; Pennsylvania, more than $2,000,000, and Texas, $3,000,000.

In addition to the increase provided in the Dowell bill, California is slated for an increase of $600,000 for the next two fiscal years under the Colton-Oddie bill pending in House and Senate. This measure will increase funds for constructing approach, tie-in and national forest roads. While not required by law it is expected that California will also match this increase, swelling the forest road funds to approximately $1,250,000 a year.

FUND QUARTER BILLION

This increase plus the Federal aid increase would give California a road construction fund of more than $9,500,000 a year for the next two years, exclusive of county and State road appropriations.

The Federal aid highways appropriation under the Dowell measure, sponsored by Representative C. C. Dowell, Republican of Iowa, will, when matched by the States, give the nation a yearly road-building fund of $350,000,000. The passage of the Cotton-Oddie measure would increase this amount by $12,500,000 in Federal funds, and probably by $20,000,000 when the States' contributions are added, making a grand total for road expenditures in the next two years of $370,000,000 annually.

NEWSPAPER OWNERSHIP BILL PASSED

Senate Indorses Measure Requiring Publishers to Give Financial Data

WASHINGTON, April 1. (AP)—The Phipps bill to require publishers of newspapers and magazines to furnish the Postmaster-General with any information desired concerning the ownership of the publications was passed today by the Senate and sent to the House.

Under present law publishers are required to file a statement with the Postmaster-General showing the ownership of the publications, but such information is not required when the security holders appear on the company's books as trustees or in some other fiduciary relation.

The bill was introduced while the Federal Power Commission was investigating the financing of newspapers by public-utility companies.

Monaco Quiet as Prince Returns

MONTE CARLO, April 1. (AP)—Prince Luis and his daughter, Princess Charlotte, accompanied by her two children, have returned to Monaco from Paris as an outgrowth of Sunday's elections, which resulted in a guarantee of the maintenance of the dynasty. All is quiet and peaceful in the principality.

Prince Luis is reported to have resolved to retain the throne but also to grant legislative reforms for which the party victorious at the polls on Sunday stands.

Young Plan Near Senate Victory

PARIS, April 1. (AP)—The general impression in the Senate tonight is that the Young plan will be ratified before Friday.

Senator Henri Berenguer, who negotiated the French debt settlement with the United States, reported to the Senate on the question and gave an exhaustive historical review of interallied debts. His report concluded in favor of "ratification, pure and simple, of the Young plan accords."

KENTUCKY LEGALIZES DOGS' COURT TRIALS

FRANKFORT (Ky.) April 1. (AP)—Any dog in Kentucky accused of sheep killing or other crimes will be entitled to a trial in court, under the provisions of a bill passed by the General Assembly which became law today without Gov. Sampson's signature. The previous dog law provided that dogs could be killed when caught killing sheep, which led to court trials by owners seeking to save their pets. The Court of Appeals ruled that trial courts had no authority to try animals.

Bodies of Six Taken Out of Blasted Mine

KETTLE ISLAND (Ky.) April 1. (AP)—Volunteer rescue workers who for three days and nights have been risking their lives in the hope of saving sixteen men entombed Saturday by an explosion, risked them again tonight to restore bodies to loved ones.

The hopes was expressed that the remaining ten might be reached late tonight or tomorrow morning. Six bodies were brought out last night and taken to Pineville, and hope was abandoned that the others might have survived.

Four Bristow Captors Killed

MEXICO CITY, April 1. (Exclusive)—Four of the bandits who kidnaped J. E. Bristow, American mining engineer of Denver, more than two weeks ago and have since been holding him for 30,000 pesos ransom, have been killed in encounters with Federal forces, according to press dispatches from Tepic, State of Nayarit.

The dispatches announce that the Federal commander in Nayarit anticipates Bristow's release shortly, but declares that Federal advance on the bandits' stronghold is being executed carefully to avoid endangering Bristow's life.

DEFENSE CONCLUDES IN "PLEASURE MAN"

NEW YORK, April 1. (AP)—Without calling Mae West to the stand in the defense of herself and the fifty-six others on trial before Judge Bertini and a general sessions jury for the production of the play, "Pleasure Man," Nathan Burkan, chief defense counsel, rested his case this afternoon. He had used seven members of the cast, all defendants, as witnesses.

Senate Passes Physician Bill

WASHINGTON, April 1. (AP)—The White House physician would be given the rank and pay of colonel in the Army or captain in the Navy while he servedt he President, under a bill passed today by the Senate and sent to the House.

FEDERAL LIQUOR TRIALS SPEEDED

Justice Department Reports Fewer Cases Pending

Aggregate of Prison Terms More Than Doubled

Convictions Also Increase Over Previous Year

WASHINGTON, April 1. (AP)—The Department of Justice announced today that 20,554 prohibition cases were pending in courts of the country on January 1, last, a reduction of 614, compared to the number pending January 1, 1929.

The department said the records show that aggregate of jail and prison sentences more than doubled in the last half of 1929 as compared to the same period in 1928. In the last six months of 1929 these sentences totaled 7793 years, as compared with 3205 years in the similar period of 1928.

It also reported an increase in the number of convictions and pleas of guilty from 23,683 in 1928 to 24,213 in the last half of 1929.

From July to December of last year the department said the fines assessed were $157,302 more than in the same period of the year before.

SENATE GETS COMPLAINT ON "DIGEST" DRY POLL

WASHINGTON, April 1. (AP)—Senator Jones, Republican, and Dill, Democrat, both of Washington, today called to the Senate's attention complaints they had received from women in Washington about their inability to get ballots in the prohibition poll being conducted by the Literary Digest.

Senator Jones concluded that the prohibitionists have "everything to lose and nothing to gain," by the Literary Digest poll and suggested that they refrain from participation in it.

Senator Jones said he had assumed that the "poll is being made in perfect good faith and without bias or prejudice, but I have received letters which indicate differently."

He read the letters which he said were from women of his acquaintance in the State of Washington.

'DIGEST' BALLOT FRAUDS FOUND

"Repeater" Votes Discovered in Prohibition Poll

Editor Declares Detection Methods Secret

Incomplete Returns for Ten Cities Announced

NEW YORK, April 1. (Exclusive) Several "repeater" ballots have been detected in the nation-wide prohibition poll which the Literary Digest is conducting, despite the safeguards taken to prevent just that, William Seaver Woods, editor of the magazine, revealed today.

The editor is positive, however, that every "repeater" vote so far cast has been thrown out.

Taking cognizance of charges that the poll is "unsafe" because wets are "repeating," Mr. Woods said that the magazine has a "secret and reliable method" of checking up on repeaters, and that extra precautions are being taken to see that no such ballots are counted. The genuine Literary Digest ballots have been manufactured "in a special way impossible to duplicate," Mr. Woods declared, and the detection of counterfeits, therefore, is easy. Just what these "secret" detection methods are the editor would not say.

Mr. Woods said that only one ballot is being mailed to a person, but conceded that it is possible that overzealous "voters" have managed to get hold of more than their allotted ones.

Incomplete returns from additional cities were announced today by the Digest, as follows:

	Enforcement	Modification	Repeal
Savannah, Ga.	243	317	448
Evanston, Ill.	490	490	777
Worcester, Mass.	993	694	651
Mobile, Ala.	482	506	484
Montgomery, Ala.	370	438	394
Pine Bluff, Ark.	305	295	325
Fresno, Cal.	266	737	577
San Jose, Cal.	499	944	691
Torrington, Ct.	149	249	323
Tampa, Fla.	215	217	369

Delay Favored in Haiti Change

WASHINGTON, April 1. (AP)—Senator Shipstead, Farmer-Labor, Minnesota, today advocated keeping the marines in Haiti until a government had been set up by the island republic.

After a conference with President Hoover he said withdrawal of the marines at present would leave the country without any government at all.

NAVY OFFICER BILL PASSED

WASHINGTON, April 1. (AP)—Readjustment of the system of promotion of commissioned officers of the line of the Navy was voted today by the Senate in passing a bill by Chairman Hule of the Naval Committee. The measure goes to the House.

TYDINGS DEFIES DRY WARNINGS

Maryland Senator Applauded from Galleries

He Holds Heated Debate With Brookhart

Charts Produced to Show Prohibition Costs

WASHINGTON, April 1. (AP)—Warned of defeat for his attacks on the dry law, Senator Tydings, Democrat, Maryland, was applauded enthusiastically from the galleries in the Senate today as he shouted he will continue to fight a "cause which is simply dragging the United States and all its traditions and philosophy down into the mire of crime and corruption and hypocrisy."

The Maryland wet was replying to Senator Brookhart, Republican, Iowa, a dry, who had warned Tydings that his former colleague, Senator Bruce, Democrat, Maryland, had been retired to private life at the last election after making wet speeches.

WOULD PAY PRICE

"If I can pay that price to render some slight service to my country," Tydings declared, "at least I will not be running with the crowd just to get re-elected."

The Maryland wet and the Iowa dry had been exchanging pointed remarks for more than an hour in the first prohibition debate in the Senate in weeks, after Tydings undertook—with displays of a series of charts bearing tables of statistics—to drive what he termed "the bunk" out of prohibition.

The demonstration from the crowded galleries ended the heckling by Brookhart and brought a warning from the presiding officer that any other such outbreak would result in the clearing of the galleries.

FIGURES CHALLENGED

Challenging the Tydings figures on the effect of the prohibition law, Senator Brookhart contended that statistics showing increases in drunkenness are faulty because they included figures for cities which were dry before national prohibition went into effect. He said the many tables of data merely indicated a "failure to enforce the dry law."

Tydings contended the government is losing $343,000,000 annually in taxes on account of prohibition and he added to this the $15,000,000 spent annually in enforcement of the dry law.

Concluding his argument, Tydings said:

"Judged from the standpoint of drunkenness among adults or among drivers of automobiles, the facts are against the merit of prohibition.

DEATH RATE CITED

"From the standpoint of deaths from alcoholism based on the figures of the United States Department of Commerce and the Metropolitan Life Insurance Company, the figures are against the success of prohibition.

"Based upon the consumption of alcoholic beverages, as evidenced by the increase in the grape crop, in the corn sugar crop, and other things from which beverages are made, the consumption of liquor today is at least as great if not greater than before prohibition.

"Based upon the amount of money which we spend for it today as compared with the amount of money we spent for liquor before prohibition, we are spending more for our liquor today than we spent for it in the days before national prohibition was adopted.

LOSING MILLIONS

"We are losing $365,000,000 a year that we used to have for other purposes. That is one-tenth of all the money that comes into the Federal Treasury each year.

"Judged from the standpoint of savings-bank accounts, the increase in savings per year was greater before prohibition than it has been since prohibition.

"Judged from the standpoint of crime and corruption, there is no period in the history of the nation where the murder record and the graft record and the crime record ever reached the point where it now thrives as it exists in this country.

"Judged from the standpoint of human life, in the killing of men for a mere misdemeanor, which should shock the sensibilities of any man who claims to have even a vestige of real civilization, if we sit here permitting this to go on without having more summary action on the part of our United States District Attorneys and on the part of our enforcement officers and on the part of ourselves than we have had in the past, then we, too, have gone over to the multitude and sold our birthright for a mess of very poorly prepared pottage."

DRY FUNDS VOTED DESPITE EXPENSE AIRING

WASHINGTON, April 1. (AP)—Expense accounts of two special agents of the Justice Department, a man and a woman registered in a Washington hotel, listing dinner parties given almost nightly for more than a month to gather evidence of violation of the prohibition laws, were read in the House today by Representative La Guardia, Republican, New York.

The New Yorker read the accounts, which listed sums as high as $27 as having been paid for liquor for one party, when Chairman Wood of the House Appropriations Committee asked unanimous consent for approval of a supplemental appropriation of $2,665,000 for the department.

After the New Yorker completed his remarks, Chairman Wood explained that the sum asked for in the resolution is not for purposes as outlined by La Guardia. The House approved the resolution and sent it to the Senate.

PAPAGO LAND BILL PASSED BY SENATE

WASHINGTON, April 1. (AP)—The Hayden bill to abolish the Papago Saguaro National Monument in Arizona passed the Senate today and was sent to the House. Under the bill part of the land will be reserved for use by the Arizona National Guard as a rifle range. Most of the remainder will be granted to Arizona purchase at $1.25 an acre for recreational parks. The town of Tempe and the Salt River Valley Water Users' Association are authorized to purchase a portion of the lands.

APPEALS TO HOME LOVERS

Joseph Scott, prominent Attorney . . . One of hundreds of successful business and professional men of Metropolitan Los Angeles who reside in Pasadena . . . writes:

"Pasadena has been selected as our home because it is essentially a community that believes in the home as the basic foundation for social progress and civic betterment.

"Outside of these human attractions, the climatic conditions are ideal in which to raise a family and this, coupled with the pride the community feels in its city, as reflected in the care and attention the individual property owner has in the beauty of his, 'home place', makes Pasadena of all communities in Southern California the perfect spot for a man to raise his family or enjoy the evening of his life."

LABOR RELIEF BILLS SPEEDED

Three Measures by Wagner Will be Submitted

Public Construction Would Provide More Jobs

A. F. of L. Head Paints Dark View of Conditions

WASHINGTON, April 1. (AP)—Moves for early enactment of pending unemployment legislation followed testimony before a Senate committee today by William Green, president of the American Federation of Labor, that 3,700,000 wage earners were out of work in February and lost more than $400,000,000 in pay.

Senator Johnson, Republican, California, chairman of the subcommittee of the Commerce Committee that heard Green, said he will submit three bills by Senator Wagner, Democrat, New York, in executive session tomorrow. If the subcommittee is willing, he said, he will submit the measures to the full Commerce Committee for a vote on Thursday, and they may be reported at that time.

WAGNER'S PLAN

Senator Wargner said he will press for early enactment. His plan, encompassed in three measures, would create a commission to plan public construction over long periods, with a $150,000,000 appropriation. It would expand government machinery for collection of unemployment information, and create a Federal employment agency.

Johnson will ask the subcommittee if it desires further testimony on the bills, but both he and Wagner expect that no other witnesses will be called. Wagner pointed out that as yet no opposition to the bills has been expressed by witnesses or in any other quarters.

Senator McNary, Republican, Oregon, assistant Republican leader, said that if the bills are reported favorably by the committee, Wagner might move consideration of them at any time.

DARK PICTURE PAINTED

Green painted a dark picture of present unemployment conditions, asserting that during the first three months of the year "those out of work lost well nigh $1,000,000,000." This estimate, he explained, is on the theory that the idle men might have created more than this amount of wealth.

After Green testified the hearing was converted into a round-table discussion, the Senators joining with comments. They also heard Miss Helen Hall, Philadelphia social worker, tell scores of stories of distress and suffering in families she studied first hand in a nation-wide survey of the effect of joblessness in the community neighborhood.

In a matter-of-fact manner, Green told the committee that the government must make provision for unemployed workers "or have a revolution on its hands." The country, he said, "can't stand these shocks."

DREAMS OF FILM FAME SHATTERED

Asserted Fake Promoter in San Francisco Said to Have Duped Girls

SAN FRANCISCO, April 1. (AP)—Dreams of a score of San Francisco girls of appearing in a motion picture depicting the "night life of San Francisco" were rudely shattered here today with the arrest of Bobbie De Selen, alias Sellan.

De Selen was arrested on complaint of Warner Brothers of Los Angeles, who asserted De Selen has been going up and down the Coast representing himself as western manager of the motion-picture producers and having a gay and profitable time promising screen-struck girls careers in Hollywood. He was booked for vagrancy.

San Francisco girls he induced to attend his studio "rehearsals" are said to have been promised that checks would arrive here April 15 from Warner Brothers and that then a banquet would be held and the work of glorifying local beauties start.

Mellon Picks Medal Design for Lindbergh

WASHINGTON, April 1. (AP)—Secretary Mellon today approved the design for the gold medal which will be presented to Col. Charles A. Lindbergh through an act of Congress.

The medal was designed by Mrs. Laura Gardin Fraser of New York. On one side it has a profile portrait of Lindbergh and on the other a lone eagle flying west to east with rays of the sun and stars depicting his day and night flight.

The medal will be cast in the Philadelphia mint and later bronze duplicates will be sold the public for $1 plus postage, which will amount to about 10 cents.

The act which confers the medal says it is done "in honor of the achievements of Lindbergh."

April Fooling Kills Mother

OSWEGO (N. Y.) April 1. (AP)—Thirteen-year-old Raymond Mitchell, according to Dist.-Atty. Stacy, accidentally killed his mother in her bed at their home near West Amboy today with a shotgun while playing an "April-fool" joke on her. He did not know the gun was loaded. The boy said he held the gun against his mother's head and that she awakened and leaned on her elbow, but did not see the gun. He commanded her to "put up your hands" and pulled the trigger.

NOW 2nd LARGEST in the Nation . . . . . .

ALTHOUGH California is only seventh in point of size among the 48 states—it now has the second largest building and loan association in the Union, Pacific States Savings and Loan Company. Only one among the 13 thousand building and loan associations in the nation outranks it in size.

This eminent position, the result of 41 years of continuous growth, carries with it not merely great honor but great responsibility. Our customers throughout California have the right to look to this institution for leadership in safety and service as well as size.

LEADERSHIP IN SAFETY

We continue our strict adherence to the basic principles voiced by the founders of Pacific States Savings more than 41 years ago—"The safety of our savers' funds must be our first consideration."

Our financial structure demonstrates the application of this principle, for it reflects such outstanding factors of stability and liquidity as these: Furniture and Fixture accounts carried at nominal value; freedom from bank indebtedness; a voluntary cash reserve of 2½ million dollars in interest bearing bank deposits throughout California, in addition to other cash on hand of many times customers' current requirements; a secondary reserve of 1¼ million dollars in sound bonds; surplus reserves and undivided profits of 3½ times guarantee capital stock.

LEADERSHIP IN SERVICE

Our policy of constructive service to California is illustrated by our recent reduction in loan rates to 7% simple interest on declining balance, the lowest rate ever offered in our history.

Made possible by our large resources, this low rate on long-term installment payment loans is proving of signal benefit to owners of residential and income property throughout the State. It is important also to our savings customers—for, by attracting to us the highest type of first lien collateral offered to any California building and loan association, it constitutes an added protection for our savers' funds.

We solicit the use of our simple, convenient 6% savings facilities for the large or small funds of individuals, firms and corporations. We base this solicitation not on our size but upon the record of safety and service that has contributed to our size.

STATEMENT OF CONDITION
As of March 31, 1930

ASSETS

CASH ON HAND AND IN BANKS	$10,198,788.47

RUMOR SPREAD BY FOX ENEMIES

Bankers Would Withdraw if Squared, Says Sheehan

Untermyer Counters With Accusation of Lie

Group Would Not Loose Hold if They Could, He Says

NEW YORK, April 1. (AP)—A statement issued by Winfield R. Sheehan and codirectors through S. J. Reichenbach today said an offer of the Bancamerica-Blair group to withdraw from the dispute over controlling the Fox Film and Fox Theaters corporations had been submitted today to directors of both companies.

The proposition, the statement said, is conditional upon the payment of $973,000 to the financing companies and will allow the Halsey-Stuart plan to go into effect.

Samuel Untermyer, counsel for William Fox, countered with the contention that "this statement is not true."

"The banking syndicate has always told us," he continued, "and the agreement provides that if the companies considered it to their advantage and desired to adopt the Halsey-Stuart plan, which is impossible of execution and for many other reasons would not be for a moment considered, or if the companies preferred any other plan they would not stand in our way—provided the companies will pay about $1,250,000 to cover syndicate services and expenses required by the terms of our agreement to be paid under such circumstances.

"Our bankers have assured me that they will not under any circumstances retire from their contract obligations, and the companies have no intention of permitting them to do so."

NEW HOSPITAL SOUGHT

WASHINGTON, April 1. (AP)—A veterans' hospital to be erected at Cincinnati, O., at a cost of $2,000,000, would be authorized under a bill introduced today by Representative Hess, Republican, Ohio.

COOLIDGES WILL LIVE IN MANSION

Two-Family Dwelling House to be Abandoned in Month or Two

NORTHAMPTON (Mass.) April 1. (AP)—Calvin Coolidge today announced that in a month or two he and Mrs. Coolidge will abandon the little, two-family dwelling house where they have resided for many years to take up more spacious quarters in a sixteen-room mansion here known as "The Beeches."

BURIED INDIANS ILLUMINE PAST

Florida Discovery to Mean Much New Knowledge

Skeletons of 500 Found in Gigantic Sand Mound

Lineaments Unlike Those of Other Red Aborigines

WASHINGTON, April 1. (AP)—Excavation of 500 human skeletal remains in a huge sand burial mound in Florida by the Smithsonian Institution is expected to shed a flood of light on an Indian tribe now extinct.

Mathew W. Stirling, Smithsonian ethnologist, who returned today from a ten weeks' exploration of Indian ruins in Western Florida, said he brought back about 300 skulls of a kind never found before, along with many other valuable relics of the Ren Man.

Believed to be of the war-like Calusa tribe, which proved such a menace to the early Spanish explorers, the skulls have very heavy lower jaws, wide and high. The skeletons, Mr. Stirling pointed out, indicated an Indian of medium height with powerful muscles, and lineaments unlike other North American redskins.

The mound, termed one of the largest ever discovered in the Southeast, was found near Safety Harbor, not far from the head of Tampa Bay. Other smaller burial mounds lay near by, with ruins of an Indian village, believed to have been an important aboriginal site, little more than a stone's throw away. In this village was found the substructure of a temple, in the form of a huge flat-topped shell mound, sixty-five feet high, and 450 feet in circumference.

The main burial mound, about fifteen feet high, held three layers of skeletons, Mr. Stirling explained, most of which had been covered with sand. A few had boulders over them, indicating to Mr. Stirling that this manner of interment was accorded only to those who stood high in the tribe.

Unlike Indian burial places previously excavated, these graves contained few of the trinkets and pottery usually interred with the Indians for expected use in the happy hunting grounds, Mr. Stirling pointed out. Instead, the articles were grouped around the mound at the three levels, apparently votive offerings to the gods of the tribe. Circling the base of the mound was a depression similar to a moat, which is believed to have been dug to get the sand covering for the bodies.

SEA CHEATED OF NINE LIVES

Ship's Officer Washed Overboard in Terrific Storm But He Saves Cat, By Heck!

PHILADELPHIA, April 1. (AP)—Stories of how a ship's officer was swept overboard during a terrific storm because of his determination to save the life of a pet cat were told today by the crew of the El Lobo, as the crippled tanker lay at dock here.

The South American craft was pounded almost to pieces last Tuesday 200 miles off the coast of Florida whil een route from La Libertad to this city with 50,000 barrels of oil.

During the worst of the storm a lookout saw Chief Engineer Rudolph Newcastle creeping along the wave-washed deck after the ship's mascot. Just then a huge wave struck the tanker.

The craft was buried in foam and both cat and aspiring rescuer were lost to sight. When the decks rose again to view both were gone.

Chief Mate Frank Muldowney rushed for a life preserver and after several tries landed it near the floundering engineer, who had meanwhile grabbed the cat in his arms. Both then were pulled back on board.

The waves had washed all the El Lobo's lifeboats away, the bridge was smashed and her compass was swept overboard. The wireless was disabled and it was two days before messages could be sent out. The storm left the El Lobo badly crippled and it took four days to make Philadelphia.

OMAHAN SEIZED IN MEXICO CITY

Former Newspaper Man Has Brush With Angeleno

Jack Barry Declared to Have Defamed Ortiz Rubio

Drunken Remarks Not Real Views, He Contends

MEXICO CITY, April 1. (AP)—Jack Barry of Omaha, Neb., a former newspaper man who has lived in Mexico for fifteen months, was held for investigation by the police today on the charge that he uttered defamatory remarks against President Ortiz Rubio.

He is said to have made the remarks in the presence of several American detectives who are here on the Joy P. Harper extradition case and T. A. Gonzales of the police department.

Barry was arrested last midnight after an altercation with C. T. Rule, Los Angeles private detective, who said he hit Barry three times because Barry insulted him. Rule said he also was arrested and the police took him and Barry to the police station where charges were made that Barry defamed Mexico.

Barry said he formerly worked in Omaha, Brooklyn, Houston and Wichita and that he has been working on a tourist booklet for nearly a year. In a preliminary investigation this morning he declared that what he might have said last night under the influence of liquor did not reflect his real sentiments as he felt he could prove by clippings which he planned to introduce.

TOWN NEARLY ELECTS CAPONE

Monticello (Iowa) Citizens Give Gangster Fifty Votes in Mayoralty Race

MONTICELLO (Iowa) April 1. (Exclusive)—Al Capone, Chicago's premier gangster, wasn't a candidate for Mayor of this town at yesterday's election, but had he been he might have been elected, for fifty citizens thought enough of him to write his name on the ballot.

Probably Al never heard of Monticello, but a great many persons here keep in pretty close touch with the doings of the gangster chief, so when no opposition developed to the candidacy of B. E. First for Mayor, fifty of them thought it would be a compliment to Al to vote for him. First got 165 votes and Al the rest.

FORECAST MADE FOR TELEVISION

Baseball Games Seen Within Year, Says Expert

Radio Commission Engineer Denies Probability

Brooklyn Station Applies for Visual License

WASHINGTON, April 1. (AP)—The prediction that "baseball games will be seen and heard over the air by means of television within a year," was made today by Joseph Burch, transmission engineer of the Jenkins Radio Laboratories, at a hearing before the Federal Radio Commission.

Burch said that by use of the direct scanning machine wonderful strides had been made in television within the past month.

Lieut. E. K. Jett, engineer of the commission, testified that he did not share the optimism of Burch.

Burch testified in support of the application of the Voice of Brooklyn, Brooklyn, N. Y., for permission to erect a television station using a frequency of 2800 kilocycles and 500 watts power.

NOTED PAINTER DIES

LISBON, April 1. (AP)—Antonio Carnefro, famous landscape and religious art painter, died today at Oporto.

The PACKARD EIGHT

"Isn't it a beauty? I know even before I drive it that nothing else will satisfy us."

Distinguished and luxurious transportation for those who appreciate fine things

PACKARD cars are built for the market of taste and discernment—those whose judgment of quality is not influenced by thoughts of price. In this market the Packard Custom Eight and the Eight De Luxe have won unchallenged leadership as the finest personal transportation of all time.

Today's Packard Custom Eight is built on a chassis of 140½-inch wheelbase. It is powered by the world-famous Packard Straight Eight motor—smooth and lithely flexible. It embodies a new four-speed transmission and an advanced ultra-safe braking system. The size, power, speed and agility of the Custom Eight all contribute to a new and unmatched luxury of performance.

A wide choice of color designs and upholstery is available in each of the eleven distinguished body types. New refinements in appointments and detail are included. Nothing which could add to the comfort, convenience or enjoyment of the most discriminating owner has been overlooked.

The Packard Eight De Luxe, with 145½-inch wheelbase, is still larger. Unlimited choice of colors, fittings and upholstery fabrics permits the further luxury of fullest expression of individual tastes and desires.

Prices at the factory range from $3190 to $3885 for the Custom Eight, and from $4585 to $5350 for the Eight De Luxe—with special custom creations available on order up to $10,000.

For those who prefer smaller cars, Packard provides the luxury, performance and distinction so long associated with the Packard name in models of modified size. The Packard Standard Eight—which differs from the larger, costlier Packards only in size, power and degree of individuality available—is winning wide popularity among those who appreciate true values. Standard Eight prices at the factory range from $2425 to $2885.

Let us place a Packard Eight in your hands for a demonstration drive. Telephone us and we will promptly bring the model of your choice to your door.

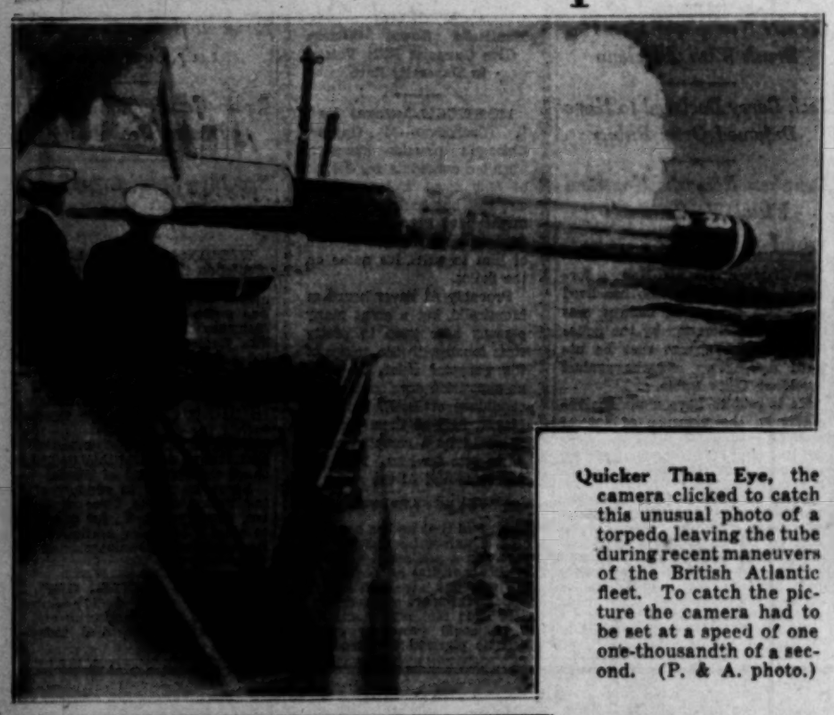
Pictorial Follow-up on News and Features From Four Quarters of Globe



Quicker Than Eye, the camera clicked to catch this unusual photo of a torpedo leaving the tube during recent maneuvers of the British Atlantic fleet. To catch the picture the camera had to be set at a speed of one one-thousandth of a second. (P. & A. photo.)

"Thar's Danger in Them Thar Breakers," Capt. E. G. Baughman of the steamer Humboldt, might be explaining to Capt. Furukawa of the Japanese freighter Rhine Maru, which ran aground in a fog 110 miles south of San Francisco. The Humboldt took off the crew of Japanese vessel. (A. P. photo.)

A United Front Against Mahatma Gandhi's Campaign of Civil Disobedience presented by the powerful Princes of India who recently met with Lord Irwin, Viceroy of India, at a conference in Delhi. Most of the wealth of India is represented in the above group of Maharajas. Lord Irwin is indicated by cross. (P. & A. photo.)

Violently Opposed to the Alimony Idea, Carl Albertus De Ryk, an otherwise normal and amiable citizen, elects to occupy a cell in the Ingleside jail near San Francisco, rather than pay his wife $40 a month pending settlement of their marital difficulties. (P. & A. photo.)

Thousands of Deer Traveling Centuries-Old Trails in Oregon Wilds have become a serious problem to the Southern Pacific railway officials on the new Alturas-Klamath Falls cutoff. It is reported that scores of deer have been killed by Espee trains and the company has been forced to build miles of fence to keep animals off right of way. Railway men are shown here with deer crippled by trains. (P. & A. photo.)

A Queen Takes a Bit of Exercise—Queen Elizabeth of Belgium was a regular "la Palette" player during recent sea trip of the royal couple from Egypt to Italy on the S.S. Esperia. The camera has caught her here as she makes a shot across ship's deck. (A. P. photo.)

The Unusual Plan William Nolan of C... cago to sell himself ... mail as a business ... vestment to hundred... women, has landed ... in Federal toils. (P. ... A. photo.)

Lone American Resident of Vatican City in Rome, is Father John Hagen, who has been director of the astronomical observatory for a quarter century. (A. P. photo.)

Three Hearty Kisses were among the loot obtained by Anthony Perez in burglary of Tiso Villereal home in San Francisco. Mrs. Villereal (below) was the victim. (P. & A. photos.)

Keen on the Scent is Prince Georges Matchabelli, noted Paris perfumer, who is in United States studying preferences of American women as to odors. (P. & A. photo.)

If, as Mr. Rudyard Kipling Has Remarked, "the female of the species is more vicious than the male," Mary Capozzi of Hackensack, N. J., should be fitted for the calling she has elected. Mary has taken over the management of Al Turco, welterweight fighter, with whom she is pictured here. (P. & A. photo.)

The Brief Eclipse of the Sun Scheduled to Occur the 28th Inst., will be photographed by Mrs. Isabel M. Lewis of the United States Naval Observatory, Washington, who will make the journey to San Diego to record the minute-and-a-half spectacle. Mrs. Lewis is shown here with the specially constructed camera which she will use. (P. & A. photo.)

His Worldly Possessions Stowed in the Packs on the Backs of a Trio of Burros, Desert Charlie Hubricht, 67-year-old prospector, ambled into Philadelhpia a few days ago at the end of a coast-to-coast trail. Hale and hearty, Desert Charlie makes his home where night overtakes him. (P. & A. photo.)

They Weren't Equipped With Parachutes, these two Cuban owls, on their plane flight from Miami, Fla., to New York City where they became residents of the Zoological Park. Barney Barbin, pilot, shows his two passengers for whom fares of $50 each were paid. (P. & A. photo.)

Legal "Jake" Debauch was indulged in by C. N. Anderson, Wichita (Kan.) chemist, in effort to find cause of paralysis epidemic sweeping country. (P. & A. photo.)

An Improvement Upon Diogenes' Tub Idea was discovered by Newark (N. J.) health department inspectors who chanced upon the humble abode of Felix Moleska near city dump. Felix, cooking breakfast as inspector looks on, had lived comfortably in an old boiler until eviction. (P. & A. photo.)

Don't fool yourself

Before any "date" end halitosis

any engagement you wish to appear at best, decency demands you rinse the mouth full strength Listerine, safe antiseptic.

By so doing you eliminate risk of offending by halitosis (unpleasant breath). Listerine overcomes bad breath instantly.

You never have halitosis? Don't fool yourself—you simply cannot know when you have it. It doesn't announce itself to the victim.

But it does to others and offends them.

Being an active germicide capable of killing 200,000,000 germs in 15 seconds, full strength Listerine checks mouth fermentation and infection—both a cause of odors. Then it gets rid of the odors: it is an instant deodorant.

Keep a bottle handy in home and office and use it. It makes you agreeable to others instead of disagreeable. Lambert Pharmacal Co., St. Louis, Mo., U. S. A.

BLAST SUICIDE FOUND ON HILL

Aged Man Had Blown Self to Bits With Dynamite

Ranch Worker Leads Posse to Scene of Tragedy

Octogenarian Believed to Have Become Insane

VISALIA, April 1.—The body of Henry Koeble, 83 years of age, whom county, Visalia and Woodlake officers had sought since Saturday, was found strewn over a hilltop about three miles north of Woodlake on the Gilbert Stevenson ranch early this morning. He had blown himself to bits with dynamite.

He disappeared Friday from the Mary Koeplin ranch, near here, where he had lived fifteen years. Wandering into the Woodlake district he mailed two letters, one to Mrs. Koeplin and another to a sister in Missouri. In the letter to Mrs. Koeplin he stated he intended "blowing himself to kingdom come" with dynamite.

Sheriff R. L. Hill and local police learned Saturday that Koeble had purchased dynamite from a Japanese store Friday. The search at first was concentrated in this district but on receipt of the letter by Mrs. Koeplin yesterday larger posses were organized and the Woodlake countryside scoured. Last night a ranch hand on the Stevenson place learned of the search and reported hearing a blast north of Woodlake and seeing a flash while he was at work Saturday morning. He gave the occurence no consideration believing a prospector was working there. Early today, this man, whose name was not learned, led Woodlake searchers to the hill where the grewsome find was made. The body is at the Hadley Undertaking Parlors. It is probable that an inquest will not be held.

Koeble is believed to have become insane. He is said to have drawn his savings, amounting to $918, from a local bank on January 2 and to have disposed of his property by deeding it to Mrs. Koeplin. The man had been in Tulare county about forty-five years.

Funeral arrangements will not be made while authorities endeavor to get in touch with relatives believed to be in Missouri. The name of the sister to whom he mailed the letter is being sought from former friends in Woodlake.

Hunt for Girl Reveals Liquor

PORTERVILLE, April 1. — Still seeking Lily Lomelin, 13-year-old daughter of A. Lomelin of Doyle Colony, who disappeared about two weeks ago, officers looked beneath a bed in the J. Vargas home in Doyle Colony and, instead of the girl, found a quantity of liquor. Vargas appeared in court and paid a fine of $150 on a charge of liquor possession.

Lomelin is said to have gone to Los Angeles today on a clew. His daughter is believed to be with a Mexican youth who had been attentive to her. They were seen together in his car the night before she disappeared. Neither he nor his machine has been seen since and it is believed they may have eloped to Mexico.

DOBSON HEADS WATER USERS

PHOENIX, April 1. (AP)—Upsetting pre-election forecasts, John H. Dobson, south side farmer and sheepman, today defeated Irving De R. Miller, Phoenix, for the presidency of the Salt River Valley Water Users' Association.

PORT MADE BY SHIP OF EXPLORER

Sir Douglas Mawson and His Party Arrive at Adelaide Harbor

ADELAIDE (South Australia) April 1. (AP)—Scarred by blizzards of the Antarctic, the Ship Discovery, with members of the Sir Douglas Mawson expedition, reached here today. A crowd was on hand to give the returning explorers a cordial welcome.

Sir Douglas, who sailed from Capetown last October, said that considering the weather, a tremendous amount of work has been accomplished, and several hundred miles added to the coastline of Antarctica. Notable results were achieved through scientific investigations in the whaling areas, he reported.

"We found airplanes most useful during our stay in the Far South," he said. "Our plans for the future are indefinite and no complete report of what was accomplished will be available for some days. The health of the party was good throughout and the provisions lasted admirably."

Full Support of Spring Wheat Plan Pledged

ST. PAUL (Minn.) April 1. (AP)—Full support of the program of the Federal Farm Board for the curtailment of spring-wheat acreage in the Northwest was pledged to Dr. John Lee Coulter, chief economist of the United States Tariff Commission, and James Howard, special agent of the Farm Board, by co-operative marketing associations at a conference here today.

Representatives of the Farmers' Union Terminal Association of St. Paul, the Northwest Grain Association of Minneapolis and the Minnesota Farm Bureau Federation pledged their full efforts in attempting to have farmers reduce their contemplated spring-wheat acreage. Dr. Coulter urged that the acreage be reduced by 2,000,000 acres this year in an effort to stabilize prices for spring wheat.

British Liquor Ship Captured by Nicaraguans

TEGUCIGALPA (Honduras) April 1. (AP)—Nicaraguan authorities today captured the British schooner Ivypearl, charged with running contraband whisky. Two hundred cases of liquor, apparently destined for Limon, Costa Rica, were seized.

Capt. Eubalk was arrested, fined $1200 and sentenced to sixty days in jail. The seizure was made on the Atlantic coast of Nicaragua not far from the frontier of Honduras.

Garner in Attack on Farm Board

WASHINGTON, April 1. (AP)—Representative Garner of Texas, the Democratic leader, assailed the Farm Board tonight as having "relieved" the American farmer "to the extent of more than $5 a bale on his cotton and approximately 25 cents a bushel on his wheat.

In a statement issued through the Democratic National Committee the Texan replied to a summary of the achievements of the first year of the Hoover administration made several days ago by Representative Tilson, the Republican leader. Garner devoted the entire statement to the Farm Board's activities.

Paris Reparation Work Nears End

PARIS, April 1. (AP)—The reparation commission, created by the Treaty of Versailles, June 28, 1919, began its swan song today as the work of liquidating the difficulties growing out of the World War drew near its end.

Numerous clerks of the commission got their final pay checks today and trucks began carting away the achives to the various ministries.

Ex-Wrestling Champion Weds

NEW YORK, April 1. (AP)—Dr. Benjamin F. Roller, New York physician and former wrestling champion of the United States, and Miss Jane Norris, also of this city, were married in Greenwich, Ct., today.

Dr. Roller is 53 years of age, and his bride, 35. Mrs. Roller is a native of Judith, Mont., the daughter of Gilman R., and Pauline Buttermiller Norris.

Ortiz Rubio Out After Illness

MEXICO CITY, April 1. (AP)—Recovered from the attack of grip that kept him at home for the past few days, President Ortiz Rubio left Chapultepec Castle today and visited former President Plutarco Elias Calles in his home for half an hour.

He then went to the palace, where he did several hours' work.

Appropriation Bills Passed

WASHINGTON, April 1. (AP)—The Senate today passed the second of the regular annual appropriation bills, one carrying $114,037,346 for next year's expenses of the State, Justice, Commerce and Labor departments.

KETTLEMAN GAS BATTLE STARTS

State Suit to Stop Asserted Wastage Opens

Lawyers Ask Delay Pending Producers' Parley

Twenty-four Defendants in Hanford Courtroom

HANFORD, April 1.—Twenty-four defendants, represented by eighteen attorneys, were in Superior Court here this morning when Superior Judge S. L. Strother of Fresno opened the State of California's Kettleman Hills gas-wastage injunction suit.

Outstanding in today's hearing of the return of the order to show cause was an effort on the part of Attorney Henry Hawson and other attorneys to get continuance until the unit or co-operative plan of conservation, under consideration by operators in the Kettleman Hills oil field, are worked out.

Hawson contended that the conservation plan considerations will have a favorable influence on the end which the State seeks in its attempt to conserve the gas production and will really result in what the State is asking. His contention was concurred in by Attorney P. C. Black for the Petroleum Securities Company, Attorney John G. Covert for the Felix Oil Company and Attorney Arthur Smiley, representing the Milham Exploration Company, and others.

DELAY FOUGHT

Attorney James S. Bennett, representing the State, opposed the motion on the ground that, as there is no fixed time at which an agreement on conservation may be reached, there may be a long period of time during which asserted gas wastage may continue. The argument finally resolved itself into a question of what the four wells now producing in the area involved can do to cut down the gas flow if a continuance were granted. This angle did not please a number of the attorneys. The hearing will be resumed at 10 a.m. tomorrow.

Some time this morning was consumed in recording the appearances of attorneys and filing of belated demurrers and answers. The Felix Oil Company filed its answer and an amended demurrer of R. E. Dixon and Victorine Dixon was filed. A response to the order to show cause by the Petroleum Securities Company, a demurrer for the Superior Oil Company and an affidavit of Walter A. English, a Berkeley geologist, covering many phases of oil and gas production, use and waste, were filed.

GAS STOPPAGE DANGEROUS

In addition to setting forth the same contentions that have appeared in answers of other defendants in this action, the Felix company cited its lease with the Petroleum Securities Company in pursuance of which the Felix well was drilled. The answer states that under the provisions of the contract the Petroleum Securities Company was obligated to drill the well and deliver to the Felix company a certain proportion of the gas and oil produced. It is stated that the company employed skilled men in the drilling of the well and in control and marketing of the oil and gas and it is declared that no gas is being intentionally wasted at the present time.

The answer states further that it is the belief of the defendant that the Felix well cannot be successfully controlled by mechanical means and any such attempt to stop the flow of gas and oil probably would result in the destruction of the well, resulting in great loss to the lessee and the defendant.

Tarkington Back in Eye Institute

BALTIMORE, April 1. (AP)—Booth Tarkington, novelist, today entered the Miller Eye Institute of Johns Hopkins Hospital for a renewal of treatments begun more than a year ago to save his sight.

Mr. Tarkington was a patient at the institute for several periods last year and in March, 1929, an operation was performed which Dr. William H. Wilmer called a remarkable success, and after which he held out hope that the sight of the author's right eye would be restored.

New Cruisers Begin Service

WASHINGTON, April 1. (AP)—The first of the United States' new 10,000-ton cruisers has begun actual duty.

The Navy Department announced today that the Salt Lake City, after a cruise to South America, has reported to the scouting fleet at Guantanamo and has been assigned to duty. A second cruiser, the Pensacola, is making a "shakedown" cruise preparatory to joining the scouting fleet.

Doctors Report Dollar Improved

SAN RAFAEL, April 1. (Exclusive)—Capt. Robert Dollar, dean of Pacific Coast shipping men, who is confined to his home with acute bronchitis, was reported "slightly" improved today by his physician, Dr. Rafael G. Duffey.

Because of the number of telephone inquiries the physician issued a formal bulletin.

NEUTRALITY VIOLATOR PARDONED BY HOOVER

TUCSON (Ariz.) April 1. (AP)—Jose F. Gandara of El Paso, Tex., convicted in Federal Court of Neutrality Act violations, was liberated today when President Hoover extended him full executive clemency. Gandara was convicted of smuggling arms to Yaqui Indians in 1927 and attempting to incite rebellion. Six others were indicted with Gandara, but only Gandara was convicted at the trial.

TWO COSTLY STILLS SEIZED

Said to Have Been First Raided Plant Making Use of Oak Chip Method of Aging

BAKERSFIELD, April 1.—Federal prohibition agents last night raided a ranch in the Kernville district and found a $5000 liquor-manufacturing plant in operation, L. H. McDonald, head of the Federal dry forces here, reported today.

No arrests were made as the operator had fled before the approach of the Federal men, it was said.

Two 100-gallon stills of the high-pressure continuous type were confiscated and brought to this city. The raiders destroyed more than 5000 gallons of mash, twenty gallons of alcohol, 2500 pounds of sugar, one five-horsepower motor, a gas engine, an air compressor, fifty gallons of malt syrup, fifty pounds of yeast, one 200-gallon pressure fuel tank, five gas burners, two 2000-gallon and one 1000-gallon wooden vats.

According to reports, the liquor plant is the first illicit one in California found which used the "oak chip" method of distilling alcohol. The liquor was run through the two stills and a rectifier and attained its age and "kick" through the use of the oak chips.

TROOPS GUARD NEGRO THREATENED BY MOB

TROY (Ala.) April 1. (AP)—The Troy unit of the Alabama National Guard was mobilized here tonight to guard Robert Giles, negro, after a mob had gathered outside the County Jail threatening the negro's life. The negro was jailed late today after he was said to have attempted to attack the daughter of a minister.

Bill Adding to Yosemite Park Reported Out

By a "Times" Staff Correspondent

WASHINGTON, April 1. (Exclusive)—The Englebright bill to add 900 acres of timberland to Yosemite Park by Presidential proclamation was reported out favorably by the House Public Lands Committee today.

The measure is designed to prevent further timber-cutting in an area east of Mather Station and to protect a proposed road from Crane Flats to the Hetch-Hetchy Railroad.

In addition to providing land for a road through all park territory, a road which otherwise would swing out of the park and then back in, making park service regulation of the proposed link difficult, the extra acreage provided for in the bill will straighten the park boundary line.

HAVE COLOR IN CHEEKS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should try Olive Tablets.

Dr. Edwards Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 20 years of study.

Olive Tablets are purely vegetable compound. Know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and help overcome constipation. Take nightly and note the pleasing results. Millions of boxes sold yearly. 15c, 30c, 60c.—[Advertisement.

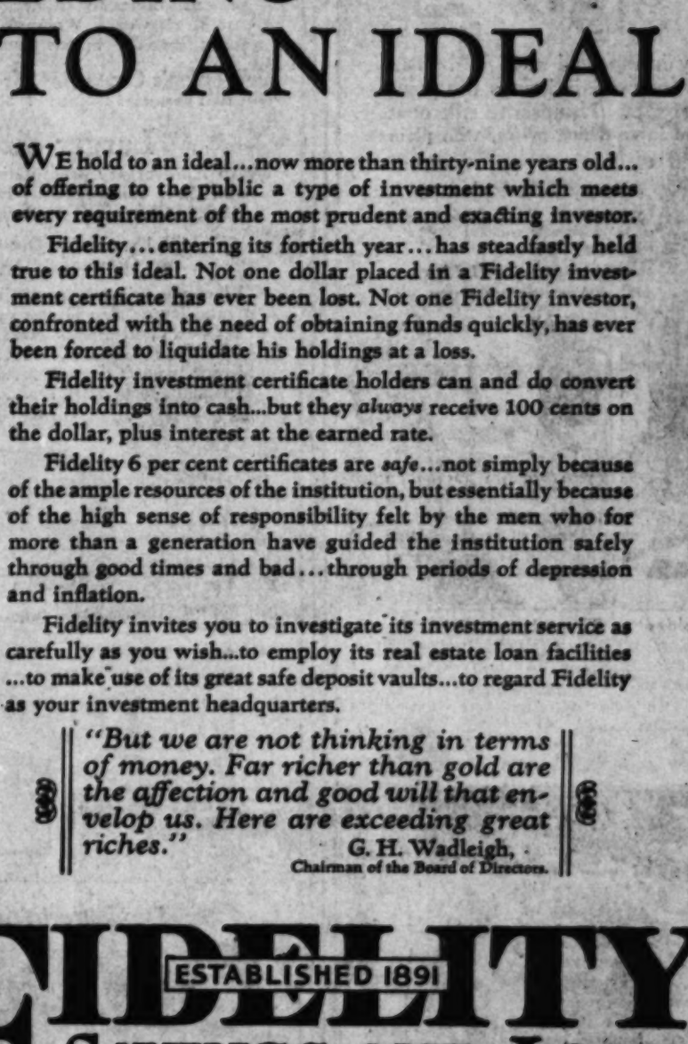
FIDELITY SAVINGS
Fortieth Year of Service

TRANSFER TIME

On all investments made with Fidelity Savings and Loan Association up to, and including April 10th, interest will be paid from April 1st.



HOLDING TO AN IDEAL..

WE hold to an ideal...now more than thirty-nine years old... of offering to the public a type of investment which meets every requirement of the most prudent and exacting investor.

Fidelity...entering its fortieth year...has steadfastly held true to this ideal. Not one dollar placed in a Fidelity investment certificate has ever been lost. Not one Fidelity investor, confronted with the need of obtaining funds quickly, has ever been forced to liquidate his holdings at a loss.

Fidelity investment certificate holders can and do convert their holdings into cash...but they *always* receive 100 cents on the dollar, plus interest at the earned rate.

Fidelity 6 per cent certificates are *safe*...not simply because of the ample resources of the institution, but essentially because of the high sense of responsibility felt by the men who for more than a generation have guided the institution safely through good times and bad...through periods of depression and inflation.

Fidelity invites you to investigate its investment service as carefully as you wish...to employ its real estate loan facilities ...to make use of its great safe deposit vaults...to regard Fidelity as your investment headquarters.

"But we are not thinking in terms of money. Far richer than gold are the affection and good will that envelop us. Here are exceeding great riches."
G. H. Wadleigh,
Chairman of the Board of Directors.

EXTRA

NEWS OF MIDDLE WEST

These news briefs of happenings in the Middle West are collected by The Times' Chicago correspondent, and are sent by leased wire to Los Angeles. Efforts are made to obtain late news which will be of interest to the many former residents of that section, who are now in California.

KANSAS

A shortage of water in Harvey and adjoining counties is creating a serious problem. Farmers living near Newton are hauling water from there, a distance of more than 20 miles, to provide for their families and their stock.

L. E. Roberts, chief examiner of state banks, announces that the slow loans and doubtful paper in connection with the failure of the Commercial National Bank of Independence is $977,000. Of this amount $368,000 is regarded as doubtful papers. However, it may be collectable. That would leave a loss at $674,000.

With approximately $25,000,000 in construction work, exclusive of utility corporation extensions and improvements, it looks as though Kansas is in for a healthy building year this coming summer.

MISSOURI

John M. Suggett, 81 years of age, member of a family that had been closely identified with banking and business interests of Calloway county for a number of years, himself a retired farmer, committed suicide at his home at McCredie.

Mrs. Jessie B. Walker, wife of Rev. J. C. Walker, evangelist and Bible dealer of Kansas City, obtained a warrant for her husband's arrest in connection with her divorce suit. This is the second time the Walkers have been involved in divorce proceedings.

Courtney W. Flower, head of the C. W. Flower Dry Goods Company, one of Central Missouri's leading business establishments, died suddenly at his home in Sedalia after a heart attack.

INDIANA

Frank Hutter, 54 years of age, South Bend, was killed there when a coal truck swung across the sidewalk, pinning him against a building. Thomas Barber, driver, told police he ran on the sidewalk to avoid another truck. He was released.

John H. Huntington, 56 years of age, real estate and insurance man, died at the Bloomington Hospital. He returned only last week from Tucson, Ariz.

Jamestown's postoffice has been moved into the reconstructed Federal building, enlarged at a cost of $75,000.

A family dinner and a cake with sixty-five candles on it was the feature of Dr. P. G. Moore's birthday party at the home of his daughter, Mrs. Leroy Dennis, in Wabash. Dr. Moore is the oldest practicing physician in Wabash county.

Samuel Johnson Legg, 93 years of age, life-long resident of Madison county and justice of the peace for sixty-five years, died at his home four miles east of Elwood.

ILLINOIS

Republicans in the two defunct cities of Pana, the H. W. Schuyler home and the Pana National, have been in an indefinite season of prayer, two meetings daily, afternoon and night, for relief from the chaotic political crisis of the city and community.

Mathew Geren, 60 years of age, near Quincy, was shot to death by his nephew, Fred Geren, on the Fred Geren farm three miles south of Mendeville, Mo., police report. They say the murder was the culmination of a feud over land and money.

Miss Catherine Smith, 54 years of age, daughter of the late Gen. George W. Smith, died suddenly of heart disease in her apartment at the Churchill Hotel, Chicago.

Illinois College, Jacksonville, with the oldest college building west of the Alleghenies, formally opened its new structure, a commons costing $60,000, the gift of Dr. and Mrs. George F. Baxter of Chicago.

IOWA

After two months of checking and comparing fingerprints, 500 students and faculty of Shenandoah high school have been cleared of suspicion in the theft of $25 from a desk in the superintendent's office, school officials announced.

Dr. Rolla Hook, 37 years of age, son of Dr. Rolla Hook, head of the Hook Hospital at Logan, is dead.

Forecasts of major crops in Iowa are expected to increase about 31,000 acres this season on the basis of reports of intended planting, Leslie M. Carl, Federal agricultural statistician, reported.

J. C. Carpenter, 68 years of age, Iowa's oldest business man, died of heart disease on the lawn at his home. Mr. Carpenter had been proprietor of a jewelry shop there more than forty years.

Mrs. Herbert Hoover's great-aunt became a resident of Iowa. She was Almedie Eastman, 90-year-old former resident of West Palm Beach, who will make her home with a nephew, Wallace T. Weed, at Buck Creek.

George E. Crawford, 80 years of age, who practiced in Iowa for sixty-three years, died at his home in Cedar Rapids.

MINNESOTA

Farmers of Minnesota carry out their program as reported on April 1, they will plant approximately 18,923,500 acres of principal crops in 1930, an increase of 1.2 per cent.

An analysis of the financial condition of the St. Paul public schools made by the special committee named last fall to study the problem reveals additional funds are needed, the most pressing need being for the maintenance of school buildings. Recommendations are $100,000 for buildings; $100,000 for increases in teaching staff and $40,000 for supplies.

Allen C. Bossard, civic and business leader of Grand Rapids, is dead. Mr. Bossard, 76 years of age, served several terms as village president and at the time of his death was a director of the First National bank there.

Lorin W. Downs, 71 years of age, Iowa pioneer, rounded out fifty-seven years as a blacksmith yesterday. In good health, the aged man works every day.

Students of law from other educational institutions, two of them from Yale, will come to the University of Minnesota law school this year as guest instructors.

KENTUCKY

Lee M. Hester, 59 years of age, Indiana lawyer, died in Louisville, following a paralysis he suffered while used by a municipality or a governmental subdivision, even though used for public purposes, is not exempt from the payment of the 5 cents a gallon tax, the Kentucky Court of Appeals has held.

Father Henry J. Hagadorn, 38 years of age, pastor of St. John's Catholic Church at Carrollton, died at Martinsville, Ind.

William Ayers, 64 years of age, retired attorney, formerly of Louisville, died at his home in Pineville after a long illness.

OHIO

The number of scarlet fever cases in Cleveland reached a new high mark when 456 persons were quarantined for the disease, City Health Commissioner Rockwood reported.

The Ohio Soldiers' and Sailors' Home at Sandusky at present has the heaviest enrollment in years. The unemployment situation is believed to be the reason. There are 725 veterans in the home, against 525 a year ago.

Mrs. Jane Krantz, 84 years of age, daughter of Joseph Stoutt, first white child born in New Philadelphia, died at the home of her son, Joseph A. Krantz, at Dover.

NEBRASKA

Frank Price, 75 years of age, formerly a farmer near Holmesville, died at his home at McPherson, Kan.

The Cambridge Village Board has granted a natural-gas franchise to Cities Service Company.

Mrs. Lovell Traffner of Ravenna was seriously injured when a charge from a shotgun struck her just below the knee. A hired hand was putting the weapon away at the time.

The Auburn City Council has granted a franchise to the Nebraska Natural Gas Company to build and operate a gas-distributing system there. The gas comes from McPherson and Barber county fields in Kansas, but lines will soon be extended to the Amarillo (Tex.) fields.

SOUTH DAKOTA

Prof. Bartlett, professor of economics and business administrator of Huron College, has accepted the professorship of business administration at Bates College, Lewiston, Me.

Fire which broke out in two old buildings converted into garages in Yankton burned fiercely, fanned by a high breeze and for a time threatened much valuable property, but it was held in check by the department.

Fire destroyed the Farmers' Elevator at Walcott and 20,000 bushels of grain.

MICHIGAN

More than 5000 Masons gathered at Alma when ground was broken for the new $650,000 Michigan Masonic Home.

Capt. Charles F. Krenkel, 59 years of age, of Port Huron, is dead. For many years he sailed the Great Lakes and at the time of his death was general manager for the Shoal Water Dredge Company.

Mrs. Elizabeth Sikkenga, wife of Dennis Sikkenga, superintendent of the Campbell, Wyant & Cannon Foundry Company at Muskegon, in her action for divorce asked for the custody of the children, $200 a month alimony and $66,700 in property and stock, representing half her husband's holdings.

Funeral services were conducted in Detroit for Robert E. Bolger, who, in the 86 years of his life, was at various times a soldier in the Civil War, Great Lakes sailor, State legislator, customs official, register of deeds, superintendent of Belle Isle and a Detroit park commissioner.

While enforcement of the University of Michigan automobile regulation has been stricter than during the first two years in which it was in effect, the lid is to be clamped down even tighter, it is promised by Walter B. Rea, assistant to the dean of students in charge of enforcement.

WISCONSIN

Indgere Lebouef, 80 years of age, early day building contractor of Marinette, died here as the result of burns suffered late in February. Six children survive.

Fifty violins, mostly new but including some valuable antiques and others valued for sentimental attachments, were destroyed by fire when the workship of the Whitcomb Violin Company at 124 Second street was attacked by flames.

Joseph Magin, owner of the Shore Crest summer resort property at Fox Lake, Wis., and Peter Machell, in whose cottage at the lake was found a brewery, each was sentenced to one year in the House of Correction and ordered to pay fines of $1000, by Federal Judge Geiger.

Bill Aimed at Conditions in English Slums

LONDON, April 1. (AP)—The British Labor government is making a determined drive at the slums in England and in Scotland. A bill will be introduced in the House of Commons shortly which seeks to provide better homes for the dwellers on the streets "where hope has fled."

The bill will extend the powers of the municipal authorities to cope with conditions which should be remedied. It will make provision for a continuous program of house building for relief of slum conditions. Grants to municipalities will be extended and the municipalities will be required to see that those who were transferred from the present slums to new houses will be given their homes at reasonable rentals. The aged and poor will be given special assistance in housing.

Resolution Asks High Court Curb

WASHINGTON, April 1. (AP)—A joint resolution under which the dissent of one justice of the Supreme Court would prohibit a law from being declared unconstitutional was introduced today by Senator Brookhart, Republican, Iowa.

J. W. Robinson Co.

FASHION EMBRACES COTTONS

Linen Suit For Tennis
Beach Ensemble For Beach Wear
Embroidered Batiste For Afternoon
Organdie and Tulle For Dancing
Black Linen Suit For Town Wear
White Pique Suit Vogue Pattern

For Sportswear

SPORTS costumes claim a variety of smart cotton fabrics. Linens, piques, terry cloth, ratine, broadcloth and shirtings are given a place in the sun.

Illustrated above is a Four-Piece Linen Tennis Costume. In addition the costume includes a wrap-around skirt which is worn to and from the tennis court. This particular suit is in shrimp linen with printed silk tie. $18.75. (Sportswear 3rd Floor.)

The Beach Ensemble (illustrated) shows a preference for ratine. The coat, trousers and scarf are of yellow with accents of royal blue. The swimming suit is of jersey. $55 complete. (Sportswear.)

Plain Linen from Belgium and Ireland at 75c to $1.00 a yard.

Printed Linens from Liberty's of London at $1.50 yard.

Linen Ratines, Imported, at $2.25 a yard.

Imported French Terry Cloth, hand blocked in Russian designs and colorings. $2.50 to $7.50 yard.

SECOND FLOOR

THIS DEFINITE SPONSORING OF COTTONS AND LINENS BY PARIS COUTURIERS FOR THE SPRING AND SUMMER SEASON IS BUT FURTHER INDICATION THAT THE MODE IS FEMININE. DOTTED SWISSES, NETS, ORGANDIES, BATISTES AND VOILES ARE EMPHATICALLY IN HARMONY WITH FEMININITY. THE STURDIER LINENS, PIQUES AND TERRY CLOTHS ARE THE FEMININE NOTE IN SPORTSWEAR. EVEN COSTUME ACCESSORIES NOW ARE MADE OF COTTON AND LINEN.

For Afternoon

ORGANDIE, dotted Swiss, voile, embroidered and plain, batiste, embroidered and plain, and net are featured for afternoon wear.

The Frock illustrated is of pink eyelet embroidered batiste made with quaint ruffings of pink batiste. $29.50. (4th Floor, Women's Dresses.)

Organdie is used for hats, blouses and gowns.

Net is used with voile and batiste by one Paris designer.

The Embroidered Swisses and Voiles by the yard at J. W. Robinson Co. suggest many interpretations.

For Evening

FOR evening wear the old-fashioned favorites, organdie, batiste and net are here again.

The youthful dancing Frock illustrated from the Junior Girls' Section is made of Nile green organdie with a widened skirt made of bands of organdie and tulle. The shirred tulle at the neck makes a yoke and a dainty cap sleeve. Coral pink sash, $49.50.

Plain colored nets and printed nets are delightfully youthful and effective for the dance frock. Velveteen may be used for a coat or jacket to wear with these sheer frocks.

For Town Wear

PIQUE is a favored fabric for suits for town and country wear. It is used to make blouses, gilets, neckwear, flowers, suits and hats.

Illustrated above is Vogue Pattern Ensemble 5221 showing how this fabric may be used to make a smart costume with a blouse of handkerchief linen or batiste. The blouse joins the skirt under a belt. The jacket is bolero length. In sizes 14 to 20.

Linen fashions the suit illustrated above. This particular suit is of black linen with a cream linen blouse. The jacket is fitted at the waistline. $12.95. (Women's Dresses, 4th Floor.) Other suits are made with a frock of linen and colored jackets.

Plain Piques at $1.00. In whits from 85c to $2.50. Rayon Piques, 85c and 98c.

French Printed Handkerchief Linens at $2.00 and $2.25 yard.

Linen Jersey (Creylins) from England, 72 inches wide at $4.50.

Patterned Suitings, $2.50 to $4.00 a yard.

SECOND FLOOR

The Cotton Fabrics

J. W. ROBINSON CO. are prepared for the vogue of Cottons with all the fabrics mentioned above gathered together in the Yard Goods Sections on the Second Floor. Only those fabrics which are of first quality have been selected. Many are exclusive to J. W. Robinson Co. alone in Los Angeles. In addition to those already mentioned for sports and town wear, these are important for dress wear:

French Hand Blocked Voiles, $2.00 yard.

Liberty's Ethis Crepe, Exclusive, at $4.50 yard.

Embroidered Voiles and Swisses at $2.50 to $3.50 yard.

Dotted Swisses at $1.00 a yard.

Batiste in solid colors at $1.00 yard.

Imported Permanent Finish Organdies at $1.00 a yard.

Eyelet Embroidered Batistes, $1.50 to $18.50 a yard. (Trimming Section)

Cotton Nets in white, black and colors, $1.75 to $4.50 a yard. (Trimming Section)

Printed Cotton Nets at $1.50 and $1.75 a yard. (Trimming Section.)

Velveteen at $2.75 a yard.

SECOND FLOOR

Accessories to the Costume

Left:

Blouse of embroidered batiste trimmed with lace $3.95. (3rd Floor.)

Collar and Cuff Set of colored linen. $1.75. (1st Floor.)

New Wide Mesh Net Hose from Saxony at $1.50 pair. (1st Floor.)

White Pique Flower at $1.00. (1st Floor.)

Right:

Hat of White Linen with band of print, copy of Agnes model. $18.75. (3rd Floor.)
Hat to be made with Vogue Pattern 5229 of linen or pique. (2nd Floor.)
The Handbag is also a Vogue Pattern contained in the Accessory Set No. 5229.
Gloves of Washable Cotton Suede in 8-button length. $2.00. (1st Floor.)
Oxford of Natural Linen trimmed with natural kid $12.50. (3rd Floor.)

March Figures 20 Per Cent Higher Than February

Oil and Public Utilities Lead in Month's Activity

Indicating a revival of public participation in the stock market and a coincident rise in security prices, transactions on the Los Angeles Stock Exchange since the first of the year have increased sharply from month to month, while the market value of all shares listed on March 31, last, reached a new record total for all time at $6,500,000,000, F. E. Sanford, secretary and manager, announced yesterday, in the quarterly report on exchange operations.

Market value of shares traded in the month of March was 20 per cent larger than in February and more than 90 per cent greater than in January, the total for the three months, respectively, aggregating $23,538,917, $19,634,013, and $12,323,222.

The market value of all shares listed aggregating $6,500,000,000 at the close of the period is 2 per cent higher than at the end of February, 6 per cent higher than December 31, last, and 17 per cent in excess of the value as of March 31, 1929, according to the report.

Petroleum securities and public utility issues featured the past month's activity, Mr. Sanford pointed out in drawing attention to an increase in the oil-share turnover value of 109 per cent compared with the preceding month, and a gain in public utility trading of 16 per cent.

Among the more active performers, Rio Grande advanced 5 1-4 points during the month on a turnover of 70,400 shares; Standard Oil of California, 7 points on 20,000 shares; Richfield, 2 1-8 points on 61,400 shares; Union Oil, 3 5-8 points on 36,000 shares and Southern California Edison, 5½ points on 51,700 shares.

Dividends paid during the month aggregated $19,156,617, an increase of approximately 50 per cent over dividends of $12,060,594 reported for February and a gain of 39 per cent over the total for March last year.

Total shares listed on the market at the end of March amounted to 138,327,038, as compared with 127,809,816 for the previous month, and 113,103,213 for March, 1929.

CLEARINGS, MONEY

Clearings yesterday were $32,039,568.82, a decrease of $6,875,574.34 from corresponding day last year.

BETHLEHEM PRESIDENT CONFIDENT

Youngstown Trade Near, Grace Tells Stockholders; Profits Estimated

NEW YORK, April 1. (Exclusive) Predicting that Bethlehem Steel's earnings for the first quarter of 1930 will equal $2.50 a share on the 3,200,000 common shares outstanding, Eugene G. Grace, president, today told a meeting of stockholders held in Newark, that "advices from Youngstown confirm our opinion that the merger with the Youngstown Sheet and Tube Company will be approved."

Mr. Grace also told the stockholders that the Bethlehem's schedule of operations for the month of April calls for 85 per cent of capacity because of increased business.

"Earnings during the first quarter, before interest and depreciation charges, exceeded those for the corresponding period of last year," said Mr. Grace, "although the rate of operations for the quarter just ended was but 80.8 per cent of capacity against 91.8 per cent in the same period of 1929."

Commenting on the outlook for the steel industry Mr. Grace said: "We are reasonably optimistic over the prospects for the current year. We cannot expect to produce as much steel as we did last year, but as a rough guess the volume should not be more than 10 per cent less than last year." He said in part:

"The Bethlehem is a fine, rounded-out steel concern, but will become 50 when we acquire Youngstown Sheet and Tube. Your management naturally believes the merger is a good thing to undertake and the directorate of Sheet and Tube also think the same.

"The terms seem to be fair to both sides. The combination will give diversification to Bethlehem, which it does not now have. We should have this new ingot, sheet and tube capacity which Youngstown Sheet and Tube will give us. The combination will diversify both institutions from a production and location standpoint."

PICKWICK STAGES IN OPERATING REPORT

SAN FRANCISCO, April 1. (AP)—A net operating revenue of $417,135 for 1929 was reported to the State Railroad Commission today by the Pickwick Stages System. The figure compares with $486,675 the previous year. The company's gross corporate income was $297,587, as against $404,225 for 1928.

POOL OPERATIONS ACTIVE

Sponsors of Stock Undeterred by Outlook for Poor First Quarter; Popular Issues Touted

BY EARLE E. CROWE

Prospects of poor first-quarter reports in most lines of business seem to hold little concern for the bulls on stocks. If rumors are true, new pools are under organization in nearly every active stock, old pools are raising their sights to higher levels, and nothing worse is feared than minor technical setbacks.

Skeptics are still wondering how the oil shares can advance. The lower level for gasoline prices evidently is not considered an offset to the improvement in the regulation of crude oil and gasoline production. Nor is any consideration given at the moment to the outlook for lower earnings in first-quarter reports. Most of the current comment revolves around pool operations.

OIL POOLS ACTIVE

Groups are supposed to be at work in Sinclair, Barnsdall, Standard of California and New Jersey, Union, Richfield and Rio Grande. The Rio Grande operation is supposed to dress the market up in preparation for the offering soon of an issue of convertible bonds.

Mexican Seaboard's sponsors seem to have temporarily discontinued operations, but it is understood another drive will be organized soon to exploit the company as a natural gas utility, not an oil company. Mexican Seaboard is supplying large quantities of natural gas to the Pacific Gas and Electric, but is foreclosed from fully exploiting its oil properties by the Kettleman curtailment pact.

Future values are the main talking point in connection with Standard of California stock market operations. Sponsors of the stock contend the real value of the Kettleman and the West Texas properties are not fully realized, nor is proper appraisal given by the market to the company's interest in electric power and natural gas through its ownership of Pacific Public Service.

NEW FEATURE TOUTED

On its own merits, Pacific Public Service is scheduled to receive attention, reports state. Representatives of a strong New York group are understood to have examined the property and arranged with holders of a large block of the A stock for an option preparatory to pool operations. The option, it is understood, has not yet been exercised but still has some time to run before expiration. Standard of California owns the B stock.

A local banking group is reported to have become interested lately in the Pacific Mutual stock and rights. Operators in the Neon stocks, both Delaware and New York, seem to have taken a recess, although there are rumors of a renewal of activities as soon as the merger details now under consideration in the East are settled.

Caterpillar Tractor's whirl apparently is dying down, considerable stock having come out lately from sources reputedly identified with the company. The operation in Fokker Aircraft has been successful to date and there are indications of similar efforts in Western Air Express and Douglas Aircraft.

Pacific Savings Again Advances

Rise to second place among the 13,000 building and loan associations of the nation was revealed in Pacific States Savings' statement of condition, as of March 31, released yesterday. In attaining this high rank, the resources of Pacific States Savings topped $60,000,000, the first time any California or other western association has reached this total.

Resources as shown by the statement are $60,429,501.06, an increase of $1,656,186.98 since the last monthly statement in February. The statement reflects an increase of $1,022,162.59 in savings since February 28, and $6,811,990.66 during the first quarter of 1930, all due entirely to normal internal development without merger.

Bolsa Chica Oil Offer in Mails

Bolsa Chica Oil Corporation is mailing to stockholders of record March 31, last, subscription blanks for the offering of 9000 shares of Class A stock at $10 par. The offer will expire the 20th inst.

F. B. Gormley, secretary of the company, yesterday said that if all the stockholders subscribe to the offering, the stock will be issued on a pro rata basis of about one new share for every thirty-two shares held.

BANK DEPOSITS AIMING LOWER

Incomplete Returns Reveal Decrease for Year

Total Falls Off 6.8 Per Cent Since March, 1929

Smaller Units Record Sharp Advances in Period

Combined deposits of eleven State and national banks in Los Angeles reporting in response to the call for condition as of March 27, last, issued by the State Banking Commissioner and Comptroller of the Currency, declined 4.2 per cent from the total for the same banks on December 31, last, and 6.8 per cent from the totals a year ago, according to figures supplied the Los Angeles Clearinghouse Association yesterday.

The statement contains only the figures for member banks of the association. Bank of Italy and Bank of America of California also have not yet reported.

The combined deposits of the four State banks that reported aggregated $134,162,671, against $134,404,911 on December 31, last, and $132,490,506 on March 27, 1929, a decrease for the quarter of .02 per cent, and increase for the year of 1.3 per cent.

Combined deposits of the seven nationals which reported amounted to $701,228,816, against $738,126,345 on December 31, last, and $764,785,618 a year ago, off 4.9 and 8.3 per cent, respectively.

Individually the statement reveals a mixed trend in the volume of deposits with several of the smaller institutions reporting sharp increases.

Yokohama Specie more than doubled its deposits over the past year, while deposits of the Seaboard National increased 26 per cent; National Bank of Commerce, 7 per cent, and Western National, one of the newer institutions, 15 per cent. Among the larger group, California Bank and Farmers' and Merchants' reported a small increase. The Yokohama Specie and the Farmers' and Merchants' reported gains for both the quarter and the year.

Offsetting these increases, deposits of the Security-First National dropped $46,000,000, or more than 8 per cent in the year, and deposits of the Citizens fell off more than $5,000,000, or almost 5 per cent.

Deposit figures of the banks that have reported to date as of March 27, showing the per cent change with the total a year ago, follow:

NATIONAL

	March 27, 1930	Per cent Change.
Security	$506,854,767	— 1.2
Citizens	106,600,697	— 4.9

NEW YORK BOND PRICES

NEW YORK, April 1. (AP).—A slightly better demand for representative investment issues gave a firmer tone to bond trading today. The market for railroad obligations and for a few utilities broadened and numerous small gains appeared.

United States governments again sagged, with the higher priced Treasuries losing about ⅛ point each, but turnovers were limited. Liberty Fourth 4¼s held firm in an active market.

A substantial part of the day's business was in bonds carrying stock features. International Telephone's convertible 4½s proved to be the feature, soaring to a new 1930 peak above 125 and then losing all but a point of its net advance. American Telephone 4½s lost 1¼.

Alleghany Corporation 5s of 1950, American International 5½s, Baltimore and Ohio 4½s, Missouri Pacific 5½s and Warner Brothers Pictures 6s, were firm. Loew's 6s with warrants rallied 2½ points to 121½; within half a point of the record price. Paths 7s also carrying warrants rose 1½.

The increased activity in the rails was noticeable in Santa Fe general 4s, Chesapeake and Ohio 4½s, and Rock Island 4s.

Oil company bonds traded briskly at times in sympathy with the stocks, but the net results were negligible.

Foreign bonds shifted irregularly. Brazils moved up 1 to 2 points and Rio Janeiro 8s made a new high of 105. European governments ruled firm.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in order given. In reporting transactions, the close is omitted when the same as the low, and both low and close when same as high.

Late Analysis of

Pacific Public Service Company

The attention of investors has been attracted by the rapid development of this company, which has followed the assumption of control and management by the Standard Oil Company of California in September, 1929. Construction work is being pushed for the introduction of natural gas in the territories of Coast Counties Gas & Electric Company, a subsidiary; and the development of this phase of the company's business is planned on a large scale.

At the present time only 38% of the company's revenues came from the gas and electric business, the remainder being derived from other subsidiaries, furnishing ice, cold storage, bottled water, and ice cream in Southern California.

A detailed analysis of the company's operations and the outlook for the Class "A" Common Stock listed on the Los Angeles Stock Exchange, will be gladly furnished on request without obligation. Send name and address below for a copy.

WOOL MARKET

BOSTON, April 1. (AP)—Inquiries from manufacturers and the volume sales reported are apparently for sufficient wools to cover immediate requirements. Moderate quantities of 64s and finer original bag wools are being sold in the ranges of 70@73c, scoured basis. Strictly combing 58s-60s territory wool are bringing 72@75c, scoured basis. Only restricted offerings of domestic fleece wools are available. Inquiries on this type are scattered and bids low. Offerings are held fairly firm at recent quotations.

LOS ANGELES EXCHANGE

Standard Oil Heads Bullish Demonstration Among Petroleum Stocks on Local Board

Standard of California, Rio Grande and Union Oil issues accounted for the bulk of the activity on the Los Angeles Stock Exchange yesterday as the enthusiasm for the utilities was permitted to lag. The entire petroleum list held the attention of traders throughout the session and improved substantially with Standard, Rio Grande, Pacific Western and Macmillan reaching new high prices for the year.

Standard Oil shot up 2½ points early in the session to mark a new top at 68½ and after a slight reaction recovered to reach the high point again on final sales. Rio Grande headed the activity of the market with a turnover of more than 10,000 shares and advanced more than a point to score a new 1930 peak at 25 3-8. The last sale crossed the board at 25 1-4. Combined sales of Union Oil and Union Associates approximated 9000 shares and both issues ended in an upward direction, reaching the day's high prices at the close. Union Oil gained 5-8 to 46 3-4 and Union Associates, ½ to 45½.

Macmillan Petroleum, on an early rapid turnover, advanced nearly a point to a new high at 30 but on withdrawal of support dropped back to close at 29 1-4, up 1-8 net. Richfield moved up 7-8 to 27 and ended at 26 7-8 and Pacific Western achieved a new top for the year, up ½ to 16½, closing later at 16 3-8. Signal Oil sold at the year's high of 34 and Barnsdall sold up 7-8 to 33 1-8.

Southern California Edison and Pacific Public Service were the only utilities traded in volume. Edison, which on Monday recorded a turnover of 7000 shares, sold to the extent of 1100 shares and eased ½ to 66 1-4 at the close. Pacific Public Service, on a similar activity, dropped 7-8 to 37 1-4. Edison rights held firm at 4 and the preferred issues were all steady, with the exception of the prior preferred which jumped 2 1-4 points to 66 1-4 on an odd-lot sale. Associated Gas and Electric dropped off 2 points to 42 1-4.

Emsco Derrick advanced a point to 18 and Byron Jackson, Claude Neon and Western Air Express showed a fractional improvement.

Sales totaled 49,374 shares valued at $1,540,043; previous day, 101,905 shares valued at $1,817,043.

NEW YORK CURB STOCKS

NEW YORK, April 1. (AP)—Prices on the New York Curb market headed upward again today, but the selling resistance became so great that many of the early gains were cut down or converted into small declines. Net gains outnumbered losses at the close, but it was apparent that operators for the rise were being called upon to absorb a heavy volume of selling in order to push their favorites into new high ground. Trading showed a moderate reduction in volume, the day's sales of 1,452,900 shares falling about 300,000 below those of yesterday's record breaking 1930 session.

Electric Bond and Share closed fractionally lower at 111¾. Cities Service moved up fractionally to another new high at 43⅝. Electric Power and Light optional warrants jumped 8½ points and maintained nearly all of the gain. Nevada-California Electric also reached new high ground. American Gas and Electric fell 3 points.

Oils developed a stronger undertone despite the further increase in the storage stocks of crude oil and gasoline reported for February. Standard Oil of Indiana, Gulf and Lion all moved into new high ground for the year, the rise in the last named being influenced by reports of increased activity in the stock in the Chicago market. Cosden jumped 4 points and Humble advanced more than 2 to within a fraction of the year's top.

Resumption of pool operations in the specialties lifted more than a score of those issues to new high levels. Aluminum Limited soared 23 points to a new high at 200.

Columbia Pictures sold at a new high for the year. Translux, which sold as low as 4½ this year, was marked up 3 points to a new high at 11 on merger rumors.

Investment trust and trading corporation shares were irregular. Tri-Continental issues moved to new 1930 peak prices, but efforts to extend the recent advance in Goldman-Sachs met with heavy profit-taking and the stock closed nearly a point lower.

The closing price is omitted when same as the low and both low and close when same as the high.

An

INCOME

That's Never Late!

FOUR times every year, the income from Mercantile Building-Loan Association's Full Paid Guaranteed 6% Coupon Certificates comes to you as surely and as safely as your mail!

Issued at any time... for any amount from $100 up, in even hundreds... these certificates are an ideal conservative investment. They never fluctuate. We guarantee to redeem them at any time after one year... at par... with 6% interest, subject to provisions in the California Civil Code.

You owe it to yourself to investigate this time-tried investment. Visit our nearest office or write for details.

Fox Film Corporation

To the Holders of 6% Gold Notes of Fox Film Corporation (Issued Through Halsey, Stuart & Co., Inc.)

We refer to the $12,000,000 of Notes of the above issue that became due yesterday.

We regret to have to advise you that—owing solely to the opposition of Halsey, Stuart & Co., Inc., and their associates, to the Plan of Financing that has been agreed upon between the Company and the Bancamerica-Blair-Lehman Bros.-Dillon, Read & Co. group—it has been impossible for us to pay these Notes at maturity.

That Plan provides for the payment of all the debts of the Company, with interest, including the Notes of the above-mentioned issue held by you.

Halsey, Stuart & Co., Inc. have appeared in Court and demanded the appointment of Receivers for the Company. Compliance with their demand would have gravely imperilled your Notes and indefinitely delayed their payment.

We accordingly urge you not to deposit your Notes with any Committee named by Halsey, Stuart & Co., Inc., or acting in their interest. If you have already done so, we urge that you withdraw your Notes from deposit, so as to secure their early payment and avoid involving your interests with other interests that Halsey, Stuart & Co., Inc. claim to have in preventing the consummation of the Plan that has been approved by the Directors and Stockholders of the Company, and that provides for the payment in full of your Notes, with interest.

New York, April 2, 1930.

FOX FILM CORPORATION,
By WILLIAM FOX,
President.

NEW ISSUE

112,000 Shares

United American Utilities

INCORPORATED

Class A Stock—First Series, with Warrants

Entitled to cumulative dividends, to extent earned in any calendar year, in priority to Common Stock, at the rate of $1.30 per share per annum, payable quarterly March 1, June 1, September 1 and December 1. Class A Stock—First Series is fully paid and not redeemable and has limited voting rights, in case of default in payment of preferential dividends thereon, as provided in the Charter. Class A Stock—First Series is entitled to priority, in liquidation or dissolution, over the Common Stock up to $32.50 per share plus dividends at the rate of $1.30 per share to the extent earned but unpaid. Dividends on said First Series will accrue from April 1, 1930.

This stock is listed on The Chicago Stock Exchange

STOCK PURCHASE OPTION WARRANTS

Each Share of this issue of 112,000 shares of Class A Stock—First Series will be accompanied by a Stock Purchase Warrant entitling the holder thereof to purchase one-half of one share of the Common Stock of the Corporation at $40 per share up to and including March 1, 1935.

We summarize from the letter of J. M. Bowlby, President:

BUSINESS AND TERRITORY

United American Utilities, Incorporated, was incorporated under the laws of the State of Delaware for the purpose, among others, of acquiring majority or substantial minority interests in public utility corporations, both foreign and domestic, possessing attractive possibilities of development. In line with this policy, United American Utilities, Incorporated, has acquired a substantial interest in Eastern States Public Service Corporation, which corporation, through its subsidiaries, furnishes electric power and light and/or water or miscellaneous services to over 300 communities in 16 States along the Atlantic Seaboard and in the East and Middle West. The territory served by the above companies embraces some of the richest agricultural sections of each State in which they operate, as well as many intensely developed industrial centers, thus providing a diversification of demand which makes for stability of earnings. Requirement for the services rendered is rapidly increasing throughout the entire territory.

United American Utilities, Incorporated, will also own all the outstanding stock of Pacific Freight Lines, Inc., which, through its subsidiaries, will serve a population of about 2,750,000 throughout Southern California, and, with terminals in Los Angeles, provide daily "express service at freight rates" between Los Angeles and 84 cities, towns and communities within a radius of 240 miles. Business with shippers is done principally on a cash basis, thus imposing little or no financial risk upon the corporation.

Over 87% of the motor freight income is derived from public utility operations under the jurisdiction of the Railroad Commission of the State of California.

CAPITALIZATION

(Outstanding upon completion of present financing)

	Authorized	Outstanding
Ten-Year 6% Convertible Gold Bonds	$5,000,000	$2,500,000
Class A Stock	500,000 shares	112,000 shares
Common Stock	1,500,000 shares*	220,477 shares

* Includes 100,000 shares reserved for the maximum requirements for conversion of $2,500,000 principal amount of Ten-Year 6% Convertible Gold Bonds; and 56,000 shares for exercise of warrants to accompany present issue of 112,000 shares of Class A Stock.

EARNINGS

Consolidated earnings, including earnings of subsidiaries to be acquired by Pacific Freight Lines, Inc., for the year ended December 31, 1929, the latter as reported by Messrs. Haskins & Sells, Certified Public Accountants, after adjustment of maintenance and depreciation of principal operating units to 15% of gross revenues and the elimination of non-recurring charges in the amount of $94,700, representing the management's estimate of economies to result from joint operation of the companies, and giving effect to present financing, are as follows:

Gross Earnings of Subsidiaries to be acquired by Pacific Freight Lines, Inc. (including non-operating income)		$1,871,801.47
Annual Interest and Dividend Income from investments owned by United American Utilities, Incorporated, at February 28, 1930, or to be owned upon completion of present financing		300,560.00
		$2,172,361.47

"DISCOUNT" TELEPHONE BONDS YIELDING 6.75%

The steady advance in bond prices since January 1st, has resulted in many issues now selling at or above par, offering little opportunity for future appreciation. However, a few attractive offerings are still available at a substantial discount such as

STANDARD TELEPHONE CO.

First Lien Coll. Tr. 5½% Bonds

These bonds are now priced at about 89¼, to yield 6.75%, and afford a spread of 15¼ points before reaching the call price. Company's system serves a prosperous territory with a population of 580,000, in six States. For complete details use coupon.

AN ADVERTISEMENT OF THE SOUTHERN CALIFORNIA EDISON COMPANY, LTD.

"BIG BUSINESS"... also Good Business...

TO THE success of California, Southern California Edison contributed in 1929 more than three billion kilowatt hours of progress and prosperity.

One-third of all the power consumed in California was produced by Edison.

A single steam unit produced more than enough power to supply the combined requirements of Arkansas, Delaware, Mississippi, North and South Dakota, New Mexico, Nevada and Wyoming.

"Big Business." Also, *good business*... for everyone concerned benefits. And to those who wish it, a preferred interest in this creation of universal prosperity is available for as little as $25. The coupon will bring details.

100,000 Shares $3.00 Cumulative Preferred Stock
50,000 Shares Class B Stock

American Utilities & General Corporation

(In the form of Allotment Certificates of Chatham Phenix National Bank and Trust Company, Depositary, representing units of one share of $3.00 Cumulative Preferred Stock, without par value, and one-half share of Class B Stock, without par value, the latter in the form of voting trust certificates, entitling the holder to receive such stock and voting trust certificates on April 1, 1931 or on such earlier date as may be fixed by the Board of Directors.)

CAPITALIZATION
(Upon completion of present financing)

	Authorized	Outstanding with Public
$3.00 Cumulative Preferred Stock (without par value)	500,000 shs.	181,749.6 shs.
Class A Stock (par value $20.00)	92,986 shs.	92,986.0 shs.
Class B Stock (without par value)	*1,400,000 shs.	1,169,778.4 shs.

* Including 230,221.6 shares reserved for warrants and for conversion of Class A Stock.

The Company has no funded debt.

The $3.00 Cumulative Preferred Stock is redeemable at the Company's option at any time, as a whole or in part, on 30 days' notice, at $55.00 and accrued dividends. Preferred over the Class A Stock as to cumulative dividends at the annual rate of $3.00 a share, and as to assets in the event of liquidation to the extent of $50.00 a share and accrued and unpaid dividends. Dividends payable quarterly, on the first days of March, June, September and December of each year. Dividends free of present normal Federal Income Tax.

Mr. E. G. Diefenbach, President of the Corporation, has supplied the following information:

BUSINESS: American Utilities & General Corporation was organized under the laws of Delaware in January, 1929, with broad powers to acquire, hold, sell, underwrite, offer and generally deal in securities. While the Corporation is not limited by its charter as to the character of the investments that it may make, the present policy of the Corporation is to limit, in general, its investments to stocks and other securities of natural gas and other public utility companies, the Corporation being particularly interested in the development of super gas systems through inter-connections of large gas companies.

ASSETS: The net assets at current market prices as of March 20, 1930, after giving effect to the present financing, amounted to $12,476,033.63, or over $68 for each of the 181,749.6 shares of $3.00 Cumulative Preferred Stock to be outstanding.

EARNINGS: The net profits of the Corporation, as certified by Messrs. Barrow, Wade, Guthrie & Co., Accountants and Auditors, for the twelve months ended March 20, 1930, were as follows:

Net Profits after Reserve for Federal and State Taxes		$1,173,164.99
Annual Dividend Requirements:		
181,749.6 Shares $3.00 Cumulative Preferred Stock	$545,248.80	
92,986.0 Shares Class A Stock	120,881.80	666,130.60
Balance for Class B Stock		$ 507,034.39

These net profits reflect the benefit derived from the proceeds of only a part of the 181,749.6 shares of $3.00 Cumulative Preferred Stock to be outstanding, the average amount of the Preferred Stock outstanding for the above period being only 42,692 shares.

The balance for Class B Stock, after deducting Reserve for Federal and State Taxes and actual dividends paid on the Preferred and Class A Stock for this period, amounted to $919,545.15, equivalent to approximately $.78 per share for the Class B Stock to be outstanding with public. Regular quarterly dividends have been paid on the Preferred Stock and Class A Stock since issuance and three quarterly dividends at the rate of ten cents a share each have been paid to date on the Class B Stock.

Due to the affiliations and close associations of the Corporation's management with large gas and electric utility companies, affording opportunities for participating profitably in refunding and other operations of these companies, further substantial profits should be realized for the benefit of its stockholders.

PURPOSE OF ISSUE: The proceeds from the sale of the $3.00 Cumulative Preferred Stock and Class B Stock will be used for the purpose of increasing the present holdings of the Corporation and for investment with major associates in other natural gas enterprises.

All legal details in connection with the issuance of these securities have been approved by Messrs. White & Case, New York.

Price $45 per Unit
(Plus Accrued Dividend on the Preferred Stock)

April 2, 1930.

Not in the public eye

Companies whose names appear frequently on the front pages of newspapers and in the advertising columns of our publications are well known to the public. Their bonds are in demand, are actively traded in on the leading exchanges and are quoted in financial pages every day.

6 to 6½% income from the bonds of well-managed American companies

But there are many companies, *not so well known*, ably managed, with a long history of successful operation and with excellent prospects for the future whose bonds may be obtained at very attractive prices. Such bonds often present an opportunity to the shrewd investor.

We have available in moderate amounts, bonds of a few companies of the latter type which we have thoroughly investigated and recommend for investment. They yield from 6 to 6½%. We shall be glad to send you descriptive circulars entirely without obligation.

RETIREMENT FOR OCEAN MAIL SERVICE.

Post Office Department, Washington, D. C., March 14, 1930.—Proposals will be received at the Office of the Second Assistant Postmaster General in the City of Washington until 12 o'clock noon April 1, 1930, for ocean mail service on the routes hereinafter described, for the terms herein specified, pursuant to the Merchant Marine Act, 1928. The right is reserved to reject any or all bids.

Route No. 48—From San Francisco by steamer to Kobe, Shanghai, (Tsingtao optional) or Taku Bar (at option of contractor) Dairen, including service to any other ports at which contractor's vessels may voluntarily call, on a schedule satisfactory to the Postmaster General of not less than one nor more than 10 trips per annum, subject to other provisions of this advertisement for increase or decrease of frequency. The contractor will be required to operate in performance of service on this route cargo vessels of Class 6, capable of maintaining a speed of 10 knots at sea in ordinary weather, and of a gross registered tonnage of not less than 4,000 tons; provided that the contractor shall substitute for vessels originally accepted for service on this route two new American built and registered cargo vessels of not less than 9,000 tons each, when such new vessels to be placed in service within five years and the other within three years of the beginning of performance under this contract, or one or both of such new vessels may be employed in some other foreign trade and/or coastwise mail service under the Merchant Marine Act, 1928, which new vessels must be in addition to any vessel whose construction and/or substitution is required under any other mail contract entered into thereunder by the Postmaster General pursuant to the provisions of the Merchant Marine Act, 1928. The contractor and the Postmaster General may agree upon the conditions under this contract of additional calls of any Class. The term of this contract shall be for ten years beginning July 1, 1930, or such subsequent date as the Postmaster General may fix, to be agreed upon by the contractor and the Postmaster General, and if necessary to designate. Bond required with bid, $5,000. The accepted bidder will be required to execute a contract with a bond of $100,000.

Route No. 49—From San Francisco by steamer (at option of contractor) and connecting to Saigon, including service to any other ports at which contractor's vessels may voluntarily call, on a schedule satisfactory to the Postmaster General of not less than 17 nor more than 21 trips per annum (subject to other provisions of this advertisement for increase or decrease of frequency). The contractor will be required to operate in performance of service on this route cargo or cargo and passenger vessels of Class 8, capable of maintaining a speed of 13 knots at sea in ordinary weather, and of a gross registered tonnage of not less than 9,000 tons; provided that the contractor shall within three years of the beginning of performance under this contract construct and substitute for vessels originally accepted for service on this route, or may otherwise operate such vessel or vessels as hereinafter stated, new American built and registered vessel or vessels costing approximately eight million dollars, of such type, character and class as may be satisfactory to and approved by the Postmaster General. The vessel or vessels constructed in fulfillment of contractor's obligation hereunder shall be built for the United States foreign trade and may not be otherwise employed except for such limited period or periods in any year as may be specified by the Postmaster General. The new vessel or vessels must be in addition to any whose construction and/or substitution is required under any other mail contract, or extension thereof, entered into under authority of the Merchant Marine Act, 1928. The contractor and the Postmaster General may agree upon the condition under this contract of additional calls of any Class. Classifications of vessels on this route are based solely with respect to tonnage. The term of this contract shall be for ten years beginning not later than one year from the date of award of the contract, or such subsequent date as the Postmaster General may find it necessary to designate. Bond required with bid, $5,000. The accepted bidder will be required to execute a contract with a bond of $100,000.

PROVISIONS APPLICABLE TO ALL ROUTES. The mileage on the outbound voyage by the shortest practicable route between the ports specifically stated, shall be the mileage for the basis of bids and payment for service, any service to intermediate ports at which vessels may voluntarily call to be covered by the pay based on said outbound mileage of the route specifically stated. However, the pay may be changed on the hereinafter provided. The contractor for service under this advertisement will be required also to carry on return trips parcel post mail of United States origin being returned from foreign countries as undeliverable, any U. S. military or naval mails, and empty U. S. mail bags, such service to be covered by the pay based on the outbound mileage. By mutual agreement of the Postmaster General and the contractor, contract may be terminated on or after five years from date thereof and by like mutual agreement at rate of pay may be changed to conform with legislation hereafter enacted by Congress. Within one year, or as otherwise provided, from the date of award of contract and at such times thereafter as the Postmaster General shall require, the contractor shall furnish evidence satisfactory to the Postmaster General of its intention and ability to place in service the vessel or vessels required within the time or times specified. In the event of failure so to furnish satisfactory evidence, the Postmaster General may annul the contract. If other vessels be taken from the route by the Secretary of the United States for national defense or during any national emergency, or vessels become unavailable for operation on the route because of force majeure, the Postmaster General and the contractor may agree upon the suspension of service for termination of contract, without liability for failure of performance or liability upon either party. The Postmaster General and the contractor may agree upon the construction and/or operation of a third or lower Class vessels and for a greater or smaller number of voyages than those specified. By agreement of the contractor and the Postmaster General, or as hereinafter provided herein, any vessels constructed in fulfillment of the contractor's obligation under this advertisement may be operated on any other American foreign trade or ocean mail route, the mail pay or any such operation to be governed by the substitution of service on the route for which the vessel is operated. In case of refusal of the United States Shipping Board, before the time fixed for the beginning of service upon the route advertised, to authorize a construction loan for the building of new vessels required to be placed in operation thereon, the contractor may be relieved from the obligation of the contract by giving written notice of such decision to the Postmaster General before the time fixed for the beginning of service on said route and the contract shall be null and void. In the event of default by the contractor with respect to any of the provisions of the contract, the Postmaster General may impose fines or other penalties, or may annul said contract. Bids submitted in response to this advertisement shall be subject to any legislation that may be enacted by Congress before the award of contract with respect to the acceptance of proposals for service under the Merchant Marine Act, 1928. Circulars containing complete advertisement, detailed specifications and proposal forms may be obtained from the Office of the Second Assistant Postmaster General, Washington, D. C.—Walter F. Brown, Postmaster General.

Wheat Rallies on Reports of Drought Spread

CHICAGO, April 1. (AP)—Broadening of drought areas and increasing complaints of shortage of moisture brought about new gearing of wheat prices today. Nebraska was added to the regions in urgent need of rain which heretofore had been restricted mainly to Kansas and Oklahoma. Upturns in wheat values received additional momentum from announcement of 3,975,000 bushels decrease of world stocks of wheat, reducing the total to only 8,000,000 bushels more than at this time last year.

Closing quotations on wheat were strong at the day's top level, 1¼@2c a bushel higher than yesterday's finish. Corn closed 1⅛@1¼c up, oats 2@2½c advanced, and provisions showing 7@30c gain.

Heating to lift of wheat prices were reports that the Wheat Stabilization Corporation, a government-sponsored body, had disposed of 500,000 bushels of wheat to southwest and northwest domestic mills. Trade attention, however, centered on advices that despite predictions of rain southwest the skies were generally clear and moisture amounted to little. Official reports said the Kansas drought situation had become so critical that Kansas wheat raisers had been forced to haul water in several counties.

North American wheat export business

P. W. STUART, Ass't Secretary

remained scant, amounting to barely 300,000 bushels today, and including but little from the United States.

Corn showed independent strength. Oats were responsive to the upward trend of corn.

Commission-house buying of lard gave an upward tilt to provisions, despite downturns in the value of hogs.

DAILY EASTERN CITRUS MARKETS

(By the Associated Press.)

Carlot shipments of California citrus, compiled from railroad passing reports for the California Fruit Growers' Exchange, were announced as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
March 31	1,141	90
Season to date	14,453	2,537
Last season to date	26,632	4,340
CENTRAL CALIFORNIA		
March 31	3	0
Season to date	4,202	120
Last season to date	2,588	46
NORTHERN CALIFORNIA		
March 31	0	2
Season to date	278	14
Last season to date	481	47

California oranges were slightly lower and lemons were lower at eastern and middle western auction centers yesterday. Sales totaled eighty-four cars of oranges and twelve cars of lemons.

Analysis of trading gave the following price range per box:

	ORANGES		LEMONS

RUBBER MARKET

NEW YORK, April 1. (Exclusive)—Trading in the new No. 1 standard contract was begun on the rubber exchange of New York today and, from all indications, was well received by the trade in general, as most of the day's business was concentrated in this new lot, which calls for the delivery of ten tons of rubber and provides for one point (1-100 of a cent a pound) fluctuations.

Business in the new contract was mostly of a professional character with traders generally trying to feel out the market but for a first day the amount of business done went beyond expectations. The first sale of the day was made by W. Wolf Paul, floor broker, who bought one lot of May No. 1 at 18 from E. B. Linhart and later sold one lot of December at 21.40 to the operator for a like commission house.

The new contract should sell about 8 points higher than actual rubber in the spot market because of certification costs and other fees involved in the new lot. Differentials between the old and new lots according to members of the exchange will widen later.

Sales in the new lot amounted to twenty contracts, or 200 tons, with the bulk of business being transacted in the first hour, during the old "A" contract. Trading quieted down with the initiation of the new lot, but soon after some action was noticeable and prospect became more active as prices sold off about 2 or 3 points. The tone was steady, however, and at the close sales aggregated 32 lots, or 640 tons, as compared with 151 lots, or 3,775 tons, on Monday.

In London the spot position closed dull and 1-16d higher at 9¾d, while in the distance the near delivery fell 1-16d to 7¾d. In outside spot market here, the price fell ⅛ to 11⅛c.

Outside prices were:

	Mar.	July	Sept.	Dec.
Smoked ribbed sheets	21½	21½	21½	21½
First latex crepe	13½	....	....	....
Clean thin br. crepe	14½	....	....	....

OIL NEWS

BY HOWARD KEGLEY

Recommendations submitted by the fact-finding committee to the General Committee on Oil Curtailment, headed by Paul Boggs, were approved yesterday when the two groups met in the offices of the California Oil and Gas Association in the Associated Realty Building.

The report shows that the State's production as of March 28 was 612,-000 barrels, or approximately 9000 barrels over the new allowable which has been set at 603,289 barrels daily for the next thirty days.

The potential for the Santa Fe Springs oil field has been reduced from 182,140 barrels a day to 208,-91 barrels and the new allowable has been cut from 133,320 barrels daily to 119,085 barrels. Signal Hill's new potential is set at 166,912 barrels daily, being an increase of about 5000 barrels over the old potential. The field's new allowable was set at 95,160 barrels of oil a day. Slight increases in potentials are noted in the Elwood, Poso Creek and Maricopa Flat fields.

No change was suggested as to percentages of cut for the next thirty days in the State-wide curtailment program. The general committee approved the recommendation that the same cuts be levied for the remainder of the program unless some unusual developments occur. Throughout the deliberations yesterday there was strong sentiment in favor of continuing curtailment in accordance with the present plan.

To New Low

With more than thirty wells killed since the State Gas Act went into effect, the Santa Fe Springs oil field has declined to its lowest daily flow since the State-wide curtailment program went into effect March 1.

Yesterday the total flow at Santa Fe Springs was approximately 126,-000 barrels of oil and the field may continue to show a decline now that a number of operators are compelled to shut in their wells in order to obey the gas law.

To Test

Preparations are under way to make a water shut-off test in the Rose Chica Oil Corporation's Snow No. 1-A north of Piru. Bottom of the hole is at 2090 feet. Considerable gas has been found. The cement plug will be drilled out today or tomorrow.

Rose Chica's new 1200-foot pier going in on the Campbell Point mainland permit two miles south of the Elwood field has been constructed into the ocean about 500 feet and work is rapidly going ahead. When completed, a modern derrick will go up near the end of the pier to prospect the permit.

Coal Accommodations

The new office suite recently taken over by the California Oil and Gas Association in the Associated Realty Building at the southwest corner of Sixth and Olive streets is sufficient room to hold several meetings simultaneously.

While the general committee on full-wide curtailment of oil was meeting yesterday with the fact-finding committee to adjust the new curtailment program, three experts appointed by Superior Judge Hardy to study conditions in the Santa Fe Springs field, held a session immediately following, without difference. Edwin Higgins, manager director of the association, will hold open house for members and friends the 9th inst., according to an announcement.

Brings in One

At Maricopa Flat the Standard Oil Company has brought in its No. 3 on Sec. 9, 11-23. Initial flow was approximately 627 barrels of 19.6-gravity oil per day, but because of sand troubles the yield has been reduced to about 120 barrels per day.

LOS ANGELES MARKET

CATTLE—Fresh receipts consisting of one fresh load and several lots of trucked-in stock. Approximately 1050 head of holdovers were available including several loads of steers and cows. Trade was rather slow with sales ranging from steady to 25c lower, inbetween steers and cows suffering the decline.

A load of 1183-pound Imperial steers brought 11.00, with a load of 758-pound Arizonas at 10.85. Several loads of Arizona and Imperials ranging from 781 to 943 pounds brought 10.00@10.60.

Registered lots of plain heifers made 8.50 @ 9.00 with a few of 824-pound Colorado cows making 7.75. Four loads of 1094 to 1060-pound Colorado cows brought 8.65. Bulls and common to medium cows turned at 7.00@8.25 with low cutters and cutters at 5.00@6.75. A few odd bulls brought 7.00@7.50.

CALVES—Veal ers were scarce in fresh receipts and holdovers of 700 consisted mainly of stockers still in first hands. Prices were generally steady on the limited numbers with a few good vealers making 13.00@16.00. Bulk of other calves brought 12.00@14.50, with lower grades at 8.00@11.50.

HOGS—With nine fresh loads available trade was slow and mostly 10@15c lower, spots showing more decline. A load of 257-pound Colorados topped at 10.85, with other offerings averaging 187 to 196 pounds going at 10.40@10.80. A load of 204-pound Colorados scored 10.75. A few 200-pound truck-ins made 10.65, and odd packing sows made 8.75. Packers on 150-pound plus reached 10.50.

SHEEP—Nothing was offered in this department and quotations are unchanged. Good to choice spring lambs are quoting up to 11.75, and fed wooled lambs to 8.75.

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 1300 to 1500 pounds, good, 11.25@12.25; common and medium, 8.25@11.25; 1050 pounds up, medium, 10.25@11.25; common, 8.25@10.25. Heifers, 850 pounds down, good, 9.50@10.75; common and medium, 7.00@9.50. Cows, 1050 pounds up, good, 8.75@9.75; common and medium, 6.75@8.00. Calves, 500 pounds down, medium to choice, 11.00@13.00; cull and common, 8.50@12.00. Yearlings, milk fed, good and choice, 14.25@16.75; medium, 12.75@14.25; cull and common, 9.00@12.75.

Hogs: Medium weight, 200 to 250 pounds, medium to choice, 10.00@10.85; light weights, 150 to 200 pounds, medium to choice, 10.25@10.85; light lights, 130 to 150 pounds, medium to choice, 10.00@10.85. Packing sows, rough and smooth, 8.00@9.50. Slaughter pigs, 90 to 130 pounds, medium to choice, 9.00@10.75. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Spring lambs, good and choice, 11.25@11.75; medium, 10.25@11.25; cull and common, 8.00@10.25. Yearlings, 84 to 92 pounds, good and choice, 8.50@9.50; medium, 7.50@8.50; common, 6.00@7.50. Ewes, 100 pounds up, medium to choice, 4.00@5.00; cull and common, 2.00@4.00.

Remington Arms Net Income Off

NEW YORK, April 1. (Exclusive) Remington Arms Company, Inc., for the year ended December 31, last, today reported consolidated net income of $1,585,571 after interest and taxes, equal after first preferred dividends to $25.77 a share on $5,000,-000 cumulative 8 per cent preferred stock on which back dividends amount to approximately 44 per cent. This compares with $1,887,284, or $31.56 a share on the 8 per cent preferred in the preceding year. The decrease in profits was caused by the reduction in the price of ammunition in 1929, Saunders Norvell, president, stated. The former price was restored last December and as a result it is now fully expected that earnings for 1930 will show a substantial improvement, Mr. Norvell said.

METAL MARKETS

CLEVELAND, April 1. (Exclusive)—Daily Metal Trade today says:

Although steel demand has not picked up to any marked extent during two weeks producers are optimistic and confidently expect that April will see an upturn in building and automobile operations sufficient to bolster up markets, which in most districts have been rather meager.

On the whole, the market situation is little changed from that ruling at the close of February.

In some departments, such as strip and sheets, heavier bookings are reported, but little change in the rate of demand is noticeable in the heavier products. The price situation continues unsettled. The market on the heavier products, pipe prices, have been reduced $4 per ton.

Structural shapes are irregular, and $2.65 Pittsburgh now appears to be the general market level on this grade, with $2.60 Pittsburgh ruling on auto body sheets. Iron ore prices have been reaffirmed for 1930 at the 1929 level.

METAL PRICES

NEW YORK, April 1. (P—Copper quiet; electrolytic, spot and future, 18.

TANKERS TAKEN FOR COAST RUN

Two Reported Chartered by Pacific-Sunset

New Service Scheduled for Start Shortly

Will Enter Northwest Trade Out of Harbor

BY WALDO DRAKE

Pacific coastwise trade will be inaugurated this spring by the Sunset-Pacific Oil Company of Los Angeles, with the tank steamers Brandywine, of 55,000 barrels' capacity, and William Isom, 35,000 barrels' capacity, it was learned yesterday. Both vessels will be operated under a charter agreement with their owner, the Stanley Miller interests.

Purchase of the West Isom has just been effected from the Cuba Distilling Company of Baltimore. She will be brought out from New York immediately, it was said, as will the Brandywine, now at Mobile. It was indicated that other tankers will be added to the Sunset-Pacific fleet as trade demands increase.

Company officials said yesterday that service of the two ships will at present be confined to operation from Los Angeles Harbor to Portland and Seattle, while the San Diego market will be supplied by barge service, already in operation. The North Pacific run will be augmented as conditions warrant with the small tanker Lake Miraflores, now under part-time charter to the Western Oil and Refining Company.

SHIPYARD PASSING TEMPORARILY DELAYED

Operation of the Los Angeles Shipbuilding and Drydock Corporation by George A. Armes, San Francisco shipbuilder, last night seemed "absolutely assured," according to company executives. Mr. Armes did not arrive from San Francisco, it was announced, but negotiations between stockholders reached such a satisfactory stage yesterday that "all antagonistic influences have been dissolved." Culmination of the deal, it was explained, awaits only the return to Los Angeles of several absent stockholders.

Work of removing cargo from the wreck of the Japanese "K" Line freighter Rhine Maru, ashore at Point Sur, will be started this morning by Merritt, Chapman & Scott Corporation salvage crews, company officials said yesterday. Yesterday was spent in pumping out the ship's flooded engine and boiler rooms, so that steam could be generated for running cargo gear.

The lumber steamer Prentiss arriver at noon and, with two barges on the scene, will be utilized in salvaging of the freighter's cotton cargo. No effort to refloat the Rhine Maru will be made until she is sufficiently lightened to permit temporary repairs to her punctured hull.

Five steamers yesterday reported to the Hydrographic Office that they had sighted lifeboats of the Rhine Maru twenty-four miles southwest of Point Sur. They were the tankers Oleum, R. J. Hanna and H. M. Storey, the Admiral liner Admiral Dewey and the freighter Willboro.

American-Hawaiian terminals are this week in the midst of a busy period, with five steamers handling nearly 15,000 tons of freight before the week-end. They include the Texan, in today from New York and Boston, with 2600 tons; the Mexican, loading 2200 tons, and the San Gabriel, taking 1600 tons out tomorrow, both for the North Atlantic; the Oceanic and Oriental liner Golden Hind, in tomorrow from South China with 1500 tons; and the Oceanic and Oriental liner Golden Wall, sailing Saturday for North China with 6000 tons of Los Angeles products, including 155,-000 cases of gasoline and kerosene.

The port's greatest sardine season closed with March, the catch being estimated at 129,000 tons from which probably 1,741,500 cases of forty-eight one-pound oval cans or equivalent were packed. The 1928-29 season was 119,180 tons and 1,314,028 cases. Monterey, whose season closed earlier, led Los Angeles Harbor with a pack of 2,173,-000 cases, as against 1,600,000 cases last year. Los Angeles canneries now will turn their attention to the packing of mackerel and tuna, the latter now a year-around enterprise, with the extension of fishing grounds to near the equator.

Maiden voyage arrival dates at Los Angeles Harbor for the new Hamburg-American liners Tacoma and Vancouver were announced yesterday; the Tacoma to arrive from North Europe on May 17, next, and the Vancouver on June 28. Their addition to the European-Pacific service will give a total of seven ships, maintaining a fortnightly schedule.

AIR MAIL SCHEDULE

(Mail as early as possible.)

Eastbound (day schedule): Leaves Los Angeles 7:35 a.m. daily, except Monday, connecting at Salt Lake City with eastern lines. Arrives Salt Lake City 2:45 p.m., Mountain Time; Chicago, 6 a.m., Central Time; New York City, 6:40 p.m., Eastern Time. (Closing time for eastbound mail: Arcade Station, 6:30 a.m.; airport, 7:35 a.m.; main postoffice and substations, 8:30 a.m.)

Eastbound (night schedule): Leaves Los Angeles 7 p.m. daily; arrives Salt Lake City 2:45 a.m., Mountain Time; Chicago, 6 p.m., Central Time; New York City, 6:40 a.m., Eastern Time. (Closing time for eastbound mail: Arcade Station, 6 p.m.; airport, 7 p.m.; main postoffice and substations, 8 p.m.)

Westbound (day schedule:) Leaves New York City 11 a.m., Eastern Time; Chicago, 4 p.m., Central Time; Salt Lake City, 9:10 a.m., Mountain Time; arrives Los Angeles, 5:20 p.m., Pacific Time.

Westbound (night schedule:) Leaves New York City 8 p.m., Eastern Time; Chicago, 1 a.m., Central Time; Salt Lake City, 9:30 p.m., Mountain Time; arrives Los Angeles, 4:15 a.m., Pacific Time.

Coastwise, northbound: Leaves Los Angeles, 11:45 p.m. daily; arrives Bakersfield, 12:50 a.m.; Fresno, 2 a.m.; San Francisco, 5 a.m.; Medford, Ore., 8 a.m.; Portland, 10:30 a.m.; Tacoma, 12:20 p.m.; Seattle, 1 p.m. (Closing time for northbound mail: Arcade Station, 10:55 p.m.; air mail boxes, 9 to 10 p.m.)

Coastwise, southbound: Leaves Seattle, 11:45 p.m.; San Francisco, 12:50 p.m.; arrives Los Angeles, 5 p.m.

Wrestling, Olympic Auditorium, 8:30 p.m. Mark Lotz vs. Everett Marshall.

"TIMES" THEATER GUIDE

MOTION PICTURES

Boulevard, Washington at Vermont—"The Ship From Shanghai." A well-cast story of the sea, produced in a somewhat somber mood. Characters need sympathy.

Belmont, 6th at Grand—"Across the World with Mr. and Mrs. Martin Johnson." Some interesting travelers' camera as they go into jungles and far places encountering Mother Nature at her wildest.

Carthay Circle, Carthay Circle—"Happy Days." Fox Grandeur film shades the public and shows the great possibilities of Fox Movietone. The subject matter is well selected by the producers.

Criterion, 643 South Grand—"Phantom of the Opera." The phantom comes to life again in a revival of the cold thriller. Lon Chaney, Mary Philbin.

Florence, Via at Santa Barbara—"The Cockeyed World." Edmund Lowe and Victor McLaglen and he Joia of Brazil are likely to have a good laugh.

Fiesta, 1238 Vine—"The Girl With the Jazz Heart." A comedy drama in natural-born Gallicene Russian love in the big city.

Forum, Vine at Norton—"The Laughing Lady." Ruth Chatterton, Clive Brook and the brave little woman, smiling at divorce and heart disappointment.

Grauman's Chinese, 6925 Hollywood—"Song of the Flame." Lawrence Tibbett makes a powerful impression on screen debut in a vaso-nod romance of nearly grand duty.

Grauman's Egyptian, 6708 Hollywood—"Street of Chance." A good picture with a gangster and his moll. Billy Wilkerson presents and Jack Trevor directs.

Hollywood, Broadway at Seventh—"Hollywood Revue." Love stage in rather amusing. Marguerite Churchill and William Gaxton, Jr., supply most of the comedy.

Million Dollar, Broadway at Third—"Innocents Paradise." Going Native isn't for a 100 percent so bad, from the looks of this stellar service. Nancy Carroll and Richard Arlen.

Palace, Broadway between Sixth and Seventh—"The Vagabond Lover." Rudy Vallee is seen in various postures with his orchestra while he sings of love.

Paramount, 6th at Sixth—"Honey." One of the better musical pictures featuring Miss Brice.

Pantages, Hill at Sixth—"Hit the Deck." Vitaphone Revue.

R.K.O., 8th at Eighth—"The Delightful Rogue." Rod La Rocque and Vivienne Oakland's sake, snorting and laughing in a becoming fashion.

R.K.O. Orpheum, Broadway at Sixth—Reading of Lessons." Opens today.

Tower, 849 South Broadway—"The Green Goddess." Cecil B. DeMille's version of Arliss' brings out his technique and again shows that it can do no wrong.

United Artists, Hill, nr. 9th—"Hell Harbor." Romance flowers 'neath jessie skies and is made exciting by blood and murder and daily riots. With Lupe Velez and Jean Hersholt.

Uptown, Western at 104th—"Hit the Deck."

Warners' Downtown, Hill at 7th—"Under a Texas Moon." Frank Fay does a mustache and sings merrily away on a guitar, making fair amusement.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"Hit the Deck." A rough and ready musical with Joe E. Brown and Winnie Lightner in uncommon roles.

Westlake, 630 Alvarado—"Hit the Deck." Hollywood's 100 percent singer here and better than ever. Jack Oakie is the star.

STAGE

Belasco, Hill at 11th—"East of Suez." Sammee Tong dazzles theatergoers with her dramatic personality in this Somerset Maugham love tale of a half-caste.

Mason, Gaiety at Hobart Blvd., nr. Highland—"Dixie Dishes." Family life in the raw is always good for drama and once in a while a laugh. Peter Pollock is starred in the latest American husband.

Hollywood Playhouse, 1733 Vine—"Helene's Boys." May Robson again attempts the problems of eternal youth and beauty, this play being the eighth in many, though in the ways of love.

Majestic, 839, nr. 1st—"Rah, Rah Boy." Warner's Pennsylvanians entertain with a fast, well-trained musical and the show is just fair. Dorothy Lee, Evelyn Knox and others are capable.

Majestic, Belvy. at 9th—"The Desert Song." Arthur Ashman and Josephine Houston change costumes and theme songs and take the desert by storm.

Mayan, 1130 Olive—"The Spanish Cavalier." Spanish pageant of the setting of Spanish Plaza, San Gabriel—The beautiful scenes are unusual for the usual standard. With R. B. Mantell.

Music Box, 6126 Hollywood Blvd.—"Fifty Million." A story about a man who goes over the top in life splendidly portrayed by Grant Mitchell.

Pasadena Community—"Splendifik." Martin Flavin, the author, keenly analyzes an esthetic art colony, with Martha Dean, Gilmor Brown and Gilmor Brown, Jr., featured. "Mary, Mary, Quite Contrary," Taylor Holmes plays a small-town character and indulges in some of his characteristic humor.

Playhouse, 1218 Vine—"Palladelphia." Shooting and graft in a lawyer's office make a good part of drama. Unfortunately Gabrielle Fellowes is potted in the lead role.

VARIETIES

Orpheum, 6th and Main—Burlesque.

Palace, 6th and Main—Burlesque.

Gangsters Kill Babe Mullaney

CHICAGO, April 1. (AP)—Gang killers caught up with Martin (Babe) Mullaney in a West Side hotel room today. His body toppled out of a closet into the arms of police, summoned after hotel guests reported hearing shots in Mullaney's room.

The "Babe" was known to police as a henchman of Williams (Red) Bolton, West Side saloon keeper and liquor runner. He had been indicted two years ago for the slaying of Thomas Brennan, but later was freed. He also had been held as a suspect after Detective Sergeant Joseph Sullivan was shot to death a year ago, but was released.

WOMEN RE-ELECTED TO RULE IOWA TOWN

BASSETT (Iowa) April 1. (AP)—Bassett is to have a "housewife" government for another two years. Mrs. Irene Tucker, Mayor for six years, and five Councilwomen were re-elected yesterday without opposition. Only two men won offices, C. B. Young being chosen treasurer and Walter Black returned as assessor.

CITY NEWS—EDITORIAL—SOCIETY—THE DRAMA

SPRING STREET FUNDS VOTED

Finances for Extension Will be Transferred

New Link to be from Temple to Sunset Boulevard

Old County Jail to be First Landmark to Fall

Paving the way for the opening and extension of Spring street from its present terminus at Temple street north to Sunset Boulevard the Board of Supervisors yesterday voted to transfer $600,000 to the city to proceed with the work.

The money was made available from the State automobile license tax funds held in trust by the county for the city, which will have charge of the Spring-street improvement. Condemnation proceedings to acquire the land necessary for the improvement now are pending and will be tried in Superior Court in May. Actual work of opening and extending the street probably will begin as soon as possible following entry of final judgment in the condemnation proceedings.

OLD JAIL TO FALL

One of the first buildings to go in making way for the new Civic Center traffic artery will be the old Los Angeles County Jail, located at Temple and Justicia streets. Supervisor Wright said yesterday destruction of the old jail, made famous in story if not in song, probably will get under way within two months.

Some of Clara Phillips's famous songs and many other stirring strains during its heyday, the old building has been used as a storehouse by the county since completion and occupancy of the new County Jail on the top floors of the new Hall of Justice.

GOOSE SAVING BUILDING

The old Hall of Justice, located at Justicia street back of the one-time jail, also will be removed to make way for the Spring-street opening. A proposal of the city to save the building, scene of many famous murder trials of past years, is now before the Board of Supervisors but has not been acted upon. Under this proposal, the city would move the building to the rear of the Hall of Justice annex, remodel it and turn it over to the county in exchange for the land on which it stands. Some of the Supervisors feel, however, that even with a new face, the old building would not fit into Civic Center plans.

ANTI-TRUST FILM ACTION SET JUNE 17

Long-Pending Charges Against Screen Concerns Docketed for Trial

Trial of eleven motion-picture producing and exhibiting corporations and one individual, accused of violating the Sherman Anti-Trust Act by asserted discrimination, was set yesterday by United States District Judge James for June 17. It is expected the trial will last more than two months.

The companies accused are West Coast Theaters, Inc.; Fox Film Corporation, Metro-Goldwyn-Mayer Distributing Corporation, First National Pictures, Inc., Universal Film Exchange, Inc., Vitagraph, Inc., Warner Brothers' Pictures, Inc., Paramount Famous-Lasky Corporation, United Artists' Corporation.

The charge against the companies, including Harold B. Franklin, president and general manager of West Coast Theaters, Inc., named in a criminal charge, is that they discriminated against various theaters, mostly in smaller towns, by refusing to permit them the use of pictures if they gave admission for less than 10 cents or if they gave passes to patrons.

The case has been pending more than a year, but it was agreed by the United States Attorney and defense attorneys that all would continue to go to trial June 17.

Cartoonist Gale Now Recovering

Edmund W. Gale, Times cartoonist, is at the Queen of the Angels Hospital convalescing from an operation performed last Saturday. He will return to his desk within a few days.

"Betty's beau is out of town an' when he called up last night she told him how lonesome she was an' then went to a show with another fellow."

Los Angeles Chamber of Commerce has a census committee for general public aid in its offices, Broadway and Twelfth street, Guy C. Marion, secretary, WEstmore 2431.

CROWD SEES PARK FIGHT IN COUNCIL

Recall of Holland for Favoring Arroyo Seco Project Threatened

While 1000 spectators in the chamber maintained an atmosphere of political tensity, the City Council spent all yesterday plowing through 600 appeals against the assessments for Victory Park No. 2, in the Arroyo Seco, with the prospect of being forced to devote most of today to the same work.

Early in the hearing Councilman Jacobson moved that the proceedings be abandoned and the whole affair dropped. The Council voted the motion down, 9 to 6. Jacobson was joined by Councilmen Lewis, McAllister, Randall, Webster and Williams. Thus placed "upon the spot," Councilman Holland, whose district, with that of Jacobson's, contains the project, voted against the protestants, who seethed and milled in the chamber, each wearing a small badge proclaiming their opposition. Shortly after the vote was taken circulators began passing around recall petitions against Holland.

The territory involved is a long, narrow strip in the arroyo which many of the protestants term worthless land. The cost of the land is $797,500, while additional expenses will bring the cost up to $867,014.

Play Reputation of City Spreads

Indicating that Los Angeles' reputation as a playground has spread all over the world, two letters from opposite ends of the earth requesting information regarding local recreational facilities were received yesterday by the Playground and Recreation Department.

One, from Dr. Carl Diem, official of the Berlin recreational service, stated that the German capital is studying the system in use here with a view toward incorporating many of its features in future plans for that city. The other missive was from Dr. R. E. Staley of Auckland, N. Z. It said that the pattern of the Los Angeles municipal camps has been followed in establishing a mountain playground in the Antipodes.

NOSE COUNTING TO BEGIN TODAY

Census Army Primed for Two Weeks' Task

Co-operation of Residents Urged by Officials

Five County Districts Have 1553 Enumerators

Today begins the fourteen-day period within which official representatives of the United States government will count every resident in the country and collect certain information from each.

Each representative, or enumerator, has been assigned a particular territory in which to take his or her part of the census.

The enumerator will call upon each resident or in some way have the resident fill out and get to him an official sheet of data. The census, which is the fifteenth decennial one, is required by the Constitution of the United States. President Hoover has called upon the nation to respond. Gov. Young has made a particular call upon Californians and Mayor Porter a similar appeal to Angelenos. Failure to provide the required information and to do it accurately are punishable by Federal law.

CO-OPERATION URGED

"Help the enumerator to reach you and help him get the data correctly," was the unanimous appeal to the public yesterday from each of the five census supervisors who will direct the activities of the 1553 enumerators working in Los Angeles county.

"The information sought is entirely confidential and never will be known to anyone outside the census officials. It never can be made use of for any other purpose than mass data concerning the population of the country. There is no question of what might be termed a personal nature. The object in view is to ascertain the basis of representation in the National House of Representatives of Congress and such other information as will enable the government and others to make use of mass data for the welfare, prosperity and progress of our country."

WHO SHOULD ANSWER

Answering the question of who should be enumerated here, Guy C. Marion, secretary of the census committee formed by the Chamber of Commerce to aid in making a good job of census taking, said:

"If you are now living in Los Angeles and this is your usual place of abode, be enumerated here. It does not matter where, for legal reasons, you maintain a legal residence. The enumeration calls for the place of your usual abode on April 1 and where you had on that date your usual abode is the place where you should be enumerated. If you live in Los Angeles a part of the time and if you are here now, give Los Angeles the benefit of your enumeration if it was the place of your usual abode as of the 1st inst."

Marion made a special appeal to hotel and apartment-house owners to contact enumerators and see that the officials receive the correct data for each tenant. Each operator of a place where there are 100 or more apartments can call for a special enumerator. Tenants, it has been arranged, will be able to provide all information confidentially to census officials alone.

MAYOR URGES AID

"I urge our people," Mayor Porter said in an official statement yesterday, "to co-operate fully with the census-taker and answer fully all of his questions. This you may do without fear that personal right or personal privacy will be in any way violated."

"I hope," said Supervisor A. C. Munson of central district, which includes the heart of the city, "that every resident will feel that the aiding of the enumerator is a part of his civic duty."

Munson will start out 306 enumerators this morning. In his office in the Chamber of Commerce Building is also Clyde V. Berglund, who is directing the special census of irrigation districts and collecting information regarding them.

Clarence E. Chenoweth of Glendale is supervisor for the northern part of the city and county. He has established branches in Pasadena and Van Nuys. Two hundred and forty-seven enumerators will work under him.

"Residents should recognize," Chenoweth said, "that the enumerators are official representatives of the Federal government collecting information of vital necessity to the

(Continued on Page 2, Column 3)

STREET COST CUT PLANNED

County Road Program Would Head Off Widening by Establishing Setback Lines Now

To prevent costly condemnation proceedings in connection with street-widening projects and thereby save large sums for taxpayers, is the purpose of a plan launched by Los Angeles county and in which it is expected the various municipalities will join. The method specifies the establishment of permanent set-back lines on all major and secondary highways throughout the county and is intended as a means to avoid unnecessary delays in street-widening work as well as to protect the property owners concerned from excessive condemnation costs.

Following a recommendation from Chief Engineer Fox of the County Regional Planning Commission that this new system be inaugurated, the Board of County Supervisors has issued an order to the commission to prepare the necessary ordinances establishing such setback lines on all major and secondary highways running through county territory in the San Gabriel unit of the county's master highway plan which covers the entire county.

This unit comprises about 300 square miles involving long stretches of some of the county's most important highways, and is the first section being developed under the master plan. The county ordinances will be prepared under supervision of Director Charles H. Diggs of the commission. Several communities in the unit already have signified their disposition to pass similar ordinances in conformity with the county's plan.

It is proposed to follow the drafting of the county ordinances with open meetings at which each such ordinance can be considered by the taxpayers whose property it concerns before these proposed laws are submitted to the Supervisors for action.

Mr. Fox estimates that this method will effect a saving of $300,000 a mile on county highways and about $1,000,000 per mile on the city thoroughfares. At this rate, the aggregate saving in the San Gabriel unit alone would run into many millions of dollars. He points out

(Continued on Page 2, Column 4)

Humblest Resident Will be Listed

Part of Uncle Sam's Flock

This humble gypsy camp in San Fernando Valley, whose occupants spend more of their time in Los Angeles county than anywhere else, comes within the United States census as much as the most palatial hacienda in Beverly Hills. Uncle Sam is counting all his flock wherever they are and whatever their rank and station.

THESE QUESTIONS WILL BE ASKED FOR CENSUS

A summary of the questions to be asked of every Los Angeles county resident by United States census enumerators in the next two weeks follows:

What is your name?
What is your relationship to the head of this household?
Do you own this home?
Do you rent this home?
What is the value of the home, if owned?
What rent do you pay, if rented?
Do you have a radio set?
Does this family live on a farm?
What is your sex?
What is your color or race?
What was your age at last birthday anniversary?
Are you single, married, divorced, widowed?
What was your age when first married?
Have you attended school or college since September 1, 1929?
Can you read and write?
In what State, territory or foreign country were your father and mother born?
If born abroad what language was spoken in your home?
If an immigrant, when did you come to United States?
If naturalized, when did it take place?
Can you speak English?
What is your trade, or profession, or what particular kind of work do you do?
In what business or industry are you engaged?
Are you an employer, wage or salary worker, unpaid worker or are you working on your own account?
Did you actually work yesterday or on the last working day?
Are you a veteran of the United States military or naval forces, and if so of what war or expedition.

If you are unemployed a special list of questions will be asked you. If you are a farmer a special list of questions will be asked you. There are farmer lists for regular farmers, for poultry ranch operators and for orchardists. A special list of questions will be asked of persons operating irrigation districts.

All answers are kept strictly confidential by census officials and none others are permitted to know them.

MAJ. BIRD JURY LOCKED UP

Deliberations in Former Athlete's Slaying Case Will be Resumed This Morning

After nearly seven hours of deliberation, the jury which heard the charge that Owen R. Bird killed his best friend, Percival G. Watson, was locked up last night at 9 o'clock. The jury resumed its consideration of the case last evening after an adjournment for dinner and will continue its work this morning.

Shortly before being released for their evening meal, the jurors sent word to Superior Judge Hardy, before whom the case was tried, that they wished to reinspect several exhibits introduced during the trial. Among these was a diagram of the Bird residence at 3514 Dahlia avenue, where Bird is asserted to have shot Watson to death, November 25, 1929.

The case was submitted to the jury at 2:10 p.m. after W. O. Russell, deputy District Attorney prosecuting the case, had finished his arguments. Lou Guernsey represented the defendant.

It is charged that Maj. Bird, formerly an athlete at Occidental College, shot down Watson when the latter refused to leave the Bird home. Bird asserts that he used a pistol which ordinarily was loaded with blank cartridges and he only intended to frighten the man into leaving the house.

Mrs. Bird corroborated this statement in her testimony, saying that she was not in the least alarmed when her husband appeared flourishing the pistol, believing that it was loaded with blank shells.

FOUR PLEAS FILED WITH RAIL BOARD

Grade Separation, Signal Installation and Giving Up Spurs Mentioned

Four applications involving grade separation, wig-wag signals and abandonment of spur trackage were filed yesterday with the State Railroad Commission. Hearings will be set later.

The Santa Fe Railroad requested permission to take out the present crossing gates at the intersection of Pasadena and Dayton avenues and to install two center-type wig-wag signals. Two side wig-wag signals now in operation at the intersection, would be continued in use. The railroad pointed out that the city has launched plans to widen the crossing to 145 feet.

A joint application was filed by the city of Long Beach and the Pacific Electric Railway to reconstruct the grade crossing at Hill street and Orange avenue in the beach city. The present separation, a timber overhead highway bridge over the Pacific Electric's Newport Beach line, would be replaced by a reinforced concrete structure.

Abandonment of spur tracks on its Wilmington-San Pedro and Sierra Madre lines was asked by the Pacific Electric in two applications.

NEW BAN PUT ON PARKING

The traffic ordinance was amended by the City Council yesterday to prohibit parking in Fifth street from San Pedro street to Beaudry avenue between 7 a.m. and 9 a.m.

Opening Viaduct Bids Due Today

The Board of Public Works this morning will open bids for the construction of the bridge work for the Fourth-street viaduct. The total cost of the project, including rights-of-way, approaches and reconstruction, is estimated at $2,264,000, while the bridge itself will cost about $1,000,000.

The city, county, Los Angeles Railway, Union Pacific and Santa Fe share the cost.

WATER FOR CITY CANNOT WAIT ON DAM

Colorado Supply Too Far in Future, Says Banker; Sierra Flow Needed Now

Los Angeles cannot wait for Colorado River water, but must obtain the available flow of the high Sierras to tide the city over it a present period of stress, asserted J. F. Sartori, president of the Security-First National Trust and Savings Bank, in a statement issued yesterday urging support of the $38,800,000 water bonds to be voted May 20.

J. F. SARTORI

"It is scarcely conceivable that the people will not vote overwhelmingly for the water bonds," said the banker. "The continued growth of the city is absolutely dependent upon an adequate water supply. While we look forward with hope to the time when the Boulder Dam will be built and the Colorado River brought to our doors, we cannot wait till that time for additional water supplies. They are available in the high Sierras in sufficient quantity to tide us over and now is the time to get them.

"This is not a political question but an economic one. Water in California, especially in Southern California, is the limiting economic resource. All of our future development depends upon it. Every home owner, every manufacturer, business and professional man, every workman is vitally interested, whether he realizes it or not, in insuring a continued adequate supply of this element which is as necessary to everyone in this section as is the air itself. Without water the land is worth little; little can be raised on it; few homes can be built; only a small population can be sustained; practically no labor can be employed; there will be no manufacturing, trade or financial structure. We must keep our water supply in the van of all other economic growth.

"The amount of bonds is trifling in comparison with the wealth of the city. The entire amount of principal and interest will be paid out of the receipts of the project, so that no additional burden will be placed on the taxpayers of the city. There should be no hesitancy, therefore, on the part of any voter. The need has been amply demonstrated and we should, by voting for these bonds, assure our own destiny and remove from the minds of all the world any thought that Los Angeles has a water supply inadequate for all future requirements."

REPRISALS IN GAS WAR PROMISED

Major Gasoline Stations Talk Dropping Tariff to Meet Independents

Continued cutting of gasoline prices by independent dealers and by an increasing number of major station operators may result in a general reduction of fuel prices in Los Angeles and surrounding districts, it was indicated yesterday by persons in close touch with the situation.

In the Santa Monica district it was reported that at least one major brand of gas is retailing at 14½ cents a gallon, 2 cents below the average city price here yesterday. A few metropolitan stations also hung out 14½-cent signs for major brands, while independent stations handling so-called bootleg products continued to sell as low as 13½ cents a gallon.

This condition, it was pointed out by the head of one of the major station chains, cannot continue and it is possible the four major station chains may drop their prices to meet the inferior-grade gas competition.

IMPROVEMENTS ORDERED

The ordinance of intention for the improvement of streets in the Sonora avenue and Filion street district was adopted yesterday by the City Council. The date for hearing protests was set for May 8.

MORE INDICTED IN JULIAN CASE

Seven Warrants Issued on Securities Act Plot

Dozens Appear in Court on Previous Accusations

Hearing Put Off One Week as Lawyers Begin Fight

A new indictment was returned by the grand jury yesterday afternoon as it plunged deeper into the revived investigation of the Julian Petroleum Corporation collapse of 1927.

At least seven were named in the new true bill, which charges a criminal conspiracy to violate the Corporate Securities Act, and it was learned from the District Attorney's office that those indicted are charged with being directly connected with the overissue of stock that caused the crash of the corporation.

Names of the seven were made known when Sheriff's officers were furnished with warrants of arrest. It was reported that the indictment names three more, but the warrants had not been forwarded to the Sheriff for service at a late hour.

The names on the warrants are those of S. C. Lewis, former president of the Julian Petroleum Corporation; Motley Flint, banker; E. H. (Ed) Rosenberg, stock broker; Charles E. Reese of Long Beach, former official of A. C. Wagy & Co., Julian stock brokers; R. M. Reese, son of Charles Reese; Henry S. MacKay, Jr., attorney, and Jacob Berman.

REESES TO SURRENDER

Of those indicted yesterday all but the two Reeses were among the thirty-four named in indictments returned last Friday charging conspiracy to violate the usury laws, and will be allowed their freedom on bail posted on the former charge. It was stated last night that the Reeses have communicated with the Sheriff's office and declared that they will appear in court today with their bail bonds.

After returning the indictments in Superior Judge Wood's court the grand jury adjourned until tomorrow at 10 a.m., when it will reconvene to consider other angles of the Julian case. More indictments are predicted.

WITNESSES LISTED

The testimony on which the jurors are declared to have based the indictments charging violation of the Corporate Securities Act is asserted to have come from John L. Ethridge, former manager of A. C. Wagy & Co.; Fred L. Packard, transfer clerk in the same establishment; Jacob Berman and D. Kimuro, all of whom appeared before the jury either Monday or yesterday. Kimuro is said to be a representative of a group of wealthy Japanese who invested heavily in Julian stocks.

"Today's indictments," declared Dist.-Atty. Fitts, "deal directly with the stock overissue; that is, the actual printing and distribution of the spurious paper."

Just what angle the grand jury will take up at its next meeting could not be ascertained yesterday but it was learned that Attorney T. W. Rorke, B. H. Whittaker and J. E. Haller, all formerly connected with the office of the State Corporation Commission and who have been under subpoena for the past three days, were instructed to return to the grand-jury chambers again.

STATEMENT ISSUED

Late yesterday Attorney William H. Neblett, representing MacKay, defendant in two indictments, issued a statement in which he declared that MacKay "never had anything to do with the Julian Corporation or any of its affairs at any time.

"MacKay was never in a position where he could have learned of the Julian overissue, much less have any participation in its affairs which would lend any color whatsoever to the charge contained in the second indictment, (violation of the Corporate Securities Act,)" asserted Neblett. The indictments, the lawyer contended, were "what might be expected as the inevitable result of the action of the District Attorney in taking Jacob Berman, the arch-offender in the Julian swindle, into his close confidence and granting him immunity*"

FIGHT INDICATED

Strenuous efforts to bar prosecution of the thirty-six business men, bankers, broker and attorneys on charges of usury conspiracy, grow-

(Continued on Page 3, Column 4)

LEWIS WINS IN TWO COURTS

Defeats Fitts's Effort to Delay His Imprisonment and Obtains Day's Grace in Jury-Bribe Trial

In custody of Deputy Marshal Lessner under an order issued by United States District Judge James yesterday morning, S. C. Lewis, convicted president of the Julian Petroleum Corporation, fought his way through four court actions during the day and won two victories.

Lewis's first victory came at 2 o'clock yesterday afternoon when Judge James denied a motion presented by Dist.-Atty. Fitts and his chief deputy, Robert P. Stewart, requesting the court to stay a mandate ordering Lewis committed to the Federal prison at McNeil Island.

The District Attorney was seeking the stay so that a series of State cases against Lewis might go to trial and the prisoner begin his Federal sentence of seven years for using the mails to defraud with State convictions hanging over him.

Later Lewis, before Superior Judge Wilson, again scored when he obtained a delay in a court ruling on a motion aimed to force him to trial next Friday morning on a jury bribery charge, one of the State cases against him.

And in the meantime United States Marshal late yesterday afternoon announced that Lewis will go north with other Federal prisoners in a special car next Tuesday evening, unless other plans are made.

Lewis, who gave himself up to the United States Marshal Monday morning with the request that he be transported to the Federal prison as soon as possible, began his round of the local courts yesterday morning at 10 a.m., when he was taken under Federal Court order before Superior Judge Tappaan to continue a deposition started in that court some weeks ago.

At 2 o'clock in the afternoon the former oil promoter was removed from the County Jail still in charge of Deputy Marshal Lessner, and taken before Federal Judge James where Fitts and Stewart presented their motion to stay the mandate. Brief oral argument, opened by U. S. Atty. McNabb, and then carried along by both Fitts and Stewart, resulted in Lewis, acting as

(Continued on Page 3, Column 5)

The Lancer

by Harry Carr

ONE of the things that make these trips interesting is the sudden intimate glimpse you get into the home life of the people.

It is as though the sides of the houses suddenly became window panes as they sometimes do in the movies. For an hour you find out all about them; then you move along and probably never see them again; nevertheless they are thereafter a part of your life.

THE CONSUL'S WIFE

For instance, there is the American Consul at Guaymas.

He is a charming boy from San Diego. His wife is a very pretty girl from Arkansas, and they have a baby 10 months of age.

They were stationed for a while in Nassau until a hurricane blew the roof off the consulate; then they were transferred to Montreal.

They live in a beautiful two-story house looking out upon the bay at Guaymas, which, to me, is the loveliest body of water in the world.

HEARTS ADRIFT

Then there is the little blond girl in Nogales who had an affair with an army officer; and a ruthless government ordered him away to protect the country, or something. And she spends the evenings alone or goes to the movies alone—in the memory of a great romance.

THE BLOND VAQUERO

And the German boy in Hermosillo. His people came from Hamburg. During the World War a great many Germans were tossed into shore life from the ships interned in Mexican ports. They have melted into Mexican life.

My boy friend was working in a bank in Mexico City when an opportunity came for his father to buy an interest in the cattle grazing on an old Spanish rancho. This ranch was the century-old possession of a Spanish family whose forefathers came over with the conquistadores.

The German boy is there studying the cattle business from the back of a bronco, with the dead seriousness of a laboratory experiment.

He looks like a blond Viking in chaps and jingling spurs.

RENTED HOUSES

At Cajeme is a woman who lives in that modern, made-to-order American farming town; but who sighs for towns like Tepic and Mazatlan, where romance and tradition are in the air.

She tells me about the complexities of living. You can't get her on canned goods as in the United States. Due to a Mexican tariff canned goods cost from 85 cents (gold) up. And the eccentricities of rents.

In the beautiful older towns of Mexico rents are as nothing. In Guaymas you can get beautiful old houses, patios and huertas for $30 a month. In Tepic you can rent a house that has belonged to the aristocracy of old Mexico for $9; but in Cajeme, where everything is moving like a whirlwind, rents are high—$85 for houses only once removed from shacks.

THE CAVALRY OFFICER

And in Navojoa the American cavalry officer who has settled down as a dentist. During the revolution he was the point of contact with the outside world; correspondent of the Associated Press, representative of our gov-

SLAYER PLEADS SELF-DEFENSE

Ex-Sailor Confesses Killing Officer Costello

Anonymous Tip Over Phone Leads to Capture

Police Trying to Link Him to Robberies

"I fired after I was shot in the knee and when I thought the next bullet from the officer's gun would kill me," Glenn Rogers, 24 years of age, ex-sailor, told Captain of Detectives Edwards yesterday, explaining why he fired the two shots which ended the life of Officer James Costello early Monday morning.

Rogers, in his purported confession of the murder, declared he had no police record and only carried the automatic pistol with which the slaying was done "to be smart." He said he "got the drop" on Officer Costello when the latter accosted him in his parked automobile at Seventh and Lucas streets Monday morning because he did not want to be arrested with the gun in his possession."

Capt. Edwards, however, expects, he said, to identify Rogers with several recent robberies or burglaries, although he admits he has been unable to disqualify the youth's statement that he has never been arrested before.

PHONE TIP GIVEN

Rogers's somewhat sensational capture yesterday morning was the result of his acquaintance with two girls, Dorothy Cooley, 18, of 2944 Bellegrave avenue, Huntington Park, and Edith Cavanee, 26, of 539 South Union avenue, according to Edwards. It was at Miss Cooley's home where Rogers was found by Capt. Edwards and Detective Lieutenant Starritt.

Edwards said that at an early hour yesterday morning he received an anonymous telephone call. A man's voice said: "If you will go to a room over a garage at 801 South Beacon street you will find the man who killed Officer Costello." The sharp click of a replaced telephone receiver on the other end of the line ended the conversation.

Edwards detailed Detective Lieutenants Miller and Shattuck to the address given, found the room above a rear garage and went inside. The occupant was not there. In the room they found, they said, several bloody rags. From the landlady, Mrs. A. Wicks, they obtained the occupant's name and learned that Rogers had made two telephone calls, one to a man by the name of Herman Kushner, a street-car conductor, and one to someone over long distance.

FOUND AT GIRL'S HOME

Kushner, questioned by Capt. Edwards, admitted that he knew Rogers and that Rogers had called him, telling him he had been shot.

The detectives checked the telephone calls made by Rogers and learned of the Cooley address in Huntington Park. Capt. Edwards and Starritt were admitted to the Cooley home by Mrs. Eva Cooley, mother of Dorothy. As they stepped inside they observed Rogers sitting in the living - room with his wounded leg resting on a chair.

"We are police officers," said Edwards, "and we're here for you."

Rogers, though apparently startled by the sudden entrance of the officers, remained quietly in his chair and said nothing. He then accompanied the officers to Georgia-street Hospital, where his wound was dressed.

During the ride he answered questions from Capt. Edwards in reluctant monosyllables but after taken to the detective bureau at Georgia-street station, unhesitatingly confessed the killing, according to Edwards.

"Early Monday morning I lay on my bed but could not sleep," he said. "I got up. I put that gun in my pocket. I don't know why except it was just to be smart. I bought the gun in Panama after I had been given an ordinary discharge from the Navy two years ago.

"Well, I got my car and drove around. I parked near the Commodore Hotel on Seventh street and just sat there for an hour or so. Then the two officers came along. They drove up alongside and one of them stepped over to me and told me to get out.

"I didn't want to be arrested with the gun in my possession so I took it out, covered the officer and made him walk around behind his car to the left side. I told them to move on and go away.

"Then all of a sudden the other officer jerked his gun at me and fired. The bullet struck me in the right knee. I saw he was going to fire again and thinking quickly it was his life or mine I fired. His second shot missed me and I fired again. Then I ran back to my car and drove off.

"I went back to my room and dressed my wound as best I could."

STORY RECONSTRUCTED

At this point, Capt. Edwards reconstructed the story. Rogers, he said, first called Kushner and told him what had happened. Kushner denies Rogers told him he had shot an officer. He wrote a note to Miss Cavanee and had Kushner deliver it to her home, Edwards said. In this note Rogers stated he had been hurt and would like her to call and cheer him up.

Then Rogers placed the long distance call and told Dorothy Cooley that he had run a large splinter in his knee and could not take care of himself.

Not knowing the true circumstances, according to Edwards, Mrs. Cooley advised her daughter to get a taxi and bring Rogers to their home. This the girl did.

Soon after Miller and Shattuck had found the Beacon street room, Miss Cavanee called and was taken into custody. She disclosed the note she had received from Rogers.

GIRL QUESTIONED

Miss Cooley was also taken to Georgia street station and questioned. At first Rogers refused to disclose what he had done with the pistol. Later, however, Edwards stated he found the gun in the Cooley home.

Rogers declared that after being discharged from the Navy two years ago he came here and obtained employment until February, last, with the Los Angeles Street Railway Company. He admitted he was discharged then for tardiness.

His fingerprints are being carefully compared with numerous prints found in burglaries and robberies in an effort to show that he had possession of the pistol for criminal purposes.

Rogers stated he has a father and sister living in Monroe, Mich.

FUND GIVEN MOTHER

The inquest into Officer Costello's death will be held at the Coroner's office at 1:30 p.m. tomorrow. Costello, 29, had been a member of the police department since October 1, 1924. He was single and lived with his mother, Mrs. Annie Costello, and sister at 400 East Forty-sixth street. Yesterday Mrs. Costello was presented with the $1000 police relief fund check by Capt. Edwards. Costello was also to have been betrothed to Miss Edna Cook, of 928 West Ninth street in June.

Rogers's asserted confession corroborated in nearly every detail, according to Capt. Edwards, the story of the shooting told by Officer Elmer Hoffmap, who was on motor patrol duty with Costello at the time and who fired the shot which struck the suspect in the knee.

GUN CARRYING ENDS IN MURDER CHARGE

Glenn Rogers

MR. AND MRS. CREDULOUS ENTERTAIN APRIL FOOLER

Good morning! And how is your great toe today? . . . What's that? Nothing the matter with it, you say? Hmph! That's strange! Evidently, then, you weren't one of those who took a good, swift kick at that brown derby down near the vinegar works yesterday, only to learn that there was a brick under it! You're lucky, 'cause almost everybody else and his brother did that or something equally as foolish—for yesterday, you know, was April Fool's Day; and the practical jokers were abroad in the land, as usual, to enjoy a giggle, chuckle or horse-laugh at the expense of their credulous fellow-man.

For instance, one April fooler with a flair for originality introduced a hoax that didn't have the whiskers on it that most of the annual old favorites have grown. He tucked an assortment of packages under his arm and sallied forth on Main street to trap the unwary and provide amusement for the village peanut-eaters assembled on one of the street corners. Wearing the expression of the cat that ate the canary he would let one of the parcels drop, accidentally on purpose. And, of course, there was always an obliging, but gullible, citizen in his wake who would do a quick bend, retrieve the package and return it to the April fooler. This uproarious bit of sophisticated humore never failed to get a great hand.

Yes, Mr. Average Citizen—although unadorned with cap and bells—was the "fall guy" yesterday for the entire repertoire of the April fooler. Some kicked the brick-in-the-hat, others phoned the familiar "Mr. Lyon" at a number that turned out to be a zoo, and still others answered the doorbell only to be greeted by a chorus of titters from prankish small boys.

Professors at University of California at Los Angeles were not immune to the spirit of the day, reports from the institution stated. Together with student-victims they partook of their share of bonbons filled with condiments, rubber bands, bits of straw and grasshoppers' legs.

April Fools' Day left its mark yesterday on the State offices in the Associated Realty Building. Thus—

Bill Wilton, the elevator boy with the camera eye, who knows everybody in the building and the floors on which they are located, missed one yesterday. April Fool!

The Judicial Council announced it has found a way to overcome the confusion arising from the presence on the Appellate Court bench of justices with the same name, such as Justice Gavin W. Craig and Justice Elliott Craig, pro tem. April Fool!

Somebody stumped Harry Lillie, clerk of the Appellate Court, and his two co-workers, Clair King and Jimmie Brown, with a question as to court procedure. April Fool!

Miss Holmstrup, Gov. Young's secretary, said she didn't favor her employer for Governor. April Fool!

People in love are not afraid of April Fools' Day jinxes, according to Miss Rosamund Rice, director of the County Marriage License Bureau. More than seventy-five couples appeared at the bureau yesterday and signified their intention of committing matrimony. Among them were:

Irving Fisher, 39 years of age, Hollywood Plaza Hotel, and Frances K. Johnstone, 23, 206 North Harvard Boulevard.

J. R. Roberts, 21, son of William H. Roberts, broker, 1370 East California avenue, Pasadena, and Jeanne De Ahna, 27, Laguna Beach, artist, daughter of Edward M. De Ahna, San Antonio, Tex.

Einar Nelson, 49, Swedish composer and conductor, 6677 1-2 Sunset Boulevard, Hollywood, and Frances Thames Bulkley, 31, singer, daughter of Charles Nash, New York City.

And one of the oldest couples to appear at the license bureau recently:

John S. Hughes, 67, and Ella Hall, 61, who live at 4636 Ocean View avenue, La Crescenta.

NOSE COUNTING TO BEGIN TODAY

(Continued from First Page)

nation and should give them the co-operation necessary to include every resident."

BRANCH ON BROADWAY

William E. Ballentine, Monrovia, will send out 301 enumerators. He is supervisor for the eastern part of the city and county. He has opened a branch office at 2806 North Broadway, Los Angeles, for convenience of workers here. He bespoke especial care on the part of residents to be on the lookout for enumerators and take it upon themselves to see that they aid the enumerator in reaching them.

"The uses of the census will be of such vast business, industrial, economic, social and welfare importance to the country that if every citizen could realize a small part of it he would be certain to give 100 per cent co-operation," Supervisor Clarence L. Kincaid of the western district said. He has headquarters at 5427 Santa Monica Boulevard and will cover with 288 enumerators the western parts of the city and county. He has branch headquarters in Santa Monica, Beverly Hills and Culver City.

Supervisor T. G. De Coudres of Long Beach has 409 enumerators, the largest force of any. They will cover the southern parts of the city and county. Branches are open in Inglewood and Huntington Park. De Coudres pointed particularly to the provision made for families who are absent when the enumerator calls. They are directed to procure blanks from the supervisor in their district, to fill them out and return them expeditiously.

THE LANCER

(Continued from First Page)

ernment and adviser to both sides of the conflict.

WATERS OF THE YAQUI

And all through this part of Mexico the American boys who know the meaning of the old saying: "Once drink the waters of the Rio Yaqui and you will have to return." They came here as engineers, surveyors, salesmen and so on, and could not find happiness outside of Mexico.

Employee Held in Grand Theft

Accused of taking $7000 of his employer's money, Alvin W. Carlson, 30 years of age, 5018 Second avenue, was arrested last night on a charge of grand theft. He is a book-keeper employed by the Dewitt Rowan Realty Company, Rowan Building.

According to the charge, he wrote two checks totaling $7000 on his employer's account and speculated with the money on the stock market. When arrested he had $2000 on his person.

SETBACK PLAN MAY CUT COSTS

(Continued from First Page)

that there is nothing whatever confiscatory in the establishment of these setback lines as it almost invariably is the case that street-widening condemnation awards are not more than equivalent to the assessment costs involved for the property owner and sometimes are less than the tax costs. Mr. Fox envisages the utilization of this plan throughout the county within the next ten years.

His study of the San Gabriel unit situation shows that a large percentage of the structures facing important highways have ample room back of them to permit of large setback buildings with the advantage of a wider thoroughfare at the front under the new plan. It also is found that no construction has been done, as yet, along some of the main roads, which fact is cited as making the plan especially opportune for them.

Fight for Share in Estate Won by Housekeeper

Mrs. Retta E. Rainey, a widow, is entitled to $50,000 for caring and keeping house for the late William Bradford for twenty-two years, according to a jury who awarded her this amount yesterday in the court of Superior Judge Keetch. The verdict was unanimous.

Mrs. Rainey brought suit against Frank Bryson, public administrator of Los Angeles county, in which she asked $52,000. Bradford, a wealthy miner, died January 8, 1929. He left no heirs and his estate went to the county. The widow, represented in court by Attorneys S. W. and Robert O'Dell, offered proof that Bradford promised to reward her for her long service to him by making her his sole heir.

The public administrator was represented in the case by Deputy County Counsel Robert W. Kenny.

Easter Service Soloist Named

Alice Gentle, Los Angeles operatic soprano, will be soloist at the seventh annual Easter sunrise service at Forest Lawn Memorial Park this year; it was announced yesterday by the committee in charge of plans for the event.

Miss Gentle has won success both in opera and on the concert stage. Achieving her first laurels as leading soprano at the La Scala Theater in Milan, Italy, she has sung with the Scotti Grand Opera Company, Chicago Civic Opera Company and the Metropolitan Grand Opera Company.

Dr. Hugh K. Walker, pastor of the First Presbyterian Church, is to deliver the Easter message at the service. Easter sunrise is scheduled for 5:16 a.m.

PLAY WILL BE GIVEN AT JUNIOR COLLEGE

Students of the Los Angeles Junior College will present as their spring dramatic production Channing Pollock's play, "The Enemy," at the college auditorium tomorrow afternoon and Friday evening. This is said to be the first time that the play has been attempted by amateurs. Polly Cassell will play the leading role and will be supported by Hugh McClanahan and Jerry Carr. Others in the cast include John Kennedy, Jean Nielson, Dave Dingillian, John Haigh, Harold Owen and Florence Sanford. Harold Turney, dramatic instructor, is director. One of the interesting features is the fact that the elaborate stage settings have been constructed and painted by students under the supervision of Mrs. Lois Morgan of the art department.

BRIDGE PLEA REFUSED

The City Council yesterday disapproved the request of T. H. Gillegen and others for the construction of a bridge across the river at Parkdale avenue on the ground that it would interfere with the Riverside Drive high-speed highway.

PHONE HOOK-UP TO INCLUDE CITY

North and South America to be Linked Tomorrow

Young to Extend Courtesies to Southern Republics

Connection Made by Short-Wave Radio Station

Los Angeles will participate in the celebration of the inauguration of telephone service between North and South America tomorrow.

Gubernatorial courtesies will be exchanged by Gov. Young from his local executive office and one or more governors of States in South America at 2 p.m., eight hours after President Hoover greets the Presidents of Argentine, Uruguay and Chile from Washington, D. C.

OFFICIALS TO ATTEND

Other officials, including Mayor Porter, John C. Austin, president of the Los Angeles Chamber of Commerce, and the resident consuls of Latin-American republics will be on hand when Los Angeles is "put through."

The good-will messages will travel by land wire from Los Angeles to the short-wave radio transmitting station of the American Telephone and Telegraph Company in New Jersey, then by radio to a receiving station in Argentine, near Buenos Aires, and, finally by land wire to the offices of the various governors.

YOUNG GRATIFIED

Gov. Young is pleased over the linking of the two continents by telephone connection because of the friendly relations between this country and South America and the prospect, because of this new service, of closer union with that continent, he said.

Members of the staff of the Southern California Telephone Company will supervise the arrangements on the Los Angeles end of the connection.

DEAN FISHER OF U.S.C. APPOINTED EXECUTOR

Dr. John F. Fisher, dean of the school of religion at the University of Southern California, was appointed executor of his wife's will by Superior Judge Stephens yesterday. Mrs. Fisher, who died March 1, last, left a $30,000 estate. Dr. Fisher will receive all of the estate except $2000 left a daughter, Joseph Crail, Jr., is attorney of record.

DAVIS APPEAL CASE DELAYED

Court Has Not Yet Signed Submission Order

Indefinite Time May Elapse Before Decision

Bribery Trial Transcript Filed in September

Although more than ninety days have elapsed since the filing of the last brief in the appeal of Harold L. (Buddy) Davis from conviction in Superior Court on a bribery charge, a decision by the District Court of Appeal still is in the lap of the future.

This situation obtains because the Appellate Court has not seen fit to sign an order of submission. The period in which a decision might be expected does not begin to run until this formality has been complied with.

It was pointed out in the clerk's office of the Appellate Court that lapses of time varying from a few days to months often occur between the filing of final briefs and the submission order. In the case of Asa Keyes, the final brief was filed on October 14 and the case was ordered submitted on October 16. The final brief in the Davis case was filed on December 10, last.

Davis took the first steps in his appeal September 13, last, when he filed clerk's and reporter's transcripts. On September 16, the case was assigned to Division One of the District Court of Appeal. It was ordered on the calendar on September 23, last. On that date the court also ordered the cause submitted when all briefs were filed. The formal order, however, a necessary preliminary, still remains to be signed and filed.

HIGH COURT CUTS KEYES FROM ROLL OF ATTORNEYS

From the roll of California's attorneys, the Supreme Court has ordered stricken a name that has been inscribed there since October 10, 1899. The name is that of Asa Keyes, former Los Angeles county District Attorney, now in San Quentin prison.

The decision of the Supreme Court was disclosed yesterday in a copy of the minutes of the tribunal as received by Hugh Coultis, in charge of the Los Angeles clerk's office of the court.

The court's order reads as follows:

"There having been filed in this court a certified copy of the judgment of the Superior Court of the State of California, in and for the county of Los Angeles, wherefrom it appears that Asa Keyes, an attorney at law, was convicted therein of the crime of criminal conspiracy, a felony, and judgment was entered against him on the 20th day of Gebruary, 1929, and it appearing that said judgment has become final,

"It is hereby ordered that said Asa Keyes be and he is hereby removed from his office as an attorney at law and permanently disbarred and his name is ordered stricken from the roll of attorneys and counsellors."

The order was signed by Chief Justice Waste.

BIDS LOW ON BADGES OF POLICE

Commission, Expecting to Pay $4 Each, Amazed at Offer of 33 Cents Apiece

The market value of police badges took a flop yesterday when the nine bids for the manufacture of the new badges to be issued beginning May 15 were read to the Police Commission by City Purchasing Agent Oughton. The price, which was expected to be around $4 each, ranged from 33 cents to $3.09 each.

The jow bidder was Bastian Brothers Company of Rochester, N. Y., and when the commission expressed amazement at the price, Oughton explained that the company has offered to make a few free samples to prove that the product will be up to specifications in material and workmanship. He said he looked up the concern in Bradstreets and found it to be solid financially.

The company's bid on special police badges was even lower, being 17½ cents each in lots more than fifty.

The commission deferred action pending receipt of samples and gave notice that officers will not be asked to deposit more than the amount the badges cost, but will be required to put up the money in advance in order to create the fund with which to pay for the order.

JULIAN ACCUSED LIST INCREASES

Warrants Given Sheriff for Service on Seven

Conspiring to Violate State Securities Act Charged

Effort to Bar Prosecution in Usury Cases Indicated

(Continued from First Page)

ing out of the indictments on asserted "pool" operations in Julian stock, were indicated yesterday when the defendants were arraigned and time of plea set for 2 p.m. the 8th inst.

Motions to set aside and dismiss the indictments on several grounds were forecast when the business men and their attorneys asked for at least one week to prepare for the entering of pleas, and it was clearly evident that the defense fight against the charges will be based on court actions in the matter in 1928, as well as the developments which brought out the present grand-jury investigation.

SEVEN ABSENT

Seven of the defendants failed to appear in person at the arraignment. Motley H. Flint, William R. Hervey and Joe Toplitzky were declared to be out of Los Angeles; H. Gutterman was too ill to attend; Ed H. Rosenberg is in prison and the authorities have been unable to locate S. Kalish and David Rubin.

The court room of Superior Judge Wood was crowded for the formal action, and the defendants were seated outside the railing. They almost completely filled this half section of the room. Bailiffs posted at the door prevented a long line of spectators from taking up the seats prior to the arrival of the crowd of defendants and their attorneys.

NAMES CALLED

After the preliminary matters in connection with the indictments, such as the substituting of identifications for unknown names used in the instruments, were completed by Dep. Dist.-Attys. Shelley and O'Connor, the calling of the long list of defendants by the court got under way.

As each defendant was called he arose from his seat and walked inside the rail, standing facing the court just back of the counsel table.

Each was first asked his full name and then the name of defending attorney. In the case of the absentees Judge Wood questioned the attorneys as to the probable date of arrival of their clients.

LIST OF ACCUSED

After the court had called the list of names in the first indictment, known in court affairs as No. 40,299, the following defendants and their attorneys were ready for arraignment and plea:

Herbert A. Bell, represented by Charles Lyons; Motley H. Flint, by William H. Neblett, who explained that his client will leave Italy by first boat, according to a recent cablegram, and expects him to be in Los Angeles by the 20th inst., to answer the charges; Franklin B. Harris, by L. R. Brigham; Henry MacKay, Jr., by William H. Neblett; Alvin H. Frank, by Lawrence Tripp; Joe Toplitzky, by Lloyd Wright, who explained that he expects his client within the jurisdiction of the court early today; Adolph Ramish, by A. G. Divet; W. I. Hollingsworth, by J. Wiseman MacDonald; William R. Hervey did not answer when called and was not represented by attorney; R. E. Moody, by L. R. Brigham; E. L. McMullen, by Clyde H. Morriel; Ed H. Rosenberg, by Le Compte Davis, who explained that his client is in prison; Abe Prell, by John Cooper; Louis B. Mayer, by John Perry Wood and Jerry Geisler; Albert Lane, by Paul J. Fritz; Van R. Kelsey, by himself; Phillip Grossman, by John Cooper; David Fox, by Max Lewis, and M. M. Cohen, by Chandler P. Ward.

ANOTHER GROUP

The calling of defendants on indictment No. 40230 brought the following before their court with their attorneys:

I. L. Rouse by Thompson and McDonald; Ed H. Rosenberg by Le Compte Davis, S. P. Max Puett by L. C. Styskal, S. Goodman by Charles W. Lyons, David Gordon by David Tannenbaum, H. Gutterman by John Cooper, Morris Weinstein by Norman E. Baillie, Edmund Bastheim by Henry Haves, Jacob Forbstein by Norman E. Baillie, Alvin H. Frank by Lawerence Tripp, Maurice Brophy by Thomas Hinds, David Barnes by Irvin Baltimore, Van R. Kelsey by himself, Franklin B. Harris by L. R. Brigham, H. W. Chotiner by J. Chotiner, Phillip Grossman by John Cooper, Johiel Katzev by Allen Frankel, I. L. Levy by Richard Goldwater, David Horowitz by Paul Fritz, Joseph Lipkey by Ben J. Scheineman, A. B. Marcus by I. R. Rubin.

Attorney Cooper announced that he was ready to proceed with the case against Henry Gutterman, Abe Prell and Phillip Grossman. He filed a motion covering four grounds seeking to set aside the indictments as far as they concerned his clients. The motion will be heard on the 8th inst. at 2 p.m.

DEMURRERS EXPECTED

All other attorneys requested more time in which to prepare to enter pleas and indicated that demurrers will be filed in practically all cases.

While arraignments were being completed the grand jurors appeared in the courtroom and took their usual seats in the jury box. They appeared to be interested spectators at the court proceedings.

A request by the defendants' counsels that they be supplied with copies of the indictment as well as the grand jury transcript on which the charges are based brought the information that this huge clerical task will not be completed for about ten days.

LEWIS WINS PRISON FIGHT

Fitts Plea to Retain Oil Man for Trial Denied; Promoter Has Hectic Day in Four Courts

(Continued from First Page)

his own attorney, again requesting to be sent to the Federal prison.

"This is a question of power and not of authority," declared Judge James in ruling on the motion. "The sentence of this defendant will not run until the defendant is delivered to the warden at the Federal prison and the defendant is entitled to begin to serve the sentence if he so desires," continued the court.

"There can be no stay when the mandate has already come down and the defendant is here ready to satisfy the judgment," was the court's next remark, and then the motion was denied and Lewis again ordered into the custody of the United States marshal with instructions that he be transported to McNeil Island.

Judge James, after denying the motion, stated that after Lewis had been delivered to the prison at McNeil Island he might be returned to the State courts here for trial if the matter were taken up with the Attorney-General.

From the Federal court Lewis next appeared before Superior Judge Wood, with the guarding marshal still retaining custody over his person, and Judge Wood transferred the jury bribery case, which had been set down for trial on the 23rd inst. to Superior Judge Wilson's court.

Into Wilson's court, where a trial for highway robbery was under way, next went Lewis and his guard and a motion was made by Fitts and Stewart to advance the trial date on the bribery case from the 23rd inst. to next Friday.

Resisting the motion, Lewis again appearing as his own attorney, pleaded with Judge Wood first not to grant the motion and secondly to allow him sufficient time to obtain the services of an attorney. After spirited argument on the part of both Fitts and Lewis the court consented to a one-day continuance and granted Lewis until today at 10 a.m. to employ counsel. The court intimated, however, that Lewis must be ready to go to trial the latter part of this week.

It was while Lewis was attempting to gain time in which to prepare his defense and to employ counsel that he announced to the court that "I am only asking this court to accord me the same treatment that is accorded to any other defendant that comes in here. The right for a little time to prepare my defense and the right to be represented by counsel."

Fitts's motion was made, according to his statement in court, because, he charged, Lewis is attempting to escape the jurisdiction of the courts of the State of California by surrendering to the United States government and asking for transportation to a Federal prison.

The charges as made by the District Attorney brought another roar from Lewis, who then offered to appear today and bring witnesses to prove that he was not attempting to dodge anything, but was simply insisting upon a right which was his. The court declined to enter into the quarrel.

From Judge Wilson's court Lewis was then returned to Judge Tappaan's court where a score of attorneys had been waiting for Attorney Mathews to continue his cross-examination of the prisoner in connection with the civil disposition being given there. Lewis spent the rest of the afternoon answering the searching questions put to him by Matthews and will be returned there again today.

In the meantime the matter of just who has jurisdiction over Lewis is scheduled to be settled today at 10 a.m., in United States District Judge James's court when Lewis, together with counsel on both sides of the civil action, where he is testifying, are to appear and learn from Judge James just what is to become of Lewis during the day.

Under the present Federal court order Lewis is booked for the witness stand in Judge Tappaan's court, but, under Superior Judge Wilson's order, he is supposed to appear in that court to argue the motion for advancing his trial date in the State case. Instead of either of these moves, however, he will be before Judge James with his own attorney and counsel from both sides of the civil action to learn just where he will go for the rest of the day.

According to the announced plan of the District Attorney, Lewis's State case is to be advanced so that he can be tried before next Tuesday, when he must go north to the Federal prison. The case, according to the prosecution, which will be in the hands of Dep. Dist.-Attys. Costello and Jones, will occupy only two or three court days and probably will be completed before the deadline fixed by the mandate to remove Lewis.

Lewis, on the other hand, is expected to make every move possible to delay the State case and will go into court tomorrow, he says, with Attorney John McNabb of San Francisco to act as his counsel.

In a lengthy statement issued from his cell in the County Jail last night Lewis denied again the charges made by Fitts that he is seeking to escape trial here on the State charges against him.

"I have the right," declared Lewis, "to begin my prison term of seven years when I wish. This is the only right that I am insisting upon. The reason that I wish to go to the prison now is that the District Attorney is attempting to make a goat out of me and through me to strike at men that are innocent of any wrongdoing in the Julian matter. Already a number of indictments have been returned against men who had nothing to do with the crash of the company and I understand that others are to follow. It is because of this unfair prosecution that I wish to remove myself from the scene and to thus attempt to help men who should never have been charged with any crime in connection with the crash of my old company."

Boat Show Sent Best Wishes by Eastern Leader

Best wishes from what is said to be the highest power in the motor boat industry of this country arrived yesterday for the Los Angeles Boat Show, in Ambassador Auditorium, when Henry R. Sutphen of New York, president of the National Association of Engine and Motor Boat Manufacturers, telegraphed "heartiest congratulations."

HENRY R. SUTPHEN

Heavy attendance yesterday prompted the management to decide on opening the show daily at 10:30 a.m. starting today instead of three hours later.

Arrangements for the "underwater wedding" have been perfected to the point of electing J. F. Gutrick and Katie Wilson as the bride and bridegroom.

The ceremony will be conducted by Rev. Sheldon Shepard, minister of the First Universalist Church.

University of Southern California day, as well as San Diego day, will be jointly observed today. Film stars are scheduled to christen the Savoia Marchetti, large flying motorship, tonight.

W.C.T.U. MEETS TOMORROW

The Los Angeles Women's Christian Temperance Union will meet tomorrow at 1:45 p.m. in the First Methodist Church at Eighth and Hope streets. Among the speakers are Mrs. Cora Deal Lewis, prominent civic worker; Mrs. Hattie C. Young, State recording secretary; Mrs. Allie Simmons Wheeler, parliamentarian, and Mrs. Elizabeth Houghton, evangelist.

Board Holds Up Permit Action on Bath House

Action on the application of the Health Studio, Ltd., Inc., for permission to conduct baths for both sexes at 747 South Hill street was held up for one week pending an investigation by the Police Commission yesterday, after Dorothy Griffin, of San Pedro, made formal protest.

She declared Robert Griffin, whom she charged with having disfigured her by leaving the city without completing a plastic surgery operation on her nose, is now manager of the concern. She said he left stitches in her nose and she didn't know what to do with them.

Dr. J. P. Clark, vice-president, who made the application, said that this was news to him. He declared Griffin would have nothing to do with handling patrons.

The commission decided to go into the matter further.

Wife Names Two Women in Suit for Heart Balm

It took two women to alienate the affections of H. M. Dickinson, the husband of Mrs. Genevieve Dickinson, according to the $100,000 heart balm suit of Mrs. Dickinson against Mrs. Ruth Reed, and a "Jane Doe" on file in Superior Court yesterday.

Mrs. Reed, according to Attorney Paul M. Joseph, who prepared the complaint, is the wife of a wealthy New York attorney. For six years Mrs. Dickinson lived with her husband, but in December, 1929, the two women induced Dickinson to leave New York and come to Los Angeles, according to the complaint.

Cases Submitted in Truck Hearing

Two of fifteen cases of asserted deviation from tariffs and operating regulations applying to truck concerns operating common-carrier service in the Los Angeles area were taken under submission yesterday by Examiner Williams of the State Railroad Commission. The truck concerns involved transport milk from dairies to creameries in the vicinity of Los Angeles.

The cases submitted yesterday were those of R. J. Kimbrough of Maywood, and R. E. Robson of Compton. The case of Edward Bahler of San Bernardino was continued until this afternoon for an answer to the charges presented by Asst.-Atty. Cassidy of the commission.

POLICE SERGEANT WILL INSPECT NEW UNIFORMS

Police Sergeant C. C. Jackson, sergeant-at-arms for the Police Commission, who has been used as a model in demonstration of the new type of uniforms which have been adopted for the Los Angeles police, effective May 15, yesterday was chosen inspector of uniforms by the commission. In addition to his duties with the commission, Sergeant Jackson will be required to make regular inspection of uniforms of all officers while on duty, in order that the uniforms may be up to the standard adopted for the department.

BANDITS STRIKE VICTIM

Two bandits early yesterday morning robbed Harold V. Kelsey of 1132 East Sixty-ninth street of $45 after hitting him on the head. Kelsey told officers he was walking along the street near the intersection of Compton and Merrill avenues when he was accosted by the men. He was unable to say with what he had been hit.

MOOREHEAD TO TALK AT STUDENTS' CLUB

Dr. J. A. Moorehead, president of the Lutheran Church of the World, will be guest speaker today at the noon luncheon of the Students' Lutheran Club of University of California at Los Angeles. The luncheon will be held in the Young Women's Christian Association Building on the campus. Rev. J. George Dorn, pastor of the Hollywood Lutheran Church and student-pastor at the university, will preside.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example, they should be religiously observed.
—*Abraham Lincoln.*

Today's Bible Text

If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved.—Romans x, 9.

DEFERRED PAYMENTS

"He's one in a million," they say of a man. If you are still paying for the old gas buggy you are one in 3,441,629, it seems.

BUSY ELSEWHERE

Woman writer complains that girls can no longer find enough to do in the home. Most mothers will agree that the girls seldom are there to do it.

THE DEPUTIES, FOR INSTANCE

Premier Tardieu says that only a people who are strong and calm can work usefully for peace. That is the generally accepted idea of the French temperament.

HEADS OR TAILS

Haiti is to have a provisional head after May 15. There are some male members of households in this vicinity who have been in training for years for a job like that.

WITH INTEREST

A professor prefers a day in jail to paying a parking fine of one dollar. The principle of the thing likely! And then possibly he finds he can get more public interest in the hoosegow.

RIGID ECONOMY

Babe Ruth figures that by skimping here and there he can exist on $30,000 a year for the next two years and save 100 grand for a rainy day. At the same ratio he expects to live a little more than three years after 1931.

SEEDY

A place near Los Angeles consisting of 800 acres and another of 700 acres are devoted solely to raising seeds. On a smaller plot 600,000 pounds of seed are produced annually and they go out in carload lots. None of these are seeds of discontent.

PING PONG

Ping pong has completed the cycle since the eighties and the most exclusive circles are taking it up again. It began with corks for balls and cigar-box lids for paddles. Books were nets. The good old times of the gay nineties seem to be on their way.

JOY OUT OF LIFE

The new planet is said to be but seven hours away by radio. This is the first piece of bad news we have heard about the discovery. The inhabitants of that star were doubtless leading quiet, peaceful lives before we found them. Now they will have family fights over the dial.

UNCLE SAM'S HEALTH

Once every so often Uncle Sam has a physical examination like other folks. The latest figures for 1928 have just been released and the principal centers are compared.

Los Angeles with an estimated population of a million and a quarter has a birth rate of 14.79 in every 1000. Seattle's birth rate was but 13.03; San Francisco's, 12.19.

New York, with her 6,000,000, boasts a birth rate of 21 in every 1000. Chicago, with her 3,000,000 of people, has a birth rate of 20.82; Detroit, 23.51; Boston, 23.46.

The unenviable distinction of the highest death rate goes to Cincinnati, with 18.33 per 1000. Pittsburgh, Boston and Baltimore follow in order. St. Paul may be proud of having the lowest death rate, or 10.21 per 1000. Then follow Cleveland, Seattle, Minneapolis and Milwaukee. Los Angeles has a low death rate, 11.29 per 1000.

Strange to say the highest infant mortality is in Cincinnati, also, with 85.75 per 1000. Then follow Baltimore, Detroit, Boston and Pittsburgh. Los Angeles has an infant mortality of 64.59 per 1000. But San Francisco has only 45.65. Seattle has the lowest infant death rate in the country with but 42.66. New York and Los Angeles have about the same rate. But with her fresh air and sunshine no city should be a better place for babes to thrive than the Angel City.

It is difficult to find an alibi for Los Angeles and her failure to be a perfect environment for babes. The authorities might look into this.

THE NEW FILM CODE

Adoption of a new code for film production is an important forward step in what is destined to be the world's foremost entertainment. This code, if loyally adhered to by the film producers, as past performance indicates it will be, puts the films on a plane of decency and high standards which ought to satisfy all reasonable requirements. The film industry deserves congratulations upon such a voluntary program which it can itself enforce far more effectively than could any public authority, and which should guarantee that the salacity which has brought such discredit upon the stage shall forever be kept off the screen.

The code adoption comes at a time when new developments have immensely expanded film possibilities. The addition of sound, the addition of color, the widening of the film to full-stage size and the prospects of early practicality for stereoscopic effect in perspective depth are all important not only as enlarging the scope of film art, but as making possible the faithful preservation and re-presentation of important historical events. These new developments make possible a marvelous fidelity, which the creative artist may use freely for his purposes. It is not merely improvement, it is revolution that has come upon the industry through these changes, and the new code safeguards development which is certain to be immense, keeping it within the bounds that civilization has deemed necessary, or at least desirable.

The intelligent self-interest of the industry itself has dictated these standards and intelligent self-interest will maintain them. So long as it does, censorship, which might be merely annoying or which might be genuinely throttling, will have no excuse for imposition. These self-imposed rules put the limitations where they should be, in the stage of production, so that the final product may be a harmonious whole. Censorship, which is exercised on the finished product, results always in mutilation and crippling; it is bad for art and bad for the public, which is cheated when it pays money for entertainment which is served only in part and frequently has been deprived of vitality.

Had the stage, the present plight of which causes serious concern to genuine lovers of dramatic art, found means of imposing a similar self-discipline, many of its difficulties might have been avoided. The taboos of the motion-picture code are not so rigid, so severe, that they will interfere with the production of interesting entertainment; nasty-niceness is and should be avoided, and over-primness defeats its own object. The best guide in most cases is good taste, and the frequent reference in the code to good taste is an excellent sign.

The twenty major producing companies have subscribed to the code, and the producers not members of the Motion Picture Producers and Distributors of America will do well, in the interests of the business as a whole, to conform. They will also do well in their own interests, since pictures which offend will find no ready market when wholesome entertainment is provided.

There is no necessity for art to be didactic, but if so, it should not be didactic in the wrong direction. The antisocial and the subversive have no place on the screen. The new code, by ruling them out, performs a useful function.

A section of the film industry, inclined to take the new code too literally, will contend that nothing is left for themes for pictures except boy-and-girl love stories, which have seemed rather inane when the dialogue is reproduced. This viewpoint is a mistaken one. All sorts of themes have been handled, on the stage and in literature, without becoming either milk and watery or offensive. At times they require deft treatment. It is not necessary to abandon crook pictures merely because the crook must not be made a hero. Shakespeare found plenty to write about without ridiculing laws or religion.

It might be an excellent idea, too, if the picture lots stopped worrying so much about plots and paid more attention to character delineation. More successful plays have been made by good character work than by theme. Here is a fertile field from which the skillful may reap heavy crops, without infringing the code. Salty individualities do not take their flavor from situation—they flavor it. Does anyone remember the plot of "Lightnin'"? Or "The Music Master"? What made "What Price Glory"—the plot (which was nothing much,) the profanity (which was incidental,) or the very rugged aliveness of the captain and the sergeant?

The new code does not restrict the films to silly love stories.

GIRL ENVOYS OF GRATITUDE

Next Monday there will arrive in this city from Japan four young women in kimonos, obis and quaint little footgear, sent by their government to Washington to express to President Hoover the gratitude of the people of Cherry Blossom land for American aid to them after the terrible earthquake of 1923 and to tell him that the ruined cities are now completely rebuilt. They will be in Los Angeles two days and will be welcomed by our city officials as well as by the large Japanese colony.

The sending of these girls, all of whom are in their twenties and are well educated in both English and Japanese, is a graceful and appreciative gesture on the part of Japan and incidentally gives an idea of how women are rising in Japanese official life.

The coming of these girl envoys recalls the cataclysmic event of September 1, 1923, when at noon on that fateful day one of the world's most disastrous earthquakes disrupted the eastern portion of Japan from Tokio to Yokohama, almost totally destroying the latter city as well as three-fourths of the capital and many other large centers of population in an area of 9000 square miles. Two hundred thousand people were killed and more than that number injured, while 2,000,000 were made homeless. The property loss, which included nearly 700,000 buildings, was estimated at $933,000,000.

Responding immediately to appeals for relief, the people of the United States contributed through the American Red Cross more than $10,000,000 within a month. Subsequent contributions swelled the relief fund subscribed by Americans to nearly $15,000,000. Japan acknowledged these gifts gratefully at the time, and to complete the symmetry of her record of gratitude she now sends to us four of her fair daughters to express anew her thankfulness to our people for their timely and effective aid.

TOO OPTIMISTIC

The most exuberant optimist in town is the commuter who flags a "W" car in the earnest expectation of getting a seat. He is lucky to cling to the ceiling like a fly. And somebody said the 7-cent fare would greatly improve the service!

THE PRUDENT WANDERER
By James J. Montague

When days are warm and sunny
And bees are hunting honey,
When birds above
Are making love
Throughout the pleasant day,
Bill looks with eager yearning
Toward where the road is turning
Beyond the ridge
Across the bridge
And winding far away.

Then wanderlust enthralls him,
The whispering forest calls him,
And singing brooks
In sheltered nooks
That lash themselves to foam.
And almost he's persuaded
That when the light has faded
A bag he'll pack
And take the track
That leads afar from home.

But, when the shadows gather,
He sort of thinks he'd rather
Postpone his jaunts
To leafy haunts
And brooks that foam afar.
It seems to him more pleasant
To tarry, for the present,
Where lights are bright
And beds are white,
And where his parents are.

(Copyright, 1930, by The Bell Syndicate, Inc.)

The LEE SIDE O' L.A.
By Lee Shippey

MOST people, as soon as they make money, want to move into the swellest neighborhood in reach and gradually drift away from their old neighbors. But others, fortunately, are like Wayne Fisher.

When Fisher struck oil he lived at 11555 South Figueroa and he still lives there, doing his best to help along his community. He thinks the "great Southwest" of Los Angeles is so located that, logically, it is bound to become one of the city's greatest residence and business districts. We met him at a little Kiwanis Club meeting over a market at Vermont and Manchester. He was there to make a plea for a community plunge, so that the kids of that neighborhood won't have to hop cars and bum rides out to the beach when they want a swim. Then he took us up in his plane for a bird's-eye view of Los Angeles and its environs, to impress on us his idea that the southwest district is the center of the world. And then he took us to his charming home, where we learned that he and Mrs. Fisher were giving a great deal of thought and effort to a Parent-Teacher Association party in their local school district!

They say that Fisher's parties for the annual fathers' night of that P-T. A. are as hilarious as anything at the Uplifters' Ranch, though not in the same way.

We wonder how many men of large affairs there are in Los Angeles who have time to work earnestly for playgrounds and swimming pools and Parent-Teacher Associations.

"The Great Southwest"

Our "great southwest" is all the territory lying west of Main and south of Slauson. It is an area in which there still is room for airports and huge enterprises. You have to take in Long Beach, Redondo, Santa Monica and draw your circle around through Pasadena and Alhambra to show it is the "center," but let Fisher take you up in his plane and you'll see it is.

And when you see what is going on in that area you realize it is getting a great start toward mighty leaps. About $4,000,000 is being spent in public improvements in it and it offers more easily accessible space for both homes and industry than does any other area in our widespread city.

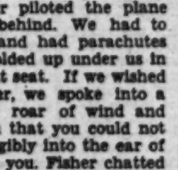
Banks on Farm Land

At that Kiwanis luncheon we sat next to John Wagner, the "father" of the Manchester district. Wagner settled on a farm there forty-three years ago. Until nine years ago he still was a farmer. Then eighty acres belonging to him and a relative of his were subdivided, and now banks and business houses have sprung up on that farm land. Its residents and its business houses would make a substantial little city and the community is beginning to take a lot of pride in itself—to spruce up, plant trees and erect better buildings. The merchant who used to stack old boxes beside his store is being made to feel that he is a public drawback and so is the home owner who neglects his yard. Motion pictures are being taken of all the places in the district which ought to look better than they do, which are to be shown at public meetings, in comparison with places in which the community takes pride. The southwest district welcomes rich and poor alike, but wants each of them to do his part toward community progress.

That's the way communities are made.

Real Thrills of Planning

We had been up in big passenger planes of the Western Air Express, but never before in an open plane. There was a seat for two persons in front and Fisher piloted the plane from a cockpit behind. We had to wear earphones and had parachutes strapped to us, folded up under us in the form of a neat seat. If we wished to speak to Fisher, we spoke into a receiver, for the roar of wind and motor was such that you could not even shout intelligibly into the ear of one sitting beside you. Fisher chatted along as casually as if in a drawing-room, but we—well, we've heard that planing cures some people of deafness, but it struck us dumb. All we could do was nod and look at what he pointed out. Passing over Mt. Wilson, we rose to 8000 feet, then took what seemed to us a nose dive down to look at Pasadena. The wings of the plane were so steady that it seemed as if one easily could stand on them, but when we stuck out a hand the wind wrenched our arm backward.



"No wonder," said Fisher. "We're going 180 miles an hour."

If anything had gone wrong, all we would have had to do would have been to calmly unbuckle the straps which held us in the seat, step out on the wing beside us, take a good jump to clear the plane, count ten to make sure we had fallen far enough to be clear, then yank the handle under our right arm and the parachute would have opened and let us down easily and safely.

It seemed a shame to waste such a chance for a perfect thrill. But we are very resolute, sometimes, and sternly put the temptation from us.

Mrs. Fisher Is a Caterpillar

Mrs. Fisher, by the way, is one of the three American women "caterpillars," a "caterpillar" being one whose life has been saved by a parachute. Last fall Mr. and Mrs. Fisher flew to New York, Washington and other eastern spots. Near Springfield, O., they were caught in a sudden thunder storm, with lightning playing tag with them and the world so darkened by rain that they could not see it. Finally Fisher told Mrs. Fisher that she had better jump. Just as she was about to do so he saw the ground, and realized they were too close. But with the earphones disconnected she could not hear him and leaped, when only about 150 feet above the ground.

The parachute opened just in time to save her life and she probably holds the record for a successful parachute leap from so low an altitude. But next day she was back in the plane with her husband, continuing the flight. That's what you call confidence.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Hawaiian Banks

PAIA (Maui, Hawaiian Islands) March 15.—[To the Editor of The Times:] Does not the American Association of Teachers know that Hawaii is an integral part of the United States? How otherwise account for this letter from their treasurer to the head worker of the Alexander House Settlement at Wailuku?

"Enclosed is the check you sent me in payment of dues to our association. Our banker states that the Baldwin Bank is not an American bank, hence there would be a fee that would be disproportionate to the face value of the check. Would you be willing to send us a money order which would not require a large exchange fee?"

Such ignorance is astounding. The Hawaiian Islands are as much a part of the United States as Alaska. We who are over here deeply resent the inference that the banks are not American. The one mentioned is our local bank and considered as sound as any in the country. Exchange on checks is not necessary as regards Hawaii.

MRS. F. H. CASSEL.

Prison Sites

NEWHALL, March 19.—[To the Editor of The Times:] I own a country home near Saugus and am very familiar with the site in Bouquet Canyon which Senator Rochester seems to think so desirable for a prison site.

All any qualified water expert would have to do to know that the underground water must be very limited would be to look over the watershed of Bouquet Canyon, which consists of a range of dry desert hills with no high mountains where winter snow would furnish water to the underground strata; and then he should talk to the farmers in the neighborhood and ascertain the trouble they have had with wells due to a continual lowering of the water table.

I am not like Mr. Campbell, who failed to state his main objection to the Victorville site, the main reason being that he owns a ranch near by.

I will freely admit I do not want to see the prison established in Bouquet Canyon, for it will greatly detract from the value of the beautiful country homes we have in this vicinity. However, I hope I am good enough citizen to withhold my personal objection if this were the best site, but the plain facts unbiased by personal interests I feel sure would prove the Victorville site the best, and while it is too bad for Mr. Campbell to have it for a neighbor, yet he is only one and there are a great many of us near the Bouquet Canyon site whom it will damage.

C. J. GARDNER.

Destroying Wild Flowers

LOS ANGELES, March 30.—[To the Editor of The Times:] The beautiful picture of children gathering wild flowers which you show on the cover of your splendid Sunday Magazine has disquieted some of us who are trying to discourage the wanton destruction of our California flowers and desert blossoms.

Perhaps so tempting a picture will do no harm, yet again it may inspire thousands of others to go and do likewise.

And in the Automobile Section was an actual photo of lovely fields in which dozens of machines were disporting over the flowers with one in the foreground covered with the poor, wilting blossoms.

We feel sure of your help in this.

MRS. CHARLES F. GRAY.

The Italian Law

NEW YORK, March 24.—[To the Editor of The Times:] Our attention has been called to an editorial in the Los Angeles Times on March 1 in regard to the restoration of capital punishment in Italy. Inadvertently we believe you have made an error in this editorial.

Italy has restored the death penalty for homicide cases only when two offenses, each drawing the death penalty, have been committed.

You will find that the Associated Press specifically states that "conviction for two offenses each one of which draws life imprisonment, brings the death penalty."

VIVIAN PIERCE,
Executive Secretary, League to Abolish Capital Punishment.

Divers' Perils Overcome

The greatest peril of the deep-sea diver is that of his connections becoming entangled whereupon the diver is helpless either to get himself aloft or to signal for help. This danger is entirely overcome by the use of a diving apparatus which has been tested in England with entire success. It dispenses with the helmet and other impediments of the usual diving garb. The operator has a tank secured to his belt from which a supply of oxygen is obtained and a device for absorbing the carbonic-acid gas of the exhaled air and thus the necessity of pumped air to him is disposed of.

Dime novels were called Beadle's Pocket Library originally, from the Buffalo publisher who started them, and during the Civil War they were sent to the soldiers, literally in carload and wagonload lots, 5,000,000 being sold during the four years.

W. B. J.

Thirty million homes, 6,000,000 farms are among the places to be visited by the census takers, starting next month, and 2,000,000 stores add more focal points for the questionnaires.

WHAT OTHERS THINK ABOUT IT

DISCARDING ARCHAIC LAWS
[Boston Transcript]

New Jersey sets a good example to other States in discarding its archaic laws. It has a law-revision commission which found 1000 ancient and obsolete provisions of the statutes. Two bills providing for the repeal of such laws are now on their passage in the Legislature. One of them relates to the purchase of lands from the Indians, recalling the days of long ago when the Indians in New Jersey had lands to be purchased. Whether or not the famous New Jersey blue laws are to be subject of legislation repealing some of their provisions does not appear in the published reports.

Massachusetts has its share of ancient laws which have outlived their usefulness. A wholesale elimination of these enactments of other days would rid the statute books of many needless words. Incidentally, the process might add to the joy of life by directing attention to enactments that once were regarded as serving useful purpose, but which seem ludicrous in twentieth-century eyes. There might also be a useful lesson to be drawn from these old-time laws. Many of them were doubtless framed to meet conditions which were expected to endure. They were subjects of controversy. Supporters and opponents were excited over them. And with the passage of a few short years conditions were so changed that enactments on which the safety of the State if not the nation was supposed to depend had joined the mass of obsolete legislation. Therein may be a hint for those who are prone to attach vast importance to the pet measures of today which will be among the forgotten dead of tomorrow.

New Jersey is subjecting its statute books to expert examination with a view to the suppression of some of their contents. It is a kind of book censorship that Massachusetts might properly substitute for some of the kinds with which it is burdened today.

BARBARIANS
[London Times]

In this journal the other day a writer, spoke of the ancient Athenians looking down on a world filled with barbarians. When the proof reached the editorial scrutiny the last word of the phrase was printed "carbarians." It seemed a shame to alter it. If only the context had permitted, what a service to the English language to present it with that word! But the gift was only delayed. We offer it now—carbarian—as the perfect name, a name which only genius or accident could have invented, for those who "drive to the danger," those who lack the manners of the road and defy the tradition of the road, the young carbarians all at play in their motor coaches, the innumerable divisions of the class inadequately named roadhog.

LEGENDS OF GOLD

BY LANNIE HAYNES MARTIN

Among the most interesting bits of local traditions gleaned in various sections of California are the legends connected with the finding of gold.

Up in the San Fernando Valley they have a fairly well-authenticated story that it was the Spanish appetite for the wild onion that led to the first discovery of gold! They tell that the early settlers, scouring the hillside region for that delectable edible root, found tiny yellow particles clinging to it when they pulled it from the soil and that a vein of precious metal was found near to where the wild onions grew.

However legendary this discovery may be they have the record to show that the first California gold sent to the mint in Philadelphia to be coined was sent from the San Fernando Valley.

Almost every section has some quaint story, which as yet is mere oral tradition. In one of the northern counties they tell that two tourists, seeing California on foot, quarreled because one of them felt that the dog which accompanied them ate too much and depleted their scanty food supply. They parted, and finally the dog died of starvation, after its kind champion had shared his last crust with it. Not wishing to leave the body of his beloved pet by the roadside, the man carried it up to a little knoll and began to dig a grave. In doing so he discovered gold!

Another version is that a couple, a man and wife, started out prospecting and although the wife had vowed that she would not complain at the hardships, the scant, rough fare and the long, weary journeys, she soon tired of cooking over a smoky camp fire, sleeping on the ground and getting her clothing filled with dust. The man, having a certain goal in view, wanted to hurry on regardless of the difficulties encountered, but when they came to a clear, rushing stream the wife mutinied and declared she would not budge another mile until she stopped and washed her petticoat! So they made camp by the river side and when they waded in to do the family washing they found particles of gold and turned the petticoat into a sieve!

What wonderful illustrations these would be if one were of a moralising trend of mind and wanted to show that our greatest treasures are found in fulfilling the every-day duties and responsibilities of life!

ALWAYS CHEERFUL

Books, plays, poetry and achievements of the negro prove that he is gradually coming into his rightful place in the understanding and appreciation of the world. Significant was the award of last year's Pulitzer Prize to Julia Peterkin's sympathetic portrayal of negro life, "Scarlet Sister Mary." Equally important is the award of a prize of $1000 to Robert Russa Moton, principal of Tuskegee College, for his book, "What the Negro Thinks," as the most noteworthy contribution of the year to inter-racial co-operation. The note of progress in spite of prejudice and segregation, and above all of lack of resentment, is stressed by Dr. Moton.

"Whatever he hides in his heart, whatever he may think in the back of his head, he turns to the world a smiling face, and in spite of itself, the world, when it turns to look, is captivated by that smile. And all the while he presses steadily onward . . . determined to let no man, no movement, drag him down so low as to make him hate his fellow-man."

Books such as these should be as efficacious in giving the negro his educational and political freedom as "Uncle Tom's Cabin" was in doing away with the shackles of slavery.

WHERE CAN I LEARN
Home Crafts?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address Louise L. Temple, care of The Times.]

In the San Pedro Evening High School, 1221 South Gaffey street, San Pedro, both of these subjects, sewing and woodshop, come on Tuesday and Thursday evenings, 7 to 9. There is no charge of any kind, people of all ages are welcome and the family budget is kept well within bounds by judicious making over of dresses, shirts and children's clothes, while broken or shabby furniture is made over into charming furnishings by a few hours in the woodshop class.

Both classes also fit the student to secure and hold commercial positions; in power-machine sewing, both single stitching and double hemstitching, and in cabinet building, joinery, shipbuilding, estimating, blue print and steel square work on roof framing.

Visitors to the tomb of Abelard and Heloise, in Pere Lachaise Cemetery at Paris, daily leave bouquets of flowers and wreaths, usually in the offerings of lovers who revere the memory of the famous disappointed lovers of the tenth century.

W. B. J.

Two hundred and thirty-one fables are attributed to Aesop, the Greek slave who lived, supposedly, about 600 B. C. and whose succinct tales have been translated into every language.

PEN POINTS

Dr. Cook can say he has [illegible] one place where the other explorers haven't.

Just the knowledge that you aren't ever going any place will make hell bad enough.

Of course the new dresses are long. When hunters measure their victim, they count tail and all.

Don't scorn labels. A label is the only difference between a dollar-limit hat and one priced at $18.50.

Now is the time to put up bluebird and wren houses and keep sparrows from building in the drain pipes.

You can tell which one of your guests is a traveling man. He absently uses his napkin to wipe his plate and silver.

Why not call the racketeers' victims "daffodils"? Daffodils are yellow and easy to plant.

Why not suppress pornographic books? If you leave out the nasty part, there's nothing left that anybody would read.

If it's true that a weak mind makes a criminal, how do those who believe in tooth-paste ads conceal their meanness?

Americanism: Urging young sters to go straight so they can become important enough to thumb their noses at law.

If the old-fashioned way of raising kids was better, why did they turn out to be such fine parents?

Formerly, "watering the stock" meant giving steers a drink; now it means giving the lambs a dry cleaning.

Disgrace doesn't hurt movie lovers. The man who sacrifices honor to get money doesn't worry much when his kids sacrifice honor for fun.

Drug store: A place that provides a 10-cent lunch for [illegible] ashamed to enter a 10-cent lunchroom.

It is estimated that the authors of books on child psychology have an average of three ornery kids to experiment on.

A flea circus in New York prospers year after year. The doubtless inspires pedestrians to see creatures that can jump forty times their own length.

At last government has a plan. Pay the farmer a fair price, sell cheap to the consumer, and tax both to pay the difference.

The easy way to start communism is to lend and rent a community lawn mower that everybody forgets who it belongs to.

Correct this sentence: "I went to the bad," said the father, "but I have the consolation of knowing it was no fault of mine."

RIPPLING RHYMES
by Walt Mason

THE UPLIFT

Two thousand rancid Chinese fighters were captured by a Russian host, according to the glad writers who send home yarns by wire and post. These Chinese are strongly painted as soldiers bold, as men of wrath, who fill the air around them with talk, for they had never known a bath. The Russians said, "We do not need them, they'd mean a big expense; so to the border we will lead them and set them loose and shoo them thence. But first they'll have to soak in water and put new underclothing on; then they may go to the border totter, and we will bid them all begone." The Chinese soldiers, grim, unwilling, submitted to the garden hose with water all around them spilling, they spoke in anger of their woes. But when the ordeal was ended and for the first time they were clean, they found that they were fresh and splendid, and they abjured their sullen mien. The bathtub was an institution of which these men had never heard: in their tale of evolution they knew of nothing so absurd. At first they thought the Russians hateful, and their design a fiendal freak; but when 'twas done they all were grateful, and swore they'd wash three times a week. They also swore they'd never carry their arms against the Russ again, or try to rule the Ancient Harry among men good and kindly men. Two thousand Chinese left the border to wander through their native land, and root for bathtubs made to order, and pipelines such as Yanks command. Two thousand Chinamen are baiting their countrymen a brand new dope, insisting that each human dwelling should have at least one cake of soap.

POLICE OFFICER REGAINS POST

Lloyd E. Davis Reinstated With Back Pay

Spent In Prison for Crime He Didn't Commit

Board Also Hears Appeal of Everett D. Brown

Suspended exonerated after having served four months in San Quentin following his conviction of bribery and extortion, which subsequently was held to be a miscarriage of justice, Officer Floyd E. Davis was automatically restored to duty as a police officer yesterday with full pay for the time he was out of duty when Deputy City Attorney Schaller gave the Police Commission a ruling that it had the power to restore him.

After his conviction the commission sustained his dismissal by the chief, but when the case was brought to the attention of the board a week ago, showing that Davis had been the victim of circumstances, that his conviction had been set aside and even his prosecutor held him to be innocent, the commission ordered him restored if a ruling gave it the power to reverse its action.

APPEAL HEARD

The commission heard the appeal of Everett D. Brown, removed by Chief Steckel several weeks ago by order of the commission after reading some of the testimony he gave at a recent acquittal of bribery and extortion in the Harry D. McDonald case. At that time the commission held that he had been negligent in not arresting McDonald as a bootlegger while visiting the place.

Attorney Nathan O. Friedman, appearing for Brown, introduced many witnesses, headed by Chief of Detectives Joe Taylor, showing the fine reputation for honesty and ability that Brown bears in the department after fifteen years of service.

BASIS OF PLEA

He asserted that Brown visited McDonald's bathhouse searching for the leaders of a gang and to get a line on robbery and hold-up suspects and at no time had taken a drink or had sufficient proof that McDonald was a bootlegger to warrant arresting him, work which is for the dry squad, he held.

The commission agreed that it would again go over the testimony and if it found that the contention of Attorney Friedman is sustained it will take favorable action on the appeal.

WIFE DISLIKES LONELINESS

Testimony that her husband would dress up in his best and go to places of amusement without taking her along helped Mrs. Rita Hooper to obtain a divorce yesterday from Douglass Hooper, wholesale grocer. The decree was signed by Superior Judge Yankwich. Mrs. Hooper also testified that her husband would not wait on her while she was ill. The couple married on August 5, 1928, and separated on February 3, 1929, according to the complaint.

SPEEDOMETER IN DIVORCE CASE

Wife Who Gets Decree Says Mate Kept Close Check on Her Mileage

Joseph E. Cliff was so suspicious of his wife that he kept a check of her mileage on the speedometer of the family car, Mrs. Lola Cliff testified yesterday before Superior Judge Yankwich when asking for a divorce.

"He checked up my mileage to see if I had been where I said I was," Mrs. Cliff declared. "On one occasion he struck me without any provocation."

A decree was granted separating the couple after five years of married life.

HE LEARNED ABOUT BOTTLES FROM HER

Mrs. Jewel Hatcher

Wife's Use of Milk Container Not Orthodox

Thomas Hatcher, milk wagoner, thought he knew all about milk bottles but when he "made a pass" at his wife, Jewel, he learned something more, according to testimony at Mrs. Hatcher's alimony hearing in Superior Judge Guerin's court yesterday.

"Sure, I hit him with a milk bottle," replied Mrs. Hatcher, to a question of her husband's attorney. "But he was trying to hit me and I was only defending myself."

Hatcher was ordered to pay his wife $10 a week temporary alimony pending trial.

ELECTRICITY WILL WARM LINDBERGH

Wired Suits Acquired by Noted Flyers for High Altitude Experiments

In preparation for their experiments in high altitude flying Col. and Mrs. Charles A. Lindbergh have acquired locally developed electrical flying suits, invented by Dr. R. R. Charles of Los Angeles.

Col. and Mrs. Lindbergh plan to test the upper air currents on cross-country flights and the electrical suits have been acquired as a precaution against chill winds above 15,000 feet.

An hour was put in by the noted pilot yesterday at the controls of the Sirius. He went aloft with Richard Von Hake, chief engineer of Lockheed, and cruised in the vicinity of the Burbank aircraft factory.

No date has been set for his and Mrs. Lindbergh's return to the East, the colonel stated.

The new wing that will allow the landing gear to retract while in flight and add an expected twenty miles an hour to the already speedy ship, will be completed within three weeks, it was indicated at the factory yesterday.

The Lindberghs have been here since January 5, last, as guests of J. L. Maddux, president of the T. A. T.-Maddux Airlines, of whose technical committee Col. Lindbergh is chairman.

Song Writer in Reply to Wife Seeks Divorce

Nacio Herb Brown, song writer who was ordered Monday to pay his wife, Ruby Porter Brown, $750 a month pending trial of her separate-maintenance complaint, yesterday replied to his wife's suit with a cross-complaint for divorce.

Mrs. Brown threatened to commit suicide in no less than three different ways, according to her husband's complaint. She threatened to take poison, jump out of a window, and asphyxiate herself, it is asserted. Because of this "suicide mania," Brown says, he asks custody of his 9-year-old son.

Brown admits holding community property, and states he will agree to any reasonable property settlement. His answer was prepared by Attorney Milton Cohen.

Fall on Banana Skin Causes Suit

An accident asserted to have been caused by a banana peeling on the platform of a street car is the basis of a suit for $10,700 damages brought by Mrs. America Young against the Los Angeles Railway Corporation, which went to trial yesterday before a jury and Superior Judge Archbald.

Mrs. Young contends the fall caused her to lose consciousness, displaced a bone in her vertebra and injured her left knee. The plaintiff is the manager of an apartment-house.

Attorneys Claude A. Watson and Millard M. Wier are representing Mrs. Young, while Attorney Philip C. Sterry represents the railway company.

CATHOLICS END SESSIONS HERE

Two-Day Region Conference Closes With Dinner

Industrial Problems Bring Broad Discussions

Speakers Before Gathering Urge Five-Day Week

Discussions of industrial problems which have been held for two days at the Alexandria during the regional meeting of the Catholic Conference on Industrial Problems ended with a dinner at the hotel last night.

Bishop Cantwell of the Los Angeles and San Diego diocese was the principal speaker at the banquet, which was attended by many well-known men and women of the city. In his address Bishop Cantwell said in part:

"Every man and woman is entitled under the laws of God and man to a fair wage, fair recreations and fair living conditions. Everyone physically able is entitled to an opportunity to earn a living.

"In this locality we are faced with problems peculiar only to this section of the country. We have labor to be performed that many of our people do not care to perform and it is left to our Mexican brothers. I am told by one in authority to know that there are 250,000 Mexicans between Fresno and the Mexican border.

WHAT THEY'RE ENTITLED TO

"These men come here to earn a living at arduous duties that many of our people shun and I am told that the influx of this class of labor is vitally important to California. These people are entitled to clean homes and clean streets and fair wages. Their children will become future citizens of the United States and they are entitled to decent homes and school conditions and opportunities. Not only should they be given these things for industrial prosperity, but also for the sake of Christianity."

The unemployment problem featured the session of yesterday afternoon and although the situation was approached from varied angles by the speakers, all expressed the opinion that one of the basic causes of industrial depressions is "an overproductivity in the industrial field and a too narrow income to the wage earner."

This point was particularly stressed by Rev. R. A. McGowan, assistant director of the social action department of the National Catholic Welfare Conference, Washington, D. C. He asserted that the five-day week would "take up much of the slack in the ranks of the unemployed."

ALL THE WAY DOWN LINE

"It is necessary that the wage earner make enough money to buy the products he requires for his family," Mr. McGowan asserted. "It runs all the way down the line from the stock market to the farmer. When the farmer does not get enough money for his produce he is unable to buy the farm machinery that the factory worker produces.

"Consequently the merchant finds his shelves stocked with goods that he cannot sell, the manufacturer finds his storerooms filled with products he cannot market, and the wage earner finds himself out of a job."

TOO MUCH GOODS

"This increase was due to better and newer machinery, of course, but the wages did not increase correspondingly. This widening of productivity of the various industries put on the market more products than could be consumed. Consequently the merchants and the manufacturers cannot absorb and use more labor.

Organized labor's side of the problem was presented by J. W. Buzzell, secretary of the Los Angeles Union Labor Council. He directed criticism at manufacturers who make their products in foreign countries and who, according to Buzzell, ship them back to the United States.

Buzzell also advocated a five-day week and a shorter working day.

CHAMBER WORK TOLD

The Chamber of Commerce was represented by E. F. MacDonough, manager of the domestic trade department. He told the work the Chamber of Commerce is doing in bringing new industries and new business into the city's area.

He attributed the Los Angeles unemployment problem to natural causes following the rapid growth of the community both in population and industry.

"The situation cannot be worked out in a day, or a year, but the Chamber of Commerce is in an unceasing fight to bring industries here and to decrease the ranks of the unemployed with steady work and fair wages. The chamber goes out after every industry throughout the country and the industrial advantages of Los Angeles are constantly advertised.

"The Chamber of Commerce was the big factor in recently bringing the large tire-manufacturing companies to this area. Other great industries have been brought here by the Chamber of Commerce and more are being sought to absorb the unemployed labor."

D. J. Cahill, president of the Western Hardwood Lumber Company, presided. Following the afternoon's regular program an open forum was held and many brief speeches were made from the floor.

Pickwick Night Busses Rerouted

Rerouting of all Pickwick night-coach schedules between Los Angeles and San Francisco from Ventura Boulevard over Malibu highway, effective April 1, was announced yesterday by H. A. Wooster, general traffic manager of Pickwick and affiliated motor coach lines.

Several communities thus are added to the list of those served by the busses, including Beverly Hills, West Los Angeles, Santa Monica and points on the Malibu highway north to Ventura. No change is made in the routing north of Ventura.

Under the new schedules the night coaches will leave Los Angeles and San Francisco at 6:30 p.m. daily, as heretofore, and arrive at their destinations at 9:10 a.m. instead of 9 a.m.

Coulter Dry Goods Co.

FOUNDED IN 1878

Seventh Street at Olive

Easter for Juveniles at Coulter's

Coulter's is radiantly ready with all that goes to make up the fashion-world of little people of two to six.

Children's Dress-Up Week
April 1st to 8th

Flannel Coats $10.75

For baby; for girls and boys of 2 to 6—coats of fine Botany flannel, stitched collars and cuffs, fronts and belts; lined throughout with crepe de chine; pastel and white.

Easter Hats $3.95

Of Interest to Women

Society

by JUANA NEAL LEVY

Dr. and Mrs. Frederic Beal West (Helen Henderson) are entertaining this evening with a Mi Careme reception at their home in LaFayette Park Place, in honor of Dr. and Mrs. Artur Rodzinski and members of the Little Symphony assisting on the last concert of this season for Pro Musica.

Assisting the hosts will be Mrs. B. Boyce Smith, Mrs. Leiland Atherton Irish, Mrs. Joseph J. Carter, Mrs. Earl Rively Holland, Mrs. E. Roscoe Shrader, Mrs. Calvert Wilson, Mrs. Norah L. Puterbaugh, Mrs. Charles G. Sivers, Mrs. Samuel Travers Clover, Mrs. George Sinsabaugh, Mrs. Clifford Lott, Mrs. Bertha Fiske Vaughn, Mrs. Alice Coleman Batchelder, Mrs. Olga Steeb, Mrs. Kathleen Lockhart Manning, Mrs. Bertha Knisely, Mrs. Gertrude Ross, Miss Gladys Caldwell, and Messrs Arthur Peery, Joseph L. Levy, Dr. Kendall-Frost, Edgar Baruch, Emile Ferir, Henri De Busscher, Axel Simonson, Thila Backer, Bruno Ussher, Abby De Avirett, Roland Diggle and Waldo F. Chase.

All members of Pro Musica have been bidden.

Church Ceremony

The marriage of Miss Mabel Anita Dilliner, only daughter of Mr. and Mrs. Ira Newton Dilliner of 1687 Lucretia avenue to William Hickson of Phoenix, Ariz., was solemnized in St. John's Church, West Adams street, the ceremony being performed by the rector, Rev. George Davidson, at 5 p.m. last Wednesday.

The altar was beautifully decorated with spring flowers and was ablaze with myriads of lighted tapers. Dr. Roland Diggle presided at the organ.

Miss Mabel Englias, life long friend of the bride, who recently toured Europe with her, assisted as maid of honor, while Garvin Johnson of Whittier served as best man.

After an extended wedding trip, Mr. and Mrs. Hickson will make their home in Phoenix, where Mr. Hickson has a home in readiness for their occupancy.

Double Birthday Anniversary

When children's birthday anniversaries come in pairs at the Huntington, Pasadena, a double party and two celebrations are in order. John Nash, son of Mrs. Auchinaloss Nash of New York and Stephen Vosper, son of Mrs. W. W. Vosper of Toledo, O., discovered that their birthday anniversaries came on March 31 and April 1 respectively and Mrs. Nan Tuedio accordingly arranged the celebration, the first half taking place Monday with a birthday banquet on the ballroom, while yesterday the celebration continued with a garden party on the Huntington grounds, one of the features being a lollypop tree in full bloom.

The table with its decorations of spring flowers groaned under the weight of three Jack Horner pies filled with presents for the two celebrants, and two huge birthday cakes, Johnny's having nine and Stephen's ten candles. Those included were Jane Vosper, Anita Nash, Polly Walsh, Dorothy Royce, Ann Matthiessen, Mary Eda Matthiessen, Peggy Lillenthal, Patsy Lilenthal, Dorothy Riddell, Shirley Smith, Barbara Frank, Joan Frank, Priscilla Bullitt, Eleaine Victor, Dorothy Davies and William Vosper, Seabourne Livingstone, Daniel Royce, Stephen Royce, Robert Honeyman, Charles Matthiessen, Jr., John Riddell, Malcolm McNaghten, Jr., William Victor, John Sensenbrenner, Jimmy Tuedio, Peter Welch, Ray Davies, Harley Higbee, Hughie Higbie and the two honor guests.

For Bride-Elect

Honoring Miss Hildred Harris, who will become the bride of Charles Engler the 10th inst., a beautifully appointed tea and bridge party was given at the Chevy Chase Golf Club by Miss Margaret Harmseb and Miss Betty Doriahue. The decorations were carried out with fragrant spring blossoms and ferns. Those included were Miss Beatrice Cummings, Miss Dorothy Cummings, Miss Laura Dunn, Miss Dorothy Foehlinger, Miss Charlene German, Miss Mary Martin, Miss Carol Rice, Miss Ruth Stubbs, Miss Gretchen Snyder, Miss Ione Cowan, Miss Grace Thompson, Miss Martha Biehl, Mrs. Reginald Boqua, Mrs. Maurice Machris, Mrs. Charles Harris, Mrs. William Engler, Mrs. Max Harmsen, Mrs. William Noland, the hostesses and honor guest.

Supper Party

Honoring William Andrews Clark Jr., founder of the Philharmonic Orchestra of Los Angeles, Dr. and Mrs. Rodzinski will entertain with a supper party at the Biltmore immediately following the Philharmonic Orchestra concert the 10th inst. Assisting in receiving will be Mrs. Robert Irwin Rogers, Mrs. Cecil Frankel and Mrs. George Leslie Smith, members of the board of directors.

Honors Cousin

Honoring her cousin, Miss Edith Frost of New York, who is passing some weeks in California, Mrs. J. Lynn Ironmonger of 638 North Elm Drive, Beverly Hills, entertained with a luncheon and bridge event Monday afternoon at the Beverly-Wilshire. Yellow and green were used in the color scheme and the travel thought was carried out in the favors. Miss Frost came to California through the Panama Canal. Mrs. Warren Van Court Stoepel assisted Mrs. Ironmonger.

Those included were Miss Frost. Mmes. Kenneth Albright, Fay Anderson, Robert S. Breyer, William Buskirk, Charles E. Beyer, Douglass Burrows, S. S. Berger, Fred G. Bell, Wiley Caldwell, J. J. Canaven, Joe S. Dehnel, Earl Fletcher, Frederick Graves, Louis Hitchcock, Frank J. Ironmonger, Isabel Jardine, Katherine Johnson, Edmund Locke, George L. Lovejoy, Sr.; George L. Lovejoy, Jr.; Jay B. Millard, C. R. Maddox, Ben G. Martin, D. Lee Narver, Arthur Newby, Emerson Newman, Clarence B. Osborne, Phillips Postell, Jr., Fred Pettit, George Prindle, Herbert Ross, Frank Skinner, Ralph Spotts, William A. Simpson, Paul Schwab, Charles F. Smith, Elizabeth Lloyd Smith, Raymond Stevenson, Earl Thee, Leslie Williams, Richard Waltz, George Wright and J. C. P. Westengard, and Misses Ruth Moll, Gertrude Stahler and Arleen Washburn.

Sport-full Days

BESIDE the bluest ocean, underneath the Pines, Del Monte's days are farthest famed of any California owns.

From the world's remotest corners travelers come to learn its lure . . . why don't you plan now for a glorious outdoor weekend . . . at *Del Monte*.

RIDING - A hundred miles of bridle paths.

GOLF - On courses that champions discuss.

GUEST RANCH - Comfort with a dash of the old West at San Clemente Rancho.

EVERY SPORT - And countless ways to loaf . . . in luxury.

HOSTESSES AT SORORITY AFFAIR

Pi Kappa Sigma Formal Held at Beach

Misses Ireta Brossius and Irene F. Stoll

THE annual spring formal of Pi Kappa Sigma, Omega chapter, was held at the Deauville Beach Club, where tables were decorated with a profusion of spring blossoms and the programs cleverly carried out the sorority colors.

Mr. and Mrs. Frank A. Nagley were patrons and Miss Ireta Brossius and Irene F. Stoll hostesses of the evening.

Pi Kappa Sigma is the oldest national educational sorority, having been founded in 1894, and Omega chapter has been on the campus of the University of Southern California since 1927.

Miss Mercedes Sparks, president of Omega chapter, not only is outstanding for her work in Pi Kappa Sigma, but is a member of Pi Lambda Theta, Phi Mu and Mortar Board.

Chef Wyman's RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will stration of good cookery in the conduct a free class and demonlecture room of the Southwest Building, 130 South Broadway.

CHICKEN CURRY

Belgian hare or lamb may be substituted for the chicken, cut the raw meat into pieces, roll in flour, and saute in oil, brown well, and fry until beginning to get tender, remove the meat to a warm place, add to the oil, one medium-sized onion chopped fine, and cook until clear; but not brown, add one tablespoonful of flour, one tablespoonful of curry powder, and allow to cook for three minutes, then add one and one-half cupfuls of white stock, that has been made from the meat bones, add the meat, three large tablespoonfuls of cocoanut, one tablespoonful of chutney, one medium-sized apple, peeled, cored and sliced, two teaspoonfuls of lemon juice and a seasoning of salt. Add the meat to the mixture, cover and cook slowly, until the meat is tender, place the meat on a hot plater, add two tablespoonfuls of cream to the sauce, pour over the chicken or meat and serve with boiled rice. Pass with it a condiment tray containing, chopped hard-boiled eggs, chutney, mustard pickles Bombay duck and freshly grated cocoanut.

DATE PUDDING

Beat the yolks of three eggs, and add to them three-fourths of a cupful of sugar, one cupful of dates, cut in small pieces, one cupful of coarsely chopped walnut meats, sift one cupful of fine bread crumbs with three level teaspoonfuls of baking powder, and mix with the egg mixture, then fold in the stiffly beaten whites of the three eggs. Place the mixture in individual oiled baking dishes, place in a pan of hot water, and bake in a moderate oven. Serve with—

ORANGE CUSTARD SAUCE

Dissolve three tablespoonfuls of cornstarch in four tablespoonfuls of cold milk, place two cupfuls of milk in a double-boiler, and slowly add cornstarch to it; stir constantly until all thickened, then add the beaten yolks of two eggs to which has been added one-half a cupful of sugar, cook slowly until the mixture will mask a spoon. Then add one tablespoonful of grated orange rind, and three tablespoonfuls of orange juice, remove from the fire. Cool and use.

PIMIENTO CHEESE AND RICE CROQUETTES

One cupful of pimiento cheese, two cupfuls of cold boiled rice, two eggs, one cupful of milk, one-fourth of a cupful of butter, one third of a cupful of flour, a seasoning of salt and paprika; place the butter and flour in a double-boiler and when melted slowly add the milk. Stir until thick and then add the grated cheese, and stir until melted, season with the salt and paprika; allow to cool, add the rice to the mixture, and when cold, shape into croquettes. Roll in fine dry bread crumbs, dip in the eggs that have been slightly beaten and diluted with two tablespoonfuls of water. Roll in crumbs again, and fry in deep hot shortening.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded in this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, anemonlasal urine, bed wetting, training in cleanly habits, perils of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

SHORT WALKS ARE EXCELLENT FOR SMALL CHILD

The present-day pampered child has too much done for him. Streets are full of small children up to 3 and 4 years of age who are bundled into carts and wheeled about all afternoon by devoted mothers or nurses. The child would be much better off if he were running and playing all afternoon than being so inactive. Despite the fact that the child is being filled to the point of bursting with air and sun his muscles are deprived of much healthful exercise.

Most children are carted around in buggies, probably because they are less trouble that way. But Mrs. L. L. G. isn't so sure that the buggy method of exercise is the right one:

"My little girl is 20 months old, is a trifle overweight, but otherwise in perfect health. She has never had a sick day, nor has she had any trouble with teething. Now here is my problem. My mother lives about four and one-half blocks from me and in this nice weather I have taken her over there, allowing her to walk every step of the way.

"I never hurry or rush her, allowing her plenty of time, and when we get home she naps about three hours. She is so rosy-cheeked that I can't think it harms her, but mother insists that it is too hard on her legs and that it might make her bow-legged. I have never seen so young a child walking, they are always in carriages, but I will wait for your answer before discontinuing."

SHORT WALKS ARE HARMLESS

I'm glad you made that last statement, Mrs. L. L. G., for I knew that the child would not be deprived of this excellent little walk while you waited for an answer.

Of course so young a child could not take long walks, and long walks would not be as good for her as to play outdoors. This short walk does no harm at all. You know that she walks ten times that distance in the house without injury to her legs.

Bowlegs are the result of rickets, and only a rickety child would be subject to such injury from too much walking. I doubt if a rickety child would want to walk, and your child's real delight in this exercise is a good indication that she is strong enough for it.

I would like to suggest that if your child begins to waken at night and stay awake several hours or refuses to go to sleep at the regular time, the three-hour nap may be responsible. This is a long daytime nap for a child who goes to bed at 6:30 or 7 and mothers should recognize it in the older child as a frequent cause of wakefulness at night when no other cause can be discovered.

Shrine's Head Seeks Stamps For Children

Potentate Wadley of Al Malaikah Temple yesterday urged immediate donation of canceled postage stamps for distribution among the poor, crippled children in the General, Orthopedic, Children's, Methodist, Lutheran and other hospitals. Canceled stamps have been found an invaluable aid to teachers in encouraging the children to study concerning countries from which the stamps come.

At the General Hospital grades of many children have been doubled by taking up this work.

"The work of collecting and sorting the stamps fascinates the children and brightens their minds," said Wadley. "Many of these little children will be cripples for life, and we view this work as a splendid chance to bring happiness to them. We take care of distributing the stamps and supplying the necessary books and other things for the children."

It is requested that stamps be sent to Recorder Ramsey at 665 West Jefferson street.

Value of Faith Told by Pastor

"Scoffers may say what they will about faith but no rational man can deny the value of faith which is proved by its effects," declared Dr. Leslie E. Learned, rector of All Saints Church of Pasadena, in his sermon yesterday at St. Paul's Cathedral.

"Faith is a transcendant quality," said Dr. Learned. "It is the source of progress, the crutch of the weak, the salvation of the sinner, the mother of courage. Faith sends Socrates to death with a smile on his face, lights a candle of joy in the heart of the bereaved and inspires the martyr to sing as he dies in the flames."

The preacher at St. Paul's Cathedral at noon today, tomorrow and Friday will be Dr. Edwin S. Lane, dean of Trinity Pro-Cathedral at Phoenix, Ariz.

Why 85% of America's leading hospitals use Kotex absorbent

Greatest comfort . . . remarkable absorption . . . less bulk and weight . . . are reasons why 85% of leading hospitals now use Kotex absorbent.

PROPER sanitary care is more than a matter of personal daintiness . . . it's a matter of actual *health protection*.

So it's highly significant that 85% of America's leading hospitals select the very same material of which Kotex is made . . . Cellucotton (not cotton) absorbent wadding. You may use Kotex, safe in the knowledge that the greatest hospitals could offer nothing finer.

Why Kotex is more hygienic

Its amazing absorbency makes Kotex safer in many ways. Kotex absorbs *away from the surface*. The surface is kept soft, fluffy and delicate. This is not only more comfortable, but more hygienic and far daintier.

Because Kotex absorbs so thoroughly, bulk and weight are not needed. You've no unpleasant consciousness of sanitary protection . . . no nervousness . . . no worries. There's no "packing," because Kotex is made of air-cooled layers of Cellucotton.

Remember that Cellucotton is not cotton — but a cellulose substance which performs the same sanitary function with 5 times the absorbency of the finest cotton.

There are many reasons why Cellucotton makes a superior sanitary pad. It is so easy to dispose of!

KOTEX IS SOFT . . .

1—Not a deceptive softness, that soon packs into chafing hardness. But a delicate, lasting softness.

2—*Safe, secure* . . . keeps your mind at ease.

3—*Deodorizes*, safely, thoroughly, by a special process.

4—*Disposable*, instantly, completely.

Regular Kotex—45c for 12
Kotex Super-Size—65c for 12

Ask to see the KOTEX BELT and KOTEX SANITARY APRON at any drug, dry goods or department store.

KOTEX
The New Sanitary Pad which deodorizes

Kotex Company, Chicago, Ill.

NO NEED FOR TASTELESS VEGETABLES

Their Flavor Can Be Improved While Cooking or Before Serving Them

Cooks who are successful in the art of making vegetables appetising, depend upon two rules. First, cook raw vegetables in as little water as possible. Canned vegetables should not be re-cooked—merely heat them thoroughly. Second, use a mixture of sugar and salt in seasoning them.

Salt, by itself, merely overcomes flatness. Sugar, however, "brings out" the flavor of the vegetable. And when the two are combined, an unusual appetizing goodness is developed. A dash of sugar to a pinch of salt is a good rule to follow.

In the case of extra-mild flavored vegetables, sugar, salt, mustard, oil and vinegar can be combined and used as a flavor just before serving. For example, after spinach—canned or fresh—is taken from the fire, drain it and then heat for a minute in this mixture: 1 teaspoon sugar, ½ teaspoon mustard, ¼ teaspoon salt, 1 tablespoon vinegar and 2 tablespoons salad oil.

The more one experiments with sugar and salt in seasoning vegetables, the more apparent is the flavor value of this combination. Doctors and dietitians approve this use of sugar as a flavor. Most foods are more delicious with sugar. The Sugar Institute.

FRECKLES

Tells How to Rid Your Complexion of These Ugly, Rusty-Brown Spots

If you freckle easily, yet find these blemishes hard to remove, read what thousands of women do to fade out every last freckle and gain a clear, beautiful complexion. They use Othine and no longer dread the summer sun and winds.

You, too, will find that after a few nights' use of this dainty white cream even the worst freckles have begun to disappear while the lighter ones have vanished entirely. It is seldom that more than an ounce of Othine is needed to clear the skin of these ugly blotches.

Be sure to ask at any drug or department store for Othine double strength. It's always sold with guarantee of money back if it does not remove even the worst freckles and give you a lovely, milk-white complexion. — [Advertisement.

To WOMEN who want to stay YOUNG

Never Neglect Your "NERVES"

"NERVES" cause more lines and wrinkles in the face than age. Beauty and charm soon fade if you don't control your "NERVES." Nervousness affects the digestive organs often causing skin and complexion troubles. Then strive as you may with powders, creams and facials you soon begin to look old—long before your time.

Try This Delightful Way to Quiet Your "NERVES"

"Control your 'NERVES,'" say leading beauty experts, "if you want to keep the wrinkles out and preserve your beauty and youthful complexion." Whenever you feel nervous—just drop a Dr. Miles' Effervescent Nervine Tablet into a glass of water . . . you'll like the pleasant sparkling, bubbling drink it makes . . . you'll be delighted the way it soothes and calms your overwrought "NERVES" and gives nature a chance to correct the trouble. You'll enjoy the renewed sense of poise and self-control it brings.

For over 30 years Dr. Miles' Nervine (in liquid form) has brought grateful relief to thousands of nervous people. Now this same time-tested formula is offered to you in handy Effervescent Tablet form. In the Tablets the NERVINE formula is combined with bicarbonate of soda and citric acid tending to correct acidosis—a frequent cause of nervousness. They contain no harmful drugs.

Today modern women are fast coming to realize that "NERVES" must steal their youthful charm and attractiveness. No woman can long retain her youthful looks and pleasant disposition if she is subject to Nervous Headache, Nervous Irritability, Nervous Indigestion and similar nervous troubles.

Dr. Miles' Effervescent NERVINE Tablets have been adopted by thousands of women as an aid in maintaining the freshness of youth. When "NERVES" bother you try this modern way to relax tense "NERVES." It's safe and harmless and gives prompt refreshing relief.

Mrs. H. Carter of Newark, New Jersey, writes—

"I cannot tell you in words how much Dr. Miles' Effervescent Tablets have done for me. I find them just as you say—effective, pleasant and convenient. They keep me feeling fine."

Accept This Trial Offer

Don't let "NERVES" rob you of beauty and charm. Get a package of Dr. Miles' Effervescent NERVINE Tablets at any drug store. Try them on this "Money-Back" offer. Take them whenever "NERVES" bother you. If you are not fully satisfied with results, the druggist will refund your money. Get a package today . . . the cost is small for the big relief they bring.

GROUND WILL BE BROKEN BY CLUB

South Ebell to Start New Home Friday

Porter Will Be Speaker at Morning Ceremony

Building Will Be Open for Community Affairs

BY MYRA NYE

Ground will be broken for the new clubhouse of South Ebell Club Friday at 10 a.m. at the corner of West Seventy-first street and Main avenue, Mrs. Eugene H. Brockway, president of the club, will preside. Mayor Porter as chief speaker.

The Los Angeles Playground Band, directed by E. A. Suman, will give opening numbers, and after the program out-of-doors members and guests will adjourn to the clubhouse, 7236 South Vermont avenue, where other numbers will be given as follows: Miss Betty Hughes, violinist, accompanied at the piano by Mrs. Mabel Johnson; Mrs. Florence Johnson, speaking on "Current Events," and Mrs. Florence Mims directing a brief musicale.

The new clubhouse will be a two-story building of modernistic architecture. Mrs. Brockway extends an invitation to the general public to attend the ground-breaking exercises. The clubhouse, she says, will be open to community uses as well as to members.

Formal Spring Dance

Another foothill affair is the formal spring dance of the Girls' Collegiate School on a mesa overlooking the foothill district of Glendale, where Miss Carol Mills, principal of the school, assisted by Miss Glenn Loot, dean, and residence; Jane Wall and Ali Ayars, the former a student body officer, will be hostesses. The affair is one for Friday evening this week and will be featured by a modernistic portrayal of spring as it comes to the hills and countryside. The decorations within will be entirely spring flowers and will be intensified in their beauty by the frangrance of the orange blossoms as the school is set in an orange grove and the trees are now in full bloom.

MISS CAROL MILLS.

Wistaria Fete

A beautiful civic affair sponsored by club women is the annual Wistaria Fete, which will be opened tomorrow by the Sierra Madre Women's Club on Scenic Point.

Of Interest to Women

GROUND WILL BE BROKEN BY CLUB

South Ebell to Start New Home Friday

Porter Will Be Speaker at Morning Ceremony

Building Will Be Open to Community Affairs

BY MYRA NYE

Ground will be broken for the new clubhouse of South Ebell Club today at 10 a.m. at the corner of West Seventy-first street and Menlo avenue. Mrs. Eugene H. Brockway, president of the club, will present Roger Porter as chief speaker.

The Los Angeles Playground band, directed by E. A. Suman, will play opening numbers, and after the program out-of doors members and guests will adjourn to the clubhouse, 7326 South Vermont avenue, where other numbers will be given as follows: Miss Betty Hughes, cornetist, accompanied at the piano by Mrs. Mabel Johnson; Mrs. Bertha Johnson, speaking on "Current Events," and Mrs. Florence Minnot, rendering a brief musicale.

The new clubhouse will be a two-story building of modernistic architecture. Mrs. Brockway extends an invitation to the general public to attend the ground-breaking exercises. The clubhouse, she says, will be open to community uses as well as to members.

Annual Spring Dance

Another foothill affair is the formal spring dance of the Girls' College School on a mesa overlooking the little foothill city of Glendora, where Miss Carol Mills, principal of the school, assisted by Miss Gladys Loot, dean of residence; Jane Wall and Alice Ayars, the two latter student body officers, will be hostesses. The affair is one for Friday evening of this week and will be featured by a modernistic portrayal of spring as it comes to the hills and countryside. The decorations within will be entirely of spring flowers and will be intensified in their beauty by the fragrance of the orange blossoms as the school is set in an orange grove and the trees are now in full bloom.

MISS CAROL MILLS.

Vistoria Fete

A beautiful civic affair sponsored by club women is the annual Vistoria Fete, which will be opened tomorrow by the Sierra Madre Women's Club on Scenic Point in the Foothill City with a breakfast. Mrs. John H. Robertson, president of the club, will preside. The fete will last three weeks, the approximate time of the wistaria blooming.

Mrs. Fred Griebe is chairman of the grounds committee and of the arrangements there. Luncheon will be served in the Wistaria Arbor each day of the fete including Sundays. Club women, in pastel-shaded coolie coats to match the vine's bloom and the myriads of roses and spring flowers, will assist in serving. A new arbor has been built to accommodate the new growth of a year, which is a marvelous exhibit of itself. The vine is thirty-seven years of age and was planted by Mr. and Mrs. T. H. Fennell, whose house it now covers.

The Los Angeles League of Women Voters will meet in Sierra Madre to enjoy the fete at the invitation of Mrs. W. J. Lawles, whose foothill home will be the scene of welcome for the board of directors the 16th inst.

Philanthropy and Civics Club

Mrs. Joseph B. Bonhaus, past-president of the Philanthropy and Civics Club and now chairman of current events, announces that Lee Shippey will talk to the club tomorrow on "Personal Glimpses" of people and places that have come under his observation during his twenty-two years' experience as an editor and columnist.

The social-service department, under the direction of Miss Margaret Edgin, has established a permanent commissary for the benefit of the many poor families which the club regularly assists. The last Thursday of each month has been reserved for the grocery shower. The call for food has been so heavy this winter that it has been found advisable to have a stock on hand to avoid delay when hungry babies need feeding. An appeal is made to members by the president of the club, Nellie Dean Graham, to donate cans and package food in advance.

Fashion Decrees

Joan

Los Angeles Ebell

Honoring the artists who are exhibiting at Ebell Art Salon during the current month, the president's luncheon today, with Mrs. A. Bennett Cooke presiding, will be devoted to art. Arthur J. Secor, president of the Toledo (O.) Art Museum, and Mrs. Secor will be honored guests.

MRS. A. BENNETT COOKE

Mrs. Sloan-Orcutt has offered a prize for the best water color exhibited at Ebell by an artist of the California Water Color Society and this prize will be awarded at the luncheon. The judges are Hugo Ballin, A. N. A.; William Ritschell, N. A.; Max Weicsorek, Mrs. Orcutt and Mrs. Sidney A. Temple.

MRS. SLOAN ORCUTT.

Julian E. Garnsey, president of the California Art Club, will talk on mural painting in the salon where murals of the following distinguished artists are on exhibit: Frank Brangwyn, Hugo Ballin, Armin Hansen, Julian Garnsey, Dean Cornwell, Dan Grosbeck and Gordon Couts.

Ebell Art Salon will be open to art lovers Wednesday from 2 to 4 p.m.

Business Woman's City Club

Oliver D. Keese will speak on "Assessments and Taxation" at the meeting of the Business Woman's City Club tomorrow evening in the garden dining-room of the Women's Athletic Club, 829 South Flower street. Dinner is served at 6:30 p.m. Bertha L. Aldrich is president of the club.

Today in Women's Clubs

Mrs. Albert Tappeiner, chairman of drama for the Catholic Woman's Club, will present as speaker Cora Mel Patten, national chairman of the Junior Drama League, who will speak on "The Children's Theater." In the auditorium following the luncheon the junior group of the club will present a fashion show.

"One or Two" is the subject of a one-act skit to be presented before the Wilshire Art and Travel Club today at a meeting beginning at 10:30 a.m. Margaret Messer Morris, accompanied at the piano by Ivy Mae Travis, will sing a group of songs and Burr McIntosh will speak on "The Cheerful Philosopher."

The Sunshine Club of Columbia Circle 24, Ladies of the Grand Army of the Republic, will serve a noon dinner at Patriotic Hall, 1816 South Figueroa street. Mrs. Ida Andrews, the president, will be hostess.

HEARING ON PARK CUTS COUNCIL WORK

Due to the extended hearing on the Victory Park, Council committee meetings yesterday were curtailed. The hearing on establishing an inspection charge on imported milk, scheduled for the Health and Sanitation Committee, was postponed until tomorrow afternoon. The hearing on the change of grade at First street and Broadway, before the Public Works Committee, will be conducted next Tuesday afternoon.

WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

PETER GREETS MRS. QUACK

What greater pleasure than to greet
A friend you had not thought to meet?
—Peter Rabbit.

Peter Rabbit sat among the old, broken-down bulrushes on the edge of the Smiling Pool. He had come over to listen for a while to Peeper the Hyla and his friends, the sweet singers of the Smiling Pool. Peter always feels better for listening to Peeper. Sometimes when the coming of sweet Mistress Spring seems long delayed and Peter becomes discouraged, he finds that he gets much help from just listening to the song of Peeper the Hyla, Peeper always seems so sure that Mistress Spring is close at hand that those who hear him get the same feeling.

It was late in the afternoon. Peter could see jolly, round, red Mr. Sun getting ready to go to bed behind the Purple Hills. Peter moved. Instantly the singing in the Smiling Pool stopped. It was so silent that you never would have guessed that a singer was anywhere about. And it was all because Peter had moved. You see, he had jarred the ground ever so little and the nearest Hyla to him had instantly stopped singing. That was the same as a signal. If one stopped singing, it must be for some reason. Therefore, all the others stopped singing. So Peter once more made himself comfortable and sat perfectly still. In a moment the nearest Hyla to him, having decided that there was no danger after all, began to sing. At once all the other Hylas began to sing.

Peter sat with his eyes half-shut, listening to this concert from the water. Suddenly he heard a whistling sound. Instantly his eyes flew wide open and his two long ears stood up straight. In fact, Peter sat right up. He recognized that whistle. Only wings could have made that whistle and those wings the wings of Ducks passing very near. Against the red of the sky, where jolly, round, red Mr. Sun was going to bed, Peter saw seven big, black, swiftly moving shapes. They turned. Now they were coming back and they were coming down on a long slant straight toward the Smiling Pool. Splash! The first one landed on the water. Splash! Splash! Splash! The others followed.

"Welcome!" cried Peter. "Welcome back to the Smiling Pool, Mrs. Quack"

"Quack, Quack," said a familiar voice.

Peter felt just like dancing. Yes, sir, he did so. He knew that voice. It was many months since he had heard it, but he knew it. "It's Mrs. Quack!" said Peter to himself. "It's Mrs. Quack the Mallard Duck and some of her friends. I wonder if Mr. Quack is with her."

At once Peter hopped out. At the first movement he made Mrs. Quack turned her head toward him. It was plain that she was startled and suspicious.

"Welcome!" cried Peter. "Welcome back to the Smiling Pool, Mrs. Quack."

"Quack, Quack, Quack!" was the prompt reply, and Mrs. Quack swam toward Peter, leaving the other Ducks on the farther side of the Smiling Pool. "Well, well, if it isn't Peter Rabbit!" she exclaimed. "It certainly is good to be back here."

"Is Mr. Quack with you?" inquired Peter.

"He stopped on the Big River," replied Mrs. Quack, "but he'll be along presently. I think he's coming now."

Sure enough, another Duck alighted in the Smiling Pool and at once began swimming toward Mrs. Quack. It was Mr. Quack. Peter couldn't see the beautiful colors of his coat, because it was not light enough; but he knew it was Mr. Quack.

Health and Diet

ADVICE

by DR. FRANK McCOY

Author of "The Fast Way to Health"

SOME POTATO RECIPES

In preparing potatoes it is good to remember that most of the alkaline elements are close to the skin. Whenever possible potatoes should be cooked or prepared with the skins on. If the peel is to be removed first, it should be as thin as possible, or just scraped. By cooking potatoes with the skin on they have a better flavor than if peeled. They can be thoroughly cooked by boiling in plain water for about a half-hour. The potatoes can then be peeled and mashed. The middle of the potato contains practically nothing but starch and water with a very small amount of protein.

Baking is the best way of preparing a potato. In baking, unless the skin is oiled, some of the outside skin will be burnt and many of the valuable minerals and vitamins will thereby be lost. Potatoes can be baked in from forty minutes to an hour. When removed from the oven they should be placed in a hot dish, covered with a napkin, and eaten as soon as possible.

Mashed potatoes are wholesome if skinned after being boiled, or if they are very thinly peeled before boiling. There is a tendency to swallow mashed potatoes too rapidly because they are soft, and they should therefore be well masticated. The same applies to riced potatoes.

Fried potatoes cannot be recommended for food, as the fat or grease makes the starch very hard to digest. The least injurious way of frying them is to fix them as French fries. Cut into small pieces, dry in a clean towel, and drop into very hot oil, using preferably a vegetable oil such as olive oil, cottonseed or corn oil. The grease must be very hot, so as to dextrinize the outside of the potato the instant it touches the hot fat, before the grease has time to soak into the potato. Do not add too many pieces to the oil at one time or you will lower the temperature so that the outside of the potatoes will not be thoroughly dextrinized.

Creamed new potatoes may be prepared by rubbing the skin off rather than peeling the potatoes and they should be cooked in a small amount of water and real cream added but no flour sauce.

Potato soup may be made by cooking potatoes until tender, mashing them in water and adding some milk or cream and finely chopped parsley or celery. Serve with thin strips of Melba toast and butter, but no onion or tomatoes.

Potato croquettes may be made by mixing one cupful of hot mashed potatoes, one-eighth teaspoonful of celery salt, one-half teaspoonful of chopped parsley, one egg yolk, one tablespoonful of cream, one-half tablespoonful of butter, and a small amount of salt. Mix thoroughly and shape into small balls. Let stand for a few minutes and drop into deep hot fat for three minutes.

Potatoes and spinach may be mashed together, butter and salt added, and formed into small cakes. These should be baked for a half-hour in the oven until nicely browned.

Scalloped potatoes may be made by peeling raw potatoes, slicing them, and arranging in a baking dish. Fill the dish, add some butter, salt, hot milk, and Melba toast crumbs. Bake in the oven until the potatoes are tender.

Potato puff may be made by baking the potatoes, cutting them in half and scooping out the inside. Keep the shells and fill them with the potato pulp mixed with milk, butter and salt. Brown in the oven.

AID FUNDS PROVIDED BY COUNTY

To Cover Charities Deficit, Supervisors Vote $200,000 After Hearing Reports

With 13,000 families reported to be partly or wholly dependent on the county for support, the Board of Supervisors yesterday voted an appropriation of $200,000 to cover a deficit in the charities fund.

Figures were supplied the board by Supervisor Shaw, who said there has been a large increase in the number of families receiving help since last fall. The opinion was expressed that unemployment has been a factor.

Shaw also quoted figures showing that the situation in Los Angeles is not as serious as in the large industrial centers of the East, and the opinion was expressed by some of the Supervisors that the existing condition will be alleviated during the spring and summer.

Yesterday Supervisor Shaw recommended a reorganization of certain charity functions of the county so that one department will have supervision over cases receiving aid jointly from the county and State.

HARRY CAREY TO SPEAK

Harry Carey, motion-picture actor, will be the guest speaker today at a meeting of the Ninety-first Division Association of Southern California. He will tell about his experiences in Africa, where he went to play the role of Trader Horn in the film.

ATTORNEYS PRESENT BOOKS TO UNIVERSITY

Leading attorneys have joined in contributing more than 10,000 books to the research collection of legal treatises in the library of the University of Southern California school of law, William R. Roalfe, librarian, announced yesterday. Among the donors are Biby & Biby, S. L. Carpenter, Henry E. Carter, Chapman & Chapman, C. C. Davis, John W. Fulton, George I. Cochran, John W. Hart, Blake Franklin, Jennings & Belcher, Milton Klein, Loeb, Walker & Loeb, William R. Law, W. W. Middlecoff, Harry Miller, Rorebt Mitchell, Rred Peterson, O'Melveny, Tuller & Myers, Pacific Mutual Life Insurance Company, Veiran Ricca, Floyd Sick, David D. Sallee, J. F. Schwartz, Edward A. Stuart, Judge Carl A. Stutsman, Swenwick & Donnelly, Oscar Trappett, Geaner Williams and R. P. Woods.

DR. HEWITT WILL LECTURE

Field work at Chetro Hall, Chaco Canyon, will be described in an illustrated lecture by Dr. Edgar L. Hewett Thursday evening, the 10th inst., at a meeting of the Archeological Institute in Hoose Hall, University of Southern California. Dr. Hewett is director of the School of American Research at Santa Fe, N. M.

PROCEEDINGS ABANDONED

The City Council yesterday adopted ordinances calling for the abandonment of proceedings for the improvement of Clinton street from Berendo street to Heliotrope Drive, and for the improvement of streets in the Sepulveda street and Santa Cruz district.

STRENGTH

for a few cents

So easy to get Health and Strength for a few cents if you know what food to buy. It is what you digest that builds muscle and bone and furnishes energy to the body. Shredded Wheat is the whole wheat in a digestible form—proteins, carbohydrates and mineral salts for building good bones and teeth—and it costs but a few cents. Delicious with milk and stewed fruits.

WOLFF HEADS ORANGE SHOW

Prominent Business Man to be President for 1931

Executive is Native Son of San Bernardino

Exhibition a Great Success Last February

SAN BERNARDINO, April 1.—Louis Wolff, business man, will head the National Orange Show for the coming year, having been elected to the presidency at the annual meeting of the organization just held. Mr. Wolff was elevated from the vice-presidency to guide the destinies of the twenty-first National Orange Show which will be held in this city next February.

A native son of San Bernardino, Mr. Wolff has been prominent in many civic activities in this section. He arose from the ranks and by dint of hard work and being constantly on the job has been selected on many important committees in lodge, Chamber of Commerce and civic organizations. He has served as the head of a number of organizations and in being elected president of the National Orange Show was rewarded with the highest honor that the annual citrus show organization could bestow.

The report of General Manager R. H. Mack showing that the twentieth National Orange Show was one of the most successful in the history of the organization, was read to the executive committee. President William Starke thanked the committee for its co-operation in months of hard work and then retired in favor of the newly elected president.

Within thirty days a new executive committee will be named and plans will then start on the twenty-first National Orange Show. It is likely that the same executive committeemen who have served for so many years will be reappointed. These committeemen serve without pay, the organization being a non-profit enterprise, designed to promote and develop and publicize the citrus industry of California.

NEW PRESIDENT OF ORANGE SHOW

Louis Wolff

All Sections of Riverside Drive Soon to be Open

NORTH HOLLYWOOD, April 1.—The paving of Riverside Drive, north of Victory Boulevard in San Fernando Valley, connecting with the Riverside Drive section in Burbank, and giving North Hollywood a new and direct link into Los Angeles, is expected to be completed within the next twenty days, it is announced by contractors who have been at work on the highway for some time.

The paving was authorized months ago by the Los Angeles City Council and an allocation of $340,000 in funds made. When the entire length of Riverside Drive is completed, which now is almost the case, the new highway will furnish all San Fernando Valley points the quickest of travel access into the business or downtown centers of Los Angeles.

Part of the drive goes through Griffith Park. The western end of Riverside Drive extends to Van Nuys Boulevard at Van Nuys. Later, it is contemplated, the highway is likely to be built in a still westerly direction, alongside the Los Angeles River, farther into the valley area.

Hurry-up Wire on Postoffice Sent to Evans

SAN FERNANDO, April 1.—San Fernando's idea of prosperity is to act prosperous while all the prosperity talk is taking place.

Encouraged by President Hoover's program for prosperity, the Chamber of Commerce and the Kiwanis and Rotary clubs today sent a telegram to Congressman Evans at Washington asking, "How about the new postoffice promised for San Fernando?" The present status of the general postal appropriation bill was asked about, with the statement that now would be a good time to start work on the building here.

North Hollywood also has been named for a postoffice building. Business men there are planning to wire Evans that now is the time to spend the Federal appropriation.

LUMBER COMPANY HAS NEW OWNERS

INGLEWOOD, April 1.—Sale of the Inglewood Lumber Company by its present owner, Ernest W. Gould, to R. P. Wells of Turlock and Modesto, was announced yesterday afternoon. The new owner will take possession immediately. The deal, which involved several thousand dollars, came as a surprise to the business world of Inglewood, as the success which has attended the efforts of its owner in developing the business has been almost phenomenal, and it has grown into an enterprise which one would be reluctant to dispose of. Gould came here in 1923 and opened the Inglewood Lumber Company in a small way, adding facilities and stock each year until it now ranks among the leading lumber companies of the county. Mr. Wells has been in the lumber business for the past twenty-eight years in Stanislaus county, where he recently sold his interests and moved to Berkeley. He will make his home in Inglewood.

REDONDO COUNCIL ADOPTS GAG RULE

REDONDO BEACH, April 1.—Hereafter all city employees are prohibited from making public addresses unless the subject matter of the speech has been approved by the City Council under provisions contained in a resolution adopted by that body last night. The resolution was the outcome of a complaint lodged by a number of amusement device operators against City Policewoman Cora Wilkie, in which Mrs. Wilkie, who is secretary of the local W.C.T.U., is said to have voiced disapproval of games and dancing in an address before the evening high school several days ago. The Council's ruling was adopted over the protest of the W.C.T.U., which organization in a written resolution attacked the supervision as an encroachment on the privilege of free speech.

CHARTER MEMBERS AT CELEBRATION

UPLAND, April 1.—Twenty years ago when Upland Masonic lodge was established there were several names on the roll of charter members. Five of the charter members were present last night when the twentieth anniversary of the founding of the local lodge was celebrated.

Those five were George P. Smith, Judge George R. Crane, Mayor A. H. Johnson, Harry Kennedy, Roy Bradley. O. P. Brady is master of the lodge.

LEGION COMMANDER COMING

Redlands to Be First Stop of Official on California Tour; Other Cities to Provide Entertainment

REDLANDS, April 1.—National Commander O. L. Bodenhamer will be entertained with a breakfast at the American Legion clubhouse, according to plans of the committee and Commander Frank Godshall of the local post.

Arriving on the Santa Fe at 6:25 a.m. Monday, April 14, Commander Bodenhamer will be met at San Bernardino by officials of the local organization including the drum and bugle corps, and will be escorted to the Legion Club on Cajon street, where breakfast will be served by the members of the auxiliary.

The Redlands visit will be the first to be made in California by the National Commander, who is making a tour of the various departments of the Legion. Definite plans for his reception and entertainment will not be adopted until Thursday evening, April 3, when past commanders of the local post who compose the committee on reception will meet under the chairmanship of A. B. Drake. Officials of the State Department of the Legion and representatives of posts in Southern California are expected to be in Redlands on this occasion, although it is not likely that the National Commander, in view of the strenuous program mapped out for him during his week in California, will give a formal address here. It is probable that he will make a brief talk.

Leaving Redlands after a motor trip through the principal points of interest, Commander Bodenhamer will go to Riverside by way of San Bernardino. Lunch is to be served in Riverside and in the middle of the afternoon the distinguished guest will be taken to Santa Ana, where dinner will be enjoyed at 6:30, following which a public meeting will be held in the Santa Ana High School. Talks will doubtless be made both at lunch and at dinner by the national official.

Chicago Pastor Heeds the Call From Pasadena

PASADENA, April 1.—Dr. Theodore G. Soares, head of the department of practical theology at the University of Chicago, has accepted unofficially a call to the pulpit of the Neighborhood (Union Liberal) Church, it was learned today.

Besides serving as pastor of the influential local church, the Chicago divine will devote part of his time in lecturing on ethics and religion at the California Institute of Technology. In order to make it possible for him to continue his successful work with students, he will be assisted at the Neighborhood Church by a younger man who has not yet been selected.

The agreement announced today provides that Dr. Soares will occupy the local pulpit for the next ten years.

Dr. Soares is a Baptist, but served as pastor of the Hyde Park Congregational Church of Chicago for several years. He is a member of the interdenominational board of preachers of Harvard University.

The Neighborhood Church has less than 300 members, but is unique in that it numbers among its congregation the most distinguished scientists in this city, including Dr. Robert A. Millikan. It is interdenominational, has no creed, and does not require severance of previous religious affiliations.

Dr. Soares occupied the pulpit of the local church during January and February, speaking each Sunday to congregations which taxed the capacity of the church, located at the intersection of West California street and South Pasadena avenue.

He is now in the East and it is anticipated that he will formally accept the call to this city by telegraph within a few weeks.

Forgery Suspect Hears Bad News

ONTARIO, April 1.—Otis F. Champion, 27 years of age, formerly of Ontario, more recently of Heber, Cal., received two blows today in Judge George R. Holbrook's court where he faced preliminary examination on charge of forgery.

He heard himself bound over to Superior Court. And he learned that the woman he had loved as his mother, is not his mother at all.

Champion is being held for forging his mother's name to four checks, cashed in Ontario. He told court today that he had never thought otherwise than Mrs. M. P. Champion was his mother. When he fell into the toils of the law he said Mrs. Champion informed him that she is not his true mother, but that she had adopted him when he was 2 at Fort Worth, Tex.

Champion then announced he wanted to plead guilty to the charge, but was informed he cannot do so until information is filed against him Monday morning in Superior Court.

GOVERNMENT MAKES TENTATIVE SURVEY

REDLANDS, April 1.—The government tentative survey of the Mill Creek Road, preparatory to considering taking it into the forest service highway system, and improving it, estimates that the cost of construction would be approximately $20,000 a mile, or $800,000 for the forty miles.

A report on the plan was submitted to the supervisors today with a request for statement as to what, if any, cash co-operation could be expected from the county. The standard should be a two-lane road with a general minimum curvature of 300 feet in the open and 400 feet on blind curves and a ruling grade of 5 per cent, stated J. F. Elliott, Supervisor for the San Bernardino National Forest.

"It is doubtful if the government would find the expenditure justified entirely from forest-service funds," said Mr. Elliott.

County Highway Commissioner James Cole was instructed to draft a letter to Mr. Elliott stating that the county would co-operate in every way possible in the Mill Creek road construction. Prison labor would be one of the contributions. Whether the several thousands of dollars that the county has spent would be credited as "co-operation" would be left to later consideration, it was stated.

CHAIN DENTIST MUST PAY COURT JUDGMENT

UPLAND, April 1.—Two teeth extracted when only one was ordered out and both lodged in a boy's throat for seven years is worth $12,500 in damages, E. C. Gridley, attorney for Ray Nelson, the boy in the case, announced today. Seven years ago when the two teeth were extracted and fell back into the boy's throat where they lodged, suit was filed against a chain dentist to recover $12,500 damages. The court returned a verdict awarding that sum. The chain dentist appealed the case and after a long wait the Appellate Court has ruled that the judgment still is good. The teeth were dislodged from the boy's throat recently during a fit of coughing.

MONTEBELLO CENSUS TAKERS ARE CHOSEN

MONTEBELLO, April 1.—Twenty local residents have been appointed census enumerators for this district, according to Thomas G. DeCoudres, supervisor of census for this district.

Work of compiling the census is scheduled to get under way tomorrow morning. In addition to a complete population census, a census will also be taken of farms and dustrial concerns. This huge task is expected to require several months of detail work before completion.

Those from here who will work under supervision of M. I. Wagner, census clerk of this district are Mrs. M. L. Clark, Mrs. C. B. Feary, Mrs. Ida L. Varnum, Mrs. Marie A. Bowers, Mrs. Helen G. Larrazola, Mrs. Marie V. Heiserodt, Mrs. R. E. Wise, Mrs. F. E. Manley, Henry K. Nelson, C. E. Jack, John B. Larrazola, Mrs. Edna J. Roberts, Mrs. Nacy E. Young, Mrs. Buena Larkins, Mrs. Violet Borchardt. Mrs. Clara A. Buell, Mrs. Ann D. Davis, Mrs. May V. Rhynard, Mrs. Anna M. Nelson and William C. O'Hara.

PIONEER BUSINESS MAN IS DEAD AT ALTADENA

ALTADENA, April 1.—Funeral services for Zenas W. St. Pierre, a proprietor of St. Pierre Brothers' Company in Los Angeles, who died last night at his home, 1115 East Foothill Boulevard, will be held Thursday at 2:30 p.m. in the chapel of Reynolds & Eberle, 825 East Orange Grove avenue.

Mr. St. Pierre had lived in California for the last thirty-eight years. For many years, he and his brother, the late W. C. St. Pierre, conducted a business at Fourth and Spring streets, Los Angeles.

He leaves a widow, Mrs. Leonie St. Pierre, a daughter, Mrs. Irene Lake of Huntington Park, and a granddaughter, Miss Marilyn Lake.

Dr. John Snape, pastor of the Temple Baptist Church of Los Angeles, will conduct the services, and committal services will follow at Hollywood Cemetery under the auspices of Sunset Lodge, F. and A. M.

POMONA MEXICAN IS GREATLY EMBARRASSED

POMONA, April 1.—Felix Ramirez, 44-year-old Pomona Mexican, was "very embarrassed" when a motorcycle officer arrested him while he was driving on South San Antonio avenue today, especially when the officer, who had halted him to inspect a noisy muffler on his machine, became inquisitive and found seven bottles of liquor in a gunnysack in the tonneau of the auto.

He told his novel story while registering great chagrin to Judge E. H. Bowen in police court today, when he was arraigned for liquor possession. Judge Bowen further added to his embarrassment by fining him $100, which, it was stated, embarrassed him beyond his ability to pay.

STRAWBERRY RETURNS TO BREAKFAST MENU

RESEDA, April 1.—Strawberries of the large, red, Klondike variety are beginning to come into San Fernando Valley retail markets in crate lots, and are being rapidly bought, grocers report. Recent rains in the valley area have slightly damaged the first output of the early crop. This will be corrected as warmer days begin. There is a large area in strawberries in the valley this year. In all of Los Angeles county, there are about 1200 acres in strawberries, farm advisers state here today.

Youthful Yeggs Steal Large Quantity of Gas

ARCADIA, April 1.—Apprehended by Officers Hoegee and Richards in the act of siphoning gasoline from the tanks of road implements belonging to the General Engineering Company, early Sunday night, Leo Rolph, 36 years of age, and his brother, Martin Rolph, 26, both of 428 East Twenty-ninth street, Los Angeles, appeared before Judge John Sturgeon in Monrovia Police Court this morning, who set a fine of $60 or thirty days in the County Jail. Judge Sturgeon gave the pair until tomorrow noon to raise and pay their fines.

Three other youths arrested on the same evening on identical charges, by Officers Grady Pardue and Cayre, reached an agreement this morning with Judge Horlock in the Arcadia Police Court, whereby they agreed to reimburse the General Engineering Company for the loss of gasoline, which amounted to approximately $40. The youths, James Galceron, 19 years of age; his brother, Gavin Galceron, 15, both of 1718 Guess street, Rosemead, and Sidney Kading, 15, of 2020 Guess street, of the same city, were accompanied to court by their parents.

According to Chief of Police A. N. Coberly, officials of the construction company assert that they have lost more than 1000 gallons of gasoline during the past few months.

ANAHEIM SHOW TO GIVE DINNER

ANAHEIM, April 1.—Editors and chambers of commerce officials of Southern California will be entertained April 21 at a dinner to be given at the Anaheim Elks' clubhouse as a feature opening the publicity campaign for the California Valencia Orange Show, Manager George Reid announced today.

A program of entertainment will be provided by Patrick and Marsh, a Los Angeles vaudeville booking agency, Mr. Reid announces. Invitations for the dinner were placed in the mail here today.

OFFICER FINDS DYNAMITE CACHE

VENTURA, April 1.—Undersheriff Howard Durley was in Santa Barbara today probing the discovery yesterday of 300 pounds of dynamite hidden in the underbrush near the Canet railway siding on the Ojai-Ventura highway.

Six boxes, each containing fifty pounds of the explosive, were discovered yesterday by a camper while he was looking for firewood. Various theories explaining the find have been advanced, but so far the legal owner of the dynamite has not been found.

ROBBERS CONVICTED

EL CENTRO, April 1.—Edgar Emerson and Ernest Debell, whose records include prison terms in San Quentin, were convicted today by a jury in the Superior Court here of robbery in connection with a series of thefts committed in Imperial Valley last February. The men were sentenced to spend fifteen years in the State penitentiary for the crimes.

ANNEXATION ELECTION

REDONDO BEACH, April 1.—A special election to decide the proposed annexation of the Clifton Heights district to this place has been set for May 9, following the certification of a petition filed with City Clerk C. C. Mangold last week Thomas Blair, city publicity director, sponsored the petition.

PASTOR'S RETURN ASKED

CUCAMONGA, April 1.—Cougregation of Cucamonga Community Church has issued a unanimous call that Rev. J. Maxwell Chamberlin, pastor, be returned to his Cucamonga flock for another year. The plea will be heard at the annual conference of the Methodist Church at Long Beach in July.

ORIENTALS ARE GIVEN JAIL TERMS

Seventy Aliens Appear in Federal Court at San Diego; to Deport Chinese

SAN DIEGO, April 1.—An "army of forgotten men," seventy in all, appeared today before Federal Judge Paul J. McCormick. All but two were Chinese whom fate, in the form of alert immigration officers, had banded together. Clad only in working clothes, their only possessions on this continent, the orientals sat in a crowded courtroom while the white man's justice decreed what fate's next move should be.

Arrested in the Imperial Valley during recent weeks the prisoners were removed to the San Diego County Jail last week.

Today, marching four abreast and in custody of four officers, the "army" moved in a line more than half a block long from the County Jail to the Federal Building.

Judge McCormick, speaking through the Chinese court interpreter, Quon Choak, gave the aliens sentences of thirty days each in the Riverside and San Bernardino county jails.

The Chinese although entering from Mexico are to be deported to China, local immigration authorities declare.

County Auditor Holds Up Pay of Book-keeper

SANTA BARBARA, April 1.—The county's pay warrant for E. Schionnermann, book-keeper and statistician for Supervisor C. L. Preisker of the Santa Maria district has been held up by Albert Eves, County Auditor.

This action has been taken following a letter from the late E. M. Baker of Santa Maria, charging that employment of Schionnermann was illegal under the State antiallen law. Baker died a few days after the letter was written. However, since that time Fred Schaeffer, Santa Maria attorney has asked from the Auditor a report on all county payments made to Schionnermann in the past three years.

This request is taken at the Courthouse as an indication that suit will be filed to force Schionnermann to refund all salary paid to him or to hold the supervisors responsible for this payment. Meanwhile the Auditor has passed the matter on to the District Attorney with a formal request for an opinion. It is understood that the District Attorney's opinion will decide whether or not the pay warrant now delayed be handed over to the payee. However, if suit is started prior to the filing of the District Attorney's opinion, the warrant and those to follow it may be held up indefinitely.

The Auditor, District Attorney and County Clerk are of the opinion that the California law against the employment of aliens by counties is unconstitutional and has been so held in the higher courts. The provision in Schionnermann's case is said to be contrary to a United States treaty with Canada.

EPISCOPAL MISSION TO OPEN AT RESEDA

RESEDA, April 1.—An Episcopal mission is to be established at Reseda, Rev. George C. Rafter, rector of the Van Nuys church, will be in charge of the first services here next Easter night. The chapel of the new Shierry & Walling mortuary has been offered as a temporary place of worship until a congregation can be formed large enough to erect a building within the townsite.

In the service here Easter night the sermon will be preached by Rev. Royal H. Balcom of the Los Angeles diocese. The vested choir of St Mark's Episcopal church of Van Nuys will aid in the first ritual. All new Episcopal churches are "missions," and under the support of the general diocese. As soon as the congregation becomes large enough to be self-supporting the mission becomes a church within its own rights.

CHURCHES PLANNED IN HARBOR DISTRICT

NEWPORT BEACH, April 1.—Residents of the Newport Harbor district are planning three new church buildings. The two community churches, one in Newport and the other in Balboa, will combine into one Methodist organization, the church selling both of its properties and building a new edifice between the two sections of the peninsula.

It is also reported that residents of Balboa Island and Corona del Mar will unite for the purpose of erecting a Presbyterian Church, while the Episcopalians, who have been holding summer services each year at the home of Bishop Sanford at Soast Boulevard and Thirty-ninth street, will build a church and parish house on the property they own at Lake and Thirty-seventh streets.

APRIL FOOL JOKE IS REAL HOLD-UP

SAN GABRIEL, April 1.—Rita Macias thought it was an April-fool joke when three young men knocked at the door of her home at 420 Sunset avenue early today and said they had a telegram to deliver. However, she let them in and called her father, Ysidro Macias.

When Macias appeared the trio pulled guns and demanded that he lead them to the hiding place of his money.

They got 50 cents for their trouble, which was a sort of joke after all.

DEPUTY SHERIFF ARRESTED

Dispute Between Official and Traffic Officer Results in Filing of Criminal Charges at San Diego

SAN DIEGO, April 1.—Deputy Sheriff F. W. McCarty, accused of felonious assault with his pistol upon William A. Thompson, State highway patrolman, as a result of resistance offered by the deputy sheriff last week when stopped for a motor vehicle law violation, will be given preliminary hearing, April 17, Township Justice Arthur L. Mundo ruled today.

Meanwhile he was placed under $500 bond. Swearing of the complaint against McCarty followed instructions from Eugene Biscailuz, chief of the State Motor Patrol. The matter had been held in abeyance by Thompson and his immediate chief, Capt. C. V. Nielson, while it was referred to Sacramento. McCarty asked twenty-four hours to plead to three misdemeanor counts of traffic violation. The counts charged driving on the wrong side of the road, driving without an operator's license and operating a car without a registration certificate.

McCarty said he needed the time to retain a lawyer to defend him. It was over citation on the misdemeanor counts that an altercation developed between the two officers, resulting in the criminal charge.

Thompson's written report submitted in traffic court today read: "McCarty was driving on left side of street, then made U turn in wrong direction. Warned him, but he got upset and I made out citation. Asked to sign a ticket he pulled a gun from the rear of his car and pointed it at me. I took gun away from him and handcuffed him and turned him over to Sheriff's office under arrest."

License number of the deputy's car was given as Exemption 94-88.

Child Injured in Auto Crash

INDIO, April 1.—Helen, the 4-year-old daughter of Mr. and Mrs. Fred C. Nelson of St. Paul, was painfully cut and bruised today when she was thrown through the windshield of a car in which she was riding with her mother and father.

Mrs. Nelson, who was driving the car, is said to have become confused as they were going through Indio on the State Highway and collided head-on with a car driven by Mrs. H. K. Everhard, who lives in the valley.

Both cars were badly damaged. Immediately after the accident Mr. and Mrs. Nelson, who were not seriously hurt, telephoned their son, Lieut. Fred Nelson, Jr., at March Field, and he was down here in less than an hour landing his plane on the new community airport.

COMMISSION RULING FORECASTS DEADLOCK

ALHAMBRA, April 1.—With the denial today by the Alhambra City Commission of jurisdiction to Monterey Park for the improvement of Garvey avenue across the southwestern portion of Alhambra, a deadlock is feared in all highway improvements affecting both Ramona Boulevard to the east of Alhambra and Garvey avenue to the west.

Monterey Park city officials stated after the meeting at the Alhambra City Hall that they held a trump card, in that final jurisdiction for the improvement of Ramona Boulevard through the northeastern part of Monterey Park has not been granted.

Ramona Boulevard traverses Monterey Park for about two blocks directly east of the Alhambra city limits. Denial of final jurisdiction on the improvement by Monterey Park may result in the indefinite suspension of plans for the extension of the boulevard east through Wilmar to El Monte.

UNIQUE CEREMONY IN MASONIC LODGE

MONTEREY PARK, April 1.—This evening Ramona Lodge, No. 457, F. and A. M., under direction of its master, L. U. Stone, will present one of the most unique ceremonies ever staged in Masonic history. James Haynes Amis, a former judge of this municipality, will be honored in having presented to him the fifty-year gold button issued by the Grand Lodge of California. The presentation will be made by his son, Frank A. Amis, a past master of Ramona Lodge. No record is known of a like occasion and Ramona Lodge is making preparation for a large attendance on this occasion.

CANDIDATES APLENTY AT CITY ELECTION

MONROVIA, April 1.—With seven candidates in the field to fill three offices on the City Council, the city election on the 14th inst. promises a heated race. George Williams and W. W. Horton, both incumbents, are seeking re-election to the board, the former having served the unexpired term of C. E. Crump, who resigned last spring.

Mayor A. J. Little, whose term of office also expires this spring, is not seeking re-election as previous reports predicted.

The remaining candidates in the Councilmanic race are A. W. Bippi James Reynolds, Frank Moran, Fred J. Reitz and F. M. Letts.

CLUBS "KICK IN" TO HELP LEGION POST

SAN FERNANDO, April 1.—More than $600 has been added to the building fund of the local Legion post, which is erecting its new clubhouse at Fox and Pico streets. According to W. H. Lawrence, post adjutant, members of the Kiwanis Club have given $300 and members of the Rotary Club, $250. The new building is being erected by labor volunteered by artisan members of the post, and will be completed within a month, it is stated.

MARK ROSE'S RESOLUTION DEFEATED

Imperial Irrigation District Asked to Attempt to Hurry Congress

EL CENTRO, April 1.—Impatient over the delays in starting work at Boulder Dam, Director Mark Rose of the Imperial Irrigation District attempted today to secure the adoption of a resolution asking California's representatives in Congress to introduce legislation providing for an appropriation to start work immediately.

Directors C. W. Brockman and Earl Pound opposed the resolution on the ground that Secretary of Interior Wilbur is directed by the terms of the Swing-Johnson bill to ask for the necessary appropriations as soon as the necessary power contracts have been signed and that Rose's proposed effort to override the Secretary's authority would lead to trouble. After spending all of its morning session and part of the afternoon arguing over the resolution the meeting broke up with no action taken.

Director Ira Aten agreed with Rose, but the other three members of the board refused to vote for the resolution.

Early in the meeting another resolution was passed asking for legislation directing the Secretary of State to notify Mexico that no water rights acquired in Mexican Imperial Valley since Boulder Dam legislation was introduced in Congress would be recognized by the American government. Four members of the board voted for this resolution. Brockman opposed it with the statement that an international treaty governing the division of Colorado River and Rio Grande water is now being formulated and that the district board can accomplish nothing by attempting to interfere.

Enumerators Begin Work

HUNTINGTON PARK, April 1.—Census workers will begin taking the fifteenth census tomorrow morning, and in the local district, comprising this city, South Gate, Walnut Park, Bell and Maywood, the number of enumerators to be in the field will be seventy-one. Of this number there will be fifty-five women and sixteen men.

In Huntington Park twenty-three women and four men will take the census, in South Gate, eighteen women and five men; in Walnut Park, seven women and one man; in Bell, three women and four men, and in Maywood four women and two men.

Lawrence Klinker has been appointed assistant supervisor of the local territory, and has established offices in the Chamber of Commerce Building.

ANNUAL ELECTION OF CHINO CHAMBER

CHINO, April 1.—Results of the annual election of directors and officers for Chino Chamber of Commerce were announced today. Elmer L. Howell, publisher of the Chino Champion was elected president of the board of directors. The directors elected last night were Thomas J. Willis, A. G. Harris, E. W. Soper, A. B. Westfield and E. L. Howell.

Retiring directors are A. R. Brown, S. N. Van Dusen, C. C. Delphey, P. H. Blickenstaff, M. L. Birnie.

James H. Batten of Claremont, executive director of the Inter-America Foundation, was speaker of the evening on the subject, "Essentials of Community Life."

BOY'S YARN WORRIES OFFICERS AT UPLAND

UPLAND, April 1.—A 10-year-old boy's imaginative mind caused authorities here considerable worry for several hours when Malcolm Ross told them a bandit had shot him in the hand. The wound was there, but so were plain powder burns. While the bandit was sought the boy admitted he had given another youngster 15 cents for use of his father's revolver. While taking the revolver Malcolm is charged with also having taken $40. Then, while playing bad man, the gun was discharged, the bullet, which penetrated his hand, fracturing a bone. The money and gun were recovered and returned to A. T. Hayman, from whose home they had been removed.

CITY OFFICIALS ASK VOTER'S INDORSEMENT

AZUSA, April 1. — All five members of the City Council will run for re-election on the 14th inst., and to make things livelier, five additional candidates have entered the race.

Members of the board running for re-instatement include, besides Mayor August L. Meier, Charles E. Mace, Rollin B. Denmmitt, Walter A. Johnson and Joseph C. Mushe.

Other nominees are Adolph Weber, Irving D. Roach, Charles E. Williams, Charles W. Peck and Dr. John H. Brooks.

Candidates for the office of City Clerk are Mae A. Hynes, incumbent, and George M. Belles.

PALMS TO LINE PARADE'S PATH

Pasadena Plans Picturesque Thoroughfare

Gov. Young Officiates at First Planting

Club Women Stand Sponsor for Innovation

PASADENA, April 1.—A [illegible] plated shovel in the hands of [illegible] Young today tossed rich loam [illegible] the roots of the first of 1000 [illegible] queen palms that ultimately will tower to a height of 100 feet [illegible] Colorado street and frame [illegible] city's annual Tournament of Roses parade with tropical beauty.

Two thousand persons [illegible] formal exercises in front of [illegible] postoffice at 11:30 a.m., when [illegible] planting of the first tree [illegible] the initial step in the plan to [illegible] this city's principal thoroughfare the most picturesque business [illegible] in the United States.

At a cost of more than $1[illegible] Colorado street is being widened [illegible] within a few months will measure 100 feet between sidewalks for [illegible] miles through the city's heart.

WOMEN CONGRATULATED

Gov. Young congratulated the Women's Civic League and [illegible] spears Club for their success [illegible] overcoming arguments [illegible] planting trees in front of business establishments.

"In Sacramento," he said, "we are taking trees away from the business section, but I feel confident that your decision to line the street with palms will bring more people and more business here, despite any slight obstruction it may align."

Gilbert Skutt, local park superintendent, presided at the tree-planting ceremony. He introduced [illegible] Standish Kenfield, who has devoted many months to winning support of merchants to the beautification plan. At the conclusion of the exercises the shovel which Gov. Young was presented to Mr. Kenfield, a retired magazine publisher, by Mrs. Charles C. [illegible] land, president of the [illegible] Civic League.

DESCRIBES PROJECT

Mr. Kenfield alluded to the [illegible] to rename Colorado street "Avenue of a Thousand Palms" and explained the tree-planting project in detail.

The Brazilian queen palm, cocos plumosa, grows to a height of more than 100 feet and is noted for its feathery gracefulness, he asserted. The 5-year-old trees [illegible] are being planted at thirty-foot intervals are six to seven feet in height. Property owners will be assessed not more than $12 for each palm planted along their frontage and the upkeep will be the duty of the park department. Planting is being done in holes cut through sidewalks.

Ernest A. Batchelder, member of the City Planning Commission, asserted that a "better city [illegible] ter than a bigger city and we'll have a better city we'll have a bigger one."

"One American city," he declared, "now looks about like the next, when a visitor walks down a street in the future he will not without consulting signs [illegible] in Pasadena."

ST. ANDREWS TROPHY GOES TO KRAUSHAAR

RESEDA, April 1.—Ray Kraushaar equalled the course record at the Andrews Golf Club today and won a bronze trophy for the [illegible] round in the spring tournament. Jimmie Pike, pro in charge, announced. First rounds will be played next Sunday. Entrants have been divided into sixteen flights and all players will be handicapped. One of the classiest fields of amateurs that has yet played in a St. Andrews tourney is chalked up for the championship flights. W. V. Cree was runner-up for the low gross honors.

ACCIDENT VICTIM DIES AT HOSPITAL

REDONDO BEACH, April 1.—John W. Carter, 78 years of age, of 108 North Camino Real, died at Hermosa Redondo Hospital this afternoon of injuries received in an automobile accident yesterday.

Raymond W. Kinne, who gave his address as 1111 Garland avenue, Los Angeles, whose machine collided with the one driven by Carter, may face a charge of manslaughter, officers say. A charge of reckless driving was lodged against Kinne following the accident yesterday.

VAN NUYS STUDENTS TO DO PIRATE ROLES

VAN NUYS, April 1.—"The Pirates of Penzance," Gilbert and Sullivan light opera, will be presented by students of the Van Nuys High School Thursday and Friday. Lester Wendt, Orpha Triplett, Florence French, Arshis Dodge, Dorothy Landon, Olive Hume and Thelma Gottschalk in the leading roles. Music of the piece will be furnished by the school orchestra. Dances in the plot movements of the pirates, Delphine and Lynn Calvert will offer a series of artistic dances.

GAME WARDENS ARREST HUNTING CLUB OWNER

BRAWLEY, April 1.—Fred Grandinal, owner of a hunting club along Salton Sea, was arrested here yesterday by Deputy Game Warden Little and Jolly, on the charge of selling wild ducks. The case will be tried before Justice of the Peace I. Mayfield at El Centro this afternoon.

According to the game wardens, complaints recently have been made that hunters are shooting ducks out of season and selling them to cafes in Imperial Valley and Mexicali.

JUDGES PRAISE ORATORY EVENT

Prominent Men and Women Eager to Aid Contest

Letters of Acceptance Tell of Many Benefits

High-School Eliminations Nearing Conclusion

In whole-hearted manner men and women prominent in all walks of life are responding to the invitation of The Times bureau to act as judges in the upper brackets of the National Oratorical Contest on the Constitution. Invitations were extended to prominent citizens in both business and professional life in Los Angeles and throughout the entire Pacific Southwest zone, for which The Times is sponsor, and acceptances have been prompt and generous, showing a lively interest in the contest. "I shall be very glad to again act in this capacity," writes Judge Hardy of the Superior Court. "for I thoroughly believe in this work; in fact I think it is one of the most worthy contributions to the proper education of our children in inculcating respect for constituted government."

CALLED INSPIRATIONAL

James D. Culbertson, prominent resident of Santa Paula, in accepting an invitation to act as a judge, writes: "The inauguration of the contest and its successful development into an international annual event seem to me a truly wonderful accomplishment and one destined to play a vital part in the inspiration of participants and all who hear them to better citizenship."

An outstanding figure in the American Legion, Thomas W. Mc[illegible], of Bakersfield, writes: "I shall be glad to assist as a judge. The National Americanism Commission of the American Legion regards these contests of the utmost importance."

DISTRICT EVENTS NEAR

W. L. Stephens, superintendent of schools at Long Beach, in accepting an invitation to act as a judge says: "The plan has always had my earnest co-operation and each year I find that my support is more easily and enthusiastically given."

Elimination contests in all the remaining high schools are taking place this week in preparation for the district contests, many of which are scheduled for April 11.

At Pasadena High, Donald Matson, speaking on "Liberty and Justice Under the Constitution," was chosen for high honors out of thirteen who delivered orations. William Dunkerly won second on "Citizenship Under the Constitution." Persis [illegible] entering, Lubert Sanderhoff, Perry File and Hollis Ramsey were given honorable mention. Judges were Miss Florence Diment, Clinton Bay, Miss Hilmer Sjaastead and Cecil Stewart from the social science or speech departments of the school.

Sidney Zsagri and George Gittlesen were the orators selected to represent Fremont High and meet the best orators of Belmont, Fairfax and Garfield High schools in the series contest.

THIRTY COMPETE

North Hollywood, of the San Fernando Valley group, held its eliminations contest yesterday afternoon and placed Willard Lombard as its best orator and Phyllis Le Moyne second. Thirty contestants were in at the start and this group was reduced to six by elimination and of these six the two representatives of the school were chosen. Young Lombard spoke on "The Origin and Development of the Constitution," and Miss Le Moyne on "The Constitution." Judges were Mrs. Dozier, Mrs. Mabel Grey, Harry Shepro, Edward Johnson and Fred Beckes, all of the school faculty.

Mary Bedford, a junior, walked away with first honors at the Jordan High School finals. Her subject was "Daniel Webster, the Expounder of the Constitution." Second honors went to George Comfort, a junior. [illegible] subject was "The Purpose of the Convention." Miss [illegible] Jones was a third [illegible] Jordan [illegible] has prominent [illegible] school de[illegible] and other literary activities. She was one of the members of the debating squad last semester which won the Marine League championship. She is news editor of the school paper, the Jordan Reporter.

PHONETICS TAUGHT

A new course in phonetics has been opened by Miss Eugenia Ong of the Pasadena Community Theater in co-operation with the extension division of the University of California at the Hillstreet Building, 815 South Hill street. The instruction includes diction, distinct and lucid speech as well as standard speech on a phonetic basis for the study of pronunciation of all languages.

WILL ROGERS FILM ANNOUNCED

Noted Humorist Will Star in "See America First;" Railroad Epic Planned by R.-K.-O.; German Director Signed

BY GRACE KINGSLEY

A novelty, and one bound, it seems to us, to reflect great credit on producing concern, star and all connected, not to mention the certainty of its being a splendid revelation of the beauties of our native land, is involved in Will Rogers's next starring vehicle to be produced by Fox Films.

The picture is to be called "See America First," and the title, just for once in the history of pictures, means what it says.

The story, which is to be penned by Owen Davis, with Homer Croy sitting in on dialogue and adaptations, will carry Rogers through many places of interest in this country, including the Grand Canyon, the Yosemite, Niagara Falls, the Mississippi Valley, and other beauty spots of international repute. It will also reveal glimpses of large cities, including, of course, Washington, D. C. And all without, we understand, sacrificing anything of the flavor of the Rogers genius and personality, or detracting from the story. The great humorist, Rogers, indeed will have a chance to deliver some of his wisest epigrams.

So far no director has been settled on, nor has a cast been discussed.

RAILROAD YARN TO BE ON WIDE FILM

It now looks as though the new wide film has found its place, which appears to be in the making of outdoor pictures.

At any rate that is what R.-K.-O. officials think, and they are to try out their theory soon by photographing on such film a railroad epic, the story of which has just been written by James Creelman, but which has not been titled. Naturally, it will be made almost wholly out-of-doors.

This picture will be the first outdoor picture to be filmed on the wide film, its predecessor, "Happy Days," having been photographed largely in interiors, but showing in its long and exterior shots just how superior the wide film is for use in these scenes.

Jane Winton Among Us

Now Jane Winton's fans won't have to be running around asking what has become of her.

Miss Winton has returned home from New York, where she has been spending the last four months. Notidly, however, for she has been studying vocal culture most intensively.

In fact, she progressed so well that she was about to go out as head of a musical vaudeville act when an attack of laryngitis changed her plans, and she decided to come back to Hollywood and pictures.

The actress has received no less than two offers since her return a couple of days ago, and is considering which one to accept.

M.-G.-M. Signs German Director

Arthur Robison, one of Germany's greatest film directors, was signed yesterday by Metro-Goldwyn-Mayer, and will join one of the largest assemblies of directors and players in the business to carry out M.-G.-M.'s schedule of Spanish, French, German and Italian talking pictures.

The German director first received universal recognition when he made "Waning Shadows," the first picture to be made entirely without subtitles. He later won fame in directing "Manon Lescaut" and "The Last Waltz" for U.F.A. in Germany. Both pictures have been successful in this country as well as abroad.

Born in Chicago, Robison left this country at the age of 7 to travel with his father throughout Europe, settling in Germany finally, where he became an actor. He played in many countries of Europe, but settled down as a picture director in Berlin in 1916.

Kathryn Givney In It

Kathryn Givney, who came to Los Angeles from New York a year ago with no idea of appearing in pictures, has been added to the cast of "Follow Through," Paramount's all-Technicolor production of the popular musical comedy.

The actress is well known to the stage, particularly in New York, where she appeared in various productions, including "The Nightstick," "Captain Fury," and others. In Los Angeles she appeared in "Escape" at the Civic Repertory, "Dancing Mothers" at El Capitan, and "Girl Troubles" at the Playhouse.

Maria Alba in "Bad Man"

That alluring young actress, Maria Alba, whom Fox brought to this country for pictures, after she had won a beauty prize, is to have the leading role in First National's Spanish version of "The Bad Man."

Not only this, but she is also to play an important role in the English version of the picture, in which Dorothy Mackaill has the leading feminine role, and in which Walter Huston will have the part created by Holbrook Blinn on the stage.

Ian Keith With Fox

Whenever Ian Keith feels like working, he seems never to have any difficulty in obtaining a job.

Now he is to play the leading heavy role in "The Oregon Trail," which Raoul Walsh will direct for Fox Films.

At present Keith is engaged in portraying the role of Wilkes Booth in United Artists' "Abraham Lincoln," which D. W. Griffith is directing.

Glenn Tryon Recovers

Minus his tonsils but looking hale and hearty and declaring that his tonsils were no asset to him when he had them, Glenn Tryon was walking the boulevard yesterday, following an operation on the troublesome throat organs.

Tryon was operated on a week ago for infected tonsils, which have been affecting his health for some time. It is not settled yet what his next Universal feature will be.

FILM RECOMMENDED

Wesley Ruggles's good taste in direction has again received sanction. The April bulletin of the Women's University Club, which is said to deal critical blows in all directions, includes among its films recommended most highly for adult interest the production of "Honey," to which it refers as an amusing comedy. "Honey," starring Nancy Carroll, is the current attraction at the Paramount Theater.

WAR FILM SCHEDULED AT MAYAN

'Journey's End' Will Have Two-a-Day Run Starting on 10th Inst.

"Journey's End" will be seen by local film patrons in its final form within a few days. Recently completed, it was six weeks in the editing, and during the past few days Los Angeles and Hollywood leading theaters have been reported in negotiation for the picture. It is Tiffany's film classic, based on R. C. Sheriff's powerful play.

After an all-day conference that followed a late night preview, Franklyn Warner of the Mayan Theater and George Caldares, manager of the Tiffany local exchange, came to terms yesterday, and the announcement was made that the Mayan would reopen on the 10th inst. with the picture, on a long run, two-a-day basis.

James Whale directed the filming, with Colin Clive, Ian MacLaren, Billy Bevan, David Manners, Anthony Bushell, Charles Gerrard, Robert A'Dair, Tom Whiteley, Jack Pitcairn and Warner Klinger in the cast. Clive was imported 6000 miles from London, where he created the original Stanhope of the play. Whale, likewise, was associated with the original stage production as director. Joseph Moncure March adapted the play, and Ben Kline and Buddy Meyers were in charge of photography and sound reproduction. George Pearson supervised. New York City's world premiere of the film will occur Tuesday.

'ALL QUIET' PREMIERE DATE SET

Carthay Circle to Screen Dramatic Story of War on 26th Inst.

The definite date for the world premiere showing of "All Quiet on the Western Front," Universal's elaborate production of the novel by Erich Maria Remarque, at Carthay Circle Theater, has been set for the 21st inst.

The final scenes for "All Quiet on the Western Front" are being made this week at Universal, and Director Lewis Milestone is dividing his time between the sets and the cutting room. Universal has given more than $2,000,000 and eight months of time to the creation of the film story.

Because of the interest in "All Quiet on the Western Front" among professionals and regular Carthay patrons, reservations for the premiere showing are now being made.

William Boyd Stars in New Crook Picture

Two prominent screen players appear in support of William Boyd, Pathe star, in "Officer O'Brien," a film melodrama of the underworld, starting at the R.-K.-O. Theater tomorrow. They are Dorothy Sebastian, who played opposite Boyd in "His First Command," and Ernest Torrence, best remembered for his portrayals in "The Covered Wagon" and "Tol'able David."

"Officer O'Brien" presents Boyd as a young police lieutenant. The chief underworld character is portrayed by Ralf Harolde, who played the part of the managing editor in the stage play, "The Front Page." Equally prominent in the cast are Russell Gleason, Paul Hurst and Arthur Housman. The picture was directed by Tay Garnett under the supervision of Ralph Block.

The four Diamonds, known as vaudeville's famous family, headline the R.-K.-O. stage show. Also on the bill are Valentine Vox and Emily Walters, ventriloquists; Rolle, hailed as an astonishing magician, and Walter (Dare) Wahl, former comedian of Ziegfeld Follies.

Gentlemen Now Found in Ring, Says Director

Boxing loses much of its aspect of enmity when one observes the friendships that exist between rivals of the ring, declares Roy Del Ruth, Warner Brothers' director. Del Ruth, who is a fight fan himself, found his knowledge of a boxer's psychology of practical use to him in directing "Hold Everything," starring Joe E. Brown and Winnie Lightner at Warner Brothers' Theater in Hollywood.

In the old days fighters were usually bitter enemies outside the ring as well as in, Del Ruth points out, and their fighting was intentionally vicious. Today it is not unusual to see two pugilists finish a terrific battle in the fistic arena by going out to supper together for a friendly chat over their encounter, he says.

Del Ruth cites Georges Carpentier, former French champion, who has one of the featured roles in "Hold Everything," as an example of the high type of men frequently to be found in the prize-fight game today.

'Rogue Song' to End Run Soon

The final performance of Lawrence Tibbett in "The Rogue Song" at Grauman's Chinese Theater, will be given on the 13th inst. Several interesting facts in connection with the run are told.

The picture, now in its eleventh week, has played to almost 300,000 people. It has been seen by more "repeaters"—people who see a picture more than once—than any other picture in the history of the theater. It has broken several house records, some of which were made in the early days of the Chinese.

Romance Finds New Setting

Joan Crawford

Portrays an adventurous daughter of a wealthy New Yorker in "Montana Moon," and falls in love with a handsome western cowboy, played by John Mack Brown. The film starts tomorrow at Loew's State Theater.

DUFFY BOOKS "HOLIDAY"

One of the most important announcements made by the Henry Duffy Players in months is that "Holiday," Philip Barry's comedy success that ran all last season in New York, will be given its first Pacific Coast production at the Hollywood Playhouse on the 13th inst. Moreover, Dale Winter, favorite with audiences here, will appear as guest star.

"Holiday" has been praised both for its humorous story and its brilliant dialogue. The story revolves around the wooing and winning of Julia Seton, a wealthy girl, by young Johnny Case, and the conflict that follows when he proposes the engaging theory that everyone should work as hard as possible until the advanced age of 30 years and then retire to live on the income of savings.

Rehearsals will start at once under the direction of Edwin H. Curtis, and the supporting cast is now being chosen.

May Robson is in her final fortnight of the play, "Helena's Boys," at the Playhouse, and the last performance will be given on the 12th inst. The cast includes James Bush, Geoffrey Wardwell, William C. Kirby, Willis Marks and Tove Lindan.

Chaney's Last Silent Film at Fox Criterion

"The Phantom of the Opera," playing at the Criterion, is said to be Lon Chaney's masterpiece of character delineation. Chaney is the only one who does not talk in the picture.

Norman Kerry and Mary Philbin are the lovers. Miss Philbin has the role of an opera singer who is overcome by Chaney's hypnotic power.

The new "Phantom" has a singing and dancing cast. More than 5000 people appear in the sequences. A symphonic orchestra of 106 pieces is a feature of the production, which has been refilmed by Universal. Mack Sennett's "Bulls and Bears" provides humor on the Criterion program.

Million Dollar Bill Changes

A new list of attractions will be seen on the Million Dollar stage starting tomorrow. They are Brady Riddell and Murray in "Three Jacks and a Queen;" Arthur Turelly, "The Harmonica Symphonist;" The Four Riveters, direct from their New York success, "The Almanac" and the Murdock company, presenting a unique novelty, "Making the Talkies." Two other acts are "The Wonder Girl" and Saunders and Brandon, presenting "Seven, Come Eleven."

On the screen William Powell will be seen in his latest film, "The Street of Chance," a melodrama depicting the life of a notorious Broadway character.

Giant Boxer to Attend Mason

Primo Carnera, Italian heavyweight boxer, will make his first local appearance tonight when he will be guest of honor at the performance of Fred Waring's "Rah Rah Daze," new musical comedy, at the Mason Theater. He will be accompanied by Bill Duffy, his manager; Leon See, foreign representative, and his training staff.

Jack White, comedian from George White's "Scandals," will act as master of ceremonies and will introduce Carnera to the audience during the intermission.

In addition to his boxing prowess, Carnera is said to be an accomplished cartoonist, and he will make sketches of Fred Waring, Dorothy Lee, Evalyn Nair and other principals of the company.

Egyptian Books 'Anna Christie'

Greta Garbo's initial talking film, "Anna Christie," will be the feature screen offering on the new program at Grauman's Egyptian Theater tomorrow. The film is said to be one of the outstanding accomplishments of the talking screen, and the star is supported by Marie Dressler, Charles Bickford and George Marion.

On the same program with "Anna Christie" will be seen Fanchon and Marco's "Changes" idea. A newsreel will complete the bill.

Tito Schipa to Offer Request Program Friday

When the announcement was made recently that Tito Schipa, noted lyric tenor, might devote all of his time to opera for some seasons, and that his concert at the Philharmonic Auditorium Friday night might be his last concert appearance here for a season or two, the office of his local manager was swamped with requests for Schipa's program. The requests were for more new material and for more opera, it is said.

After a conference with L. E. Behymer, Schipa decided to present an entire request program Friday night, meeting as many of the requests for specified numbers as possible and adding some new songs. The new program follows:

Largo	Handel
Werther (Ossian Song)	Massenet
Don Giovanni (Il mio tesoro)	Mozart
Manon (Ah, Fuyez)	Massenet
La Mandoline	Debussy
In the Luxemberg Gardens	Lockhart-Manning
I Shall Return	Schipa
Feldeinsamkeit	Brahms
Sapphische Ode	Brahms
Du bist die Ruh	Schubert
Catalana	Mompou
Danza	Pelia

Holland Essays Familiar Role in Film Drama

John Holland, who appears as the captain of a small trading ship in "Hell Harbor," the film drama which is now showing at the United Artists Theater, has had a thorough schooling in the sea.

In his youth Holland ran away from school in Virginia to join the United States Navy, and found that he liked a sailor's life so well that he spent the ensuing three years serving before the mast on various steam vessels, finally ending his nautical career in New York in 1914.

Joining the Canadian army with a view to seeing active service in France, Holland's plans were changed when his unit was sent to Siberia, to remain there throughout the duration of the World War. Afterward Holland decided to become an actor, and was soon found in the ranks of the Hollywood extras. "Hell Harbor" marks his second important screen role.

Percy Pollock Finds Problems in All Dramas

"Every play is a problem play," says Percy Pollock, the noted character actor in Martin Flavin's comedy, "Broken Dishes," which the Duffy Players are presenting at El Capitan. "They all have a preachment of some sort. Not always serious ones, of course. But somebody must set out to correct something, or it wouldn't be a play.

"Take 'Broken Dishes.' It would scarcely be called a problem play as such plays are understood. But it has its problem just the same. And it is a serious one for the little girl most concerned. She has her ideals and the courage to stand by them at all costs."

Assisting Pollock in the presentation of the comedy are Grace Stafford, Alma Chester, Joan Warner, Helen Kleeb, Melville Ruick and others.

NEW JOLSON VEHICLE TO OPEN SOON

"Mammy" Scheduled for Warner Downtown; Gala Premiere Planned

Lights are to blaze skyward and celebrities will congregate again soon at Warner Brothers' Downtown Theater as "Mammy," Al Jolson's latest Vitaphone picture, will start on the 24th inst., with a brilliant premiere.

"Mammy," which has just started a run at Warner Brothers' Theater in New York City, has been hailed by eastern critics as Jolson's best. It offers the combination of Jolson singing numbers written by Irving Berlin, and is said to be filled with song hits.

In "Mammy," Jolson plays Al Fuller, end man of Meadows Merry Minstrels, and has a role which is declared to far excel his most noted ones in "The Jazz Singer" and "The Singing Fool." Michael Curtis is the director, and Joseph Jackson is responsible for the dialogue. The supporting cast includes Louise Dresser, Lois Moran, Lowell Sherman, Hobart Bosworth, Tully Marshall and Mitchell Lewis.

New Campaign Announced by Harold Lloyd

Plans for the institution of a $2,000,000 production campaign by Harold Lloyd during 1930 were completed yesterday when William R. Fraser, general manager of the Lloyd Corporation, signed a renewal of the lease with the Metropolitan sound studios, where the bespectacled comedian has filmed all of his pictures since becoming an independent producer more than six years ago.

The Lloyd plans call for the production of two comedies this year, and arrangements have been tentatively set for the inauguration of shooting on the first, which has been titled "Feet First," on the 10th inst. The comedian hopes to have the first picture ready for release early this fall, and to start production on the second in time to have it finished for showing early in 1931.

"Feet First" will be Lloyd's second talking picture, and, unlike any that he ever has produced in the past, he will start work on it with the entire script completed, dialogue all finished and all details worked out from introduction to fade-out. In the past Lloyd has started shooting with a thread of an idea and built as the production progressed, finding this the most practical way of making silent pictures. With the advent of talkies it became more feasible to work out the complete story before starting the film.

Noted Musical in Short Stay at Majestic

"The Desert Song," which started its fifth Los Angeles engagement at the Majestic Sunday night with Perry Askam, popular baritone, and Josephine Huston, recently seen here in "The New Moon," as the stellar lights, carries practically the entire original cast, including David Reese, Gary C. Breckner, John Merkyl, Myrtis Crinley, John Wagner, Dorothy McCormick and others.

"The Desert Song" excels with its picturesque settings, romantic theme and pleasing melodies. The closing date is the 12th inst.

The Romberg operetta contains in its score such songs as "One Alone," "The Desert Song," "Ho!" the riding song of the Riffs, "One Kiss," "The Saber Song," "One Flower in My Garden" and others. Cecil Stewart conducts the orchestra.

Lillian Roth Will Take Bow at Paramount

Lillian Roth, versatile singing star, will appear in person at the Paramount Theater tonight in conjunction with the farce musical comedy, "Honey," in which she has an important role with Nancy Carroll, Harry Green, Skeets Gallagher, Stanley Smith and Mitzi Green.

Following "Honey," which ends tonight, "Young Eagles," an air picture, will be presented. Buddy Rogers, hero of "Wings," is the star, and William Wellman, director of "Wings," directed. The supporting cast includes Jean Arthur, Paul Lukas and Stuart Erwin.

The remaining program for the coming week includes a Christie laugh play, "His Honor, the Mayor," featuring Charles Murray; a talkartoon, "Hot Dog," and a Bruce Scenic, "Salt Water Ballads."

Noted Cast to Enact Orpheum Film Feature

"Ladies of Leisure," said to be one of the most talked-of film productions of the year, and boasting an outstanding cast, starts at the Orpheum today. Barbara Stanwyck has the leading role.

Based on the much-discussed David Belasco stage play, "Ladies of the Evening," "Ladies of Leisure" tells the story of the love of a young artist, scion of a wealthy family, for a lady of the evening. The picture is said to be one which will have a general appeal. Ralph Graves enacts the chief male role.

Plans are now being made by the Orpheum management for a gala midnight show Saturday night, at which time the stars of the production will be present.

OAKIE SCORES SUCCESS

Jack Oakie scores another success in "Hit the Deck," a Radio picture in Technicolor, which is now playing at the Ritz Theater. His co-star is Polly Walker. Frank Woods and Roger Gray, comedians in this film musical comedy, were in the original stage play.

TRAVELERS' AID LEADERS PICKED

Annual Election Conducted at City Club Meeting

Irving M. Walker Chosen as New President

Help Given 31,270 During 1929, Report Reveals

Members of the Travelers' Aid Society of Los Angeles met at the City Club yesterday noon for the annual election of officers and board members and to hear reports on the accomplishments of the society during 1929.

Officers for the ensuing year are Irving M. Walker, president; Mrs. Herman Kerckhoff, first vice-president; D. S. Hammack, second vice-president; Mrs. F. E. Naftzger, treasurer, and Miss Dorothy Wyatt, general secretary. Members of the board include Mrs. Moses Yale Beach, Mrs. Grace Biggs, Charles T. Butts, John Cruickshank, Mrs. Ella Dietrich, Willis H. Durst, Mrs. C. A. Dykstra, William H. Glover, G. T. Gunnip, Mrs. Walter Hartley, Joseph Hellen, Mrs. Ransome Henshaw, Mrs. Grace Hudson, Stewart Laughlin, Mrs. E. M. Lazard, Albert W. Leeds, Harry O. Marler, Judge Marshall P. McComb, Walter L. Newton, Mrs. Frances Noel, Dr. William Norris, Mrs. Leroy D. Owen, Dr. Arthur R. Timme, Dr. E. R. Ware and Miss Eleanor Johnson.

The advisory council consists of E. W. Britt, Mrs. Ernest A. Bryant, Rev. J. J. Cantwell, Harold Janss, Ben R. Meyer, R. Holtby Myers, D. W. Pontius, Mrs. J. F. Sartori, Rev. W. B. Stevens, Charles H. Toll, Mrs. James S. Utley and Dr. Miriam Van Waters.

The secretary's report told of the 31,270 persons assisted during 1929 by the Travelers' Aid Society, which included such practical service as procuring employment, medical care, financial help, housing and a dozen other things, in addition to which, the report said, it often is possible to render even greater service in giving people a new attitude toward life with fresh courage and renewed hope.

Ex-Clerk Being Tried on Charge of Fines Theft

Mrs. Vivian Pearl Nield, when called to the witness stand in Superior Judge Schauer's court yesterday was unable to identify Frank Freytag, former Pasadena Police Court clerk, as the man whom she had paid a $400 fine.

Freytag is on trial charged with embezzling approximately $4000 in fine money paid into court while he was acting as clerk.

Numerous other witnesses have been subpoenaed to appear in court today in a further effort to identify Freytag as the man who accepted fines from offenders and failed to turn them in to the Pasadena City Treasury.

BABIES TAKE TO PLANES EARLY

Infants and Mothers Go to Kansas City

Ready for Long Trip Eastward

Left to right, Mrs. John B. Kuhn holding Louis Michael Kuhn, and Mrs. James Y. Craig, Jr., with James Y. Craig III.

AS THE gray dawn broke over an airport on Valley Boulevard yesterday morning at 5 o'clock two infants in arms, respectively 5 and 10 months of age, became America's youngest long-distance air travelers. And while they of course couldn't realize it, it was not to be their last time in the air, because their mothers have decreed they are to become pilots.

The youngsters are Louis Michael Kuhn, 5 months, and James Y. Craig III, 10 months. Accompanied by their mothers, they made the 1417-mile journey from here to Kansas City on the Western Air Express down-to-dusk limited.

Both mothers are closely associated with aviation. Mrs. Craig, Jr., herself is a student pilot, and her husband now is stationed at the Pensacola (Fla.) training school, also trying for his wings.

Mrs. Kuhn is the wife of John B. Kuhn, a Western Air Express pilot, who has been transferred to the eastern division, and she will make her home in Kansas City. Mrs. Craig is en route to "show off" her youngster to her parents in Chicago before joining her husband.

MURDER ATTEMPT CHARGED

X. L. Washington, colored, of 1535 East Adams street, yesterday was charged with attempted murder in a complaint issued by Dep. Dist.-Atty. Thomas. The complaint accuses Washington of shooting and seriously injuring Leon Hill on March 28, last.

BANDIT TRIO OBTAIN HALF DOLLAR IN HOME

Deputy sheriffs yesterday were seeking three Mexican bandits who Monday night played a premature April fool joke on themselves when they robbed the home of Ysidro Macias at 420 Sunset avenue, San Gabriel, and obtained only 50 cents. The men were admitted to the house by Rita Macias, 20 years of age, when they stated they had a telegram for her father. Inside one of the men drew a gun and demanded to know where the household money was kept. He found the 50 cents and the trio departed.

FIGHTING OF FIRE TAUGHT AT COLLEGE

Thirty-two Registered at Headquarters for Course Lasting Ninety Days

With thirty-two registrations from all parts of the country and Hawaii, the opening session of a ninety-day course in all phases of modern fire fighting began yesterday under direction of the Los Angeles Fire College, consisting of Assistant Chief S. H. Dodd, Capt. W. W. Tibbetts, Capt. J. L. Gowell, and Firemen J. F. Baker, H. E. Swenson and L. Harrison.

The applicants assembled at fire headquarters, 217 South Hill street, where paraphernalia and material necessary for instruction were gathered and were addressed by Fire Chief Scott and State Fire Marshal Stevens, in the presence of the Fire Commission.

The movement was initiated by Fire Chief Scott, who is president of the International Association of Fire Chiefs and a member of the association's educational committee.

Those present include:

Earl B. Reeves, chief, Pontana; George M. Crumpton, captain, Santa Monica; Frank W. Stronach, deputy chief, Santa Barbara; Frank J. Thomas, drill master, Glendale; John Garthe, fireman, Santa Ana; Allan D. Stevenson, engineer, Torrance; Norval K. Wesson, captain, Huntington Park; C. B. Burton, captain, Culver City; Fred Quehvary, captain, Burbank; John A. Kenifikah, captain, San Marino; F. C. Piper, fire marshal, Bakersfield; Max E. Miller, captain, South Gate; Charles C. Benford, lieutenant, Beverly Hills; Jewell A. Barr, lineman, Compton; Joseph Yeagary, battalion chief, Alhambra; Floyd L. Ingram, engineer, Redondo; Cleveland L. Jobe, battalion chief, Pasadena; Keyes and J. Hunt, captain, Los Angeles County fire department; E. C. Peterson, engineer, Los Angeles County fire department; Harry Eastridge, captain, Los Angeles County fire department; Seward Mostwright, captain, Portland, Or.; Frank J. Sullane, captain, Denver; George R. Robinson, chief, Yuma, Ariz.; Gilbert A. Conner, second assistant chief, El Paso, Tex.; George M. Tweddle, first assistant chief, Reno, Nev.; R. Akin, captain, Beaumont, Tex.; John N. Richardson, lieutenant, Beaumont; Edward F. Norris, second assistant chief, Honolulu; Michael O. Mahney, captain, Honolulu; John H. Pence, chief, Hamilton, Okla.; Henry C. Lingoe, fireman, San Jose.

DANCE HALL OWNER MAY LOSE LICENSE

On recommendation of Chief Investigator James, the Police Commission yesterday cited J. I. Johnson, proprietor of Dance Land, at 223½ South Main street, where Officer G. P. Moore was stabbed in the back on March 29 during a race riot between Filipinos and whites, to appear before it on the 8th inst. and show cause why his license should not be revoked for improper conduct of the place.

TROPHY GIVEN TO CITY IN CLEAN-UP CAMPAIGN

The National Clean-Up and Paint-Up Bureau of New York has awarded Los Angeles a silver trophy for outstanding achievement in its campaign to clean up the city. The trophy was sent to the Los Angeles Junior Chamber of Commerce, sponsors of the annual campaign in Los Angeles.

The work has been carried on for three years under the direction of Harvey Humphrey and Clifford Rawson.

Figures as reported by Los Angeles school children, through the offices of the school principals, follow: 18,657 back yards cleared of all trash, 24,674 windows cleaned, 19,094 sidewalks and front yards cleared of all trash, 4061 alleys back of lots cleaned, 5264 overhanging trees trimmed, 3679 vacant lots cleaned, 9599 front yards removed of all weeds, 9881 lawns mowed, 6677 flower-boxes and gardens planted, 4584 shrubs and trees planted, 1604 grass plots sowed, 2653 fence and outbuildings painted, 2720 gates and doors repaired, 849 houses painted, 616 garages painted, 2674 floors varnished, 1498 rooms painted and 1189 rooms papered.

He Earns But She Keeps Cash, Husband Wails

If a wife refuses to give her husband money for his noon day lunch, money that he earned himself, it is no grounds for a divorce, according to the opinion of Superior Judge Bishop who yesterday continued the action for a separation brought by William Lloyd Kirk against Blanche Chapman Kirk.

Kirk testified his wife frequently failed to put up his noon lunch and refused to give him money to buy one.

The husband also declared his wife insisted on keeping four cats which slept on their bed and which would get up on the table.

Judge Bishop denied the decree and continued the case to allow the plaintiff time to amend his complaint.

Pajama Chase Follows Theft

Pursuit in pajamas followed a burglary yesterday, the victim overtaking a man to whom he held despite violent blows. Robert Todd, 20 years of age, awoke in his room at 136 West Twenty-fifth street, to surprise a stranger rifling his trousers, hung on the foot of the bed.

Todd jumped up. The intruder dropped the pants and fled.

In front of 2422 South Hill street, Todd overtook a man who punched him vigorously, while the pajamaed pursuer hung on. Neighbors called police who booked Joe Castro, 27, of 4342 New York avenue, on charge of suspicion of burglary.

ADDED PENALTY ASKED FOR GOOD SAMARITAN

On motion of Commissioner Coe the Police Commission yesterday requested Chief of Police Steckel to impose a greater penalty than loss of five days pay on Officer Eugene C. Long for seeking to protect Officer John A. Bunten of the Hollywood division by ringing up headquarters for him while Bunten was in an intoxicated condition on the night of March 10. Bunten was dismissed and the commission referred the punishment of Long back to Steckel for further action.

FUNERAL SERVICES FOR DEACONESS TODAY

Funeral services for Deaconess Anna Mack, founder and head of the Episcopal Deaconess Home at 542 South Boyle avenue, will be conducted at St. Mary's chapel at that address tomorrow at 7:30 a.m. Bishop W. Bertram Stevens will officiate. Services also will be conducted at the grave in Inglewood Park Cemetery.

GAS WASTE INJUNCTION SUIT MOVED

Signal Hill Case to be Tried in Long Beach Court and New Date Likely

Motion to transfer the Signal Hill gas waste injunction suit to Long Beach because of the proximity of that city to the field where most of the witnesses and principals are employed, was granted by Superior Judge Doran yesterday.

A similar suit against operators in the Santa Fe Springs field is pending in Superior Judge Hazlett's court, and will again be heard on the 14th inst. It was continued to allow James S. Bennett, attorney for Fred G. Stevenot, State Director of Natural Resources, to present evidence against twelve additional defendants.

The Signal Hill suit was set for a hearing in Judge Hazlett's court the 7th inst., but Judge Doran indicated a Long Beach judge might make a different setting.

A temporary injunction now is in force against forty operators near Santa Fe Springs, saving an amount of gas estimated to be 450,000,000 cubic feet a day.

WARDE LECTURES TOMORROW

Frederick Warde, veteran actor, will lecture on the first three acts of "King Richard III," at the meeting of the Los Angeles Shakespeare Club at the Regent Apartments, 2401 West Sixth street, at 8 p.m. tomorrow. Following the lecture Mr. Warde will direct selected members in reading the third act. The lecture is open to the public.

THE GREAT ADVENTURE

Only so many springs are left—
Only so many Aprils now—
Where dogwood snow hides in the cleft,
And green comes back upon the bough;
Where life once more is young and new,
Reborn from winter's vanished snow,
And youth returns to wander through
The dreams and ghosts of long ago.

There is no age in April where
Each path leads out by bloom and blade,
And only youth is in the air
To beckon one by glen and glade
Where only spring is in the heart
As years roll back to set one free
From time and care, where each may start
For dreams and ghosts that used to be.

All Set to Go

AUGUSTA (Ga.) April 1.—It will be a matter of four weeks before Bobby Jones starts for the other side, but he is already geared up and ready to go at top speed.

Bobby proved, beyond any argument, over the two well-trapped, testing Augusta courses that he will make this next invasion in better condition and more thoroughly equipped than he ever was before. He is taking this next trip more seriously than he has ever taken any other, his main objective being the British amateur championship, the one prize he has as yet to win. I have never seen him hitting his tee shots as far and true as he did all through the Augusta show.

Both the Hill course and the Forest-Ricker course demand high-grade hitting from the tee. They place a large premium on both power and accuracy if one is to reach the green in par. Many of the fairways were quite narrow with killing penalties on either side from woods and sand. Yet Jones would slash a high, long tee shot that skirted the edge of pines and maples and oaks on the most direct line to the pin.

It took complete confidence to run any such risks on hole after hole. There was hardly a tee shot off line to any extent. All through the seventy-two-hole grind and on the longer holes his tremendous wallops traveled a considerable distance beyond his normal drive.

These two open tournaments at Savannah and Augusta have been just what the Georgian needed to key himself up for the British test. He will play more golf this April than he has played in early spring for some years and you can take it for granted now that he will overlook nothing that will make him ready with all the artillery he can carry.

He is playing every club about as well as every club can be played. And this includes his mashie, an instrument that has been dipped in poison on more than one occasion in the last few years.

Different Foot Action

It was surprising to note again how much closer Bobby held his feet than any other star in the Augusta field. I saw him play a full No. 1 iron where the space between his heels was not over six or seven inches. On the same type of shot Horton Smith's feet were about twelve or thirteen inches apart and Smith's stance was closer than many of the others.

Jones finds that he is able to get much body freedom with his feet close together. There is less tendency to sway or lurch and there is less tension in the body and shoulders. On a 140-yard pitch his heels are only two or three inches apart. This closed boot action also leaves him with a straighter body where only a slight steep is to be seen against a much deeper body bend that so many others have, even among the best.

Smith is just a trifle faster on his back swing than Jones is. The difference is quite noticeable. There is a beautiful smoothness to Smith's way of taking a club back, but it lacks the slower beat of his Georgian rival, who gives you the impression of having all day in which to complete his back swing.

But neither gives the impression of hitting too soon, of being in any hurry to impart the final punch, and this happens to be one fault that every duffer carries with him and that so many stars stumble over when their going reaches a vital spot. It would be impossible to find two smoother swings than Smith and Jones can show a gallery.

The Modern Rush

This sporting game is taking on increasing speed. Smith, Dudley and Bill Burke swung into action at 7:30 o'clock this morning in order to crowd in thirty-six holes and be ready for the flight to Washington, where they will scatter for various points to meet Wednesday engagements. They were in the middle of their rounds for the day before noon.

Ed Dudley should look for the early getaway after this. He shot an astonishing 68 over the Forest-Ricker layout, which is a lot of golf. He came back in 33, working his way through the narrow, rolling fairways that are beset with trouble on every side.

Horton Smith held his even, steady pace with a 75, an excellent performance over a strange course he had never played before and where the distances were often baffling when it came to playing a second shot, but when he missed one the cheerful grin still remained. After one mistake he turned and said:

"It's a great day, a fine golf course and I am still healthy and a few mistakes can't change any of these things."

Smith's temperament keeps him concentrated on the job and no annoyance is allowed to distract him. You can see that his mind is 100 per cent on the job and when he makes a mistake it isn't through carelessness. He keeps on working but always easily and simply with the lightest possible pressure.

RANCHO, GIRARD BATTLE

Rivals Meet at Riviera Today in Final Round of Interclub Team Match Championship

(Continued from Thirteenth Page)

ner. Both meet again today.

Capt. Paul R. Jones has been expending every effort to put the strongest possible Rancho team on the field today. There seems to be little doubt but that Rancho, when functioning at top speed, has one of the finest eighteen-man golf teams in the country.

Among the leading Rancho stars are Von Elm, 1926 national open champion; Gibson Dunlap, who established a course record of 69 in the first round of qualifying play at Pebble Beach for the national amateur; George Lance, who defeated Von Elm in the A. K. Bourne gold-ball tournament at Annandale last year; W. W. Beckwith, one of the leading seniors in the United States; Johnny De Paolo, who came within an ace of eliminating Harrison Johnston, United States amateur champion, in the first round at Pebble Beach last fall, and a MacCarger, 1 up; second flight, J. Martin defeated T. Anderson, 2 and 1; third flight, J. Wright defeated W. Hopkins, 2 and 1; fourth flight, F. Bosion defeated V. Koenig, 1 up; fifth flight, M. Follansbee defeated D. Wynne, 2 and 1; sixth flight, G. Allen defeated E. Dedmeat, 4 and 3; seventh flight, C. Perry defeated E. Daniels, 2 up; eighth flight, B. Mackay defeated C. Anderson, 1 up; ninth flight, H. Howe defeated R. Cochrane, 2 and 1; nonqualifiers flight, F. Dobrie defeated D. Wilcox, 1 up.

BAR ASSOCIATION PLANS TOURNEY

The next tournament of the Los Angeles Bar Association will be played over the Hollywood Country Club on Saturday, according to an announcement made yesterday by Ernest E. Noon, chairman of the tournament committee. Play is scheduled to start at 9 a.m.

A tournament has been proposed for Del Mar over a date to be selected. If the lawyer-divoteers go south they will play over the Del Mar and Rancho Santa Fe courses.

LINCOLN NINE WINS

Frank Malette's Lincoln High baseballers retained their winning streak when they pounded Busich, Loyola High hurler, for twelve safe hits, which netted them a 7-3 win over the Lions in a game held on the Loyola diamond. Babe Guerra, Lincoln's all-city chucker, blanked the Loyola nine for six innings. Not one Lion player succeeded in reaching first base while Guerra was in the box. French, relief chucker for the Tigers, allowed the Loyola team three hits and three runs in the three innings he was in the box.

YANK LACROSSE TEAM WINS

WASHINGTON, April 1. (AP)—St. Johns College of Annapolis defeated a picked Oxford-Cambridge lacrosse team, 7 to 2, here today.

SAGEHENS PREPARE FOR CALTECH TRACK MEET

CLAREMONT, April 1.—Coach Robert E. Strehle's Stagehen track team plays host to the Caltech team this coming Saturday afternoon. After taking two thumpings in a row the Sagehens are ready to take somebody into camp on Saturday and from all indications they should defeat the Caltech team with very little difficulty.

Although the Pomona team was treated rather roughly at the hands of the Occidental Tiger last Saturday, most of the Sagehen athletes did better than they have done all season long and should be in the pink of condition by Saturday.

Little John Morrison, Sagehen miler and half-miler, ran two nice races against the Tigers. He ran around 4m. 35s. in the mile and about 2m. 3s. in the half-mile. This is fast enough to make any of the Caltech men step. Skoog of the Engineers will be favored to take Morrison in the mile but he will have to run some to do it.

Strehle's sprinters caused him no little embarrassment Saturday and he will no doubt spend a great deal of time with them this week. Harvey Bear is far from the runner he was at the start of the season as it is extremely doubtful that he will entirely recover from the effects of his enforced lay-off. Being in bed for a couple of weeks with the mumps doesn't help any athlete.

Clarence Bishop is bound and determined to break Charley Eaton's mark in the javelin on Saturday. Bishop has come within two or three feet of the mark on several occasions and has stated that this coming Saturday will be the day. Bishop might easily break the high-jump mark als oas he has done over 6 feet on three occasions this year and the college mark is 6ft. 2 3-4in.

Ed Dew is rapidly improving in the hammer throw and by the time the conference meet rolls around may be able to give Brose of San Diego something to worry about. Dew threw the iron ball about 141 feet on Saturday.

[illegible]

While in the East, Warner attended the annual national football rules committee meeting in Absecon, N. J. Speaking of the new shift rule which was put in effect at the meeting, "Pop" said today that practically every coach was heartily behind the enforcement of a full second's pause after the shift and before the pigskin is snapped back from center.

Warner admitted that he will spend some time in experimenting with new formations this spring but was reticent about divulging the emphasis he will place on the "formation C," which is believed to be the basis for a new form of attack to be used by the Cardinals next autumn.

BRONCO CHAMPION IN BAKER RANCHO RODEO

Fred Padillo, champion bareback broncho rider from Mexicali, will be numbered among the contestants at the fifth annual Baker ranch rodeo at Saugus on April 27. Entry was received yesterday from Padillo, whose feats of broncho riding have thrilled round-up spectators throughout the West. He will meet in competition John Schneider of Merced, winner of the event last year at the rodeo. The two are expected to fight it out for first place.

CHAMPIONS TO DEFEND CROWNS AT OJAI MEET

Several of last year's champions will be on hand at the forty-first annual all-California Ojai tennis championships to defend their titular honors when that event opens its three-day run on the 24th of next month in the northern valley city.

Gerald Stratford, all-comers singles champion in 1927 and last year as well, heads a limited northern contingent of invaders, which may include Edith Cross, third in the national women's rankings; Mrs. Lawrence McCune Harper, ranked fifth, and Miss Ethel Burkehart, No. 8, who will seek the women's singles title now worn by Mrs. Marion Williams.

Caroline Babcock of Marlborough School for Girls, who ranks tenth in the junior ranks of the United States, will defend her interscholastic singles championship, in which her biggest threat, Miss Marian Hunt of Sacred Heart at San Francisco, will again be an entry.

and Joe Coughlin, h combination, are nd their 1929 men's doubles crown against a brilliant field that includes Kieth Gledhill and Ellsworth Vines, the junior national champions; Ben Gorchakoff and Art Kussman, national college champions, and many other prominent duos.

Either Jack De Lara at U.S.C., Larry Hall at Stanford, Leonard Dworkin, U.C.L.A., and Dolf Muelheisen, U.C., at Berkeley, are scheduled to Succeed Ben Gorchakoff and John Doeg as intercollegiate champions at Ojai this year. Gorchakoff has held the title for three years, but was runner-up to Doeg in his fourth year last season. Doeg left Stanford and Gorchakoff graduated at Occidental, so the title is up for an unknown.

Entries close on April 15. Players must write to Mrs. Howard Galley and be certain of hotel or room accommodations for the three-day tournament. Send entries to Owen McBride at Thatcher School, Ojai, Cal., with proper fees inclosed. All open senior events are limited as to number, preference going to those entries received first.

TIGERS LOSE TO BELL

Airtight pitching by Frazier and some heavy stick work on the part of his team-mates gave the Bell High School baseball team a 9-to-1 victory over the Occidental frosh nine yesterday in a practice game played on the winners' diamond. Frazier struck out thirteen Tigers and allowed them but three scattered hits. Collier with three hits was the batting star of the game.

TRAVELERS' AID LEADERS PICKED

Annual Election Conducted at City Club Meeting

Irving M. Walker Chosen as New President

Help Given 31,270 During 1929, Report Reveals

Members of the Travelers' Aid Society of Los Angeles met at the City Club yesterday noon for the annual election of officers and board members and to hear reports on the accomplishments of the society during 1929.

Officers for the ensuing year are Irving M. Walker, president; Mrs. Herman Kerckhoff, first vice-president; D. S. Hammack, second vice-president; Mrs. F. E. Naftzger, treasurer, and Miss Dorothy Wysor, general secretary. Members of the board include Mrs. Moses Yale Beach, Mrs. Grace Biggs, Charles T. Butts, John Cruickshank, Mrs. Ella Dietrich, Willis H. Durst, Mrs. C. A. Dykstra, William H. Glover, G. T. Gunnip, Mrs. Walter Hartley, Joseph Hellen, Mrs. Ransome Henshaw, Mrs. Grace Hudson, Stewart Laughlin, Mrs. E. M. Lasard, Albert W. Leeds, Harry O. Marler, Judge Marshall F. McComb, Walter L. Newton, Mrs. Frances Noel, Dr. William Norris, Mrs. Leroy D. Owen, Dr. Arthur R. Timme, Dr. E. R. Ware and Miss Eleanor Johnson.

The advisory council consists of E. W. Britt, Mrs. Ernest A. Bryant, Rev. J. J. Cantwell, Harold Janss, Ben R. Meyer, R. Holtby Myers, D. W. Pontius, Mrs. J. F. Sartori, Rev. W. B. Stevens, Charles H. Toll, Mrs. James S. Utley and Dr. Miriam Van Waters.

The secretary's report told of the 31,270 persons assisted during 1929 by the Travelers' Aid Society, which included such practical service as procuring employment, medical care, financial help, housing and a dozen other things, in addition to which, the report said, it often is possible to render even greater service in giving people a new attitude toward life with fresh courage and renewed hope.

Ex-Clerk Being Tried on Charge of Fines Theft

Mrs. Vivian Pearl Nield, when called to the witness stand in Superior Judge Schauer's court yesterday was unable to identify Frank Freytag, former Pasadena Police Court clerk, as the man whom she had paid a $400 fine.

Freytag is on trial charged with embezzling approximately $4000 in fine money paid into court while he was acting as clerk.

Numerous other witnesses have been subpoenaed to appear in court today in a further effort to identify Freytag as the man who accepted fines from offenders and failed to turn them in to the Pasadena City Treasury.

FIGHTING OF FIRE TAUGHT AT COLLEGE

Thirty-two Registered at Headquarters for Course Lasting Ninety Days

With thirty-two registrations from all parts of the country and Hawaii, the opening session of a ninety-day course in all phases of modern fire fighting began yesterday under direction of the Los Angeles Fire College, consisting of Assistant Chief S. H. Dodd, Capt. W. W. Tibbetts, Capt. J. L. Gowell, and Firemen J. F. Baker, H. E. Swenson and L. Harrison.

The applicants assembled at fire headquarters, 217 South Hill street, where paraphernalia and material necessary for instruction were gathered and were addressed by Fire Chief Scott and State Fire Marshal Stevens, in the presence of the Fire Commission.

The movement was initiated by Fire Chief Scott, who is president of the International Association of

TROPHY GIVEN TO CITY IN CLEAN-UP CAMPAIGN

The National Clean-Up and Paint-Up Bureau of New York has awarded Los Angeles a silver trophy for outstanding achievement in its campaign to clean up the city. The trophy was sent to the Los Angeles Junior Chamber of Commerce, sponsors of the annual campaign in Los Angeles.

The work has been carried on for three years under the direction of Harvey Humphrey and Clifford Rawson.

Figures as reported by Los Angeles school children, through the offices of the school principals, follow: 18,657 back yards cleared of all trash, 24,674 windows cleaned, 19,094 sidewalks and front yards cleared of all trash, 4061 alleys back of lots cleaned, 5264 overhanging trees trimmed, 3679 vacant lots cleaned, 9509 front yards removed of all weeds, 9681 lawns mowed, 6677 flower-boxes and gardens planted, 4584 shrubs and trees planted, 1604 grass plots sowed, 2653 fence and outbuildings painted, 2720 gates and doors repaired, 849 houses painted, 816 garages painted, 2674 floors varnished, 1498 rooms painted and 1189 rooms papered.

ADDED PENALTY ASKED FOR GOOD SAMARITAN

On motion of Commissioner Coe the Police Commission yesterday requested Chief of Police Steckel to impose a greater penalty than loss of five days pay on Officer Eugene C. Long for seeking to protect Officer John A. Bunten of the Hollywood division by ringing up headquarters for him while Bunten was in an intoxicated condition on the night of March 10. Bunten was dis-

GAS WASTE INJUNCTION SUIT MOVED

Signal Hill Case to be Tried in Long Beach Court and New Date Likely

Motion to transfer the Signal Hill gas waste injunction suit to Long Beach because of the proximity of that city to the field where most of the witnesses and principals are employed, was granted by Superior Judge Doran yesterday.

A similar suit against operators in the Santa Fe Springs field is pending in Superior Judge Haslett's court, and will again be heard on the 14th inst. It was continued to allow James S. Bennett, attorney for Fred G. Stevenot, State Director of Natural Resources, to present evidence against twelve additional defendants.

The Signal Hill suit was set for a hearing in Judge Haslett's court the 7th inst., but Judge Doran indicated a Long Beach judge might make a different setting.

A temporary injunction now is in force against forty operators near Santa Fe Springs, saving an amount of gas estimated to be 450,000,000 cubic feet a day.

WARDE LECTURES TOMORROW

Frederick Warde, veteran actor, will lecture on the first three acts of "King Richard III," at the meeting of the Los Angeles Shakespeare Club at the Regent Apartments, 1401 West Sixth street, at 8 p.m. tomorrow. Following the lecture Mr. Warde will direct selected members in reading the third act. The lecture is open to the public.

The SPORT LIGHT by Grantland Rice

(Copyright, 1930, by North American Newspaper Alliance.)

THE GREAT ADVENTURE

Only so many springs are left—
Only so many Aprils now—
Where dogwood snow hides in the cleft,
And green comes back upon the bough;
Where life once more is young and new,
Reborn from winter's vanished snow,
And youth returns to wander through
The dreams and ghosts of long ago.

There is no age in April where
Each path leads out by bloom and blade,
And only youth is in the air
To beckon one by glen and glade
Where only spring is in the heart
As years roll back to set one free
From time and care, where each may start
For dreams and ghosts that used to be.

All Set to Go

AUGUSTA (Ga.) April 1.—It will be a matter of four weeks before Bobby Jones starts for the other side, but he is already geared up and ready to go at top speed.

Bobby proved, beyond any argument, over the two well-trapped, testing Augusta courses that he will make this next invasion in better condition and more thoroughly equipped than he ever was before. He is taking this next trip more seriously than he has ever taken any other, his main objective being the British amateur championship, the one prize he has as yet to win. I have never seen him hitting his tee shots as far and true as he did all through the Augusta show.

Both the Hill course and the Forest-Ricker course demand high-grade hitting from the tee. They place a large premium on both power and accuracy if one is to reach the green in par. Many of the fairways were quite narrow with killing penalties on either side from woods and sand. Yet Jones would slash a high, long tee shot that skirted the edge of pines and maples and oaks on the most direct line to the pin.

It took complete confidence to run any such risks on hole after hole. There was hardly a tee shot off line to any extent. All through the seventy-two-hole grind and on the longer holes his tremendous wallops traveled a considerable distance beyond his normal drive.

These two open tournaments at Savannah and Augusta have been just what the Georgian needed to key himself up for the British test. He will play more golf this April than he has played in early spring for some years and you can take it for granted now that he will overlook nothing that will make him ready with all the artillery he can carry.

He is playing every club about as well as every club can be played. And this includes his mashie, an instrument that has been dipped in poison on more than one occasion in the last few years.

Different Foot Action

It was surprising to note again how much closer Bobby held his feet than any other star in the Augusta field. I saw him play a full No. 1 iron where the space between his heels was not over six or seven inches. On the same type of shot Horton Smith's feet were about twelve or thirteen inches apart and Smith's stance was closer than many of the others.

Jones finds that he is able to get much body freedom with his feet close together. There is less tendency to sway or lurch and there is less tension in the body and shoulders. On a 140-yard pitch his heels are only two or three inches apart. This closed boat action also leaves him with a straighter body where only a slight stoop is to be seen against a much deeper body bend that so many others have, even among the best.

Smith is just a trifle faster on his back swing than Jones is. The difference is quite noticeable. There is a beautiful smoothness to Smith's way of taking a club back, but it lacks the slower beat of his Georgian rival, who gives you the impression of having all day in which to complete his back swing.

But neither gives the impression of hitting too soon, of being in any hurry to impart the final punch, and this happens to be one fault that every duffer carries with him and that so many stars stumble over when their going reaches a vital spot. It would be impossible to find two smoother swings than Smith and Jones can show a gallery.

The Modern Rush

This sporting game is taking on increasing speed. Smith, Dudley and Bill Burke swung into action at 7:30 o'clock this morning in order to crowd in thirty-six holes and be ready for the flight to Washington, where they will scatter for various points to meet Wednesday engagements. They were in the middle of their rounds for the day before noon.

Ed Dudley should look for the early getaway after this. He shot an astonishing 68 over the Forest-Ricker layout, which is a lot of golf. He came back in 33, working his way through the narrow, rolling fairways that are beset with trouble on every side.

Horton Smith held his even, steady pace with a 75, an excellent performance over a strange course he had never played before and where the distances were often baffling when it came to playing a second shot, but when he missed one the cheerful grin still remained. After one mistake he turned and said:

"It's a great day, a fine golf course and I am still healthy and a few mistakes can't change any of these things."

Smith's temperament keeps him concentrated on the job and no annoyance is allowed to distract him. You can see that his mind is 100 per cent on the job and when he makes a mistake it isn't through carelessness. He keeps on working but always easily and simply with the lightest possible pressure.

RANCHO, GIRARD BATTLE

Rivals Meet at Riviera Today in Final Round of Interclub Team Match Championship

(Continued from Thirteenth Page)

ner. Both meet again today.

Capt. Paul R. Jones has been expending every effort to put the strongest possible Rancho team on the field today. There seems to be little doubt but that Rancho, when functioning at top speed, has one of the finest eighteen-man golf teams in the country.

Among the leading Rancho stars are Von Elm, 1926 national open champion; Gibson Dunlap, who established a course record of 69 in the first round of qualifying play at Pebble Beach for the national amateur; George Lance, who defeated Von Elm in the A. K. Bourne gold-ball tournament at Annandale last year; W. W. Beckwith, one of the leading seniors in the United States; Johnny De Paolo, who came within an ace of eliminating Harrison Johnston, United States amateur champion, in the first round at Pebble Beach last fall, and a number of other prominent low-handicap men of local prominence.

While the Girard team is not quite so pretentious on paper, it boasts a number of fine players, and the pairing is well-balanced.

The matches are scheduled to start at 2 o'clock. Play will be eighteen holes.

The teams will likely line-up as follows: George Von Elm and Harry Atwater (R.) vs. Jack Gaines and Victor Girard (G.); Leon Keller and George Lance (R.) vs. Bob Robinson and Floyd Sisk (G.); Gibson Dunlap and Milo Marchetti (R.) vs. Wilbur Johnson and Roland Priest (G.); W. L. Jolliffe and Billy Jacks (G.) vs. Johnny DePaolo and M. K. Bachelder (R.); W. W. Beckwith and Lee Pendergrass (R.) vs. Aubrey Devine and Forest Carrnett (G.); Paul R. Jones and Fred Lanedon (R.) vs. Percy Ferguson and Cliff Castle (G.); Dr. C. T. Manhart and Norman Allen (R.) vs. Eddie Moore and Russ Turner (G.); Dr. L. D. Rankin and Cliff Turner (R.) vs. Gordon Shoaf and Dick Maple (R.); Phil Carter and Dave Clark (R.) vs. Nick Carter and Tom Beddon (G.)

JOEY REY DEFEATED AT SANTA MONICA

In a distinct upset, O. Sleppy defeated Joey Rey of Sunset Fields, 2 up, in the thirty-six-hole finals for the Santa Monica midwinter golf championship. Rey defeated both Lester and Chester Coleman in successive rounds and was favored to cop the title.

Santa Monica officials announced that a banquet will be held later at which time trophies will be presented the winners in each flight.

Following are the results:

First flight, D. Nittinger defeated P. MacCarter, 1 up; second flight, J. Martin defeated L. Anderson, 3 and 1; third flight, J. Wright defeated W. Hopkins, 2 and 1; fourth flight, F. Boston defeated V. Koepke, 1 up; fifth flight, M. Follansbee defeated D. Wynne, 2 and 1; sixth flight, O. Allen defeated E. Delmet, 4 and 3; seventh flight, C. Perry defeated E. Daniels, 2 up; eighth flight, B. Mackay defeated C. Anderson, 1 up; ninth flight, H. Howe defeated R. Cochrane, 2 and 1; nonqualifiers flight, F. Dobris defeated D. Wilcox, 1 up.

BAR ASSOCIATION PLANS TOURNEY

The next tournament of the Los Angeles Bar Association will be played over the Hollywood Country Club on Saturday, according to an announcement made yesterday by Ernest E. Noon, chairman of the tournament committee. Play is scheduled to start at 9 a.m.

A tournament has been proposed for Del Mar over a date to be selected. If the lawyer-divoteers go south they will play over the Del Mar and Rancho Santa Fe courses.

COLEMAN SHOOTS 64 AT CALIFORNIA

Starting out a sensational round by putting a ball out of bounds, Fay Coleman, Los Angeles city champion, toured the California Country Club on Saturday eight under par with a card of 34-30—64.

Fay scored nine birdies, eight pars and one bogey, and missed putts of approximately a yard on the tenth and eighteenth holes for birdies.

Coleman was playing with Fred Larsen, E. J. Clement and W. D. Law.

The card:

Par (out	443	444	355—36
Coleman	543	434	245—34
Par (in)	345	434	544—36—72
Coleman	334	423	434—30—64

BEL-AIR TOURNAMENT IN SEMIFINALS

Joe Novak, Bel-Air Country Club professional, announced yesterday that both the second and third flights of the annual club championship are now ready for semi-final matches.

Quarter final matches resulted as follows:

SECOND FLIGHT

R. Paine defeated C. A. Warne, 2 and 1; H. D. Faulin defeated S. C. Potter, 3 and 1; F. H. Pinkham defeated Ray Thomas, 3 and 2; T. H. Hendrix defeated J. E. Ferrazzo, 1 and 2.

THIRD FLIGHT

C. W. Prince, Jr., defeated T. S. Hollister, default; L. W. Craig defeated R. Buchanan, 2 up; H. A. Brast defeated H. M. Leisure, 2 and 1; J. C. Dover defeated R. S. Campbell, 3 and 2.

ANGELS NOSE OUT CUBS

(Continued from Thirteenth Page)

joined Grimm in the Cub hospital ranks in the seventh inning when his meat hand got too familiar with a foul tip. Dr. Iodine Lotshaw announced, however, that Taylor's injury was not serious and that he would be available for duty after a couple of days' rest.

Stephenson got his first homer in the second inning after some dumb base-running by Wilson and Cuyler had seen the two Cub outfielders retired on a queer double play. Hannah's snap throw to Dittmar trapped Wilson off second and he was run down between the bases. Cuyler wandered too far off first while the play was in action and he, too, was caught between the sacks and run down. So Stevie's homer was good for but one run instead of three.

HANNAH CLOUTS DOUBLE

Hannah's double with the bases loaded and Haney's single that tallied Truck gave the Angels four runs off Nelson in their half of the round.

Singles by Blair and Hornsby and Wilson's double gave the Cubs two in the third, but the Angels countered with six runs in their half of the round. Sigafoos's homer into the bleachers started the big inning and three walks and a like number of singles did the rest of the damage.

Tolson's homer with one on gave the Cubs two more in the fourth, while Hornsby's double and Wilson's single produced another run in the fifth. Stats got that run back in the home half of the fifth when he lifted one of Bell's offerings over the left-field fence.

Baecht was chased after the seventh, during which five Cubs filtered over the plate. Stats's two-base muff of Blair's fly, Wilson's single, homers by Cuyler and Stephenson, Tolson's double and Heathcote's pinch-single brought in the five runs and tied the score.

Shealy's wildness enabled the Angels to again take the lead in their half of the seventh. Jacobs was hit by a pitched ball and then walks to Hannah, Parker, who batted for Baecht, and Haney forced in a run.

CUBS TIE SCORE AGAIN

The Cubs once more tied it up in the eighth on Blair's single, Cuyler's hit, and Horne's wild throw in an effort to pick Kiki off first. Cuyler tried to score from first on the wild heave but Sigafoos's throw to Hannah retired him at the plate.

A boot by Beck on Sigafoos's grounder, Jacobs's infield out and Stats's single to right brought Siggy in with the winning run.

Sheriff Blake and Art Delaney will be the opposing hurlers in today's game. Score:

Hit by pitcher—By Turner, Green. Stolen bases—Catina, Green, Wetzel. Struck out—By Yde, 2; Turner, 2. Bases on balls—Off Yde, 3; Turner, 4.

LINCOLN NINE WINS

Frank Malette's Lincoln High baseballers retained their winning streak when they pounded Busich, Loyola High hurler, for twelve safe hits, which netted them a 7-3 win over the Lions in a game held on the Loyola diamond. Babe Guerra, Lincoln's all-city chucker, blanked the Loyola nine for six innings. Not one Lion player succeeded in reaching first base while Guerra was in the box. French, relief chucker for the Tigers, allowed the Loyola team three hits and three runs in the three innings he was in the box.

YANK LACROSSE TEAM WINS

WASHINGTON, April 1. (AP)—St. Johns College of Annapolis defeated a picked Oxford-Cambridge lacrosse team, 7 to 2, here today.

WARNER STARTS GRID PRACTICE

(Continued from Thirteenth Page)

field and is in the pink of condition.

While in the East, Warner attended the annual national football rules committee meeting in Absecon, N. J. Speaking of the new shift rule which was put in effect at the meeting, "Pop" said today that practically every coach was heartily behind the enforcement of a full second's pause after the shift and before the pigskin is snapped back from center.

Warner admitted that he will spend some time in experimenting with new formations this spring but was reticent about divulging the emphasis he will place on the "formation C," which is believed to be the basis for a new form of attack to be used by the Cardinals next autumn.

BRONCO CHAMPION IN BAKER RANCHO RODEO

Fred Padillo, champion bareback broncho rider from Mexicali, will be numbered among the contestants at the fifth annual Baker ranch rodeo at Saugus on April 27. Entry was received yesterday from Padillo, whose feats of broncho riding have thrilled round-up spectators throughout the West. He will meet in competition John Schneider of Merced, winner of the event last year at the rodeo. The two are expected to fight it out for first place.

SAGEHENS PREPARE FOR CALTECH TRACK MEET

CLAREMONT, April 1.—Coach Robert E. Strehle's Stagehen track team plays host to the Caltech team this coming Saturday afternoon. After taking two thumpings in a row the Sagehens are ready to take somebody into camp on Saturday and from all indications they should defeat the Caltech team with very little difficulty.

Although the Pomona team was treated rather roughly at the hands of the Occidental Tiger last Saturday, most of the Sagehen athletes did better than they have done all season long and should be in the pink of condition by Saturday.

Little John Morrison, Sagehen miler and half-miler, ran two nice races against the Tigers. He ran around 4m. 35s. in the mile and about 2m. 3s. in the half-mile. This is fast enough to make any of the Caltech men step. Skeog of the Engineers will be favored to take Morrison in the mile but he will have to run some to do it.

Strehle's sprinters caused him no little embarrassment Saturday and he will no doubt spend a great deal of time with them this week. Harvey Bear is far from the runner he was at the start of the season as it is extremely doubtful that he will entirely recover from the effects of his enforced lay-off. Being in bed for a couple of weeks with the mumps doesn't help any athlete.

Clarence Bishop is bound and determined to break Charley Eaton's mark in the javelin on Saturday. Bishop has come within two or three feet of the mark on several occasions and has stated that this coming Saturday will be the day. Bishop might easily break the high-jump mark as oas he has done over 6 feet on three occasions this year and the college mark is 6ft. 2 3-4in.

Ed Dew is rapidly improving in the hammer throw and by the time the conference meet rolls around may be able to give Brose of San Diego something to worry about. Dew threw the iron ball about 141 feet on Saturday.

JONES DEFEATS SMITH

(Continued from Thirteenth Page)

Burke, Greenwich, Ct., turned in a 305.

NOTED PROS FALTER

Jack Forrester, Hackensack, N. J., marked up 306, and Harry Picard of Charleston, S. C., 307.

The hazards of the difficult, heavily wooded and trapped course found among its victims several of the country's leading links stylists. This company included Gene Sarazen of Fresh Meadow, L. I., who had 311; Al Espinosa, of Chicago, with a 312, and Bobby Cruickshank of Purchase, N. Y., with 313. Young Lee Fowler of Atlanta was second low scorer among the amateurs, marking up a 308 for the round.

Here's how Bobby played the final two rounds today for his low scores:

Morning:

Par, out .. 454 354 344—36
Jones, out.. 354 344 244—36
Par, in .... 444 344 354—35—36—71
Jones, in .. 444 244 354—34—35—69

Afternoon:

Jones, out.. 333 445 334—32
Jones, in .. 444 244 636—39—33—71

Horton Smith played today's two rounds in a rush to make an airplane headed for Boston, Mass., where he has an engagement tomorrow.

The low professional scorers with their money prizes, follow:

Horton Smith, Cranston, N. Y., 223-74—297; $1000.
Ed Dudley, Wilmington, Del., 230-75—298; $750.
Joe Turnesa, Elmsford, N. Y., 228-71—299; $550.
Whitey Cox, Brooklyn, N. Y., 225-74—299; $550.
Johnny Farrell, Mamaroneck, N. Y., 223-76—299; $350.
Tom Kerrigan, Mwanoy, N. Y., 235-75—310; $350.
Frank Walsh, Chicago, 227-74—301; $250.
Harry Cooper, unattached, 230-72—302; $200.
Tony Manero, Elmsford, N. Y., 226-78—304; $150.
Billy Burke, Greenwich, Ct., 236-78—308; $125.
Jack Forester, Hackensack, N. J., 229-77—306; $100.
Henry Picard, Charleston, S. C., 231-76—307; $90.
Gene Sarazen, Fresh Meadows, N. Y., 233-78—311; $85.
Al Espinosa, Chicago, 233-79—312; $65.
Dave Ogilvie, Jr., Augusta, 235-77—313; $41.66.
Ray McAuliffe, Buffalo, N. Y., 234-79—313; $41.66.
Clarence Owens, Greenville, S. C., 233-78—313; $41.66.
Bobby Cruickshank, Purchase, N. Y., 235-78—313; $41.66.

SACRAMENTO LETS FIVE PLAYERS GO

SACRAMENTO, April 1.—Lewis Moreing, owner of the Senators, got out the pruning shears today with the result that five players were cut from the spring camp crew. They are Outfielders Billie Burke and Kirk Herrick; Pitcher Bud Peters and Infielders Hal Stoeven and Clem Coyle. The release of Stoeven came as a surprise as the first-sacker had been hitting the ball harder than anyone in camp. He had a .286 average with the Senators last season.

CHAMPIONS TO DEFEND CROWNS AT OJAI MEET

Several of last year's champions will be on hand at the forty-first annual all-California Ojai tennis championships to defend their titular honors when that event opens its three-day run on the 24th of next month in the northern valley city.

Gerald Stratford, all-comers singles champion in 1927 and last year as well, heads a limited northern contingent of invaders, which may include Edith Cross, third in the national women's rankings; Mrs. Lawrence McCune Harper, ranked fifth, and Miss Ethel Burkehart, No. 8, who will seek the women's singles title now worn by Mrs. Marion Williams.

Caroline Babcock of Marlborough School for Girls, who ranks tenth in the junior ranks of the United States, will defend her interscholastic singles championship, in which her biggest threat, Miss Marian Hunt of Sacred Heart at San Francisco, will again be an entry.

Clifton Herd and Joe Coughlin, the north-south combination, are expected to defend their 1929 men's doubles crown against a brilliant field that includes Kleth Gledhill and Ellsworth Vines, the junior national champions; Ben Gorchakoff and Art Kussman, national college champions, and many other prominent duos.

Either Jack De Lara at U.S.C., Larry Hall at Stanford, Leonard Dworkin, U.C.L.A., and Dolf Muelheisen, U.C., at Berkeley, are scheduled to Succeed Ben Gorchakoff and John Doeg as intercollegiate champions at Ojai this year. Gorchakoff has held the title for three years, but was runner-up to Doeg in his fourth year last season. Doeg left Stanford and Gorchakoff graduated at Occidental, so the title is up for an unknown.

Entries close on April 15. Players must write to Mrs. Howard Galley and be certain of hotel or room accommodations for the three-day tournament. Send entries to Owen McBride at Thatcher School, Ojai, Cal., with proper fees inclosed. All open senior events are limited as to number, preference going to those entries received first.

Bruins Tackle Arizona Team

Although the advance dope from Arizona does not indicate a strong track-and-field aggregation at the Wildcat University, Coach Harry Trotter of the U.C.L.A. Bruins is taking no chances and continued to work his charges hard yesterday. The Bruins and Wildcats clash in a dual meet Saturday afternoon on the Westwood oval.

Arizona engaged in its first dual meet of the season last Saturday at Tucson, humbling the Tempe Teachers College track team by the score of 87 3-4 to 43 1-4. Times and performances, for the most part, were mediocre, although the meet was obviously a practice affair. "Irish" McArdle was the big star for Arizona, tying for first place honors with fifteen points. He won the 100-yard dash in 10s. flat, the 220-yard dash in 23.8s., and 440-yard dash in 54s. flat.

SEATTLE REGULARS WIN

SAN CLEMENTE, April 1. (AP)—Frank Lamanski, Seattle left-hander, hurling for the Regulars, today subdued the Indian Yannigans, 8 to 3, in a practice game. Elbert Fisch, also a portsider, was on the mound for the losers.

TIGERS LOSE TO BELL

Airtight pitching by Frazier and some heavy stick work on the part of his team-mates gave the Bell High School baseball team a 9-to-1 victory over the Occidental frosh nine yesterday in a practice game played on the winners' diamond. Frazier struck out thirteen Tigers and allowed them but three scattered hits. Collier with three hits was the batting star of the game.

The SPORT LIGHT by Grantland Rice

(Copyright, 1930, by North American Newspaper Alliance.)

THE GREAT ADVENTURE

Only so many springs are left—
Only so many Aprils now—
Where dogwood snow hides in the cleft,
And green comes back upon the bough;
Where life once more is young and new,
Reborn from winter's vanished snow,
And youth returns to wander through
The dreams and ghosts of long ago.

There is no age in April where
Each path leads out by bloom and blade,
And only youth is in the air
To beckon one by glen and glade
Where only spring is in the heart
As years roll back to set one free
From time and care, where each may start
For dreams and ghosts that used to be.

All Set to Go

AUGUSTA (Ga.) April 1.—It will be a matter of four weeks before Bobby Jones starts for the other side, but he is already geared up and ready to go at top speed.

Bobby proved, beyond any argument, over the two well-trapped, testing Augusta courses that he will make this next invasion in better condition and more thoroughly equipped than he ever was before. He is taking this next trip more seriously than he has ever taken any other, his main objective being the British amateur championship, the one prize he has as yet to win. I have never seen him hitting his tee shots as far and true as he did all through the Augusta show.

Both the Hill course and the Forest-Ricker course demand high-grade hitting from the tee. They place a large premium on both power and accuracy if one is to reach the green in par. Many of the fairways were quite narrow with killing penalties on either side from woods and sand. Yet Jones would slash a high, long tee shot that skirted the edge of pines and maples and oaks on the most direct line to the pin.

It took complete confidence to run any such risks on hole after hole. There was hardly a tee shot off line to any extent. All through the seventy-two-hole grind and on the longer holes his tremendous wallops traveled a considerable distance beyond his normal drive.

These two open tournaments at Savannah and Augusta have been just what the Georgian needed to key himself up for the British test. He will play more golf this April than he has played in early spring for some years and you can take it for granted now that he will overlook nothing that will make him ready with all the artillery he can carry.

He is playing every club about as well as every club can be played. And this includes his mashie, an instrument that has been dipped in poison on more than one occasion in the last few years.

Different Foot Action

It was surprising to note again how much closer Bobby held his feet than any other star in the Augusta field. I saw him play a full No. 1 iron where the space between his heels was not over six or seven inches. On the same type of shot Horton Smith's feet were about twelve or thirteen inches apart and Smith's stance was closer than many of the others.

Jones finds that he is able to get much body freedom with his feet close together. There is less tendency to sway or lurch and there is less tension in the body and shoulders. On a 140-yard pitch his heels are only two or three inches apart. This closed boot action also leaves him with a straighter body where only a slight stoop is to be seen against a much deeper body bend that so many others have, even among the best.

Smith is just a trifle faster on his back swing than Jones is. The difference is quite noticeable. There is a beautiful smoothness to Smith's way of taking a club back, but it lacks the slower beat of his Georgian rival, who gives you the impression of having all day in which to complete his back swing.

But neither gives the impression of hitting too soon, of being in any hurry to impart the final punch, and this happens to be one fault that every duffer carries with him and that so many stars stumble over when their going reaches a vital spot. It would be impossible to find two smoother swings than Smith and Jones can show a gallery.

The Modern Rush

This sporting game is taking on increasing speed. Smith, Dudley and Bill Burke swung into action at 7:30 o'clock this morning in order to crowd in thirty-six holes and be ready for the flight to Washington, where they will scatter for various points to meet Wednesday engagements. They were in the middle of their rounds for the day before noon.

Ed Dudley should look for the early getaway after this. He shot an astonishing 68 over the Forest-Ricker layout, which is a lot of golf. He came back in 33, working his way through the narrow, rolling fairways that are beset with trouble on every side.

Horton Smith held his even, steady pace with a 75, an excellent performance over a strange course he had never played before and where the distances were often baffling when it came to playing a second shot, but when he missed one the cheerful grin still remained. After one mistake he turned and said:

"It's a great day, a fine golf course and I am still healthy and a few mistakes can't change any of these things."

Smith's temperament keeps him concentrated on the job and no annoyance is allowed to distract him. You can see that his mind is 100 per cent on the job and when he makes a mistake it isn't through carelessness. He keeps on working but always easily and simply with the lightest possible pressure.

RANCHO, GIRARD BATTLE

Rivals Meet at Riviera Today in Final Round of Interclub Team Match Championship

(Continued from Thirteenth Page)

ner. Both meet again today.

Capt. Paul R. Jones has been expending every effort to put the strongest possible Rancho team on the field today. There seems to be little doubt but that Rancho, when functioning at top speed, has one of the finest eighteen-man golf teams in the country.

Among the leading Rancho stars are Von Elm, 1926 national open champion; Gibson Dunlap, who established a course record of 69 in the first round of qualifying play at Pebble Beach for the national amateur; George Lance, who defeated Von Elm in the A. K. Bourne gold-ball tournament at Annandale last year; W. W. Beckwith, one of the leading seniors in the United States; Johnny De Paolo, who came within an ace of eliminating Harrison Johnston, United States amateur champion, in the first round at Pebble Beach last fall, and a number of other prominent low-handicap men of local prominence.

While the Girard team is not quite so pretentious on paper, it boasts a number of fine players, and the pairing is well-balanced.

The matches are scheduled to start at 2 o'clock. Play will be eighteen holes.

The teams will likely line-up as follows: George Von Elm and Harry Atwater (R.) vs. Jack Gaines and Victor Girard (G.); Leon Keller and George Lance (R.) vs. Bob Robinson and Floyd Sisk (G.); Gibson Dunlap and Milo Marchetti (R.) vs. Wilbur Johnson and Roland Priest (G.); W. W. Beckwith and Jalliffe and Blair Jacks (G.) vs. Johnny DePaolo and H. K. Bachelder (R.); W. W. Beckwith and Lee Pendergrass (R.) vs. Aubrey Devine and Forest Carrnett (G.); Paul R. Jones and Fred Langdon (R.) vs. Perry Ferguson and Cliff Castle (G.); Dr. C. C. Manhart and Norman Allen (R.) vs. Eddie Moore and Russ Turner (G.); Dr. L. D. Rankin and Cliff Maule (R.); Phil Carter and Dave Clark (R.) vs. Nick Carter and Tom Seddon (G.)

JOEY REY DEFEATED AT SANTA MONICA

In a distinct upset, O. Sleppy defeated Joey Rey of Sunset Fields, 2 up, in the thirty-six-hole finals for the Santa Monica midwinter golf championship. Rey defeated both Lester and Chester Coleman in successive rounds and was favored to cop the title.

Santa Monica officials announced that a banquet will be held later at which time trophies will be presented the winners in each flight.

Following are the results:

First flight. D. Nittinger defeated F. MacCarger, 1 up; second flight, J. Martin defeated T. Anderson, 2 and 1; third flight, J. Wright defeated W. Hopkins, 2 and 1; fourth flight, F. Boston defeated V. Koenig, 1 up; fifth flight, M. Follansbee defeated D. Wynne, 2 and 1; sixth flight, O. Allen defeated E. Dedmet, 4 and 3; seventh flight, C. Perry defeated E. Daniels, 2 up; eighth flight, B. Mackay defeated C. Anderson, 1 up; ninth flight, H. Howe defeated R. Cochrane, 5 and 4; nonqualifiers flight, F. Dobrie defeated D. Wilcox, 1 up.

BAR ASSOCIATION PLANS TOURNEY

The next tournament of the Los Angeles Bar Association will be played over the Hollywood Country Club on Saturday, according to an announcement made yesterday by Ernest E. Noon, chairman of the tournament committee. Play is scheduled to start at 9 a.m.

A tournament has been proposed for Del Mar over a date to be selected. If the lawyer-divoteers go south they will play over the Del Mar and Rancho Santa Fe courses.

COLEMAN SHOOTS 64 AT CALIFORNIA

Starting out a sensational round by putting a ball out of bounds, Fay Coleman, Los Angeles city champion, toured the California Country Club on Saturday eight under par with a card of 34-30—64.

Fay scored nine birdies, eight pars and one bogey, and missed putts of approximately a yard on the tenth and eighteenth holes for birdies.

Coleman was playing with Fred Larsen, E. J. Clement and W. D. Law.

The card:

Par (out	443	444	355—36
Coleman	543	434	345—34
Par (in)	345	434	544—36—72
Coleman	334	423	434—30—64

BEL-AIR TOURNAMENT IN SEMIFINALS

Joe Novak, Bel-Air Country Club professional, announced yesterday that both the second and third flights of the annual club championship are now ready for semi-final matches.

Quarter final matches resulted as follows:

SECOND FLIGHT

R. Estes defeated C. A. Wayne, 2 and 1; H. D. Paulin defeated S. C. Foster, 3 and 1; J. R. Pinkham defeated Ray Thomas, 7 and 2; H. Hendrix defeated J. E. Fergusson, 3 and 2.

THIRD FLIGHT

G. W. Prince, Jr., defeated T. S. Holister, default; L. W. Crain defeated R. A. Buchanan, 1 up; R. A. Brant defeated H. M. Leisure, 2 and 1; J. C. Dever defeated R. S. Campbell, 3 and 2.

ANGELS NOSE OUT CUBS

(Continued from Thirteenth Page)

joined Grimm in the Cub hospital ranks in the seventh inning when his meat hand got too familiar with a foul tip. Dr. Iodine Lotshaw announced, however, that Taylor's injury was not serious and that he would be available for duty after a couple of days' rest.

Stephenson got his first homer in the second inning after some dumb base-running by Wilson and Cuyler had seen the two Cub outfielders retired on a queer double play. Hannah's snap throw to Dittmar trapped Wilson off second and he was run down between the bases. Cuyler wandered too far off first while the play was in action and he, too, was caught between the sacks and run down. So Stevie's homer was good for but one run instead of three.

HANNAH CLOUTS DOUBLE

Hannah's double with the bases loaded and Haney's single that tallied Truck gave the Angels four runs off Nelson in their half of the round.

Singles by Blair and Hornsby and Wilson's double gave the Cubs two in the third, but the Angels countered with six runs in their half of the round. Sigafoos's homer into the bleachers started the big inning and three walks and a like number of singles did the rest of the damage.

Tolson's homer with one on gave the Cubs two more in the fourth, while Hornsby's double and Wilson's single produced another run in the fifth. Stats got that run back in the home half of the fifth when he lifted one of Bell's offerings over the left-field fence.

Baecht was chased after the seventh, during which five Cubs filtered over the plate. Stats's two-base muff of Blair's fly, Wilson's single, homers by Cuyler and Stephenson, Tolson's double and Heathcote's pinch-single brought in the five runs and tied the score.

Shealy's wildness enabled the Angels to again take the lead in their half of the seventh. Jacobs was hit by a pitched ball and then walks to Hannah, Parker, who batted for Baecht, and Haney forced in a run.

CUBS TIE SCORE AGAIN

The Cubs once more tied it up in the eighth on Blair's single, Cuyler's hit, and Horne's wild throw in an effort to pick Kiki off first. Cuyler tried to score from first on the wild heave but Sigafoos's throw to Hannah retired him at the plate.

A hoot by Beck on Sigafoos's grounder, Jacobs's infield out and Stats's single to right brought Siggy in with the winning run.

Sheriff Blake and Art Delaney will be the opposing hurlers in today's game. Score:

Hit by pitcher—By Turner, Green. Stolen bases—Catina, Green, Wetzel. Struck out—By Yde, 2; Turner, 2. Bases on balls—Off Yde, 3; Turner, 4.

LINCOLN NINE WINS

Frank Malette's Lincoln High baseballers retained their winning streak when they pounded Busich, Loyola High hurler, for twelve safe hits, which netted them a 7-3 win over the Lions in a game held on the Loyola diamond. Babe Guerra, Lincoln's all-city chucker, blanked the Loyola nine for six innings. Not one Lion player succeeded in reaching first base while Guerra was in the box. French, relief chucker for the Tigers, allowed the Loyola team three hits and three runs in the three innings he was in the box.

YANK LACROSSE TEAM WINS

WASHINGTON, April 1. (AP)—St. Johns College of Annapolis defeated a picked Oxford-Cambridge lacrosse team, 7 to 2, here today.

WARNER STARTS GRID PRACTICE

(Continued from Thirteenth Page)

field and is in the pink of condition.

While in the East, Warner attended the annual national football rules committee meeting in Absecon, N. J. Speaking of the new shift rule which was put in effect at the meeting, "Pop" said today that practically every coach was heartily behind the enforcement of a full second's pause after the shift and before the pigskin is snapped back from center.

Warner admitted that he will spend some time in experimenting with new formations this spring but was reticent about divulging the emphasis he will place on the "formation C," which is believed to be the basis for a new form of attack to be used by the Cardinals next autumn.

BRONCO CHAMPION IN BAKER RANCHO RODEO

Fred Padillo, champion bareback broncho rider from Mexicali, will be numbered among the contestants at the fifth annual Baker ranch rodeo at Saugus on April 27. Entry was received yesterday from Padillo, whose feats of broncho riding have thrilled round-up spectators throughout the West. He will meet in competition John Schneider of Merced, winner of the event last year at the rodeo. The two are expected to fight it out for first place.

SAGEHENS PREPARE FOR CALTECH TRACK MEET

CLAREMONT, April 1.—Coach Robert E. Strehle's Stagehen track team plays host to the Caltech team this coming Saturday afternoon. After taking two thumpings in a row the Sagehens are ready to take somebody into camp on Saturday and from all indications they should defeat the Caltech team with very little difficulty.

Although the Pomona team was treated rather roughly at the hands of the Occidental Tiger last Saturday, most of the Sagehen athletes did better than they have done all season long and should be in the pink of condition by Saturday.

Little John Morrison, Sagehen miler and half-miler, ran two nice races against the Tigers. He ran around 4m. 33s. in the mile and about 2m. 3s. in the half-mile. This is fast enough to make any of the Caltech men step. Skoog of the Engineers will be favored to take Morrison in the mile but he will have to run some to do it.

Strehle's sprinters caused him no little embarrassment Saturday and he will no doubt spend a great deal of time with them this week. Harvey Bear is far from the runner he was at the start of the season as it is extremely doubtful that he will entirely recover from the effects of his enforced lay-off. Being in bed for a couple of weeks with the mumps doesn't help any athlete.

Clarence Bishop is bound and determined to break Charley Eaton's mark in the javelin on Saturday. Bishop has come within two or three feet of the mark on several occasions and has stated that this coming Saturday will be the day. Bishop might easily break the high-jump mark als oas he has done over 6 feet on three occasions this year and the college mark is 6ft. 2 3-4in.

Ed Dew is rapidly improving in the hammer throw and by the time the conference meet rolls around may be able to give Brose of San Diego something to worry about. Dew threw the iron ball about 141 feet on Saturday.

JONES DEFEATS SMITH

(Continued from Thirteenth Page)

Burke, Greenwich, Ct., turned in a 305.

NOTED PROS FALTER

Jack Forrester, Hackensack, N. J., marked up 306, and Harry Picard of Charleston, S. C., 307.

The hazards of the difficult, heavily wooded and trapped course found among its victims several of the country's leading links stylists. This company included Gene Sarazen of Fresh Meadow, L. I., who had 311; Al Espinosa, of Chicago, with a 312, and Bobby Cruickshank of Purchase, N. Y., with 313. Young Lee Fowler of Atlanta was second low scorer among the amateurs, marking up a 308 for the round.

Here's how Bobby played the final two rounds today for his low scores:

Morning:

Par, out ..	454	354	344—36	
Jones, out..	554	344	244—36	
Par, in	444	344	354—35—36—71	
Jones, in ..	444	244	354—34—35—69	

Afternoon:

Jones, out..	333	445	334—32	
Jones, in ..	444	244	656—39—32—71	

Horton Smith played today's two rounds in a rush to make an airplane headed for Boston, Mass., where he has an engagement tomorrow.

The low professional scorers with their money prizes, follow:

Horton Smith, Crasston, N. Y., 223-74—297; $1000.

Ed Dudley, Wilmington, Del., 220-78—298; $750.

Joe Turnesa, Elmsford, N. Y., 228-71—299; $550.

Whitty Cox, Brooklyn, N. Y., 225-74—299; $550.

Johnny Farrell, Mamaroneck, N. Y., 222-77—299; $350.

Tom Kerrigan, Mwaney, N. Y., 225-73—300; $350.

Frank Walsh, Chicago, 227-74—301; $250.

Harry Cooper, unattached, 230-72—302; $200.

Tony Manero, Elmsford, N. Y., 226-78—304; $150.

Billy Burke, Greenwich, Ct., 226-79—305; $125.

Jack Forester, Hackensack, N. J., 229-77—306; $100.

Henry Picard, Charleston, S. C., 231-75—306; $100.

Gene Sarazen, Fresh Meadows, N. Y., 233-78—311; $65.

Al Espinosa, Chicago, 233-79—312; $65.

Dave Ogilvie, Jr., Augusta, 235-77—312; $65.

Ray McAuliffe, Buffalo, N. Y., 234-79—313; $41.66.

Clarence Owens, Greenville, S. C., 233-79—313; $41.66.

Bobby Cruickshank, Purchase, N. Y., 235-78—313; $41.66.

SACRAMENTO LETS FIVE PLAYERS GO

SACRAMENTO, April 1.—Lewis Moreing, owner of the Senators, got out the pruning shears today with the result that five players were cut from the spring camp crew. They are Outfielders Billie Burke and Kirk Herrick; Pitcher Bud Peters and Infielders Hal Stoeven and Clem Coyle. The release of Stoeven came as a surprise as the first-sacker had been hitting the ball harder than anyone in camp. He had a .286 average with the Senators last season.

CHAMPIONS TO DEFEND CROWNS AT OJAI MEET

Several of last year's champions will be on hand at the forty-first annual all-California Ojai tennis championships to defend their titular honors when that event opens its three-day run on the 24th of next month in the northern valley city.

Gerald Stratford, all-comers singles champion in 1927 and last year as well, heads a limited northern contingent of invaders, which may include Edith Cross, third in the national women's rankings; Mrs. Lawrence McCune Harper, ranked fifth, and Miss Ethel Burkehart, No. 8, who will seek the women's singles title now worn by Mrs. Marion Williams.

Caroline Babcock of Marlborough School for Girls, who ranks tenth in the junior ranks of the United States, will defend her interscholastic singles championship, in which her biggest threat, Miss Marian Hunt of Sacred Heart at San Francisco, will again be an entry.

Clifton Herd and Joe Coughlin, the north-south combination, are expected to defend their 1929 men's doubles crown against a brilliant field that includes Kieth Gledhill and Ellsworth Vines, the junior national champions; Ben Gorchakoff and Art Kussman, national college champions, and many other prominent duos.

Either Jack De Lara at U.S.C., Larry Hall at Stanford, Leonard Dworkin, U.C.L.A., and Dolf Muelheisen, U.C., at Berkeley, are scheduled to Succeed Ben Gorchakoff and John Doeg as intercollegiate champions at Ojai this year. Gorchakoff has held the title for three years, but was runner-up to Doeg in his fourth year last season. Doeg left Stanford and Gorchakoff graduated at Occidental, so the title is up for an unknown.

Entries close on April 15. Players must write to Mrs. Howard Galley and be certain of hotel or room accommodations for the three-day tournament. Send entries to Owen McBride at Thatcher School, Ojai, Cal., with proper fees inclosed. All open senior events are limited as to number, preference going to those entries received first.

Bruins Tackle Arizona Team

Although the advance dope from Arizona does not indicate a strong track-and-field aggregation at the Wildcat University, Coach Harry Trotter of the U.C.L.A. Bruins is taking no chances and continued to work his charges hard yesterday. The Bruins and Wildcats clash in a dual meet Saturday afternoon on the Westwood oval.

Arizona engaged in its first dual meet of the season last Saturday at Tucson, humbling the Tempe Teachers College track team by the score of 87 3-4 to 43 1-4. Times and performances, for the most part, were mediocre, although the meet was obviously a practice affair. "Irish" McArdle was the big star for Arizona, tying for first place honors with fifteen points. He won the 100-yard dash in 10s. flat, the 220-yard dash in 23.8s., and 440-yard dash in 54s. flat.

SEATTLE REGULARS WIN

SAN CLEMENTE, April 1. (AP)—Frank Lamanski, Seattle left-hander, hurling for the Regulars, today subdued the Indian Yannigans, 8 to 3, in a practice game. Elbert Fisch, also a portsider, was on the mound for the losers.

TIGERS LOSE TO BELL

Airtight pitching by Frazier and some heavy stick work on the part of his team-mates gave the Bell High School baseball team a 9-to-1 victory over the Occidental frosh nine yesterday in a practice game played on the winners' diamond. Frazier struck out thirteen Tigers and allowed them but three scattered hits. Collier with three hits was the batting star of the game.

A CHUCKLE FOR EVERYBODY

TARZAN AND THE JEWELS OF OPAR — By Edgar Rice Burroughs

Satisfied, Tarzan retraced his steps to the summit of the kopje. Werper, from his hiding place, watched him pass upward, then he dropped stealthily into the darkness of the tunnel entrance and disappeared. The ape-man, upon the kopje's, raised his voice in the thunderous roar of a lion. Thrice he repeated the cry and listened. Faintly, from far across the valley came an answer. Basuli, the Waziri chieftain, had heard the signal and was coming.

Tarzan returned to the treasure vault. It would be several hours before his blacks could reach the place. Meanwhile he made six trips and each time carried to the kopje's edge a load of the precious metal which might well have staggered two ordinary men. His mind reverted to that first occasion when he had come by chance upon the gold as he fled from the pits beneath the temple where he had been hidden by La, the High Priestess of the Sun Worshippers.

He recalled the temple scene where he had lain stretched upon the sacrificial altar, while La, with poised dagger, stood above him; the rows of fanatical priests waiting to catch his life's blood; the brutal and bloody interruption of the rite by the mad votary. He wondered if La still ruled over the ruined city? Had she been forced to marry one of her grotesque priests? It seemed a hideous fate for one so beautiful as the Sun Priestess.

All this and more passed through Tarzan's memory as under the flickering candle-light he stood gazing at the long tiers of dull-yellow metal. And all the while Werper, in hiding, watched the ape-man, waiting for him to be gone. He had learned the secret for which he had trailed Tarzan and now he could return to his cutthroat band, bring them to the treasure and carry away all that they could stagger under.

HERE Y'ARE, BOY! HERE'S A SAWBUCK FOR YER TROUBLE!!
OH- THANK YOU SIR!!
MARTIN MULLIGAN, HAVE YOU GONE CRAZY!! THE IDEA OF TIPPING A BUS BOY TEN DOLLARS!!
YOUR CHANGE, SIR!!
AW, IT'S ONLY TWENTY BUCKS! KEEP IT!!
JUST BECAUSE YOU WON $15.000 IS NO REASON TO TIP LIKE A FOOL!! $20.!! THE IDEA!!
GEE - THERE'S TH' HEAD WAITER!! I'LL HAVE TO SLIP HIM A 20 SPOT TOO!
THAT WOULD MAKE $50. TIPS FOR JUST AN $8.00 MEAL!! YE GODS, WHO DO YOU THINK YOU ARE— MISTER VANDERGOULD?
??
THANK YOU, MR. VANDERGOULD

REG'LAR FELLERS — Early Bird — By Gene Byrnes

ELLA CINDERS — A Fond Farewell — By Bill Conselman and Charlie P

BULL AND SPUD HAVE BEEN MY ONLY ENEMIES IN MILITARY SCHOOL! I'LL MAKE UP WITH THEM BEFORE I LEAVE!
HEY, BLACKIE, I HEAR YOU'VE BEEN YANKED OUT OF SCHOOL BECAUSE YOUR FOLKS ARE TOO POOR TO PAY UP! I'M GLAD TO SEE YOU GO!
I HATE POOR PEOPLE! THEY CAN'T AFFORD TO GIVE YOU ANYTHING!
WELL, I'LL GIVE YOU SOMETHING! SOMETHING TO REMEMBER ME BY!
WHY, BLACKIE, WHAT HAPPENED TO YOUR CLOTHES?
OH, JUST GOT THEM ALL A SLIGHT PLAYING PRANK

PETEY— — Is That Nice? — By C. A. V

SALESMEN

YOU WOULD

BE INTERESTED IN A POSITION

That will pay generous returns for the next 25 or 30 years:

That gives you a chance to offer a commodity that actually can be sold without exaggeration and meets a real human need;

That will give you a certain distinction because of your connection with a world-famous institution;

In which your opportunity for success will be enhanced by free training, real leads and every cooperation;

Wouldn't You?

Our proposition will amply fulfill all these conditions. It sounds like a salesman's dream, but your most exacting investigation is invited. Call between 9 and 4 at 722 W. L. Hollingsworth Bldg., 6th & Hill sts.

GENERAL MOTORS Is Looking For A Man

A subsidiary of this famous corporation which operates in 144 countries is constantly wanting men with energy, ability and tenacity to sell a product which answers the human need. We train you so you may make worth while living—that is if you work, in fact, you are limited only by your OWN INACTIVITY.

SEE MR. O'BRIEN 1420 SO. HILL ST. BET. 6 AND 7.

SALESMEN

A PERMANENT POSITION BETWEEN THE AGES 30 & 50. REAL OPPORTUNITY REAL LEADS. SELLING A NECESSITY. CALL AT 1126 SUBWAY TERMINAL BLDG. 417 S. HILL FOR INTERVIEW.

PASTOR NAMED NIX DETECTIVE

Rev. Martin L. Thomas to be Chief Investigator

San Pedro Divine Choice of City Prosecutor

Vacancy Made by Resignation of Montgomery

Rev. Martin Luther Thomas, pastor of the First Presbyterian Church at San Pedro for the last six years, was named chief investigator for his office by City Prosecutor Nix yesterday. The resignation of Walter B. Montgomery, who has been chief investigator for more than a year, was announced at the same time.

REV. MARTIN LUTHER THOMAS

Acceptance of the appointment was immediately made by Thomas, who said:

last night, was tendered a farewell dinner by the brotherhood of his church which Gov. Young attended.

Thomas declared that it will be his earnest effort to co-operate with Mayor Porter and Prosecutor Nix in giving Los Angeles, "the clean, healthy government to which it is entitled."

"I believe that if our good citizens will get behind the administration that Los Angeles will be saved the terrible conditions Chicago has gone through in the last ten years," he said.

Thomas was handball champion of the harbor district for several years and attained note as an amateur boxer and wrestler. He announced that he will continue to preach in San Pedro on Sundays, occupying a Presbyterian pulpit. Before becoming a clergyman Thomas was a railway telegrapher and Western Union executive. He graduated from Lake Forest College in 1921 and from the Presbyterian School of Theology in 1923. He came to San Pedro from Chicago in 1924. He is married and is 39 years of age, and has four daughters. At Chicago he was identified with the reform movement that elected the late Judge Dever, Mayor.

Nix said he regrets deeply that Montgomery resigned to engage in private business. The retiring chief investigator entered the employ of the prosecutor's office eight years ago. He is a son of Dr. S. T. Montgomery, founder of the Anti-Saloon League.

Refusing Fund for Support of Child Balked

When Mrs. Frieda Whitney, known in the musical world as Frieda Sterling, refused, after obtaining a divorce yesterday from Richard Sterling Whitney, an actor, to accept support money for their child, Superior Judge Yankwich ruled against her.

The wife was granted her decree on the grounds of desertion. Judge Yankwich fixed $25 a month as the amount the husband should pay for a minor child. As the order was entered Mrs. Whitney said:

"Mr. Whitney is ill now and I would rather not take any money from him."

Judge Yankwich replied:

"As a representative of the State I must insist on your husband assuming part of the obligation to support the child. You need not insist on prompt payment while he is out of work, but he should share the responsibility with you."

The couple married on May 12, 1923, and separated on August 9, 1928. Mrs. Whitney is a concert and lecture course manager.

Bandit Holds Up Clerk in Store

A few minutes after he opened the Clarence Saunders store at 4373 Melrose avenue yesterday morning, M. B. Dawson, clerk, turned around to wait upon a customer who asked for cigarettes. The customer took the cigarettes, but when he drew his other hand from a trousers pocket he held a revolver instead of money.

"Keep your trap shut, your hands down and hand over the dough," he commanded gruffly.

Dawson stated he was forced to give the bandit $450. The latter then backed out of the store, stepped into an automobile and departed.

BANKER HONORED BY FRIENDS

Austin E. Elliott's Long Career Lauded

Milestone of Service Passed

Mr. Elliott (left) vice-president of Farmers' and Merchants' National Bank, receiving floral gift from his associates, presented by Cashier G. H. Naegele, yesterday, on completion of Mr. Elliott's forty-fourth year with the institution.

THAT same devotion to duty which must have been one of the reasons why Austin E. Elliott became a vice-president of the Farmers' and Merchants' National Bank also was his chief form of activity yesterday on the completion of forty-four years of service with that institution.

To be sure, it was necessary to slacken the pace on numerous occasions throughout the day to receive congratulatory messages, to shake hands with the many friends who dropped into the bank, to open telegrams and to admire frequently the beautiful basket of flowers which came as an expression of their regard for him from his fellow-workers and was presented by G. H. Naegele, cashier, who has been with the bank for more than a quarter-century.

But even so, the main consideration of the day was his work and he said that if the present state of his health is any indication his record of forty-four years will be considerably amplified before he is ready to stop.

Mr. Elliott came here from Sherman, Tex., when he was 21 years of age and entered the employ of the bank on April 1, 1886, when it was known as the Farmers' and Merchants' Bank, a State institution. He began his career by issuing exchange, balancing pass books and filing checks, deposits and correspondence and kept on growing with the bank until in 1917 he was elected assistant cashier and in 1925 to his present position of vice-president.

MONEY SURVEY SCHEDULED

Chamber Committee Will Meet Today With Group Representing Building-Loan Agencies

In line with its program of activity to stimulate business in this territory, the Chamber of Commerce will today conduct a meeting of representatives of the various building, loan and mortgage groups for the purpose of determining whether money is available at the present time for legitimate building enterprise.

Called by the Construction Industries Committee, headed by William A. Simpson, invitations to participate in the meeting have been sent to building and loan associations, trust companies, real estate and mortgage departments of the several banks, loan departments of insurance companies and all other sources of money for various kinds of construction.

"The Chamber of Commerce has no interest at this time in any form of speculative building," said President John C. Austin in commenting on the plans for the meeting. "We are principally concerned with the reaction of the building financing group to the chamber's program in the interests of stimulating building activity and we want to find out if there is ready money for legitimate and needed building projects."

The meeting will be open only to members of the committee and representatives of the group invited.

Tuberculosis Tests Provided

Tuberculosis among children is being combated here by an early-diagnostic campaign begun by the Los Angeles Tuberculosis Association, it was announced yesterday by Miss Sidney Maguire, executive secretary. She announced that the City Health Department's child welfare clinics will be at the disposal of the association, and that many parents are making appointments to have their children examined.

Physical examinations will be made by appointment only, she added, and can be arranged by telephoning FAber 5211, Station 432, or TRinity 6584. This year's campaign is concentrating on children up to the age of 16 years.

WILBUR AIDE WILL SPEAK

Northcutt Ely, secretary to Secretary of the Interior Wilbur, will speak at the weekly noon luncheon of the Engineers' Club tomorrow at 833 South Spring street. He will discuss the present status of Boulder Dam.

MARY PICKFORD WILL AUCTION CAR AT DANCE

To obtain funds for the next year's budget of the Motion Picture Relief Fund, of which she is president, Mary Pickford will auction off a sedan at a dinner-dance to be held at the Mayfair on the 26th inst. The fund was organized several years ago, and each year, a drive is conducted within the industry itself to raise the necessary cash.

APPEAL HEARING PUT OFF

The City Council yesterday continued until June 5 the hearing of appeals against the confirmation of assessments for the opening and widening of Flower street from Washington to Thirty-eighth street.

HUGE FILM BUDGET VOTED

Carl Laemmle Announces $12,000,000 Program for Universal's Twenty New Pictures

A picture budget of $12,000,000 for the year was announced yesterday by Carl Laemmle for Universal Pictures Corporation, in outlining production innovations. Chief of these is that twenty pictures will be produced at an expenditure formerly spread over fifty pictures.

Laemmle also announced a proportionately smaller number of short pictures and a concentration of short features such as the George Sidney-Charlie Murray series. Brands and brand names are also to be eliminated, each production to stand on its own merit.

Carl Laemmle, Jr., general manager in charge of production, has announced he is convinced that great pictures result from the unit production system. He has engaged E. M. Asher, who made the original "Cohens and Kellys" picture, and Albert De Mond, comedy and dialogue writer.

Another point in the new Universal policy, it is stated, is to produce only pictures which have elements making them attractive to the finest first-run houses. Pictures of this type include "Captain of the Guard," "King of Jazz," "The Storm," "What Men Want," "The Czar of Broadway," which have been booked at the Roxy Theater, New York. Universal will make no more program westerns, no more five reelers.

John Boles is announced by Universal as one of the leading drawing cards on the screen. Konrad Bercovici is writing an original drama for Boles.

CHURCH REPELS DANCING NEIGHBORS AS JOKES FLY

Humorous stories regaled the audience of the Police Commission yesterday during a hearing on the protest of the Temple Baptist Church against allowing Harry Schoneman to transfer his Dreamland taxi dance hall permit from 327½ South Main street to 451 West Fifth street, adjoining the auditorium where the church conducts weekly services. The transfer was denied.

Rev. John Snape, pastor, questioned why the church had not protested against the place being used as a dance hall during the last fifteen years, told one about the Jewish boy who was not interested in a problem involving 2 per cent interest.

Albert Shannon, agent for the building, suggested that the nearness of the church might have a good influence on the dance hall patrons.

President Thorpe of the commission told one about a bad egg being placed with a dozen good ones and when they were mixed together the bad egg held the field. Commissioner Drake said Thorpe intimated there was a bad egg somewhere. Schoneman did not see much humor in the situation.

The commissioners take the ground that they are opposed to dance halls or pool rooms being within a block of schools or churches.

NINE IN NET ACCUSED AS THEFT GANG

Four Women, Five Men Arrested for Hold-ups as Police Trail Lone Clew

Solution of many recent hold-ups was predicted yesterday by police following the detention of five men and four women, taken into custody during the day at two addresses.

Detectives went to 109 North Avenue 24, where they arrested Harold Bee, 29 years of age; Arthur Miller, 28; Albert Baker, 30; Clyde A. Trauweek, 33; Mrs. Helen Wright, 30, and Emma Landis, 30.

Prior to this officers had taken into custody Mrs. Hazel Buoy, 24; Violet Parsons, 26, and William Myers, 26, at 1327 West Eleventh street. All were booked on charges of suspicion of robbery.

The detectives said that Miss Parsons and Myers confessed participating, with an unnamed man, in the robbery of a Safeway store at 3003 Temple street last week, the girl driving the getaway car. The store manager noted the license number, which was traced to the owner, who said he let Myers use his automobile without knowing the purpose for which it was to be used. This led to the apprehension of Myers and the two young women, from whom the names and address of the others were obtained.

Victims of hold-ups will be at Central Police Station today to look these prisoners over at the line-up.

PLANS ORDERED PREPARED

The City Council yesterday instructed the City Engineer to prepare plans and ordinances for the improvement of Sixty-ninth street from Main street to Broadway. The improvement, which was recommended on the presentation of a majority petition of property owners, calls for a thirty-six-foot pavement, curbs and sidewalks.

HIGHWAYS STIR PRAISE OF VISITOR

John B. Drake, Hotel Man, on First Trip in Thirty Years, Amazed by Change

Visiting Los Angeles for the first time since 1901, John B. Drake, vice-president of the Drake Hotel Company of Chicago, operator of the Blackstone and Drake hotels in the midwestern metropolis, expressed himself as amazed at the development that has taken place in the last three decades.

Drake was particularly impressed with California's highways, on which he motored in Northern and Central California before coming to Los Angeles. The State's highways, he commented, are the best he has seen in the country.

"California has been a revelation to me," Drake said. "I think it would be a good thing if easterners could visit here and see what is happening."

Drake declared that American business is showing steady improvement and that he looks for a return to normal conditions within a few months.

LADY GREETERS DANCE

Members of the ladies' auxiliary, Hotel Greeters of Southern California, has arranged a dance for tonight at the Hollywood Plaza Hotel. The proceeds are to be devoted to building a women's unit of the Greeters' invalid home in Denver. The dance is sponsored by Mrs. Sallie Turner, Los Angeles representative of the new William Taylor Hotel, San Francisco. Mrs. Mary Harrison is donating the orchestra of the California Hotel. Hostesses will be Mrs. Helen Alexander O'Brien, Mrs. Winifred Pettingell, Mrs. Walter Boette, Mrs. Estelle Lewis and Mrs. L. G. Hitchcock.

OFFICER RESCUES CHILD BUT MAY LOSE OWN LIFE

While saving a child from injury yesterday, Policeman Benjamin T. Haley, 29 years of age, of 332 West One Hundred and Nineteenth street, was knocked down by an automobile, receiving injuries which, surgeons said, may cause his death. Haley was detailed to the Seventy-seventh-street division, and was on school crossing post at Main and Seventy - fifth streets yesterday. He was escorting a group of school children across the street when an automobile neared, at a speed which meant danger to the children. The driver ignored signals to stop, police report.

BENJAMIN J. HALEY

Haley seized a boy who was in the car's path, and threw him out of danger, just as the automobile struck the officer, knocking him down. Haley received a skull fracture and possible internal injuries. The car locked brakes and swung sideways, crashing into a parked car and wrecked it.

Policemen Murray and Howsley, who were driving past, arrested the driver, Harley Blackwell, 34, a mechanic, 348 East Ninety-fourth street, and called an ambulance. At the Georgia-street Receiving Hospital, Blackwell was examined, and was pronounced under the influence of liquor. He was booked on a charge of drunk driving.

By ironical coincidence, Haley completed five years on the police force yesterday, and was to have been the guest of brother officers at a dinner at the Alexandria, where a gold medal was to have been presented him.

Injuries received when she was run down by an automobile March 25, last, yesterday caused the death, according to police, of Phyllis Nelson, 5½ years of age, of 1701 South Burlington avenue.

John G. Maroney, 17, of 1907 West Twenty-second street, driver of the machine, according to police, is being held and may face a manslaughter charge.

The accident occured at Venice Boulevard and Burlington avenue. The girl died at the Hollywood Hospital. The body was removed to the County Morgue where an inquest will be conducted at 2:30 p.m. tomorrow.

Mrs. Nydia Jahn, 30, 1735 West Seventy-fourth street, was injured, possibly fatally, yesterday when struck by an automobile at Seventy-fourth street and Western avenue. She is in the Georgia-street Receiving Hospital with a fractured skull. The car, according to police, was driven by H. B. Marquard, 235 South Hope street. He was not held, police holding him blameless when witnesses reported the woman was jaywalking.

Elkins Chosen by Mayor for Hyde's Place

To fill the place vacated by the resignation of Public Works Commissioner Hyde, Mayor Porter yesterday sent to the City Council the nomination of Public Works Commissioner Elkins. This was done, it was explained, because Elkins at present holds the post of former Commissioner Delorey, now in litigation, while Hyde was appointed last July for the full term of five years.

Commissioner Hyde first resigned, effective January 1, but made a verbal retraction. Quo warranto proceedings, declaring that he was holding office illegally after the resignation, were threatened, and Hyde at once resigned, stating he must devote his time to private business.

AUTOISTS TO FACE TRIAL AS DRINKERS

Municipal Judges Remand Suspects While Reckless Driver Must Go to Jail

Five motorists were held to answer by Superior Court on drunk-driving charges yesterday following their preliminary hearings in Municipal Court, yesterday, and a sixth was sent to jail for fifty days when he pleaded guilty to a reckless driving charge.

Municipal Judge Russell [illegible] Harry E. Williams, 46 years of age, of 623 West Fifth street, Charles L. Love, 49, 429 East Twenty-second street, and Clarence E. Donaldson, 34, 403 North Figueroa street, were under $500 bail each on drunk driving charges.

Municipal Judge Ballard held Harry A. Sweet, 42, 943 Bellevue Boulevard, and William M. [illegible] 59, 32 St. James Park, under $500 bail each to await trial on similar charges.

Municipal Judge Sheldon sentenced Joseph P. Grothe, 30, 1 Beverly Boulevard, to jail for 90 days and suspended his driving license for an additional thirty days after Grothe pleaded guilty to reckless driving.

Grothe, police reported, sideswiped a car driven by Paul D'Orr, attorney, at Melrose and Vine avenues and was pursued to Santa Monica Boulevard and Hollywood Drive before being halted. He had been drinking, police surgeons reported.

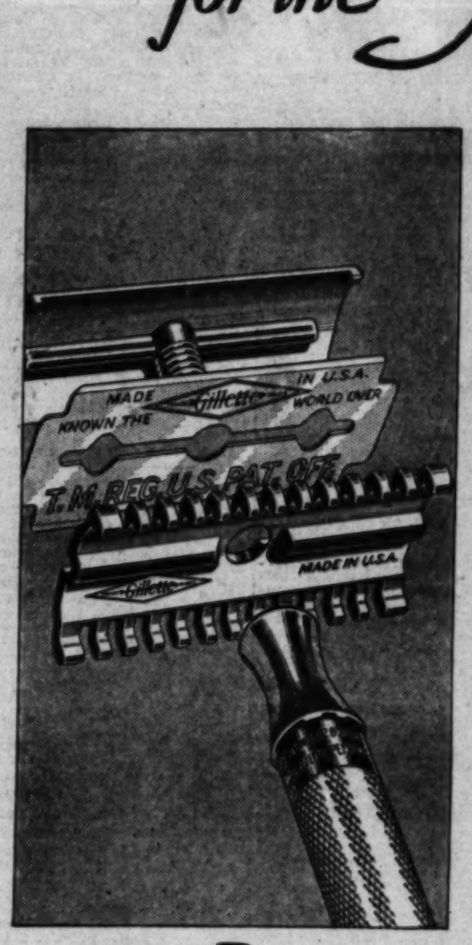
CARNAHAN WILL SPEAK

Lieut.-Gov. Carnahan will be principal speaker today at a luncheon of the Square Deal Republican League at the Paris Inn, 210 East Market street. Joseph [illegible] will preside and an entertainment has been arranged by Bert [illegible]

82,000 MEN

a day are scrapping their old razors

for the New Gillette



ONE hundred and ten million men have used a Gillette Razor for years and maintained that it was the most efficient shaving instrument ever made. They were right.

Yet these men are scrapping their old Gillette Razors by the scores of thousands today. And again they are right.

In designing this new blade and razor, Gillette engineers interviewed 27,000 men, examined tens of thousands of used razors.

They found the cause of "razor pull"—found it in nicked and dented corners resulting from dropping the razor. These dents were enough to throw the blade out of alignment, to spoil a perfect shave.

What Gillette engineers did was to reinforce each corner of the new razor cap with heavy metal lugs. Then they cut out all four corners of the blade so that it is not held at these corners when cap and guard clamp together. Now even if you should happen to drop the new Gillette no harm is done; the blade maintains its perfect alignment and "pulling" is prevented.

The new blade is made of processed steel to resist rust. When finished shaving, simply turn blade and guard at right angles. Then re-tighten. Hold under hot running water—shake thoroughly, and leave on the shelf to dry. A great time and towel saver.

At almost every store you can get the New Gillette Razor, 24K. gold plated, supplied with one new blade and packed in a good-looking case, for only one dollar; also the New Gillette Blade in the new green packet which costs one dollar for ten, and fifty cents for the package of five.

Don't wait any longer to enjoy the most comfortable shave you've ever had in your life. Stop at your dealer's today.

GILLETTE SAFETY RAZOR CO., BOSTON, U. S. A.

New Razor no pulling

The New Gillette Razor, 24K. gold plated, in beautiful case, complete with New Gillette Blade. Price $1.00

Other De Luxe models at $5.00 to $75.00

QUICK FACTS

1. New blade can be used in your old Gillette
2. New processed steel; new blade resists rust
3. Cut-out corners of blade prevent "razor pull"
4. To clean, turn guard at right angles . . . re-tighten . . . rinse . . . shake dry
5. New shape guard channel gives full shaving clearance
6. New shape guard teeth meet skin smoothly, naturally
7. No projecting posts to dull blade edges
8. Reinforced razor corners prevent damage if dropped
9. Square blade ends refer to handle
10. Shaves easier around mouth, nose, ears
11. New blades same price as old
12. New razor, 24K. gold plated, with one new blade, in case, $1.00.

McBride Calls on Foe Prove Their Assertion or Admit Defeat

House Committee Will Antiprohibition Rebut Two Weeks Hence

BY LAURENCE M. BENED "Times" Staff Correspond

WASHINGTON, April 2. (Si ative)—Dry forces wound up arguments in the prohibition ings before the House Judi Committee today with P. Scott Bride, general superintendent o Anti-Saloon League, hurling a l lenge to the wets to offer con proof of some of their assertio to the failure of prohibition and temper of the people on the i or else admit in a sportsman way that the Eighteenth Am ment is here to stay and tim and help enforce it.

McBride called on the advo of repeal or modification to su tangible evidence on three m points:

First: That the Eighte Amendment has not been an ef tive contribution toward the re tion of the alcoholic liquor probl even if not a complete cure at early stage.

Second: That the people are re to reverse their decision on pro hibition and now want repeal.

Third: That they (the foes of p hibition) have any constructive workable substitute that will be olve the problem and upon wh all the wet forces unite.

EVIDENCE UNCONVINCING

The Anti-Saloon League head cleared, in effect, that so far in prolonged hearings he has not s any convincing evidence on th basic points and unless the w can produce it they might as w give up their struggle, submit prohibition and devote their en gies to helping work out the pr lem through the enforcement

McBride's views were laid bef the committee in the form of brief, along with statements by number of other nationally kno dry leaders who appeared with h for oral testimony only to find th because of the tariff debate in t House, the committee could n stay to hear them. It represent the ninth day of testimony for dry side. According to announc ment by Chairman Graham, t committee will now let the hea ings drop until two weeks from t day, when the wets will return f two days of rebuttal. The chai man, who is a wet, has arrange things so that the final innings w be a fanfare of antiprohibition te timony. Dry leaders, however, a so well satisfied with the way t hearings have gone to date th they are offering no complaint.

Besides McBride, those [illegible]
